A haunting, magical story of a cursed gem and the people who suffer in its wake, set in seventeenth-century London. Most men of stature wouldn't marry their betrothed after she'd been kidnapped and forced into sexual slavery in the harem of the Great Turk, but Paul Pindar, wealthy merchant and former ambassador to Constantinople,

is not most men. When Paul and Celia, finally reunited, return to London in 1611, his house at Bishopsgate has stood empty for nearly a decade. A phalanx of carpenters, upholsterers, and gardeners have been summoned to restore it to its former glory. But all is not as it seems. Celia is frail, and their marriage, despite her longing, is childless. Traumatized by her experiences, she is unprepared for English society and the duties of managing a house with a full staff. Paul arranges for Celia's old friend, Annetta, to join them in England as Celia's companion, but Annetta arrives to find that

another woman, the widow Frances Sydenham, has insinuated herself into the Pindar household. Lady Sydenham seems to have a mysterious hold over Celia and, Annetta suspects, increasingly over Paul. Who is this woman, and what are her motives? Like everyone else, including members of the royal family and Pindar's greedy brother Rafe, she is fascinated by the Sultan Blue, the legendary diamond Pindar has brought back from the Middle East. All of London wants to get their hands on the jewel, despite the dark magic properties that are said to surround it, but Paul Pindar

"Persephone is the Goddess of Spring in title only. Since she was a little girl, flowers have only shriveled at her touch. After moving to New Athens, she hoped to lead an unassuming life disguised as a mortal journalist. All of that changes when she sits down in a forbidden nightclub to play a hand of cards with a hypnotic and mysterious stranger. Hades, God of the Dead, has built a gambling empire in the mortal world and his favorite bets are rumored to be impossible. But nothing has ever intrigued him as much as the goddess offering him a bargain he can't resist. After her encounter with Hades,

Scamander's Case

After forming a coalition of human resistance against the enemy invasion, Dalinar Kholin and his Knights Radiant have spent a year fighting a protracted, brutal war. Neither side has gained an advantage, and the threat of a betrayal by Dalinar's crafty ally Taravangian looms over

every strategic move. Now, as new technological discoveries by Navani Kholin's scholars begin to change the face of the war, the enemy prepares a bold and dangerous operation. The arms race that follows will challenge the very core of the Radiant ideals, and potentially reveal the secrets of the ancient tower that was once the heart of their strength. At the same time that Kaladin Stormblessed must come

to grips with his changing role within the Knights Radiant, his Windrunners face their own problem: As more and more deadly enemy Fused awaken to wage war, no more honorspren are willing to bond with humans to increase the number of Radiants. Adolin and Shallan must lead the coalition's envoy to the honorspren stronghold of Lasting Integrity and either convince the spren to join the cause against the evil god Odium, or

The deep sea is the last, vast wilderness on the planet. For centuries, myth-makers and storytellers have concocted imaginary monsters of the deep, and now scientists are looking there to find bizarre, unknown species, chemicals to make new medicines, and to gain a greater understanding of how this world of ours works. With an average depth of 12,000 feet and chasms that plunge much deeper, it forms a frontier for new discoveries. The Brilliant Abyss tells the story of our relationship with the deep sea – how we

imagine, explore and exploit it. It captures the golden age of discovery we are currently in and looks back at the history of how we got here, while also looking forward to the unfolding new environmental disasters that are taking place miles beneath the waves, far beyond the public gaze. Throughout history, there have been two distinct groups of deep-sea explorers. Both have sought knowledge but with different and often conflicting ambitions in mind. Some people want to quench their curiosity; many more have been lured by the possibilities of commerce and profit. The tension between these two opposing sides is the theme that runs throughout the book, while readers are taken on a chronological journey through humanity's developing relationship with the deep sea. The Brilliant Abyss ends by looking forwards to humanity's advancing impacts on the

'Steve beautifully communicates his vulnerabilities in his music -- he does the same in this powerful story' Niall Breslin
As lead singer and songwriter of hugely successful Irish rock band Kodaline, Steve Garrigan plays to thousands of fans worldwide - his business is being in the spotlight. But, for years, Steve was privately battling his own demons. High Hopes is a deeply personal memoir about how everyone carries a story. In his down-to-earth and often humorous style, Steve takes us from his childhood growing up in Dublin and the shyness that

only dissolved in front of a microphone, to the highs of rock star success touring and playing stadiums, and the lows of anxiety, depression and panic attacks. Ultimately, his story describes how it is only by learning to share our deepest vulnerability - embracing all aspects of our true selves - that we can work through darkness and ultimately find freedom. An interior look at Roberto Calasso's work as a publisher and his reflections on the art of book publishing In this fascinating memoir, the author and publisher Roberto Calasso meditates on the art of book publishing. Recalling the beginnings of Adelphi in the 1960s, he touches on the Italian house's defining qualities, including the considerations involved in designing the successful Biblioteca series and the strategy for publishing a wide range of authors of high literary quality, as well as the historic critical edition of the works of Nietzsche. With his signature erudition and polemical flair, Calasso transcends Adelphi to look at the publishing industry as a whole, from the essential importance of graphics, jackets, and cover flaps to the consequences of universal digitization.

And he outlines what he describes as the "most hazardous and ambitious" profile of what a publishing house can be: a book comprising many books, a form in which "all the books published by a certain publisher could be seen as links in a single chain"—a conception akin to that of other twentieth-century publishers, from Giulio Einaudi to Roger Straus, of whom the book offers brief portraits. An essential book for writers, readers, and editors, *The Art of the Publisher* is a tribute to the elusive yet profoundly relevant art of making books.

Economics UT1C and the
Solstice Arts Centre in
Navan. This book forms an
archipelago of fragments
which, layered over each
other, enable us to narrate a
way of observing and
practicing architecture,
between the freedom of
inspiration and the
rationality of the process.***
