master who founded the Japanese Soto School of Zen, is renowned as one of the world's most remarkable religious thinkers. As Shakespeare does with English, Dogen utterly transforms the language of Zen, using it in novel and extraordinarily beautiful ways to point to everything important in the religious life. He is known for two major works. The first work, the massive Shobogenzo (Treasury of the True Dharma Eye), represents his early

These new translations of the thirteenth-century Zen master Dogen—one of most original and important Zen writers—illustrate the rational side of Zen, which has been obscured through the centuries, tainting people's understanding of it. The first accessible beginner's guide to Rinzai Zen practice. The recognition of the true nature of oneself and the universe is the aim of Rinzai Zen—but that experience, known as kensho, is really just the beginning of a life of refining that discovery and putting it into practice in the world. Rinzai, with its famed discipline and its emphasis on koan practice, is one of two main forms of Zen practiced in the West, but it is less familiar than the more prominent Soto school. Meido Moore here remedies that situation by providing this compact and complete introduction to Zen philosophy and practice from the Rinzai perspective. It's an excellent entrée to a venerable tradition that goes back through the renowned Hakuin Ekaku in eighteenth-century Japan to its origins in Tang dynasty China—and that offers a path to living with insight and compassion for people today.

The Shobogenzo Zuimonki consists largely of brief talks, hortatory remarks, and instructional and cautionary comments by the Soto Zen Master Dogen. Translated, shobogenzo means 'the eye of the true law.' Roughly translated zuimonki means 'easy for the ears to understand, ' or 'simplified.'

Spiritual practice is not some kind of striving to produce enlightenment, but an expression of the enlightenment already inherent in all things: Such is the Zen teaching of Dogen Zenji (1200–1253) whose profound writings have been studied and revered for more than seven hundred years, influencing practitioners far beyond his native Japan and the Soto school he is credited with founding. In focusing on Dogen's most practical words of instruction and encouragement for Zen students, this new collection highlights the timelessness of his teaching and shows it to

be as applicable to anyone today as it was in the great teacher's own time. Selections include Dogen's famous meditation instructions; his advice on the practice of zazen, or sitting meditation; guidelines for community life; and some of his most inspirational talks. Also included are a bibliography and an extensive glossary.

“These teachings from the heart of Buddhism ring true . . . a sumptuous meal of wild and comic dharma. Enjoy!” (Enkyō O’Hara, Soto priest and teacher). One hundred illuminating tales of the foibles and follies of everyday fools, this elegant, humorous, and masterful little book of wisdom is a welcome addition to the Buddhist canon. “The One Hundred Parable Sutra” is known as the most humorous sutra in all of Buddhist literature. Here, Kazuaki Tanahashi, the celebrated translator, calligrapher, and Dōgen scholar, and Peter Levitt, an award-winning poet, storyteller, and

In doing so, they become an accurate mirror of the human condition.

Illustrated with seventeen original brushwork drawings by Tanahashi, *A Flock of Fools* is a perfect little book of wisdom, laughter, and compassion. “Translator Kaz Tanahashi and storyteller Peter Levitt have given these stories a subtle American-Zen flavor, and although this collection has a 1500-year pedigree . . . its messages ring clear and true today.” —Shambala Sun “Funny, strange, wise, informing, this marvelous book celebrates the wild

are inseparable. “Impermanence is time itself, being itself—yet time and being are not at all as we imagine them to be. To really understand and fully embrace this point is to live in a radically different world—a world of awakening, inclusion, and love. Zen Master Dogen frames the teaching on impermanence explicitly as a teaching about time—and all of Dogen’s profoundly poetic teachings flow from his seminal understanding of time, as expressed in Uji (Being-Time), the famous—and famously difficult—essay in his masterwork, Shobogenzo. In Uji, Dogen teaches that time itself, being itself, is luminous awakening. It is all-inclusive, all-elusive, ultimately healing, and eternal. In this book, Shinshu Roberts does full justice, as does no other book I know of, to Dogen’s words. She offers interpretation of Uji only after careful

consideration and marshaling of many sources—and offers simple everyday examples to illustrate points that seem at first abstruse. If this text causes you to doubt your most cherished concepts about your life, it will have done its work.” —from the Foreword by Norman Fischer *Being-Time* thoroughly explores Dogen’s teaching on how we practice as Buddhas by understanding the relationship between being and time as it is—and as we perceive it to be. Using Dogen’s *Shobogenzo Uji (The True Dharma Eye, Being-Time)*, Shinshu Roberts offers a twofold analysis of this teaching: the meaning of the text and practice with the text, giving examples how we apply Dogen’s complex teaching to our daily lives.

and insight, in a manner that both guides and inspires. In *Taking the Path of Zen* Robert Aitken presents the practice, lifestyle, rationale, and ideology of Zen Buddhism with remarkable clarity. The foundation of Zen is the practice of zazen, or meditation, and Aitken Roshi insists that everything flows from the center. He discusses correct breathing, posture, routine, teacher-student relations, and koan study, as well as common problems and milestones encountered in the process. Throughout the book the author returns to zazen, offering further advice and more advanced techniques. The orientation extends to various religious attitudes and includes detailed discussions of the Three Treasures and the Ten Precepts of Zen Buddhism. *Taking the Path of Zen* will serve as orientation and guide for anyone

In his previous book, *Being Upright: Zen Meditation and the Bodhisattva Precepts*, Reb Anderson Roshi described how we must become thoroughly grounded in conventional truth through the practice of compassion before we can receive the teachings of the ultimate truth. In *The Third Turning of the Wheel*, he introduces us to the next stage of our journey by invoking the wisdom of the *Samdhinirmocana Sutra*.

According to Anderson, the main purpose behind this enigmatic sutra is to reconcile the apparent contradictions between the original teachings of the historical Buddha and the later teachings of Mahayana Buddhism. Anderson reflects on the great metaphysical questions proposed in the

*Eihei Dogen (1200-1253), among the first to transmit Zen Buddhism from China to Japan and founder of the important Soto School, was not only a profoundly influential and provocative Zen philosopher but also one of the most stimulating figures in Japanese letters. Kazuaki Tanahashi, collaborating with several other Zen authorities, has produced sensitive and accurate translations of Dogen's most important texts. "Moon in a Dewdrop" contains the key essays of the great master, as well as extensive background materials that will help Western readers to approach this significant work. There is also a selection of Dogen's poetry, most of which has not appeared in English translation before. Dogen's thought runs counter to conventional logic, employing paradoxical language and startling imagery. It illuminates such fundamental concerns as the nature of time,*

Dogen's writings are a near-perfect expression of truth, beautifully expressing the best of which the human race is capable. In this volume, Francis Cook presents ten selections from Dogen's masterwork, the Shobogenzo, as well as six of his own essays brilliantly illuminating the mind of this peerless master.*

Vasubandhu invites readers to explore experiences in dreams and to inhabit the experiences of nonhuman beings—animals, hungry ghosts, and beings in hell. Other Lives offers a deep engagement with Vasubandhu's account of mind in a global philosophical perspective. Sonam Kachru takes up Vasubandhu's challenge to think with perspective-diversifying contexts, showing how his novel theory draws together action and perception, minds and worlds. Kachru pieces together the conceptual system in which Vasubandhu thought to show the deep originality of the argument. He reconstructs Vasubandhu's ecological concept of mind, in which mindedness is meaningful only in a nexus with life and world, to explore its ongoing philosophical significance. Engaging with a*

forge a modern-day Buddhism that urges us "to sit still in the middle of all living beings."

Zen Buddhism is often said to be a practice of mind-to-mind transmission without reliance on texts --in fact, some great teachers forbid their students to read or write. But Buddhism has also inspired some of the greatest philosophical writings of any religion, and two such works lie at the center of Zen: The Heart Sutra, which monks recite all over the world, and The Diamond Sutra, said to contain answers to all questions of delusion and dualism. This is the Buddhist teaching on the perfection of wisdom and cuts through all obstacles on the path of practice. As Red Pine explains: The Diamond Sutra may look like a book, but it's really the body of the Buddha. It's also your body, my body, all possible bodies. But it's a body with nothing

inside and nothing outside. It doesn't exist in space or time. Nor is it a construct of the mind. It's no mind. And yet because it's no mind, it has room for compassion. This book is the offering of no mind, born of compassion for all suffering beings. Of all the sutras that teach this teaching, this is the diamond.
