Mustafa and Arwa Go on a Prayer Adventure! Createspace Independent Publishing Platform Arab women's writing in the modern age began with 'A'isha al-Taymuriya, Warda al-Yaziji, Zaynab Fawwaz, and other nineteenth-century pioneers in Egypt and the Levant. This unique study-first published in Arabic in 2004-looks at the work of those pioneers and then traces the development of Arab women's literature through the end of the twentieth century, and also includes a meticulously researched, comprehensive bibliography of writing by Arab women. In the first section, in nine essays that cover the Arab Middle East from Morocco to Iraq and Syria to Yemen, critics and writers from the Arab world examine the origin and evolution of women's writing in each country in the region, addressing fiction, poetry, drama, and autobiographical writing. The second part of the volume contains bibliographical entries for over 1,200 Arab women writers from the last third of the nineteenth century through 1999. Each entry contains a short biography and a bibliography of each author's published works. This section also includes Arab women's writing in French and English, as well as a bibliography of works translated into English. With its broad scope and extensive research, this book is an indispensable resource for anyone interested in Arabic literature, women's studies, or comparative literature. Contributors: Emad Abu Ghazi, Radwa Ashour, Mohammed Berrada, Ferial J. Ghazoul, Subhi Hadidi, Haydar Ibrahim, Yumna al-'Id, Su'ad al-Mani', Iman al-Qadi, Amina Rachid, Huda al-Sadda, Hatim al-Sakr.

In this book, Elan Journo explains the essential nature of the conflict, and what has fueled it for so long. What justice demands, he shows, is that we evaluate both adversaries—and America's approach to the conflict—according to a universal moral ideal: individual liberty. From that secular moral framework, the book analyzes the conflict, examines major Palestinian grievances and Israel's character as a nation, and explains what's at stake for everyone who values human life, freedom, and progress. What Justice Demands shows us why America should be strongly supportive of freedom and freedom-seekers—but, in this conflict and across the Middle East, it hasn't been, much to our detriment.

Reclaim Your Heart

I Love My Mama's Hijab

***Booker Prize Finalist Here is an extraordinary cross-cultural love story that unfurls across Egypt, England, and the United States over the course of a century. Isabel Parkman, a divorced American journalist, has fallen in love with a gifted and difficult Egyptian-American conductor. Shadowing her romance is the courtship of her great-grandparents Anna and Sharif nearly one hundred years before. In 1900 the recently widows Anna Winterbourne left England for Egypt, an outpost of the Empire roiling with political sentiment. She soon found herself enraptured by the real Egypt and in love with Sharif Pasha al-Baroudi, an Egyptian nationalist. When Isabel, in an attempt to discover the truth behind her heritage, reenacts Anna's excursion to Egypt, the story of her great-grandparents unravels before her, revealing startling parallels for her own life. Combining the romance and intricate narrative of a nineteenth-century novel with a very modern sense of culture and politics—both sexual and international—Ahdaf Soueif has created a thoroughly seductive and mesmerizing tale. This text is a translation of Tashihu 'l-I'tiqad of Abu 'Abdillah, Muhammad ibn Muhammad ibn Nu'man, Known as ash-Shaykh al-Mufid (336/948 or 338/950 – 413/1022)***

*Of the five senses, smell is the most direct and food aromas are the key drivers of our flavor experience. They are crucial for the synergy of food and drinks. Up to 80% of what we call taste is actually aroma. Food Aroma Evolution: During Food Processing, Cooking, and Aging focuses on the description of the aroma evolution in several food matrices. Not only cooking, but also processing (such as fermentation) and aging are responsible for food aroma evolution. A comprehensive evaluation of foods requires that analytical techniques keep pace with the available technology. As a result, a major objective in the chemistry of food aroma is concerned with the application and continual development of analytical methods. This particularly important aspect is discussed in depth in a dedicated section of the book. Features Covers aromatic evolution of food as it is affected by treatment Focuses on food processing, cooking, and aging Describes both classic and new analytical techniques Explains how the flavor perception results are influenced by other food constituents The book comprises a good mix of referenced research with practical applications, also reporting case studies of these various applications of novel technologies. This text represents a comprehensive reference book for students, educators, researchers, food processors, and food industry personnel providing an up-to-date insight. The range of techniques and materials covered provides engineers and scientists working in the food industry with a valuable resource for their work. In this poignant novel, a man guilty of a minor offense finds purpose unexpectedly by way of his punishment—reading to other inmates after a car accident—or “the misfortune,” as his cancer-ridden father’s caretaker, Celeste, calls it—Eduardo is sentenced to a year of community service reading to the elderly and disabled. Stripped of his driver’s license and feeling impotent as he nears thirty-five, he leads a dull life, chatting occasionally with the waitresses of a local restaurant or walking the streets of Cuernavaca. Once a quiet town known for its gardens and swimming pools, the “City of Eternal Spring” is now plagued by robberies, kidnappings, and the other myriad forms of violence bred by drug trafficking. At first, Eduardo seems unable to connect. He movingly reads the words of Dostoyevsky, Hemingway, Daphne du Maurier, and more, but doesn’t truly understand them. His eccentric listeners—including two brothers, one mute, one with a prosthetic lip while the other acts as ventriloquist; deaf parents raising children they don’t know are hearing; and a beautiful, wheelchair-bound woman—

Through these fascinating characters, like the practical, quick-witted Celeste, who in poetry even though she never learned to read, Fabio Morábito shows how art can help us rediscover meaning in a corrupt, u

**The overriding theme of this work is that women s struggles, human rights, myths, and literary expression are indispensable to an understanding of the modern culture and socio-political development of the Middle East region. The work demonstrates that no aspect of Middle Eastern history and modern evolution was shaped in isolation of women s lives and contributions to society. The dictionary covers the biographies and written work of prominent historical female figures in the Middle East and North Africa, as well as 20th-century feminists, both male and female, who advanced women s rights over many years. The Historical Dictionary of Women in the Middle East and North Africa includes a chronology, an introductory essay, an extensive bibliography, and a dictionary section that has over 400 cross-referenced entries on various aspects of Middle Eastern feminism and culture, touching upon religious themes such as Sharia laws, Islamic marriage, divorce, and inheritance practices. This book is an excellent access point for students, researchers, and anyone wanting to know more about the culture and history of women in the Middle East and North Africa."**

Bread and flour-based foods are an important part of the diet for millions of people worldwide. Their complex nature provides energy, protein, minerals and many other macro- and micronutrients. However, consideration must be taken of three major aspects related to flour and bread. The first is that not all cultures consume bread made from wheat flour. There are literally dozens of flour types, each with their distinctive heritage, cultural roles and nutritive contents. Second, not all flours are used to make leavened bread in the traditional (i.e., Western) loaf form. There are many different ways that flours are used in the production of staple foods. Third, flour and breads provide a suitable means for fortification: either to add components that are removed in the milling and purification process or to add components that will increase palatability or promote health and reduce disease per se. Flour and Breads and their Fortification in Health and Disease Prevention provides a single-volume reference to the healthful benefits of a variety of flours and flour products, and guides the reader in identifying options and opportunities for improving health through flour and fortified flour products. Examines those flour and bread related agents that affect metabolism and other health-related conditions Explores the impact of compositional differences between flours, including differences based on country of origin and processing technique Includes methods for analysis of flours and bread-related compounds in other foods

The Islamic Ritualized Prayer is one of the most important pillars of Islam and will be the first thing we'll be questioned about on the Day of Judgement. It is our duty as parents to teach our little ones about our gift of Salah in which we connect with our Creator five times a day. We must start teaching our children as early as seven years old as we were instructed by our Prophet, peace be upon him, by creating a positive atmosphere that encourages them to pray and forming a habit. *Little Zaid's Journey to Salah* takes us on Zaid's journey to how he was introduced to the Islamic Ritualized Prayer. Zaid shares the story of his first trip to his local Mosque with his dad and shares the story of how he went from praying once a day to five times a day. Zaid also teaches us the purpose of Salah, why we pray, and how to perform wudu (ablution) and perform the prayer. What better way to teach your child than learning it from a beautiful little story narrated by their peer with beautiful colorful illustrations that they'll love. The story of *Zaid's Journey to Salah* is guaranteed to teach, inspire, and encourage your child to love and look forward to praying and connecting with his Creator.

This book provides an overview of the origins, repercussions and projected future of the ongoing Gulf crisis, as well as an analysis of the major issues and debates relating to it. The Gulf region witnessed an extraordinary rift when, on 5 June 2017, Saudi Arabia, the United Arab Emirates and Bahrain cut all diplomatic ties and imposed a siege on the State of Qatar following the hacking of the Qatar News Agency website. This book approaches the Gulf crisis from an interdisciplinary perspective by bringing together a group of top scholars from a wide range of disciplines and areas of expertise to engage in a nuanced debate on the current crisis. With the pressing role of media in general and social media in particular, new political realities have been created in the region. The book addresses the role that cyber and information security play on politics, as well as the shift of alliances in the region as a result of the crisis. It scrutinizes the role of media and information technology in creating political cultures as well as conflicts. The book also explores the long-term economic implications of the siege imposed on Qatar and identifies how the country's economy is adjusting to the impact of the siege. Thus, the book considers the extent of social and economic changes that the crisis has brought to the region. This book invites in-depth understanding of the regional crisis and its implications on nation building and the reconfiguration of political and economic alliances across the region. It will appeal to a broad interdisciplinary readership in the area of Gulf studies.

For anyone who loved Susan Cain's *Quiet*, comes this practical manifesto sharing the joys of introversion... This clear and pithy book challenges introverts to take ownership of their personalities...with quiet strength. Sophia Dembling asserts that the introvert's lifestyle is not "wrong" or lacking, as society or extroverts would have us believe. Through a combination of personal insights and psychology, *The Introvert's Way* helps and encourages introverts to embrace their nature, to respect traits they may have been ashamed of and reframe them as assets. You're not shy; rather, you appreciate the joys of quiet. You're not antisocial; instead, you enjoy recharging through time alone. You're not unfriendly, but you do find more meaning in one-on-one connections than large gatherings. By honoring what makes them unique, this astute and inspiring book challenges introverts to "own" their introversion, igniting a quiet revolution that will change how they see themselves and how they engage with the world.

This hilarious, colorful portrait of a sex worker navigating life in modern Morocco introduces a promising new literary voice. Thirty-four-year-old prostitute Jmiaa reflects on the bustling world around her with a brutal honesty, but also a quick wit that cuts through the drudgery. Like many of the women in her working-class Casablanca neighborhood, she struggles to earn enough money to support herself and her family—often including the deadbeat husband who works on her and their young daughter. While she doesn't despair about her profession like her roommate, Halima, who reads the Quran between clients, she still has to maintain a delicate balance between her reality and the "respectable" cover she paints for her own more conservative mother. This daily grind is interrupted by the arrival of an aspiring young director, Chadlia, whom Jmiaa takes to calling "Horse Mouth." Chadlia enlists Jmiaa's help on a film project, initially just to n

sure the plot and dialogue are authentic. But when she's unable to find an actress who's right for the starring role, she turns again to Jmiaa, giving the latter an incredible opportunity for a better life. In her breakout debut novel, Meryem Alaoui creates a vibrant picture of the day-to-day challenges faced by working people in Casablanca, which they meet head-on with resourcefulness and resilience.

Women, Business and the Law 2021 is the seventh in a series of annual studies measuring the laws and regulations that affect women's economic opportunity in 190 economies. The project presents eight indicators structured around women's interactions with the law as they move through their lives and careers: Mobility, Workplace, Pay, Marriage, Parenthood, Entrepreneurship, Assets, and Pension. This year's report updates all indicators as of October 1, 2020 and builds evidence of the links between legal gender equality and women's economic inclusion. By examining the economic decisions women make throughout their working lives, as well as the pace of reform over the past 50 years, Women, Business and the Law 2021 makes an important contribution to research and policy discussions about the state of women's economic empowerment. Prepared during a global pandemic that threatens progress toward gender equality, this edition also includes important findings on government responses to COVID-19 and pilot research related to childcare and women's access to justice.
