narrative form,
it tells the
living history
of the company,
beginning with
the founder
after he was
dramatically
fired by
National Cash

Company. Henry
Theobald then

company to
compete with
his old boss,

the story of
the inventors,

breakthroughs,
beginning in
the first year
of the 20th
century up to
current times.
Included is the
story of the
innovative

techniques
developed by

Theobald that led to tight-fisted merchants being willing to spend four and five times as much for a Toledo "No Springs—Honest Weight" scale than for the scale it

replaced. This led to Toledo becoming the best known scale brand in the nation. It includes the story of how a plastic came to be developed for Toledo Scale under the leadership of

Download Free Mtd Canada Manuals

the company's second president Hubert Bennett that led him to establish a separate, wholly owned company. This company, Plaskon, became the largest plastic company

Download Free Mtd Canada Manuals

in the United States for a brief time. It tells of Toledo Scale's World War II contributions in which the company played a top-secret part in the production of the Norden

bombsight and the atomic bomb. The story includes quotations from both retired company executives and current employees. It includes information obtained from

Download Free Mtd Canada Manuals

an unpublished
factual
manuscript
covering the
company's first
50 years, other
company
archives and
the Toledo
Blade. A dozen
historical
photos are
displayed,

Download Free Mtd Canada Manuals

which include the first DeVilbiss computing scale, a Toledo Cash Register, and a Phinney scale which was the first patented computing scale. A few Phinney scales

Download Free Mtd Canada Manuals

were

manufactured in
1870. Since
Toledo Scale
couldn't locate
one to prove
they were
actually
manufactured,
they lost a
huge lawsuit to

that almost

broke the company. Also shown is a photo of Norman Bel Geddes' 1929-30 radical designs of a new factory and plant campus for Toledo Scale, never built due to the depression.

Download Free Mtd Canada Manuals

The story includes the transition to electronic scales begun by the company's third president Harris McIntosh. This transition was completed in the final quarter of the

century. And finally, the human story that resulted from the evolution of several different ownership's is told, until just a few years ago, Toledo Scale
