

## My First Crochet Book Learn To Crochet Kids

Are you charmed by the beauty of the colored yarn but you do not know where to start from? If you are not afraid to become the next "biggest nana on the block" like me and Katy Perry and you want to impress your friends with your beautiful works, then you are in the right place! This complete course will guide you step by step in learning the beautiful art of crochet! I am Sarah, I'm a mother and a worker and for about 8 years I have been teaching adults and children how to make beautiful crochet projects in no time and without difficulty. Usually people think crochet is just an old and boring embroidery activity. I was one of these people too, but after my grandmother passed away, I found her notes and designs and decided one day to give it a go: from boring and difficult, crocheting became simple and relaxing. Crochet has many unexpected benefits: can help you relax, slow down the rhythms, calm an overly energetic character, keep your hands busy and distract you from food, socialize and make money. Did you never thought about it? Crochet for beginners is a collection of 2 books for ABSOLUTE BEGINNERS with practical instructions and illustrated examples. My method follows 11 simple steps and the repetition of simple basic points. You don't need anything else to learn and quickly create your first jobs in no time! So what are you waiting for! It's time to begin your soft and colorful adventure and bright up your life !

Are you looking for a complete guide to help you get started, step by step, with clear instructions and lots of supporting images?Are you left-handed and you don't know how to start?No problem, keep reading! Crocheting is a brilliant way to create unique, homemade gifts, with a personal touch, or even cute little additions to spice up your own home or wardrobe. There isn't a better feeling than creating something for yourself, and seeing others admire it. Crocheting allows you to express your creativity. You will have wide options for color choices and designs, and the way you will use them will express your ideas and thoughts. Crochet has become popular among many young people thanks to many new ideas and fun projects. This guide is designed for those who want to start the art of crochet from scratch, learning the basic concepts, terminology, practicing with easy patterns helped by more than 70 photos and illustrations, and a larger format to help you better. Inside you will find a lot of information, such as: Description of Tools And Materials How to Understand Crochet And Patterns How To Start Patterns And Projects to practice Mistakes And Solutions Left Handed And Right Handed Crochet And Much More! I know you must think crochet is hard and not for everyone, but I can assure you it's not like that. Day after day you'll see that you're getting better and it'll be more fun. Learning a new activity may seem difficult. Usually we're looking for a mentor, a course, a video to explain it, to help you. In our case it is a good written guide for beginners, which helps you to understand step by step. This book is written to give you the basics and introduce you to the fantastic world of crochet. Give your work, your gifts, the soul of a handmade creation! Click "Buy Now" and enjoy!

How to Learn in a Fun & Inexpensive Way with Easy Patterns & Pictures. Create Your Dream Projects in a Few Days. Relax & Find Your Inner Peace During the Creative Process

Would you like to realize your dream projects in just 3 days, in a simple and fun way? Would you like to decorate your home with wonderful items made with your own hands? If yes, keep reading. I want to confess something to you. Many years ago I started learning the basics of Crochet, Knitting and Macramé. I practiced for days and days and couldn't wait to complete my first project. However, I continued to make many mistakes. Have you ever tried and tried to do something and always get bad results? Well, this was exactly my situation and I can't hide that it was very frustrating. Despite everything I never gave up, and today things have changed radically! My name is Nancy Harris and for over ten years I have been organizing workshops around the world to share my knowledge with people. It is very important that you pay attention to what I am going to tell you. I absolutely don't want the difficulties you will find to frustrate you! Precisely for this reason I have created this book where I will teach you the right techniques that will allow you to realize your first project in the easiest, fastest and fun way possible! Knowing how to crochet and knit has many advantages. Do you want to know which ones? Well, you will be able to turn your ideas into something tangible and functional such as scarves, hats and sweaters. Imagine the expression of joy on the face of your loved ones when they receive a gift made with your own hands. Surely, your gift will be truly original, unique and inimitable! Moreover, by learning macramé, you will be able to decorate your home with the style you love the most, creating real works of art that will make your home truly unique! But that's not all, did you know that these hobbies also have a therapeutic effect? Everyone who practices them says they calm their anxiety and stress. In fact, the repetitive movement of your hands allows you mind to relax and stop focusing on issues that are making you anxious. You can go into another world where only you and your creations exist! So, are you curious to know what you will learn? The 7 health benefits and how this hobby can actually help you reduce stress and relieve anxiety: Crochet and knitting for left-handers the best materials, the correct thickness and the exact quantity you will need How to find the best deals on supplies (+ a list of websites) basic and advanced techniques How to read a pattern like a pro 110 easy and fun projects and patterns, with images and step by step instructions... It will be impossible for you to leave them halfway done! How to make amigurumi How plant hangers can help you save space at home (+ 5 different types with step by step instructions and images) How to maintain the right tension in your projects, and avoid tangles. The differences between UK and U.S. terms: A glossary containing abbreviations and their meanings How to start your Macramé business: 3 strategies to calculate the exact selling price for your items and where to sell them (online and offline) The simple language of this book and step-by-step instructions with pictures will allow you to realize your first project in just 3 days even if you know absolutely nothing about crochet, knitting or macramé. Finally, the book provides a list of websites where you can find the best deals, so you can buy everything you need even if you have a low budget! Have you decided to learn how to crochet and don't know where to start? Crochet is an ancient art that embodies an incredible tradition of knowledge and craftsmanship. I remember that my grandmother was sitting on the sofa and, while watching television in a completely natural and automatic way, she managed almost by magic, from a "thread" and a "underwire", to create wonderful masterpieces, which she usually then gave as a gift. Crochet is beautiful but mistakes are easy to make, and you need to know how to avoid them. This guide, I have listed 5 of the most common crochet mistakes I have made, which others are making and many others will make. I hope they are useful to make you understand if you do it too. Correcting mistakes isn't difficult, just get started. You will learn the basic crochet stitches thanks to simple instructions and clear images, and you will start the first creations that with a little exercise and patience, you will be able to make with your own hands. This guide will be a timeless classic, a timeless classic. To learn you must have the desire and enthusiasm, the certainty that once trained to hold that thread and that hook, our hands will be able to give birth to many things: nice or not at the beginning it doesn't matter. Exercise is the key to everything. In summary, even if you are a beginner but want to start, you need only my first crochet hook, a thread and this book. Do you try or not? If you are a beginner, a crochet pattern can certainly look like a foreign language. The first step in learning how to crochet is to learn the basics of crochet. When mastering a very basic crochet needle, there are a few easy-to-learn crochet needles like basketball points, popcorn points, and checkerboard prints! Here, in this book, you will get an insight into all of the things you need to know about the hobby of crochet. The book gives detailed explanations and instructions, as well as images of all the steps you need to become a successful crocheter. So, no matter if you are just a beginner or have some experience in crochet, you will learn some new things from this book, and you will improve your crochet skills once you go through this book and practice it the presented steps. You will first learn how to do the most basic stitches, and then you will move forward to the more complex, but still doable stitches. The basic stitches are basic because they are the most commonly used ones, and using only those stitches can lead to easy resulting products. However, there are times when the patterns require some other kinds of stitches. Also, you will find some tips and tricks that you would probably learn over the course of years of crocheting, but it is way better when someone tells you their mistakes in advance so that you don't make them. I hope that you will find crochet very satisfying because of all the relaxation and the outcome it gives. Also, I hope that once you learn and acquire the skills, you will use them throughout your life because skills don't disappear, with years, you feel the urge to learn more things like these because they help you cope with so many things in your life that the experience itself is priceless. This book covers the following topics: ?Background of crocheting ?How to read stitch patterns? ?Crochet tools and materials ?Understanding the crochet hook ?Types of crochet ?Tips to get started ?How to work crochet for right-handed people ?How to work crochet for left-handed people ?Basic crochet stitches ?More basic crochet stitches

expert crochet stitches ?Ten most common mistakes in crochet ?. And much more Create your own history with crochet and pass it on to your family and other loved ones. I well remember sitting at my grandmother's knee while she taught my brother and me how to crochet, taking the time to correct us when mistakes were made and applaud us for our successes. Too little time is taken today to hand down traditions to families, so perhaps this is one you can start. Take the time and make it something special. Crochet is a true form of hand needle-art that has been used for generations. Why let it end in our generation? What a shame it would be that our future could exist without the loveliness of crochet. Be creative. Pass it on. Become part of living history. Be a part of your family's history, and leave them those heirlooms and legacies they deserve. I wish you all happy crocheting!
