The crafts in this book coordinate with each lesson in the Noah's Ark Leader's Guide. Each craft activity is designed to help reinforce the Bible story the children have heard and participated in during the lesson. The craft is also designed to help the children and their parents extend the learning even further by linking it to activities they can do at home during the following week. Each craft activity in the book has a list of supplies which should be obtained prior to the session.

all that remain of the human race, brought to near extinction by an artificial intelligence. Programmed to wage war on behalf of their creators, the AI became self-aware and turned against humanity. The five survivors are prisoners, kept alive and subjected to torture by the hateful and sadistic machine in an endless cycle of violence. This story and six more groundbreaking and inventive tales from the depths of mortal experience prove why Grand Master of Science Fiction Harlan Ellison has earned the many accolades to which he remains one of the most original voices in American literature. I Have No Mouth and I Must Scream also includes "Big Sam Was My Friend," "Eyes of Dust," "World of the Myth," "Lonelyache," Hugo Award finalist "Delusion for a Dragon Slayer," and Hugo and Nebula Award finalist "Pretty Maggie Moneyeyes."

Far from a monolithic block of diehard slave states, the South in the eight decades before the Civil War was, in William Freehling's words, "a world so lushly various as to be a storyteller's dream." It was a world where Deep South cotton planters clashed with Southern tobacco growers, where the egalitarian spirit sweeping the North seeped down through border states already uncertain about slavery, where sections of the same state (for instance, coastal and mountain Virginia) divided bitterly on key issues. It was the world of Jefferson, John C. Calhoun, Andrew Jackson, and Thomas Jefferson, and also of Gullah Jack, Nat Turner, and Frederick Douglass. Now, in this new volume of his long awaited, monumental study of the South's road to disunion, historian William Freehling offers a sweeping and detailed social history of the antebellum South from 1776 to 1854. All the dramatic events leading to secession are here: the Missouri Compromise, the Nullification Controversy, the Gag Rule ("the Pearl Harbor of the slavery controversy"), the Annexation of Texas, the Compromise of 1850, and the Kansas-Nebraska Act. Freehling vividly recounts each crisis, illuminating complex issues and sketching colorful portraits of the major figures. Along the way, he reveals the surprising extent to which slavery influenced national politics before 1850, and offers important reinterpretations of American republicanism, Jeffersonian states' rights, Jacksonian democracy, and the causes of the Civil War. But for all Freehling's brilliant insight into American antebellum politics, *Secessionists at Bay* is at bottom the saga of the social tapestry of the pre-war South. He takes us to old Charleston, Natchez, and Nashville, to the big house of a typical planter, to feel anew the tensions between the slaveowner and his family, the poor whites and the planters, the established South and the new South, and especially between the slave and his master, "Cuffee" and "Massa." Freehling brings the Old South back to life in all its complexity and diversity. It is a memorable portrait, certain to be a key analysis of this crucial era in American history.

"If!" And if I look long enough into the black glass, there's another living room reflected there, as much alive as this one. A black doorway that leads to a black hole, a black screen like the black Dead Sea, where nothing grows. And all seems dead here, but for the Beast, who lives, eats, and sleeps with me.
