*Seve is the most extrovert player Europe has ever produced. Playboy good looks along with a magnetism that attracted non-golfers to the game made him the biggest drawing card Europe has ever had. He emerged on the world scene with typical élan, hitting one of the most outrageous shots ever seen at the 1976 Open Championship. Three years later he became the youngest Open Champion of the modern era*

when he won the first of his five major championships. Ballesteros started Europe's domination of the Majors throughout the 80s and 90s, paving the way for Nick Faldo, Bernhard Langer, Ian Woosnam, Sandy Lyle and Jose Maria Olazabal. His play in the Ryder Cup, fuelled by an intense dislike for Americans, helped restore Europe's pride in the event. Driven by Basque pride and with a fiery Latin temperament, Seve has often let his heart rule his head. Seve is the remarkable story of one of the game's most fascinating characters.

This book is comprised of a compendium of summaries from all novels that I have read for almost twelve years. Obviously, the summaries have been documented on my blog since 2016, and seemingly, in my opinion, it is better bundled in a book form since the statistic views show that the classic fictions are those among most read, so I rose to comply with that demand. The purpose for which I devote myself to compose 85 summaries is to provide quick reading for novel readers and students. Numerous genres are presented because I am quite conscious those will bequeath you an imaginative horizon. As a work of art, many of them transcend their expiatory aspects. And still more important to us than scientific significance and literary worth is the inspirational impact those novels have on serious readers. Finally, happy reading and I hope you will find this book useful.

Classic Book Reviews and Timely Stories By: Charles J. Scott We all want to learn from perceptive, intelligent, and experienced individuals we admire so that we may live better lives ourselves. Obviously, we need good guidance and a positive influence on our thought processes for this purpose. That's why we read great books from knowledgeable sources and listen to our role models. Because he likes to reflect on the books he has read and incorporate the favorable impressions they have made on him into his daily activities, author Charles Scott developed the habit of writing a series of book reviews and short stories to commemorate the occasion. The reviews have provided him with a diving platform, or a jumping-off point of departure, for making sound decisions and evaluating his actions. Consequently, the resulting stories represent a celebration of the life and times in which he has lived. They are meant to celebrate humanity in an otherwise uncertain world throughout the ages.
