NOW A MAJOR MOTION PICTURE The #1 New York Times bestselling worldwide sensation with more than 12 million copies sold, “a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature” (The New York Times Book Review). For years, rumors of the “Marsh Girl” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. *Where the Crawdads Sing* is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Delia Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

Taking refuge in fairy tales after the loss of his mother, twelve-year-old David finds himself violently propelled into an imaginary land in which the boundaries of fantasy and reality are disturbingly melded. By the author of *The Black Angel*. 75,000 first printing.

An amoral young tramp. A beautiful, sullen woman with an inconvenient husband. A problem that has only one grisly solution--a solution that only creates other problems that no one can ever solve. First published in 1934 and banned in Boston for its explosive mixture of violence and eroticism, *The Postman Always Rings Twice* is a classic of the roman noir. It established James M. Cain as a major novelist with an unsparing vision of America's bleak underside, and was acknowledged by Albert Camus as the model for *The Stranger*.

The haunting true story of the elusive serial rapist turned murderer who terrorized California during the 70s and 80s, and of the gifted journalist who died tragically while investigating the case—which was solved in April 2018. Introduction by Gillian Flynn • Afterword by Patton Oswalt “A brilliant genre-buster.... Propulsive, can’t-stop-now reading.” —Stephen King For more than ten years, a mysterious and violent predator committed fifty sexual assaults in Northern California before moving south, where he perpetrated ten sadistic murders. Then he disappeared, eluding capture by multiple police forces and some of the best detectives in the area. Three decades later, Michelle McNamara, a true crime journalist who created the popular website *TrueCrimeDiary.com*, was determined to find the violent psychopath she

called "the Golden State Killer." Michelle pored over police reports, interviewed victims, and embedded herself in the online communities that were as obsessed with the case as she was. *I'll Be Gone in the Dark*—the masterpiece McNamara was writing at the time of her sudden death—offers an atmospheric snapshot of a moment in American history and a chilling account of a criminal mastermind and the wreckage he left behind. It is also a portrait of a woman's obsession and her unflagging pursuit of the truth. Utterly original and compelling, it has been hailed as a modern true crime classic—one which fulfilled Michelle's dream: helping unmask the Golden State Killer.

Master storyteller Stephen King presents the classic "wondrously frightening" (Publishers Weekly) #1 New York Times bestseller about a writer's horrific and haunting pseudonym. "I'm back...I'm back from the dead and you don't seem glad to see me at all, you ungrateful son of a bitch." After thirteen years of international bestseller stardom with his works of violent crime fiction, author George Stark is officially declared dead—revealed by a national magazine to have been killed at the hands of the man who created him: the once well-regarded but now obscure writer Thad Beaumont. Thad's even gone so far as to stage a mock burial of his wildly successful pseudonym, complete with tombstone and the epitaph "Not a Very Nice Guy." Although on the surface, it seems that Thad can finally concentrate on his own novels, there's a certain unease at the prospect of leaving George Stark behind. But that's nothing compared to the horror about to descend upon Thad's new life. There are the vicious, out-of-control nightmares, for starters. And how is he able to explain the fact that everyone connected to George Stark's untimely demise is now meeting a brutal end of their own in a pattern of homicidal savagery...and why each blood-soaked crime scene has Thad's fingerprints all over it? Thad Beaumont may have once believed that George Stark was running out of things to say, but he's going to find out just how wrong he is...

A cult classic, adapted into a film starring Christian Bale. Is evil something you are? Or is it something you do? A man addicted to his superficial, perfect life, he

pulls us into a dark underworld where the American Dream becomes a nightmare . . . With an introduction by Irvine Welsh, Bret Easton Ellis's *American Psycho* is one of the most controversial and talked-about novels of all time. A multi-million-copy bestseller hailed as a modern classic, it is a violent black comedy about the darkest side of human nature.

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, *Time*), “poignant” (*Entertainment Weekly*), “soul-nourishing” (*USA Today*) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—*Esquire* Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by *The New York Times*, *USA Today*, *San Francisco Chronicle*, *NPR*, *Esquire*, *Newsday*, and *Booklist* Trevor Noah’s unlikely path from apartheid South Africa to the desk of *The Daily Show* began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.

The internationally acclaimed author of the *L.A. Quartet* and *The Underworld USA Trilogy*, James Ellroy, presents another literary noir masterpiece of historical paranoia. Los Angeles, 1958. Killings, beatings, bribes, shakedowns--it's standard procedure for Lieutenant Dave Klein, LAPD. He's a slumlord, a bagman, an enforcer--a power in his own small corner of hell. Then the Feds announce a full-out investigation into local police corruption, and everything goes haywire. Klein's been hung out as bait, "a bad cop to draw the heat," and the heat's coming from all sides: from local politicians, from LAPD brass, from racketeers and drug kingpins--all of them hell-bent on keeping their own secrets hidden. For Klein, "forty-two and going on dead," it's dues time. Klein tells his own story--his voice clipped, sharp, often as brutal as the events he's describing--taking us with him on a journey through a world shaped by monstrous ambition, avarice, and perversion. It's a world he created, but now he'll do anything to get out of it alive. Fierce, riveting, and honed to a razor edge, *White Jazz* is crime fiction at its most shattering.

Now updated with a new chapter, the #1 "New York Times"-bestselling true crime writer tells the chilling tale of how she came to learn that Ted Bundy, her close friend and colleague at a Seattle crisis hotline, was in fact a savage serial killer.

There's Someone Inside Your House

With an introduction by the author of *Circe* and *The Song of Achilles*, Madeline Miller In *Lucky* Alice Sebold reveals how her life was irrevocably changed when, as an eighteen-year-old college freshman, she was raped and beaten inside a tunnel near her campus. In this same tunnel, a girl had been raped and dismembered. By comparison, Alice was told by police, she was lucky. Though Alice's friends and family try their best to offer understanding and support, in the end it is Alice's formidable spirit which resonates most in these pages. In a narrative both painful and inspiring, Alice Sebold shines a light on the true experience of violent trauma. Sebold's redemption turns out to be as hard-won as it is real.

Oskar doesn't have many friends. So when Eli moves in next door, things seem to be improving. She's a little strange, and her 'father' is frankly sinister, but at least she likes Oskar. Then a child's body is found hanging from a tree, and all hell breaks loose. Is it a serial killer? Or something a bit...different?

From the Booker Prize-winning author of *The Remains of the Day* and *When We Were Orphans*, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. *Never Let Me Go* breaks through the boundaries of the literary novel. It is a gripping mystery, a beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.

From one of the best writers in American literature, a classic novel about smuggling, intrigue, and love. *To Have and Have Not* is the dramatic story of Harry Morgan, an honest man who is forced into running contraband between Cuba and Key West as a means of keeping his crumbling family financially afloat. His adventures lead him into the world of the wealthy and dissipated yachtsmen who throng the region and involve him in a strange and unlikely love affair. In this harshly realistic, yet oddly tender and wise novel, Hemingway perceptively delineates the personal struggles of both the "haves" and the "have nots" and creates one of the most subtle and moving portraits of a love affair in his oeuvre. By turns funny and tragic, lively and poetic, remarkable in its emotional impact, *To Have and Have Not* is literary high adventure at its finest.

One Woman's Obsessive Search for the Golden State Killer

Where the Crawdads Sing (Movie Tie-In)

The late 1690 and early 70s may be remembered as the years of the great bank and other armed robberies in Kenya. This is the true story of one of the participants in some of those robberies, John Kiriamiti. In raw and candid language, Kiriamiti tells the story of how he dropped out of secondary school when he was only fifteen years old, and for a time became a novice pickpocket, before graduating into crimes like car-breaking and ultimately into violent robbery. This spell-binding story takes the reader into the underworld of crime, and it depicts graphically the criminal's struggle for survival against the forces of law. John Kiriamiti was imprisoned on 6 January 1971, after being convicted on a charge of committing robbery at Naivasha on 4 November 1970. Kiriamiti left Naivasha Maximum Security Prison in August 1984, just five months after the publication of this novel and those following which were a sensation with Kenyan youth in the late 1980s and '90s.

The internationally acclaimed author of the *L.A. Quartet* and *The Underworld USA Trilogy*, James Ellroy, presents another literary masterpiece, this time a true crime murder mystery about his own mother. In 1958 Jean Ellroy was murdered, her body dumped on a roadway in a seedy L.A. suburb. Her killer was never found, and the police dismissed her as a casualty of a cheap Saturday night. James Ellroy was ten when his mother died, and he spent the next thirty-six years running from her ghost and attempting to exorcize it through crime fiction. In 1994, Ellroy quit running. He went back to L.A., to find out the truth about his mother--and himself. In *My Dark Places*, our most uncompromising crime

writer tells what happened when he teamed up with a brilliant homicide cop to investigate a murder that everyone else had forgotten--and reclaim the mother he had despised, desired, but never dared to love. What ensues is a epic of loss, fixation, and redemption, a memoir that is also a history of the American way of violence. "Ellroy is more powerful than ever." --The Nation "Astonishing . . . original, daring, brilliant." --Philadelphia Inquirer

Josephine Tey's classic novel about Richard III, the hunchback king whose skeleton was famously discovered in a council car park, investigates his role in the death of his nephews, the princes in the Tower, and his own death at the Battle of Bosworth. Richard III reigned for only two years, and for centuries he was villified as the hunch-backed wicked uncle, murderer of the princes in the Tower. Josephine Tey's novel The Daughter of Time is an investigation into the real facts behind the last Plantagenet king's reign, and an attempt to right what many believe to be the terrible injustice done to him by the Tudor dynasty. Inspector Alan Grant of Scotland Yard, recuperating from a broken leg, becomes fascinated with a contemporary portrait of Richard III that bears no resemblance to the Wicked Uncle of history. Could such a sensitive, noble face actually belong to one of the world's most heinous villains - a venomous hunchback who may have killed his brother's children to make his crown secure? Or could Richard have been the victim, turned into a monster by the the Tudors? Grant determines to find out once and for all, with the help of the British Museum and an American scholar, what kind of man Richard III really was and who killed the Princes in the Tower.

The Stranger Beside Me

A gripping historical mystery

A Novel

Live and Let Die

My Life As a Traitor

Thirty years after its publication, The Death and Life of Great American Cities was described by The New York Times as "perhaps the most influential single work in the history of town planning....[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the bitingly satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

It was part youthful zeal and part teen crush that led Zarah Ghahramani to join a student protest movement. But dabbling in student politics was to lead to disaster when one day she was bundled into a car and taken to Tehran's most notorious prison: Evin. Far from her comfortable middle-class home, Zarah had to find refuge from her ruthless interrogators in a windowless concrete cell. Day after day she was humiliated and viciously beaten until all she wanted was simply to die, her spirit broken. In My Life as a Traitor, Zarah tells the story of

her horrifying ordeal and her eventual release, and describes the ways it changed the naïve nineteen-year-old she once was into a woman of courage and determination.

A fascinating account of the music and epic social change of 1973, a defining year for David Bowie, Bruce Springsteen, Pink Floyd, Elton John, the Rolling Stones, Eagles, Elvis Presley, and the former members of The Beatles. 1973 was the year rock hit its peak while splintering—just like the rest of the world. Ziggy Stardust travelled to America in David Bowie's *Aladdin Sane*. The *Dark Side of the Moon* began its epic run on the Billboard charts, inspired by the madness of Pink Floyd's founder, while all four former Beatles scored top ten albums, two hitting #1. FM battled AM, and Motown battled Philly on the charts, as the era of protest soul gave way to disco, while DJ Kool Herc gave birth to hip hop in the Bronx. The glam rock of the New York Dolls and Alice Cooper split into glam metal and punk. Hippies and rednecks made peace in Austin thanks to Willie Nelson, while outlaw country, country rock, and Southern rock each pointed toward modern country. The Allman Brothers, Grateful Dead, and the Band played the largest rock concert to date at Watkins Glen. Led Zep's *Houses of the Holy* reflected the rise of funk and reggae. The singer songwriter movement led by Bob Dylan, Neil Young, and Joni Mitchell flourished at the Troubadour and Max's Kansas City, where Bruce Springsteen and Bob Marley shared bill. Elvis Presley's *Aloha from Hawaii via Satellite* was NBC's top-rated special of the year, while Elton John's albums dominated the number one spot for two and a half months. Just as U.S. involvement in Vietnam drew to a close, *Roe v. Wade* ignited a new phase in the culture war. While the oil crisis imploded the American dream of endless prosperity, and Watergate's walls closed in on Nixon, the music of 1973 both reflected a shattered world and brought us together.

This novel is by the author of the celebrated *My Life in Crime* and is his first. The life of the 'Son of Fate' is a grim struggle for survival, after his release from prison. He tries his luck at farming, and odd jobs in the city, but everything fails, and he finds himself on the wrong side of the law again. But a glimmer of hope comes when he rescues a tycoon.

The Ring and the Book

THE STORY: The scene is Hazlehurst, Mississippi, where the three Magrath sisters have gathered to await news of the family patriarch, their grandfather, who is living out his last hours in the local hospital. Lenny, the oldest sister, is unmarried. Selected by the Modern Library as one of the 100 best nonfiction books of all time. From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories*. Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.
