“ An excellent introduction to the band that might have evolved, [the author] suggests, into the Beatles. ” —New York Journal of Books

Of all the white American pop music groups that hit the charts before the Beatles, only the Beach Boys continued to thrive throughout the British Invasion to survive into the 1970s and beyond. The Beach Boys helped define both sides of the era we broadly call the sixties, split between their early surf, car, and summer pop and their later hippie, counterculture, and ambitious rock. No other group can claim the Ronettes and the Four Seasons as early 1960s rivals; the Mamas and the Papas and Crosby, Stills and Nash as later 1960s rivals; and the Beatles and the Temptations as decade-spanning counterparts. This is the first book to

I began listening to Celtic music in the early 90's when a friend introduced me to Fiona Ritchie's NPR radio program, The Thistle and Shamrock. I'd already become aware of some session tunes through the pennywhistle primer my father had given me in the 80's (when he was still a well, active musician and would play duets with me at family Christmas parties), but I had never before heard recordings

of the masters of the whistle, fiddle, harp and uilleann pipes. Needless to say, it was a revelation. Shortly thereafter it seemed like the entire world was listening to the lilting jigs and high-stepping dance tunes in the wake of 1995's Riverdance phenomenon. I loved most everything I heard in that period, from the very traditional, but incredibly virtuosic playing of The Chieftains to the dreamy Celtic-inspired pop of Enya, to the amazing blend of the two extremes by artists like Loreena McKennitt. Fast forward to 2010s . . . Ever since I started writing and arranging for the ukulele I've been planning this book; one that combines my love of traditional Celtic music with my love

of the reentrant ukulele (gCEA), which sounds fantastic on solo dance tunes played in the campanella-style (where you try to avoid playing two consecutive notes on the same string to give the sonic illusion of playing on a harp). I'd like to acknowledge Alistair Wood for introducing me to this style of playing as well as three other inspiring arrangers of Celtic tunes for uke: Jonathan Lewis, Rob MacKillop and Wilfried Welti (though I've avoided their books while working on this title to avoid any unintentional borrowing). If you love this style, please check out their work as well! How were the 'Top 25' Celtic session tunes chosen out of the thousands of tunes and
