Go Gently

Living and Dying While Black in America

A little boy is excited at the prospect of spending the night at his friend’s house but worries how he’ll get along without his teddy bear.

Children and Drug Safety traces the development, use, and marketing of drugs for children in the twentieth century, a history that sits at the interface of the state, business, health care providers, parents, and children. This book illuminates the historical dimension of a clinical and policy issue with great contemporary significancemany of the drugs administered to children today have never been tested for safety and efficacy in the pediatric population. Each chapter of Children and Drug Safety engages with major turning points in pediatric drug development; themes of children’s risk, rights, protection and the evolving context of childhood; child-rearing; and family life in ways freighted with nuances of race, class, and gender. Cynthia A. Connolly charts the numerous attempts by Congress, the Food and Drug Administration, the American Academy of Pediatrics, and leading pediatric pharmacologists, scientists, clinicians, and parents to address a situation that all found untenable.

Ferdinand likes to sit quietly and smell the flowers, but one day he gets stung by a bee and his snorting and stomping convince everyone that he is the fiercest of bulls.

A New York Times Best Seller! To many, the past 8 years under President Obama were meant to usher in a new post-racial American political era, dissolving the divisions of the past. However, when seventeen-year-old Trayvon Martin was shot by a wannabe cop in Florida; and then Ferguson, Missouri, happened; and then South Carolina hit the headlines; and then Baltimore blew up, it was hard to find any evidence of a new post-racial order. Suddenly the entire country seemed to be awakened to a stark fact: African American men are in danger in America. This has only become clearer as groups like Black Lives Matter continue to draw attention to this reality daily not only online but also in the streets of our nation’s embattled cities. Now one of our country’s quintessential urban war zones is brought powerfully to life by a rising young literary talent, D. Watkins. The author fought his way up on the eastside (the ¡beastside!) of Baltimore, Maryland¡r ¡Bodymore, Murderland,¡r as his friends call it. He writes openly and unapologetically about what it took to survive life on the streets while the casualties piled up around him, including his own brother. Watkins pushed drugs to pay his way through school, staying one step ahead of murderous business rivals and equally predatory lawmen. When black residents of Baltimore finally decided they had had enough¡after the brutal killing of twenty-five-year-old Freddie Gray while in police custody¡Watkins was on the streets as the city erupted. He writes about his bleeding city with the razor-sharp insights of someone who bleeds along with it. Here are true dispatches from the other side of America. In this new paperback edition, the author has also added new material responding to the rising tide of racial resentment and hate embodied by political figures like Donald Trump and Ted Cruz, and the impact this has had on issues of race in America. This book is essential reading for anyone trying to make sense of the chaos of our current political moment.

A Tale of a Peddler, Some Monkeys, and Their Monkey Business

Quiet, sensitive Faith starts middle school already worrying about how she will fit in. To her surprise, Amanda, a popular eighth grader, convinces her to join the school soccer team, the Bloodhounds. Having never played soccer in her life, Faith ends up on the C team, a ragtag group that’s way better at drama than at teamwork. Although they are awful at soccer, Faith and her teammates soon form a bond both on and off the soccer field that challenges their notions of loyalty, identity, friendship, and unity. The Breakaways is a raw, and beautifully honest graphic novel that looks into the lives of a diverse and defiantly independent group of kids learning to make room for themselves in the world.

An offbeat penguin shows his peers the power of individuality in this humorous tale from the author of Pookins Gets Her Way. Tacky is an odd bird. He likes to do splashy cannonballs and greet his companions with a loud "What's happening?" In fact, he's something of an eccentric, which wouldn't be a problem if all the other penguins weren't such...conformists. When intimidating visitors invade their peaceful, nice, icy land, it'll take a lot more than a bunch of perfect penguins to save the day. Thank goodness Tacky's such an odd bird! “This book is must reading for any kid—or grown-up—who refuses to follow the pack.”—Publishers Weekly

A young girl spends a glorious fall day picking apples and searching for the perfect pumpkin in this refreshed classic with audio. "When red and yellow leaves are on the trees," a little girl goes with her parents to a farm where they pick apples and choose "the best pumpkin of them all." Back home, she helps to carve a grinning jack-o'-lantern face on the big orange pumpkin, which guards their doorstep on halloween night while her mother hands out shiny red apples and she and her father go trick-or-treating with the neighborhood ghosts and goblins. Bold, autumn-colored paintings and a simple but lively story capture a little girl’s joy and satisfaction as she shares in the excitement of the fall season.

From beloved children ’s book creator Crockett Johnson comes the timeless classic Harold and the Purple Crayon! This imagination-sparking picture book belongs on every child’s digital bookshelf. One evening Harold decides to go for a walk in the moonlight. Armed only with an oversize purple crayon, young Harold draws himself a landscape full of wonder and excitement. Harold and his trusty crayon travel through woods and across seas and past dragons before returning to bed, safe and sound. Full of funny twists and surprises, this charming story shows just how far your imagination can take you. “ A satisfying artistic triumph. ” —Chris Van Allsburg, author-illustrator of The Polar Express Share this classic as a birthday, baby shower, or graduation gift!

The classic work about meetings and decision-making. Meetings are a crucial part of all our lives, but too often they go nowhere and waste valuable time. In Six Thinking Hats, Edward de Bono shows how meetings can be transformed to produce quick, decisive results every time. The Six Hats method is a devastatingly simple technique based on the brain’s different modes of thinking. The intelligence, experience and information of everyone is harnessed to reach the right conclusions quickly. These principles have been adopted by businesses and governments around the world, ending conflict and confusion in favour of harmony and productivity. The Six Hats strategy will fundamentally change the way you work and interact. 'An inspiring man with brilliant ideas. De Bono never ceases to amaze with his clarity of thought.' Sir Richard Branson

Three soldiers came marching down the road towards a French village. The peasants, seeing them coming, suddenly became very busy, for soldiers are often hungry. So all the food was hidden under mattresses or in barns. There followed a battle of wits, with the soldiers equal to the occasion. Stone soup? Why, of course, they could make a wonderful soup of stones...but, of course, one must add a carrot or two...some meat...so it went. Marcia Brown has made of this old tale a carnival of activity, dancing, and laughter. Children who have once heard the story will turn to this book again and again, retelling the story for themselves. Now in an eBook edition!

NEW YORK TIMES BESTSELLER • A modern American epic set against the panorama of contemporary politics and culture—a hurtling, page-turning mystery that is equal parts The Great Gatsby and The Bonfire of the Vanities NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • PBS • HARPER’S BAZAAR • ESQUIRE • FINANCIAL TIMES • THE TIMES OF INDIA On the day of Barack Obama’s inauguration, an enigmatic billionaire from foreign shores takes up residence in the architectural jewel of “the Gardens,” a cloistered community in New York’s Greenwich Village. The neighborhood is a bubble within a bubble, and the residents are immediately intrigued by the eccentric newcomer and his family. Along with his improbable name, untraceable accent, and unmistakable whiff of danger, Nero Golden has brought along his three adult sons: agoraphobic, alcoholic Petya, a brilliant recluse with a tortured mind; Apu, the flamboyant artist, sexually and spiritually omnivorous, famous on twenty blocks; and D, at twenty-two the baby of the family, harboring an explosive secret even from himself. There is no mother, no wife; at least not until Vasilisa, a sleek Russian expat, snags the septuagenarian Nero, becoming the queen to his king—a queen in want of an heir. Our guide to the Golden’s world is their neighbor René, an ambitious young filmmaker. Researching a movie about the Golden’s, he ingratiates himself into their household. Seduced by their mystique, he is inevitably implicated in their quarrels, their infidelities, and, indeed, their crimes. Meanwhile, like a bad joke, a certain comic-book villain embarks upon a crass presidential run that turns New York upside-down. Set against the strange and exuberant backdrop of current American culture and politics, The Golden House also marks Salman Rushdie’s triumphant and exciting return to realism. The result is a modern epic of love and terrorism, loss and reinvention—a powerful, timely story told with the daring and panache that make Salman Rushdie a force of light in our dark new age. Praise for The Golden House “[A] modern masterpiece . . . telling a story full of wonder and leaving you marveling at how it ever came out of the author’s head.”—Associated Press “Wildly satiric and yet piercingly real . . . If F. Scott Fitzgerald, Homer, Euripides, and Shakespeare collaborated on a contemporary fall-of-an-empire epic set in New York City, the result would be The Golden House.”—Poets & Writers “A tonic addition to American—no, world!—literature . . . a Greek tragedy with Indian roots and New York coordinates.”—San Francisco Chronicle

Caps for Sale is a timeless classic, in print for over fifty years, and beloved by generations of readers. This easy-to-read story about a peddler and a band of mischievous monkeys is filled with warmth, humor, and simplicity. Children will delight in following the peddlers efforts to outfit the monkeys in this new, enlarged, and redesigned edition, and will ask to read it again and again.

Feeling unappreciated by his family, a young boy who likes to build things runs away to a meadow where he constructs a house for himself and houses for other children to suit their hobbies.

The Beast Side

Racism is resilient, duplicitous, and endlessly adaptable, so it is no surprise that America is again in a period of civil rights activism. A significant reason racism endures is because it is structural: it’s embedded in culture and in institutions. One of the places that racism hides-and thus perhaps the best place to oppose it-is books for young people. Was the Cat in the Hat Black? presents five serious critiques of the history and current state of children’s literature tempestuous relationship with both implicit and explicit forms of racism. The book fearlessly examines topics both vivid-such as The Cat in the Hat’s roots in blackface minstrelsy-and more opaque, like how the children’s book industry can perpetuate structural racism via whitewashed covers even while making efforts to increase diversity. Rooted in research yet written with a lively, crackling touch, Nel delves into years of literary criticism and recent sociological data in order to show a better way forward. Though much of what is proposed here could be endlessly argued, the knowledge that what we learn in childhood imparts both subtle and explicit lessons about whose lives matter is not debatable. The text concludes with a short and stark proposal of actions everyone-reader, author, publisher, scholar, citizen- can take to fight the biases and prejudices that infect children’s literature. While Was the Cat in the Hat Black? does not assume it has all the answers to such a deeply systemic problem, its audacity should stimulate discussion and activism.

There’s never been another dog as delightful—or dirty—as Harry. The New York Times bestselling and beloved Caps for Sale series by renowned illustrator Esphyr Slobodkina continues! Following More Caps for Sale, this funny and thoughtful read-aloud is inspired by The Elves and the Shoemaker. Here the monkeys prove to the peddler that while they may be mischievous, they can also be very helpful. Those playful monkeys who wore the peddler’s wares in Caps for Sale just won’t leave him alone. As he walks through the streets selling his caps, the monkeys follow behind him, and as he walks back home at the end of the day, they trail along too. All in step. The peddler is tired of their trouble, but when he asks his friend Essie for advice, she thinks he should give them one more chance before deciding they’re no good. So when the peddler must go out of town to attend to a sick friend, the monkeys have a surprise in store for his return, showing that they might just be more mindful than they appear.

An inspiring and approachable tip-filled guide to changing your habits, living more sustainably, and taking action, by Greenpeace ambassador Bonnie Wright (Ginny Weasley in the Harry Potter movies) Go Gently is a guide for sustainability at home that offers simple, tangible steps toward reducing our environmental impact by looking at what we consume and the waste we create, as well as how to take action for environmental change. The title reflects Bonnie Wright’s belief that the best way to change our planet and ourselves is through a gentle approach, rather than a judgmental one. This is a book of do’s rather than don’ts. It’s also an invitation to Wright’s followers to join her on this journey to sustainability. Going through every room in her home, Wright helps us assess which products are sustainable, and alternatives for those that are not. She shares recipes to avoid waste, homemade self-care products to avoid packaging, small space-friendly gardening ideas, and a template for creating your own compost system. Finally, to sustain yourself, there are exercises and meditation

prompts to keep you energized, plus info on how to get involved in community and organizations.

As topical today as when it was first published in 1938, this book tells of Bartholomew Cubbins (from Caldecott Honor winner Bartholomew and the Oobleck) and his unjust treatment at the hands of King Derwin. Each time Bartholomew attempts to obey the king's order to take off his hat, he finds there is another hat on his head. Soon it is Bartholomew's head that is in danger . . . of being chopped off! While The 500 Hats is one of Dr. Seuss's earliest works, it is nevertheless totally Seussian, addressing subjects that we know the good doctor was passionate about: abuse of power (as in Yertle the Turtle), rivalry (as in The Sneetches), and of course, zany good humor!

Another Tale of Mischievous Monkeys

An instant New York Times Bestseller! "Consider this another vaccine against disaster. Fortunately, this dose won't cause a temporary fever—and it happens to be a rippingly good read." —Wired "This crisply written and well-paced book reads like an all-caps warning for a world shackled to the machines we carry in our pockets and place on our laps . . ." —The Washington Post From two former military officers and award-winning authors, a chillingly authentic geopolitical thriller that imagines a naval clash between the US and China in the South China Sea in 2034—and the path from there to a nightmarish global conflagration. On March 12, 2034, US Navy Commodore Sarah Hunt is on the bridge of her flagship, the guided missile destroyer USS John Paul Jones, conducting a routine freedom of navigation patrol in the South China Sea when her ship detects an unflagged trawler in clear distress, smoke billowing from its bridge. On that same day, US Marine aviator Major Chris "Wedge" Mitchell is flying an F35E Lightning over the Strait of Hormuz, testing a new stealth technology as he flirts with Iranian airspace. By the end of that day, Wedge will be an Iranian prisoner, and Sarah Hunt's destroyer will lie at the bottom of the sea, sunk by the Chinese Navy. Iran and China have clearly coordinated their moves, which involve the use of powerful new forms of cyber weaponry that render US ships and planes defenseless. In a single day, America's faith in its military's strategic pre-eminence is in tatters. A new, terrifying era is at hand. So begins a disturbingly plausible work of speculative fiction, co-authored by an award-winning novelist and decorated Marine veteran and the former commander of NATO, a legendary admiral who has spent much of his career strategically outmaneuvering America's most tenacious adversaries. Written with a powerful blend of geopolitical sophistication and human empathy, 2034 takes us inside the minds of a global cast of characters—Americans, Chinese, Iranians, Russians, Indians—as a series of arrogant miscalculations on all sides leads the world into an intensifying international storm. In the end, China and the United States will have paid a staggering cost, one that forever alters the global balance of power. Everything in 2034 is an imaginative extrapolation from present-day facts on the ground combined with the authors' years working at the highest and most classified levels of national security. Sometimes it takes a brilliant work of fiction to illuminate the most dire of warnings: 2034 is all too close at hand, and this cautionary tale presents the reader a dark yet possible future that we must do all we can to avoid.

A Novel of the Next World War

The astonishing, uplifting story of a real-life Indiana Jones and his humanitarian campaign to use education to combat terrorism in the Taliban's backyard Anyone who despairs of the individual's power to change lives has to read the story of Greg Mortenson, a homeless mountaineer who, following a 1993 climb of Pakistan's treacherous K2, was inspired by a chance encounter with impoverished mountain villagers and promised to build them a school. Over the next decade he built fifty-five schools—especially for girls—that offer a balanced education in one of the most isolated and dangerous regions on earth. As it chronicles Mortenson's quest, which has brought him into conflict with both enraged Islamists and uncomprehending Americans, Three Cups of Tea combines adventure with a celebration of the humanitarian spirit.
