Is your child learning a second language? Is your child going to a dual immersion or bilingual school? Does your child need to improve their number recognition in Spanish? Do you want your child to get ahead of the learning curve in Spanish? This is the book for your child. Most children know how to count to 100 in Spanish but they do not know the name of the individual numbers. As an educator, I notice students not knowing certain numbers in Spanish and they need to use their English number recognition to translate. It happens more often when they get past 50. That will all change with this book. It has the name of the numbers in English and Spanish from 0-100. Your child will benefit the following skills from this book: Fine motor skills Number recognition in English/Spanish Reading skills Improving Spanish language Handwriting numbers Name recognition in English/Spanish Thank you for your support!

Pictures of everyday objects are accompanied by French words and English translations. Suggested level: junior, primary.

"Guaranteed to enrich a toddler's vocabulary, this simple and fun series of bilingual board books is ideal for helping children discover a foreign language. Highlighting the two basic concepts of colors and numbers, this collection combines photographs and colorful illustrations. All images include the words in both English and the second language in clear, bold text. Suitable for toddlers on their own or in groups, these books are a child's perfect introduction to exploring new languages."--

Part of Milet's new line of bilingual board books, the series focusing on numbers features a two-page spread on each featured number, with a large image on the right and four smaller images on the left of objects in quantities of the number. The images are photographs embellished with illustration, so they are fresh and creative but still simple and clear. Below each image is the word for the object in English and the second language in large, bold text. Children can explore the concept of numbers and practice counting while they learn the words for objects around them in two languages.

Vibrant illustrations and clear text help children discover two languages by learning words for different indoor locations, including a museum, an art gallery, a school, a library, and a mall.
