Interchange Fourth Edition is a four-level series for adult and young-adult learners of English from the beginning to the high-intermediate level. Interchange Fourth Edition, Presentation Plus, Intro can be used on an interactive whiteboard, portable interactive software technology, or with a computer and a projector. With Presentation Plus, teachers can present the Student's Book, Workbook, or Video Activity Worksheets, play the Class Audio and the Video Program, and display scripts and answer keys. Presentation Plus tools allow teachers to mark up and add links to the components in addition to saving their sessions. In addition, Presentation Plus features the full Interchange Arcade. Teachers can also connect to Cambridge Dictionaries Online for additional reference and language support.

What is a masterpiece? At the most basic level, a masterpiece is a quintessential work by a great artist. This magnificent volume details the development of art from the beginning of recorded civilisation into the twentieth century, presenting essential works of art from across the world, both East and West, in more than 110 full-color reproductions. In 1983 Benedict Anderson's *Imagined Communities* revolutionized the anthropology of nationalism. Anderson argued that "print capitalism" fostered nations as imagined communities in a modular form that became the culture of modernity. Now, in *Represented Communities*, John D. Kelly and Martha Kaplan offer an extensive and devastating critique of Anderson's depictions of colonial history, his comparative method, and his political anthropology. The authors build a forceful argument around events in Fiji from World War II to the 2000 coups, showing how focus on "imagined communities" underestimates colonial history and obscures the struggle over legal rights and political representation in postcolonial nation-states. They show that the "self-determining" nation-state actually emerged with the postwar construction of the United Nations, fundamentally changing the politics of representation. Sophisticated and impassioned, this book will further anthropology's contribution to the understanding of contemporary nationalisms.

The Tales of Muju Ichien, A Voice for Pluralism in Kamakura Buddhism

The Internet and the Madonna

Consular Reports

Monster Romance

Religious Visionary Experience on the Web

Sand and Pebbles presents the first complete English rendering of Shasekishu--the classic, popular Buddhist "Tale Literature" (setsuwa). This collection of instructive, yet often humorous, anecdotes appeared in the late thirteenth century, within decades of the first stirrings of the revolutionary movements of Kamakura Buddhism. Shasekishu's author, Muju Ichien (1226-1312), lived in a rural temple apart from the centers of political and literary activity, and his stories reflect the customs, attitudes and lifestyles of the commoners. In *Sand and Pebbles*, complete translations of Book One and other significant narrative parts are supplemented by summaries of the remaining (especially didactic) material and by excerpts from Muju's later work. Introduced by a historical sketch of the period, this work also contains a biography of Muju.

Illustrations, charts, a chronology, glossary of terms, notes, an extensive bibliography and an index guide the reader into a seldom seen corner of old Japan. Muju and his writings will interest students of literature as well as scholars of Japanese religion, especially Buddhism. Anthropologists and sociologists will discover details of Kamakura life and thought unrecorded in the official chronicles of the age.

"For more than a thousand years, Buddhism has dominated Japanese death rituals and concepts of the afterlife. The nine essays in this volume, ranging chronologically from the tenth century to the present, bring to light both continuity and change in death practices over time. They also explore the interrelated issues of how Buddhist death rites have addressed individual concerns about the afterlife while also filling social and institutional needs and how Buddhist death-related practices have assimilated and refigured elements from other traditions, bringing together disparate, even conflicting, ideas about the dead, their postmortem fate, and what constitutes normative Buddhist practice." "Death and the Afterlife in Japanese Buddhism constitutes a major step toward understanding how Buddhism in Japan has forged and retained its hold on death-related thought and practice, providing one of the most detailed and comprehensive accounts of the topic to date."--BOOK JACKET.

Fiction. Women's Studies. Abigail Stewart returns to her childhood home in Coastal Alabama. Her need to embrace her once rejected Southern heritage is equally weighed by her desire to unearth the mysteries surrounding her dark and dangerous childhood. At every turn, her aged but unscrupulous mother attempts to thwart Abby's discoveries. Though her journey is dotted with horrific memories, she is determined to find the truth and reconcile her past.

Memoirs of the Life of Sir Samuel Romilly

The author, a manga artist, recounts how she decided in 2003 to wear a kimono in everyday life as often as she could, and describes her collection and personal designs, in a book that also offers interviews and short manga pieces.

The Small GTPase RanSpringer Science & Business Media

An erotic trilogy of the first three stories in the hot Teacher Sex series: * A Lesson From Teacher: Miss Hadrian is a dominatrix by nature and she gets off on playing Mistress to train horny young submissives when she is lucky enough to stumble across them. When she is kept waiting for a parents evening by one of her parents, she's not in the best of moods. She changes her mind instantly though when she meets the single mother. Stacie is a very horny young woman with just the sort of innocent looks that Sarah goes for. Her body language immediately mark her out as a submissive to this experienced Mistress and she plans to take full advantage of the fact. * Teacher Learns A Lesson: Dominant teacher, Sarah Hadrian had seduced a submissive mum and taken her home to have some fun with. Now her boyfriend Craig is back and her true nature is laid bare to Stacie. * Teacher Gets A Spanking: Sarah's heart sank as she listened to the Headmaster's words. Her private little seduction of Stacie, the delicious young single mum hadn't been so private after all - he knew all about it. She faced the choice of being sacked on the spot or submitting to corporal punishment at the hands of the PE teacher. On top of that, she was absolutely desperate to go to the loo!

Minimizing Bullying for Children Who Stutter

A Heated Romance

The Ras-related nuclear protein Ran is a member of the so-called Ras-superfamily of small GTP-binding proteins and hydrolyzing proteins. A variety of edited anthologies related to the Ras-superfamily have appeared over the last decade, but Ran has been under-represented in all of them. This under-representation is not due to the fact that Ran is unimportant or non-abundant. It is almost certainly because Ran was discovered and its functions elucidated only recently, and that some of these functions may not follow the typical Ras-superfamily paradigm. Even workers in the field have difficulty keeping up with the Ran literature, and most outsiders rarely try even though they may be aware that major breakthroughs regarding the mechanisms of nuclear-cytosolic transport, mitosis and the maintenance of nuclear structure have depended upon an understanding of Ran function. The Small GTPase Ran is meant to provide specialists with a concise summary of some of the recent research in this area, along with background describing its initial identification and early characterization.

In a country where all races of human and creature live together, love is blossoming as people don't worry about each other's quirks or appearances. Among them is a clumsy dullahan who's head over heels about her track star boyfriend, a confused boy who questions how to talk to his mermaid crush, and a cute centaur wondering how to confess to her childhood friend. Everyone seems to be catching the love bug except for Setsuka, an icy oni who usually gives humans the cold shoulder. That changes when a determined, kind classmate named Eiji confesses his love to her, lighting a small spark in her chest. With advice from her monstrous friends and equally lovestruck sister, Setsuka's cold heart might turn red hot soon enough!

She battles blazing fires and battles for respect... As a woman firefighter, Marcie O'Dwyer can never let her guard down. She knows it might cost her life. However, Ray Smith just might slip past her defenses. He poses the greatest threat...to her heart. But can their attraction survive constant doubts, a misunderstanding and the threat of a maniac arson bent on murdering them both?

The KiddyCAT is an easily administered standardized and normed test procedure that makes it possible to quickly determine if the speech-associated attitude of a preschool or kindergarten child is like that of youngsters who stutter or those who do not. A child's attitude toward his or her speech is a significant dimension that serves to supplement dysfluency in the identification of children who stutter. It is also an element that needs to be evaluated relative to clinical decision making.

Thirty years ago, the only planets we knew were the ones orbiting our own sun; we now know of thousands

of other worlds orbiting distant stars. In this book, astronomer Niall Deacon journeys to twenty of these globes: from giant, blisteringly hot planets orbiting close to their parent stars to planets that float through the cold wilderness of space alone, and from dead stars shredding asteroids to worlds made of diamond—and even planets that may be similar to the Earth. Deacon also takes in the latest exoplanet discoveries and explains how astronomers have come to learn so much about these strange and distant worlds. *Twenty Worlds* tells a sweeping story, of real planets around other stars, and it will fascinate a universe of fans of popular science and astronomy.

Interchange Fourth Edition is a four-level series for adult and young-adult learners of English from the beginning to the high-intermediate level.

Praying for practical benefits (genze riyaku) is a common religious activity in Japan. Despite its widespread nature and the vast numbers of people who pray and purchase amulets and talismans for everything from traffic safety and education success to business prosperity and protection from disease, the practice has been virtually ignored in academic studies or relegated to the margins as a uh_product of superstition or an aberration from the true dynamics of religion. Basing their work on a fusion of textual, ethnographic, historical, and contemporary studies, the authors of this volume demonstrate the fallacy of such views, showing that, far from being marginal, the concepts and practices surrounding genze riyaku lie at the very heart of the Japanese religious world. They thrive not only as popular religious expression but are supported by the doctrinal structures of most Buddhist sects, are ordained in religious scriptures, and are promoted by monastic training centers, shrines, and temples. Benefits are both sought and bought, and the authors discuss the economic and commercial aspects of how and why institutions promote practical benefits. They draw attention to the dynamism and flexibility in the religious marketplace, where new products are offered in response to changing needs. Intertwined in these economic activities and motivations are the truth claims that underpin and justify the promotion and practice of benefits. The authors also examine the business of guidebooks, which combine travel information with religious advice, including humorous and distinctive forms of prayer for the protection against embarrassing physical problems and sexual diseases. Written in a direct and engaging style, *Practically Religious* will appeal to a wide range of readers and will be especially valuable to those interested in religion, anthropology, Buddhist studies, sociology, and Japanese studies.

New Interchange Resource Book Intro

An in-depth examination of visions of the Virgin Mary that have been found on the Web over the past two decades reveals the ways in which religion can now be experienced through new information technologies.

Trites argues that Twain and Alcott wrote on similar topics because they were so deeply affected by the Civil War, by cataclysmic emotional and financial losses in their families, by their cultural immersion in the tenets of Protestant philosophy, and by sexual tensions that may have stimulated their interest in writing for adolescents, Trites demonstrates how the authors participated in a cultural dynamic that marked the changing nature of adolescence in America, provoking a literary sentiment that continues to inform young adult literature. Both intuited that the transitory nature of adolescence makes it ripe for expression about human potential for change and reform.

This workbook for parents is part of a set of materials designed to help children who stutter who are being teased or bullied about their speech. The *Minimizing Bullying for Children Who Stutter (2013)* series includes a comprehensive training and therapy guide for speech-language pathologists and companion workbooks for students, parents, teachers, and administrators. Together, these resources can help build an educated support network to protect children who stutter from bullying.

The Behavior Assessment Battery (BAB) is a multi-dimensional set of inter-related, evidence-based, self-report tests that provide normative data for children between the ages of six and fifteen. The Battery has evolved and been refined over many years and has been used with an innumerable number of clients all over the world.

The first anthology of its kind, *The Modern Murasaki* brings the vibrancy and rich imagination of women's writing from the Meiji period to English-language readers. Along with traditional prose, the editors have chosen and carefully translated short stories, plays, poetry, speeches, essays, and personal journal entries. Selected readings include writings by the public speaker Kishida Toshiko, the dramatist Hasegawa Shigure, the short-fiction writer Shimizu Shikin, the political writer Tamura Toshiko, and the novelists Miyake Kaho, Higuchi Ichiyo, Tazawa Inabune, Kitada Usurai, Nogami Yaeko, and Mizuno Senko. The volume also includes a thorough introduction to each

reading, an extensive index listing historical, social, and literary concepts, and a comprehensive guide to further research. The fierce tenor and bold content of these texts refute the popular belief that women of this era were passive and silent. A vital addition to courses in women's studies and Japanese literature and history, *The Modern Murasaki* is a singular resource for students and scholars.

The quirky girls of the Technology Club find themselves defenseless against Hajime's eroge-honed silver tongue, but otaku girls are still girls and toying with tender hearts has its consequences. Can Hajime manage to juggle five girls, or will this club of fujoshi figure they have no use for men after all?

'SBAs, EMQs & SAQs in SURGERY' provides a broad range and style of questions, not only for medical students preparing for their final exams, but also for those clinicians preparing for their postgraduate exams. This book includes over 200 single best answer questions (SBAs), 400 extended matching questions (EMQs) and 100 short answer questions (SAQs), giving the reader a wide variety of topics to test their exam knowledge and technique. It is an invaluable educational resource for exam preparation and to help you succeed. Over 700 questions on the core medical subjects. • Compiled by a team of junior doctors with recent final exam and postgraduate specialty exam experience. • Overseen by experienced doctors to ensure relevance and accuracy. • The broad medical curriculum is covered in a succinct and consistent style. • Clear and concise answers are provided. • Easy accessible information to facilitate revision on the move. • Enables the reader to assess their knowledge and help identify gaps in their knowledge to target revision. • The following main specialties are covered: - Upper gastrointestinal surgery; - Lower gastrointestinal surgery; - Vascular surgery; - Breast surgery; - Urology; - Neurosurgery; - Ear, nose and throat surgery; - Trauma & orthopaedics; - Fluids & electrolytes. Watch out for our other titles in the MedQ4exams series: - Medicine - The Specialties - Practice papers

Now available in a fully revised and updated second edition, this practical manual is a detailed guide to the Palin Parent-Child Interaction Therapy programme (Palin PCI) developed at the Michael Palin Centre for Stammering (MPC). Palin PCI builds on the principle that parents play a critical role in effective therapy and that understanding and managing stammering is a collaborative journey between the child, parent and therapist. This book emphasises a need for open communication about stammering, offering a combination of indirect techniques such as video feedback, interaction strategies and confidence building, along with direct techniques to teach a child what they can do to help themselves. This second edition: Reflects the most up-to-date research in areas such as neurology, genetics, temperament and the impact of stammering on children and their families Offers photocopiable resources, such as assessment tools, information sheets and therapy handouts, to support the implementation of Palin PCI Focuses on empowerment through building communication confidence in children who stammer and developing knowledge and confidence in their parents Based on a strong theoretical framework, this book offers a comprehensive understanding of the Palin PCI approach in order to support generalist and specialist speech and language therapists as they develop their knowledge, skills and confidence in working with young children who stammer and their families. For more information about Alison and her work, please visit www.alisonnicholasslt.co.uk. To learn more about Elaine and her work, please visit www.michaelpalincenreforstammering.org.

"Shirley may be the hardest working maid around. The youngest, too! This collection of short stories presents a further exploration into the stratified world of English society, portrayed through the experiences of young maids. Miss Bennett lives alone and keeps busy running the pub she inherited. Needing some help, she posts a notice for a maid. Along comes Shirley Madison, a girl who can clean and cook as well as any maid--even if she's only 13 years old!"--Cover.
