The very best of Italian cooking with Michela, Romina and Emanuela in *Simply Italian*.

'Wales and Italy, family and food: for us, these four things are inextricably linked and at the root of our upbringing. Whether at the family home in Wales or when we spend holidays in the small hilltop village we are from in northern Italy, we have always heard Dad say that 'la tavola' (the table) is the central focus of our lives. It's where we cook, eat and socialise as a family.' Michela, Emanuela and Romina Chiappa grew up in Wales in the heart of a close-knit Italian community where food was always at the centre of family and social gatherings. Whether searching for porcini in the hills near their parents' home, or making pasta for Christmas Eve with the whole family, to sharing food at the annual Welsh-Italian summer picnic, the three sisters have been immersed in the Italian way of cooking all their lives. In their first cookbook they share their cherished family recipes, including all the pasta dishes recently seen in their Channel 4 series *Simply Italian*. From snacks, soups and salads, to mains, side dishes and desserts, *Simply Italian* brings you good, simple, fresh Italian food. Michela works as an agent in a sports management company, as well running a coffee and pizza café in Cardiff with her husband. Of the sisters, she's the risotto expert and also loves to make pasta sauces. Romina works for a luxury fashion brand in London, and loves to bake for friends and family. Emanuela runs an online business selling bespoke homemade gifts for children, and works as a nanny. She loves to cook time-consuming meals and entertain large groups. Discover how to make homemade ice cream and other desserts! In every country you'll find people eating ice cream on street corners, in markets, and in fancy restaurants. But the number of people who make it at home is much smaller. The reason? Making this sweet treat yourself is kind of a pain. Ice cream machines can be expensive, bulky and hard to store, or cheap and inefficient. But what if you could make your own ice cream at home without all of the fuss, for a fraction of the cost of buying it, and without any special equipment? *No-Churn Ice Cream* is a mouthwatering collection of shortcuts and classic culinary techniques that help you achieve delicious, artisanal results. All you need to

The Two Dollar Radio Guide to Vegan Cooking is a distinctively imaginative spin on a cookbook that could only come from the minds at Two Dollar Radio, combining equal-parts vegan cheffing prowess, humorous stories of adventure and mystery, and punk rock. Imagine Parts Unknown with Anthony Bourdain. But focused on hyping vegan food. Crossed with Scooby Doo. A vegan diet is trending and Two Dollar Radio Headquarters in Columbus, Ohio, has become a vegan comfort food mecca thanks to celebrity chefs Jean-Claude van Randy and Speed Dog (with constructive criticism from Eric Obenauf). Join them in this guide as they craft delectable recipes, solve mysteries, and slay Vegan Hunger Demons. If you've searched online for a recipe, you've likely encountered a digressive treatise on family history or mundane childhood reflection, none of which actually has anything to do with how to make enchilada sauce. After extensive scrolling, you've really only uncovered that self-taught chef/blogger Linda needs to talk to a professional counselor about her relationship with her mother. In the Two Dollar Radio Guide to Vegan Cooking, executive vegan chefs Jean-Claude van Randy and Speed Dog (with constructive criticism from Eric Obenauf) unearth a fount of vegan cheffing knowledge. In addition to exquisite recipes and vegan life hacks, they, too, view food as a story: nary a meal is prepared without recalling when Speed Dog summited Old Goat Mountain in Banff, armed with nothing more than a sack full of cherry Ring Pops and a wily pack burro. The Two Dollar Radio Guide to Vegan Cooking is for you if: \* You're looking for satisfying comfort food; \* You're interested in a vegan diet but are having trouble giving up cheese; \* You're (vegan) fishing for accessible recipes that don't require hard-to-find ingredients you can't pronounce; \* You crave ADVENTURE. This is the first ever softcover edition of "The English & Australian Cookery Book". White Australians have generally regarded the consumption of native flora and fauna with hesitation. From the outset of European colonisation of Australia, emphasis has been placed upon the cultivation the exotic grains like wheat, and the farming of animals such as sheep and cattle, in order to establish a familiar and long-term food supply. However, by necessity and sometimes choice, native produce comprised an important part of the diet for many colonists throughout the 19th century. While plants were rarely exploited as a food source, plentiful kangaroos and water fowl were an obvious source of protein for those isolated on properties in the country. Fish were a major part of the diet for coastal settlements. Possibly as a result of this ambivalence, there was little attempt to codify a specific Australian cuisine until Edward Abbott's, 'The English and Australian Cookery Book', was published in 1864. Describing himself as an 'Aristologist' or an expert in fine dining, Abbott collected recipes that often combined native and exotic ingredients. The result was dishes such kangaroo stuffed with a mixture of beef suet, bread crumbs, parsley, shallots, marjoram, thyme, nutmeg, pepper, salt, cayenne and egg. He also championed locally produced wines and discussed related matters such as servants and smoking etiquette. A "cornstalk", Abbott was born in New South Wales in 1801. He was the son of an army

major and therefore part of the colonial gentry. The family moved to Hobart in 1815. Abbott settled into the local society, establishing the 'Hobart Town Advertiser' in 1839 and was elected to parliament in 1856. It was in Tasmania that he developed his enthusiasm for local ingredients. "The English and Australian Cookery Book" is widely regarded as the first Australian cookbook. It was originally published by Sampson Low, Son and Marston of London and had a green cloth and red leather binding with a gilt title device depicting a globe and the four seasons. This original colour scheme and artwork has been reproduced for the cover of this paperback edition. Unlike original antique copies or the expensive boxed 2014 facsimile edition, this new paperback edition of "The English and Australian Cookery Book" is meant to be read and used in the kitchen (or by the cooking fire) as a cookbook should be. It will wear the stains and smudges from those little kitchen accidents as a badge of honour. This edition is truly a book "for the many". The interior of this new edition from Ropesend Creek Press is a perfect replica of the original. Page numbering, illustrations, layout, table of contents, index and any footnotes are exactly as they appeared when the original book was published. With this new edition, the book is ready for a new lease of life through a modern readership. Features one hundred recipes for mini cakes that can be made in minutes using a coffee mug and a microwave, and includes versions that meet special gluten-free, sugar-free, and vegan dietary needs.

A collection of 65 gorgeously gooey and sumptuously sweet brownies, blondies and traybakes, from much-loved vintage classics to modern creations. Chocolate brownies are happiness squared. The quest for the elusive BEST EVER brownie is one that never ends, it can be sprung upon you at any moment - whether eaten in the corner of a cosy café or to accompany your afternoon cup of tea at home, a truly fabulous brownie is something you will find yourself lusting after for years to come. Likewise, blondies, the trendy younger sister of the brownie and the extended family of traybakes, are just as well-loved, and this genre of straightforward baking ensures goodies to suit every occasion and every day of the week. All you really need is a mixing bowl, a rectangular pan and a hot oven to create amazing cakes that will endear you to friends and family.
