

Moon Tortured Sky Brooks Series Book 1

*Span*Published in 1865 and edited by abolitionist L. Maria Child, *The Freedmens Book* was intended to be used to teach recently freed African Americans to read and to provide them with inspiration. Thirsting for education, Freedmen were eagerly enrolling in any schools that would accept them. Child saw a need for texts and provided one of collected stories and poems written by former slaves and noted abolitionists, herself included./span

"Just try to survive." That had been Skylar's goal since she discovered that she had died at birth and become a host to a very powerful spirit shade. She was a werewolf with the ability to manipulate magic, and that made Skylar an enigma that most viewed as either an asset or a danger. Being an anomaly in the otherworld was a hazard, and last year she had barely survived. After declining membership in the Midwest Pack, Skylar naively thought she could return to a normal life and fade into obscurity. She was wrong. After saving the life of a pack member who was brutally attacked, Skylar finds herself pulled back into the otherworld to help the Northern Seethe and Midwest Pack find the person responsible for the recent attacks on their people. The situation is further complicated when the Seethe hires Chris, a hunter and the pack's Beta's ex. With her connections and extensive knowledge of the otherworld she should have been a welcomed asset; but her turbulent history with the pack, complicated relationship with the Master of the Northern Seethe, and the lingering feelings between her and the Beta create conflict between the enemies-turned-allies. Once again, Skylar must negotiate the lies, secrets and strange politics that govern the otherworld while struggling not to draw attention to her abilities. It falls apart when she inadvertently changes a peculiar vampire and Chris discovers the link between Skylar and the culprit responsible for the attacks on the vampires and were-animals. Now Skylar wonders if she will be able to survive the otherworld this time.

In a book that will intrigue anyone who is curious about Silicon Valley, computer programming, or the world of high technology, respected software pioneer and computer scientist Richard Gabriel offers an informative insider's look at the world of software design and computer programming and the business that surrounds them. 10 illustrations.

In this debut novel and series starter, the last member of a murdered House searches for a missing nobleman, and uncovers clues about his own tortured past. Rune Saint John, last child of the fallen Sun Court, is hired to search for Lady Judgment's missing son, Addam, on New Atlantis, the island city where the Atlanteans moved after ordinary humans destroyed their original home. With his companion and bodyguard, Brand, he questions Addam's relatives and business contacts through the highest ranks of the nobles of New Atlantis. But as they investigate, they uncover more than a missing man: a legendary creature connected to the secret of the massacre of Rune's Court. In looking for Addam, can Rune find the truth behind his family's death and the torments of his past?

Darkness Unveiled

A Killing Frost

Execution Dock

The Age of Em

Stolen Prey

Considered by many to be mentally retarded, a brilliant, impatient

fifth-grader with cerebral palsy discovers a technological device that will allow her to speak for the first time.

In 19th century New Orleans, Sébastien Saint Germain, cursed and forever changed, and Celine, recovering from injuries sustained during a night she cannot remember, uncover the danger around them, including their love.

The only thing standing between me and death is my secret. I'm a Legacy-a secret I'd planned on taking to my grave. Gareth, the enigmatic leader of the Supernatural Guild, knows it, but can I trust him to keep it? When mysterious deaths occur as a result of magic that mimics my own, I no longer have to worry about Gareth exposing me - it will be one of my own that does. Another Legacy is causing the chaos, and I'm forced to hunt my own kind. It seems simple, but we've existed for as long as we have because we're better hunters than prey. I'm forced to work with Gareth to clear my name and find the Legacy responsible. Not only is my secret about to be revealed-so is his. Gareth is much more dangerous than I expected. Is he my friend or my enemy?

Mephisto is the mysterious and alluring client who's always had a special interest in me. Now I know why. My curse and Mephisto's secrets have to take a back seat, though, when the most powerful vampire in the city hires me for a job. It seems simple enough: negotiate the acquisition of a weapon that can kill his kind faster than a stake to the heart. In my line of business, there are rules that you never break--or if you do, you make damn sure no one finds out. First, never betray a client. Second, never piss off a vampire, especially the Master of the City. Somehow, I managed to do both.

Patterns of Software

A Touch of Brimstone

Dirty Blood

The Painted Man (The Demon Cycle, Book 1)

Jeff Bezos and the Age of Amazon

The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as "the definitive account of how a tech icon came to life." Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing,

definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read. No one said life was going to be easy, but mine just keeps getting harder. My best friend has been abducted by a madman who seems to have returned from the dead with the sole goal of seeking revenge against me. She's my friend, but she's also essential in finding a cure for a virus that has the potential to destroy the supernatural world. Did I mention there's a war brewing between supernaturals and humans? My people, the Legacy, were responsible for the first supernatural war, and now I'm tasked with preventing the second. Robots may one day rule the world, but what is a robot-ruled Earth like? Many think the first truly smart robots will be brain emulations or ems. Scan a human brain, then run a model with the same connections on a fast computer, and you have a robot brain, but recognizably human. Train an em to do some job and copy it a million times: an army of workers is at your disposal. When they can be made cheaply, within perhaps a century, ems will displace humans in most jobs. In this new economic era, the world economy may double in size every few weeks. Some say we can't know the future, especially following such a disruptive new technology, but Professor Robin Hanson sets out to prove them wrong. Applying decades of expertise in physics, computer science, and economics, he uses standard theories to paint a detailed picture of a world dominated by ems. While human lives don't change greatly in the em era, em lives are as different from ours as our lives are from those of our farmer and forager ancestors. Ems make us question common assumptions of moral progress, because they reject many of the values we hold dear. Read about em mind speeds, body sizes, job training and career paths, energy use and cooling infrastructure, virtual reality, aging and retirement, death and immortality, security, wealth inequality, religion, teleportation, identity, cities, politics, law, war, status, friendship and love. This book shows you just how strange your descendants may be, though ems are no stranger than we would appear to our ancestors. To most ems, it seems good to be an em.

Now in hardcover, the fourteenth novel of the Hugo-nominated, New York Times-bestselling Toby Daye urban fantasy series When October is informed that Simon Torquill—legally her father, due to Faerie's archaic marriage traditions—must be invited to her wedding or risk the ceremony throwing the Kingdom in the Mists into political turmoil, she finds herself setting out on a quest she was not yet prepared to undertake for the sake of her future.... and the man who represents her family's past.

Double-Sided Magic

Magick of the Damned Series #1

Nightsoul

Monster

The Psychosocial Implications of Disney Movies

A senseless slaughter leads Lucas Davenport down a twisted path in

this thriller from the #1 New York Times bestselling author. Lucas Davenport has seen many terrible murder scenes. This is one of the worst. In the Minnesota town of Wayzata, an entire family has been killed—husband, wife, two kids, dogs. On the wall, in blood: “Were coming.” No apostrophe. There’s something about the scene that tugs at Lucas’s cop instincts—it looks an awful lot like the kind of scorched-earth retribution he’s seen from Mexican drug gangs. But this is a seriously upscale town, the husband ran a modest software company, the wife dabbled in local politics. None of it seems to fit. Until it does... Life is full of variables. We crave control, but in reality, we have very little. I left home with a plan: get the full college experience and pass my classes. But that all changed when I met him. Ander was the last thing I needed. He was never part of my plan. He was the one variable in my life that I could never control. And we were destined for destruction.

Moon Tortured Sky Brooks

In a world of suppressed magic, I'm an Unknown. Deadly power, little control. I'm only alive because I pay a Blood Sorcerer to keep me hidden. But when he comes to collect on the debt I can't pay, one of his goons slams me with a deadly curse. Suddenly, I'm out of options and out of time. When I'm given a rare chance to join the secretive Undercover Protectorate and train at their academy to become an investigator, I have a way to hunt the cure for the curse. They have resources I don't. Easy, since I'm broke. Seems like a good plan, right? At least, until they tell me Cade will be joining me on my hunt for the Blood Sorcerer. He's an actual Celtic war god--and the hottest guy I've ever seen. The catch? I can't let him know that I'm an Unknown, or I'm out on my ass and deader than Hades.

Lunar Marked

Obsidian Magic

Undercover Magic

Shift

Sky Brooks's life started with a death--her own. Sky's spent the first twenty-three years of her life unaware of this, among other things. She always thought she was just a shapeshifter until she wakes up in a strange house in rural Illinois' battered, bruised, and with only vague memories of her mother's death at the hands of vampires.

My magic isn't just a curse - it's an addiction. I crave it the way some people crave chocolate. But, chocolate doesn't kill - my magic does. I'm Raven Cursed. When I borrow magic from someone, they die. That's always been the case--until I met my client, the devilishly handsome and enigmatic Mephisto. He has his own brand of unique magic and a mysterious past he's determined to keep to himself. He knows that I'm the one to call anytime a curse goes wrong, a magical object is lost, or a rogue supernatural needs apprehending. So he offers a trade. He'll give me his magic, and in return, I accept a job from him. It seems like a simple deal until all

hell breaks loose. We have to team up to stop a god from unleashing destruction upon the city. It leaves me to wonder: can I battle a god with the devil at my back? This series is perfect for readers who enjoy flirty romances, witty, kick-butt heroines, and non-stop action with unexpected twists.

"Skylar barely understands what she is, and her introduction to the supernatural world is terrifying. In her eyes, werewolves are no different than the vampires who killed her mother. As the vampires' efforts to capture her grow bolder, she reluctantly accepts the Midwest Pack's assistance. Ethan soon discovers Skylar is more than she seems -- a werewolf who can wield magic in previously unknown and dangerous ways. The list of Skylar's enemies grows, and some in the pack want to kill her to prevent a larger catastrophe. Will Ethan risk the lives of his brother and packmates to protect a woman he doesn't know?"--Amazon.com.

Someone is determined to destroy the Midwest Pack and the Northern Seethe. Sworn enemies, the were-animals and vampires form a fragile alliance that is threatened from within. As if Ethan, the pack Beta, doesn't have enough to worry about, his ex, Chris, is getting closer to learning pack newcomer Sky's secrets, his brother Josh is playing with magic that could kill him, and Sky has formed an unlikely friendship with a very unusual vampire. In a race against the clock, Ethan must save his pack, distract Chris, and protect Sky and Josh from their reckless and potentially deadly actions. *Darkness Unveiled* is Ethan's story of *Darkness Unchained* (Sky Brooks, Book 2). New scenes have been added. Reading *Darkness Unchained* is recommended, but not required.

Renegade Magic

What the New Science of Psychedelics Teaches Us About Consciousness, Dying, Addiction, Depression, and Transcendence

It's hard enough being an undergraduate student, an intern at Downtown Manhattan's police station, and a bouncer at a local bar. Add her now ex-boyfriend who recently dumped her for the school's resident bimbo-oh, and she's a werewolf. Mackenzie Grey meets her match when she is kidnapped by the Brooklyn Pack and tossed between Sebastian and Jonah-the Alpha and the Beta. Being a lone-wolf in the city is dangerous, and now that the Pack has found her, so can every supernatural being in the Tri-State area. And not even her sarcastic, smart mouth can get her out of this. When a string of kidnappings involves Mackenzie in supernatural politics, she questions her new acquaintances and finds unlikely allies. Can she escape Pack law and keep her freedom-or will she be condemned to an unwanted path?

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

The stunning debut fantasy novel from author Peter V. Brett. The Painted Man, book one of the Demon Cycle, is a captivating and thrilling fantasy adventure, pulling the reader into a world of demons, darkness and heroes.

Skylar's death came not at the end, after a long fulfilling existence, not in the middle, as a result of an untimely tragic event-but at the beginning, with her birth. As a final effort to save her dying unborn child, Skylar's pregnant mother, a witch, sacrificed herself by invoking a powerful spirit shade to inhabit Skylar's body, imbuing her with life. For twenty-three years, Skylar lived a life of oblivion, content with her simple job, loving adoptive mother and the monthly inconvenience of a full moon hangover after being sedated and caged when she changed into a wolf. It wasn't exciting but it was her life until one night, she woke up in a strange room in the middle of rural Illinois-bruised and with jumbled memories of her mother's death from a vampire attack. The Midwest pack comes to her rescue. Known for being more ruthless than altruistic, she doesn't know if she can trust them. But after an assassination attempt by a necromancer, an abduction attempt by a mercenary, and more aggressive and violent attacks by the vampires, she has no other choice but to accept their help. The Midwest pack quickly discover that Skylar is the host to a spirit shade, who gives her magical abilities, that make her as much of a danger as an asset and that she is the key to the vampires' plan to perform a ritual that will give them unrestricted power. Tension rises as the pack become divided between those who think her life is worth protecting as a potential ally and those who believe she is too dangerous to live. In the end, Skylar finds herself fighting for her life-a life that may be tragically taken too soon.

The Last Sun

Midnight Falls

Sky Brook Series:

Moon Cursed

Skylar has finally accepted that her life will never be simple again. As a host to a spirit shade and a werewolf with the ability to manipulate magic, she has many enemies in the otherworld just for being what she is-an anomaly. In possession of dark magic that she can barely control, she lived in constant fear for her life until she joined the Midwest Pack. The Midwest Pack was supposed to keep her safe and make things less chaotic. Instead, she is pulled into a clandestine world with strange politics and secrets. With secrets come danger and when some are discovered, Skylar finds herself protecting the pack and saving the life of the Beta. But Skylar is cursed for her good deed by the Creed, the ruling body of the witches. Complicating her life even more, the Midwest Pack becomes responsible for protecting the Clostra, a book of magic. In the wrong hands, it can destroy the otherworld and force a battle that no one can win. All Skylar ever wanted was a normal life, so when she meets a charismatic, powerful and mysterious witch, who claims that he can remove her curse and her lycanthropy, Skylar is enticed. But this too comes

at a price-the betrayal of her pack. Which will she choose? I am Levy Michaels. Once my kind were the hunters-now we are the hunted. Supernaturals are out of the closet but I have to stay hidden because of the type of magic I possess. I'm a Legacy. It sounds like the title should come with reverence, a trust fund, or at the very least a cool backstory-instead it comes with a death sentence. I have to hide in plain sight and pretend to be just human. I'm pretty good at it. I live a simple and somewhat normal life, and I work in antique acquisitions. Everything's going fine until a dangerous and enchanted dagger that was once in my possession is stolen. I didn't think things could get any worse until I woke up next to a dead shifter, fae, and mage, without any memory of the past twenty-four hours. Considered guilty of murder by most of the magical community and humans, I must work with Gareth, the sexy and dangerous leader of the Supernatural Guild. If he's as good as rumored, it's only a matter of time until he discovers the truth about me-then being found guilty of murder is the least of my worries.

Being part of the Midwest Pack isn't easy-especially now.Sky's life has never been simple-and it only gets more complicated. The Alphas, Ethan, and several key players in the otherworld go missing, thrusting Sky into the position of Elite Alpha and tasking her with finding them. The list of suspects grows as Sky realizes that her mating with Ethan has caused allies to become enemies. Will she locate the missing in time or will she be the last Alpha standing? Sky doesn't know who she can trust. Too many people want her dead, including a new group of witches who want to rid the world of were-animals, especially those that who can wield magic like Ethan and Sky. Adding to the problems is a new group of vampires, who would do anything necessary to gain control in the Midwest by taking over the Northern Seethe, including hurting Sky's friends.

Blindsight is the Hugo Award-nominated novel by Peter Watts, "a hard science fiction writer through and through and one of the very best alive" (The Globe and Mail). Two months have past since a myriad of alien objects clenched about the Earth, screaming as they burned. The heavens have been silent since-until a derelict space probe hears whispers from a distant comet. Something talks out there: but not to us. Who should we send to meet the alien, when

the alien doesn't want to meet? Send a linguist with multiple-personality disorder and a biologist so spliced with machinery that he can't feel his own flesh. Send a pacifist warrior and a vampire recalled from the grave by the voodoo of paleogenetics. Send a man with half his mind gone since childhood. Send them to the edge of the solar system, praying you can trust such freaks and monsters with the fate of a world. You fear they may be more alien than the thing they've been sent to find—but you'd give anything for that to be true, if you knew what was waiting for them. . . . At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Damned

Fate decreed that my mate would be Tarron, King of the Seelie Fae. He's gorgeous, arrogant, and for the longest time, I hated him. Until I didn't. As soon as I start to fall for him, fate meddles again. Apparently, I'm fated to kill Tarron. To make matters worse, our Fae courts are at war. My mother is trying to destroy his kingdom. She's hunting down Eternal Fire to destroy his realm, and I have to help stop her. As we race to save his kingdom, I fall harder and harder for Tarron. He's impossible to resist. But I don't tell him the dark secret that will tear us apart--my destiny to kill him. Twisting fate to my own ends is the only way my love will survive. The question is...can I?

This New York Times bestselling novel from acclaimed author Walter Dean Myers tells the story of Steve Harmon, a teenage boy in juvenile detention and on trial. Presented as a screenplay of Steve's own imagination, and peppered with journal entries, the book shows how one single decision can change our whole lives. *Monster* is a multi-award-winning, provocative coming-of-age story that was the first-ever Michael L. Printz Award recipient, an ALA Best Book, a Coretta Scott King Honor selection, and a National Book Award finalist. *Monster* is now a major motion picture called *All Rise* and starring Jennifer Hudson, Kelvin Harrison, Jr., Nas, and A\$AP Rocky. The late Walter Dean Myers was a National Ambassador for Young People's Literature, who was known for his commitment to realistically depicting kids from his hometown of Harlem.

The Midwest Pack stands together -and they might fall together. The denizens of the otherworld have always hidden their existence from humans, but when a video of a were-animal in a violent confrontation goes viral, they must take drastic measures to protect themselves. Alliances are broken and friendships strained as were-animals, vampires, witches, and elves all work to protect their own interests. When a group of humans backed by an old enemy sets out to expose the pack's existence, it becomes increasingly difficult for them to remain undiscovered. Having more secrets than just their existence, the Midwest Pack has drawn the attention of a threat greater than their exposure to humankind. As the world around them unravels, Sky, Ethan, and Josh must confront the dangerous consequences of their own secrets. When all are revealed, will any of them survive?

On the bustling docks along the River Thames, Great Britain's merchant ships unload

the treasures of the world. And here, in dank and sinister alleys, sex merchants ply their lucrative trade. The dreaded kingpin of this dark realm is Jericho Phillips, who seems far beyond the reach of the law. But when thirteen-year-old Fig is found with his throat cut, Commander William Monk of the River Police swears that Phillips will hang for this abomination. Monk's wife, Hester, draws a highly unusual guerrilla force to her husband's cause—a canny ratcatcher, a retired brothel keeper, a fearless street urchin, and a rebellious society lady. To one as criminally minded as Phillips, these folks are mere mosquitoes, to be sure. But as he will soon discover, some mosquitoes can have a deadly sting.

The Everything Store

Opium Skies

"Pollan keeps you turning the pages . . . cleareyed and assured." —New York Times A #1 New York Times Bestseller, New York Times Book Review 10 Best Books of 2018, and New York Times Notable Book A brilliant and brave investigation into the medical and scientific revolution taking place around psychedelic drugs--and the spellbinding story of his own life-changing psychedelic experiences When Michael Pollan set out to research how LSD and psilocybin (the active ingredient in magic mushrooms) are being used to provide relief to people suffering from difficult-to-treat conditions such as depression, addiction and anxiety, he did not intend to write what is undoubtedly his most personal book. But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life, he decided to explore the landscape of the mind in the first person as well as the third. Thus began a singular adventure into various altered states of consciousness, along with a dive deep into both the latest brain science and the thriving underground community of psychedelic therapists. Pollan sifts the historical record to separate the truth about these mysterious drugs from the myths that have surrounded them since the 1960s, when a handful of psychedelic evangelists inadvertently catalyzed a powerful backlash against what was then a promising field of research. A unique and elegant blend of science, memoir, travel writing, history, and medicine, How to Change Your Mind is a triumph of participatory journalism. By turns dazzling and edifying, it is the gripping account of a journey to an exciting and unexpected new frontier in our understanding of the mind, the self, and our place in the world. The true subject of Pollan's "mental travelogue" is not just psychedelic drugs but also the eternal puzzle of human consciousness and how, in a world that offers us both suffering and joy, we can do our best to be fully present and find meaning in our lives.

In the third exhilarating novel in this dazzling epic fantasy series, a young outcast will fight against staggering odds to save her world. On the planet Abeth, a narrow Corridor of green land is surrounded on all sides by ice plains where only the strong survive. Ice triber Yaz has completed a perilous journey and arrived at the Corridor, and it exceeds and overwhelms all of her expectations. Everything seems different but some constants remain: her old enemies are still two steps ahead, bent on her destruction. She makes her way to the Convent of Sweet Mercy, where nuns train young girls who show the old gifts, but like the Corridor itself the convent is packed with peril and opportunity. Yaz has much to learn from the nuns—if they don't decide to execute her. The fate of everyone squeezed between the Corridor's vast walls, and ultimately the fate of those laboring to survive out on ice itself, hangs from the moon, and the battle to save the moon centers on the Ark of the Missing, buried beneath the emperor's palace. Everyone wants Yaz to be the key that will open the Ark – the one the wise have sought for generations. But sometimes wanting isn't enough.

Between life and death - there's magic. Friends of the Midwest Pack are missing, alliances are

forming between enemies whose sole intent is to destroy the pack, and a mysterious group is trying to make a power grab using any means possible. With her pack and its allies in danger, and her love life threatened by secrets, Sky doesn't think things could possibly get worse. Then the spirit shade she's hosted all her life awakens-vengeful and powerful-and uses Sky to cast a dark spell over all were-animals. If she can't find a way to reverse it, they will die.

Secrets have consequences-and so do truths. I've been outed as a Legacy and there's nothing I can do but deal with the aftermath. I thought I could handle it-I was wrong. The city is in chaos, and I have more enemies than allies. Some that I once called allies have quickly become my betrayers. Just when I didn't think things could get any worse, Conner resurfaces and he's ready to make everyone pay. Especially me. He's the least of my worries: a supernatural assassin has been brought in to kill all the Legacy-and he's good at his job. One by one we are being killed off. Gareth, my only true ally, has his own problems dealing with another group that is set on ridding the world of supernaturals. Unless I can get the assassin before he gets me and Gareth can stop an organization bent on xenophobic destruction, we don't stand a chance in hell of surviving this.

How to Change Your Mind

The Freedmen's Book

A William Monk Novel

Work, Love, and Life when Robots Rule the Earth

Keeping our existence a secret protected the pack. Now the wrong people know about us. That's the reason the Alphas and I have been abducted to be hunted for sport, but we have no intention of going down without a fight. Escape seems nearly impossible once it becomes apparent that we've been betrayed by those that we once considered allies and many of our secrets have been exposed. If we are to survive this, we need our pack. With the disappearance of the Alphas, Sky has become the Elite Alpha. Sky has always been the pack's heart but she'll have to become darker and more ruthless to help us. I have no doubts that Sky will rise to the challenge but I know it will come at a price. As my mate, I'd give my life to protect hers and I know she'd do the same. That's the problem. The cost of our safety might be more than I'm willing to pay. Midnight Eternal is Ethan's POV of Midnight Sky (Sky Brooks Series: Book 7) with added scenes and storylines. It can be read alone, but reading Midnight Sky first will enhance your reading experience.

The Midwest Pack used the Clostra to perform a powerful and dangerous spell to save Sky. Now the pack is dealing with the aftermath and doing damage control. But they can't hide how the magic has changed the dynamics of the other world--or that they are responsible.

The bestselling story of a girl who discovers she's much more than human...Now, with bonus content and a special 10th Anniversary Edition hardcover. I killed a girl last night. I did it with my bare hands and an old piece of pipe I found lying next to the dumpster. But that's not the part that got me. The part that scared me, the part I can't seem to wrap my head around and still has me reeling, was that when she charged me, her body shifted - and then she was a wolf. All snapping teeth and extended claws. But by the time I stood over her lifeless body, she was a girl again. That's about the time I went into shock... And that was the moment he showed up. And even now there are

Where To Download Moon Tortured Sky Brooks Series Book 1

two thoughts that are so clear, they feel branded into my mind: One, Werewolves do exist, and two, I was born to kill them. I vowed to protect my brother and my pack at all cost, but this time the debt for the protection might be my life. A war between my pack and the witches is long in the making. They'd do anything to destroy us. When a close ally is nearly killed by them, Josh goes rogue and retaliates. It's not without deadly consequences. While I'm handling the mayhem that's threatening to destroy my brother and pack, an Alpha from another pack is causing havoc in the only thing in my life that isn't a wreck-my relationship with Sky. But losing Sky to another man becomes the least of my worries when her spirit shade forces her to cast a dark spell over the pack. Now I fear I might have to choose one: Sky's life or my pack? Moon Fated is Ethan's POV of Moon Cursed (Sky Brooks Series: Book 5) with added scenes and storylines. It can be read alone, but reading Moon Cursed first will enhance your reading experience.
