

## Millionaire Fast Lane

*What if Life Wasn't About 50 Years of Wage-Slavery, Paying Bills and then Dying? Tired of sleepwalking through a mediocre life bribed by mindless video-gaming, redemptive weekends, and a scant paycheck from a soul-suffocating job? Welcome to the SCRIPTED club- where membership is neither perceived or consented. The fact is, ever since you've been old enough to sit obediently in a classroom, you have been culturally engineered for servitude, unwittingly enslaved into a Machiavellian system where illusionary rules go unchallenged, sanctified traditions go unquestioned, and lifelong dreams go unfulfilled. As a result, your life is hijacked and marginalized into debt, despair, and dependence. Life's death sentence becomes the daily curse of the trivial and mundane. Fun fades. Dreams die. Don't let life's consolation prize become a car and a weekend. Recapture what is yours and make a revolutionary transition of life-and-liberty through the pursuit of entrepreneurship. A paradigm shift isn't needed-the damn paradigm needs to be thrown-out altogether. The truth is, if you blindly follow conventional wisdom pushed by conventional people living conventional lives, can you expect to be anything but conventional? Rewrite life's script: ditch the job, give Wall Street the bird, and escape the insanity of trading your life away for a paycheck and an elderly promise called retirement. UNSCRIPT today and start leading life- instead of life leading you.*

*By harnessing new, easy-to-use technologies that help them find customers around the world, everyday people are starting meaningful businesses that offer a high-paying alternative to a corporate career. In this updated edition, will learn tactics from real people who are earning \$1 million a year on their own terms.*

*Recreates the death of millionaire Stan Cohen, in a vivid account of a Cinderella story gone wrong--with a vicious courtroom battle to decide if Cohen's coke-snorting wife or greedy children were responsible for his cold-blooded murder. Reprint.*

*This is the road map to a seven-figure business . . . in one year or less The word "entrepreneur" is today's favorite buzzword, and any aspiring business owner has likely encountered an overwhelming number of so-called "easy paths to success." The truth is that building a real, profitable, sustainable business requires thousands of hours of commitment, grit, and hard work. It's no wonder why more than half of new businesses close within six years of opening, and fewer than 5 percent will ever earn more than \$1 million annually. 12 Months to \$1 Million condenses the startup phase into one fast-paced year that has helped hundreds of new entrepreneurs hit the million-dollar level by using an exclusive and foolproof formula. By cutting down the noise and providing a clear and proven plan, this roadmap helps even brand-new entrepreneurs make decisions quickly, get their product up for sale, and launch it to a crowd that is ready and waiting to buy. This one-year plan will guide you through the three stages to your first \$1 million: • The Grind (Months 0-4): This step-by-step plan will help you identify a winning product idea, target customers that are grant-worthy, secure funding, and take your first sale within your first four months. • The Growth (Months 5 - 8): Once you're in business, you will discover how to use cheap and effective advertising strategies to get your product to at least 25 sales per day, so you can prove you have a profitable business. • The Gold (Months 9-12): It's time to establish series of products available for sale, until you are averaging at least 100 sales per day, getting you closer to the million-dollar mark every single day. Through his training sessions at Capitalism.com, Ryan Daniel Moran has helped new and experienced entrepreneurs launch scalable and sustainable online businesses. He's seen more than 100 entrepreneurs cross the seven-figure barrier, many of whom go on to sell their businesses. If your goal is to be a full-time entrepreneur, get ready for one chaotic, stressful, and rewarding year. If you have the guts to complete it, you will be the proud owner of a million-dollar business and be in a position to call your own shots for life.*

*The Millionaire Next Door: A Complete Summary!* The Millionaire Next Door is a book about how to become rich written by Thomas J. Stanley and William D. Danko. In order to explain how to become rich, the authors use logical explanations based on research. According to a 20-year study of a group of 1,000 millionaires in the United States, the authors came to some fascinating conclusions. Although many Americans think that there are only a few ways to become rich, Stanley and Danko prove something different. Not only is there a chance for every person to become wealthier than they currently are, but it is also much easier and more practical than most people think. In this summary, we will try to cover as much of what the authors say in their book as possible. After the summary, we will analyze the book and have a short quiz with answers available in the 'quiz answers' section, which will be on the next page. The last part is the conclusion of the book, where we will review what we learned in the summary. Let's get started then. Join us in our adventure of discovery about whether it is possible for ordinary people to become wealthy - and how they can do it. Here is A Preview Of What You Will Get - A summarized version of the book. - You will find the book analyzed to further strengthen your knowledge. - Fun multiple choice quizzes, along with answers to help you learn about the book. Get a copy, and learn everything about The Millionaire Next Door.

*The ultimate tool for unleashing your inner entrepreneur and for achieving enlightened wealth. This is a step-by-step guide to cracking your personal millionaire code and turning your enlightened ideas into millions. It showcases real-life stories of men and women who discovered and capitalised on their own "million-dollar ideas", or MDIs. These MDIs, the authors contend, are right under our noses - from bottled water to Post-it notes to less well-known but highly lucrative ideas - if only we can crack our personal millionaire code that will lead us to wealth. Throughout the book there are inspirational stories of ordinary people who cracked their code and created extraordinary fortunes from a single idea, often in the face of severe challenges. Hansen and Allen show how to overcome personal fears, gather an amazing team, discover and soul-storm not one but dozens of million-dollar ideas, as well as incredible, enlightened ways to market ideas and then hundredfold them.*

*Want to invest in real estate but don't have the time? Outsource your investments with passive syndications! Even if you don't have time to be in the trenches, you can still add real estate to your investment portfolio. Syndication deals provide an avenue to invest in real estate without tenants, toilets, or trash--and this comprehensive guide will teach you to invest in private offerings the right way. Syndications are to real estate like mutual funds are to stocks: A typical deal involves multiple investors passively financing a fund, while a manager is responsible for picking the real estate and managing the portfolio. Author Brian Burke, a syndications insider with decades of experience with forming and managing syndication funds, will show you how to evaluate sponsors, opportunities, and offerings so you can pick the right sponsors and achieve the highest odds of a favorable outcome. Inside, you'll learn: How to find real estate syndication investment sponsors--and how to evaluate them to find the best possible opportunities The practical skills you need to understand income, cash flow projections, and investor waterfalls Red flags to look for and tricks that syndication sponsors can play How various debt options affect risk and return The biggest and most common underwriting mistakes that sponsors make The important difference between identified asset syndications and blind pool funds Typical sponsor fees and profit splits The tax implications of syndication investments and how to implement a proper reporting strategy How to measure alignment of interest, judge performance projections, and more!*

*Every child knows about Santa Claus, the jolly man who brings gifts to all on Christmas. There are many stories that tell of his life, but the delightful version relayed in The Life and Adventures of Santa Claus is by far the most charming and original of all. Only L. Frank Baum, the man who created the wonderful land of Oz, could have told Santa's tale in such rich and imaginative detail.*

*Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In The Psychology of Money, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics.*

*Felix Dennis, who believes that almost anyone of reasonable intelligence can become rich, given sufficient motivation and application. How To Get Rich is a distillation of his business wisdom. Primarily concerned with the step-by-step creation of wealth, it ruthlessly dissects the business failures and financial triumphs of 'a South London lad who became rich virtually by accident'. Part manual, part memoir, part primer, this book is a template for those who are willing to stare down failure and transform their lives. Canny, infuriating, cynical and generous by turns.*

*In 2005, Joel Greenblatt published a book that is already considered one of the classics of finance literature. In The Little Book that Beats the Market—a New York Times bestseller with 300,000 copies in print—Greenblatt explained how investors can outperform the popular market averages by simply applying a formula that seeks out good businesses when they are available at bargain prices. Now, with a new Introduction and Afterword for 2010, The Little Book that Still Beats the Market updates and expands upon the research findings from the original book. Included are data and analysis covering the recent financial crisis and model performance through the end of 2009. In a straightforward and accessible style, the book explores the basic principles of successful stock market investing and then reveals the author's time-tested formula that makes buying above average companies at below average prices automatic. Though the formula has been extensively tested and is a breakthrough in the academic and professional world, Greenblatt explains it using 6th grade math, plain language and humor. He shows how to use his method to beat both the market and professional managers by a wide margin. You'll also learn why success eludes almost all individual and professional investors, and why the formula will continue to work even after everyone "knows" it. While the formula may be simple, understanding why the formula works is the true key to success for investors. The book will take readers on a step-by-step journey so that they can learn the principles of value investing in a way that will provide them with a long term strategy, that they can understand and stick with through both good and bad periods for the stock market. As the Wall Street Journal stated about the original edition, "Mr. Greenblatt-says his goal was to provide advice that, while sophisticated, could be understood and followed by his five children, ages 6 to 15. They are in luck. His 'Little Book' is one of the best, clearest guides to value investing out there."*

*In the mad dash to succeed fast, many of us compromise so much in the areas of health, relationships, family and personal satisfaction for our work. Over time, we feel bored, burned out, unhappy or unfulfilled and have no idea how we got there or how to fix it. Renessa Boley, America's Premier Life Designer, offers witty insights to revitalize your career, business and overall life so that you experience greater freedom and fulfillment in the climb to success. This book is a wake-up call to raise the bar on happiness in both your life and your work.*

*Both the tech bubble burst of 2000, and the financial crisis of 2008, poked significant holes in the primary investment belief of too many investors today—that one can just blindly withdraw from principal, and that equity returns will keep up. Too many investment advisors have taken the path of least resistance, not aware of the risk in systematically withdrawing from what, at times, will be a declining portfolio. Investors seeking to accumulate money for their future needs, and investors needing to withdraw money now for a present need, both have one thing in common: Dividend Growth investing represents a powerful weapon in the achievement of their objectives. Market volatility is not something any investor can escape, but benefitting from it (for accumulators reinvesting dividends), and being insulated from it (for withdrawers taking only from a growing flow of dividend income), are achievable results for those who understand the time-tested, sustainable, intelligent strategy of investing that is Dividend Growth.*

*Most people know that there are 70 million Baby Boomers in America today...but what is less known is that there are approximately 100 million people in America between the ages of 16 and 30. This generation has just entered, or will soon be entering the work force. And they have no idea how to invest, save, or handle their money. Young people today come out of school having had little or no formal education on the basics of money management. Many have large debts from student loans looming over their heads. And many feel confused and powerless when their pricey educations don't translate into high paying jobs. They feel that their \$30,000-\$40,000 salary is too meager to bother with investing, and they constantly fear that there will be "too much month left at the end of their money." Douglas R. Andrew has shown the parents of this generation a different pathway to financial freedom. Now Doug and his sons, Emron and Aaron - both of whom are in their mid-20s - show the under-30 crowd how they can break from traditional 401k investment plans and instead can find a better way by investing in real estate, budgeting effectively, avoiding unnecessary taxes and using life insurance to create tax-free income. With the principles outlined in Millionaire by Thirty, recent graduates will be earning enough interest on their savings to meet their basic living expenses by the time they're 30. And by the time they're 35, their investments will be earning more money than they are, guaranteeing them a happy, wealthy future.*

*10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the road to a great financial gamble. You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This important financial gamble obviously promises wealth in a wheelchair you sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept9. In a straightforward and accessible style, the Slowlane as your blueprint for wealth and your financial future will blow carelessly aside on a sailboat of HOPE. HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401k match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions. . . Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.*

*Summary - The Millionaire Next Door*

*Offers techniques and strategies for increasing income while cutting work time in half, and includes advice for leading a more fulfilling life.*

*Internationally bestselling financial advisor David Bach's Automatic Millionaire promotes a revolutionary system for making even the most undisciplined money managers rich. The Automatic Millionaire shows readers how to change their financial practices and even their lives, the simple and automatic way. The book begins with a powerful story about an average Canadian couple — he's a low-level manager, she's a beautician — whose joint income never exceeds \$55,000 a year, yet who somehow manage to own two homes debt-free, put two kids through college, and retire at fifty-five with more than \$1 million in savings. The incredible message Bach delivers is that the key to getting rich is 'automating' the way to wealth by "paying yourself first," using automatic funded retirement accounts and money market accounts to secure the future and pay for the present. A concise guide that's a fixture on bestseller lists, The Automatic Millionaire introduces readers to a system that is powerful and simple — an automatically effective, life-changing system that delivers. Do it once, the rest is automatic.*

*Building a business the right way can pay off by giving you the lifestyle and freedom that you crave. Entrepreneur and marketer Anthony Khoury has created numerous successful companies from scratch, and with this book he is sharing some of the most important tricks that he has learned over the last 20 years. On your way to becoming a Beach Bum Millionaire, you*

will learn: - How to hire your "A Team" - Avoiding common entrepreneurial mistakes - Automating almost every aspect of your business - Sustainable growth at every stage of your business - Using the "New Marketing Mix" to get noticed - Manage resources and cash flow...earn the Beach Bum lifestyle! - Build an easy-to-follow Simplified Business Plan - Proven sales techniques, AND MORE!

Have You Been Hoodwinked into a 40-Year Financial Lie? There's a Fastlane to millions, a short-cut paved by mathematics, where you can LIVE RICH NOW versus DYING RICH LATER. Instead, you've been brainwashed by an army of financial gurus who pitch a dream-killing dogma known as "Get Rich Slow". Their suffocating plan promises elderly riches by recklessly gambling your financial future to the whims of the stock market, the job market, and the housing market. Don't live poor only to die rich. Reject Wall Street's financial plan of hope-and-pray; switch lanes, go Fastlane, and win financial freedom young, not old. \* Why "wealth-in-a-wheelchair", 40 years of jobs, retirement funds, indexed-funds, mindless frugality and other "guru-speak" strategies will never make you rich. \* Why most "get rich" books only make the author rich—not you! \* How to truly feel wealthy right now, even if you're flat broke. \* The 5 Wealth Commandments—how to create a millionaire-making income! \* The #1 leading cause of poorness—start here and you change everything! \* How you can make net worth explosions of 400% or more; say goodbye to paltry 8% stock market returns! \* Why the guru nonsense of "do what you love", "follow your passion" and other feel-good platitudes are most likely dead-end roads to wealth. \* And over 250 poverty-busting, wealth-accelerating distinctions!
