**Ask any mother and she will tell you there are just not enough hours in the day. By the time she has fed, clothed, and bathed the children, read Curious George for the 100th time, cut the crusts off the PB&J sandwiches, and removed the ground-in dirt from the play clothes, she does not have time to create a detailed scrapbook of each of her children's lives. It's no wonder that so many elaborate baby books remain incomplete, their pristine pages adding to the guilt and inadequacy that many moms already feel. That is why The Mommy Journal is so perfect for today's moms. It offers a quick and guilt-free way to record the special moments of childhood. Space for each entry is only about three inches long and undated, so there is no pressure to write lengthy narratives or to journal every day. In less than five minutes, mothers can quickly jot down the moments they want to remember forever. Plus, unlike traditional baby books, The Mommy Journal lets mothers record memories of all their children in one place. Charming illustrations of toys, hearts, and animals grace each page. Every few pages contain a bit of parenting wisdom such as, "The best thing you can give children next to good habits are good memories." Instructions for fun activities moms can do with their children, such as make edible finger paint from instant pudding, are included as well. The Mommy Journal will become a treasured keepsake, both for the mom who creates it and for the child who receives this precious record of childhood.**
