THE NATIONAL BESTSELLER The second book of Larry McMurtry's Lonesome Dove tetralogy, *Comanche Moon* takes us once again into the world of the American West. Texas Rangers August McCrae and Woodrow Call, now in their middle years, continue to deal with the ever-increasing tensions of adult life --

Gus with his great love, Clara Forsythe, and Call with Maggie Tilton, the young whore who loves him. Two proud but very different men, they enlist with the Ranger troop in pursuit of Buffalo Hump, the great Comanche war chief; Kicking Wolf, the celebrated Comanche horse thief; and a deadly Mexican bandit king with a penchant for torture. Assisting the Rangers in their wild chase is the renowned Kickapoo tracker, Famous Shoes. Comanche Moon closes the twenty-year gap between Dead Man's Walk and Lonesome Dove, following beloved heroes Gus and Call and their comrades in arms -- Deets, Jake Spoon, and Pea Eye Parker -- in their bitter struggle to protect the advancing West frontier against the defiant Comanches, courageously determined to defend their territory and their way of life.

The Vikings Reimagined explores the changing perception of Norse

and Viking cultures across different cultural forms, and the complex legacy of the Vikings in the present day. Bringing together experts in literature, history and heritage engagement, this highly interdisciplinary collection aims to reconsider the impact of the discipline of Old Norse Viking Studies outside the academy and to broaden our understanding of the ways in which the material and textual remains of the Viking Age are given new meanings in the present. The diverse collection draws attention to the many roles that the Vikings play across contemporary culture: from the importance of Viking tourism, to the role of Norse sub-cultures in the formation of local and international identities. Together these collected essays challenge the academy to rethink its engagement with popular reiterations of the Vikings and to reassess the position afforded to 'reception' within the discipline.
