Some are even using it as a battleground. Grieters roam the lands and the community has evolved to allow them an existence - the PvP and anarchy realms where anything goes except cheating of course!Learn secrets and strategies that will make you better than the average player and an advisor to some of the better players. Learn how to set up safe realms and spot people abusing your hospitality on public realms. Covers latest and future content including the December 2018 Cats and Pandas Update (Bedrock 1.8.0). Please note that commentary on features not yet included (Illagers and Pillagers) may not be 100% accurate as there may be some slight changes to gameplay before they are actually unleashed on players (rumoured 1.11.0 - betacraft streams use the latest stable experimental features).Also includes pointers to valuable information sources that will fill out your knowledge to make you an all-round player. Age 8-18yrs+.. Please note that the paperback contains a little more information than the ebook since it seems to cost quite a lot to print and deliver a real book. This book should be used as an essential strategy guide and roadmap for playing Survival Mode. It does NOT replace the comprehensive guide produced by Mojang themselves. It complements them. For example, this book may refer to using a particular tool but not go into much depth on it, therefore, Mojang's set of books should be part of your reference collection.About Minecraft BedrockBedrock Edition covers Android, VR, Xbox, Windows, IOS, Nintendo Switch and Kindle and allows players from any of those platforms among others to play together in the same Minecraft game using a feature called crossplay. Crossplay in Minecraft is seamless. You wouldn't know that someone was using a different type of device unless they told you.PlayStation and Java Edition versions of Minecraft will operate slightly different to Bedrock so it is important to check with the sites and sources that are mentioned

to adapt your gameplay to make sure things work as you want them to if you do use this book on those platforms.

In the thrilling sequel to the New York Times bestselling novel Minecraft: The Island, a stranded hero stumbles upon another castaway—and discovers that teamwork might just be the secret to survival. Wandering a vast, icy tundra, the explorer has never felt more alone. Is there anything out here? Did I do the right thing by leaving the safety of my island? Should I give up and go back? So many dangerous mobs are on the horizon. Gurgling zombies and snarling wolves lurk in the night, and they're closing in. With nowhere to hide, the lone traveler flees up a mountain, trapped and out of options... until a mysterious figure arrives, fighting off the horde singlehandedly. The unexpected savior is Summer, a fellow castaway and master of survival in these frozen wastes. Excited to find another with Summer, whose impressive mountain fortress is a safe haven... for now. But teamwork is a new skill for two people used to working alone. If they want to make it home, they will have to learn to work together—or risk losing everything.
