Into the jar also goes the money Grandma saves whenever she gets a bargain at the market. There hasn't been a comfortable place to sit in the apartment since a fire in their previous apartment burned everything to "charcoal and ashes." Mother is as much about my mother as it is about my grandmother. In that sense, it's really a book about "mothers." ...It is not, however, a book written by me. True, I did write the foreword. But it doesn't mean I've written a book about my mother. I haven't. Nor does it mean my mother's book is about her son. It isn't. It's about my grandmother. And my mother. Just to be clear.—Mike A love letter to mothers everywhere, About My Mother will make you laugh and cry—and see yourself in its reflection. Peggy Rowe's story of growing up as the daughter of Thelma Knobel is filled with warmth and humor. But Thelma could be your mother—there's a Thelma in everyone's life. Shes the person taking charge—the one who knows instinctively how things should be.

Today Thelma would be described as an alpha personality, but while growing up, her daughter Peggy saw her as a dictator—albeit a benevolent, loving one. They clashed from the beginning—Peggy, the horse-crazy tomboy, and Thelma, the genteel-yet-still-controlling mother, committed to raising two refined, ladylike daughters. Good luck. When major league baseball came to town in the early 1950s and turned sophisticated Thelma into a crazed Baltimore Orioles groupie, nobody was more surprised and embarrassed than Peggy. Life became a series of compromises—Thelma tolerating a daughter who pitched manure and galloped the countryside, while Peggy learned to tolerate the whacky Orioles fan who threw her underwear at the television, shouted insults at

anniversary of the Made in Michigan Writers Series in 2016 but also of the rich history of writing and storytelling in the region. As series editors Michael Delp and M. L. Liebler state in their preface, "The stories contained in this anthology are a way to stay connected to each other. Think of them as messages sent from all over the map, stitching readers and writers together through stories that continue to honor the ancient art of the fire tale, the hunting epic, and all of the ways language feeds the blood of imagination." The scope of this project reflects the dynamic and diverse writing that is currently taking place by people who consider their home to be the Great Lakes state. presence of the auto industry to the wild tracts of the Upper Peninsula, to a couple on the west coast trying to figure out parenting. The book vibrates with that tension, of metal versus rock and human frailty taking on the pitfalls and hardships of living in this world. In his foreword, Charles Baxter asks, "Does a region give rise to a particular kind of literature? Michigan is so fiercely diverse in its landscapes, its economy, and its population demographics that it presents anybody who wants to write about it with a kind of blank slate. You can't summarize the state easily." These storytellers exude a "Michigan aesthetic" in their writing, something that cannot be learned in a textbook or taught in a classroom but can be felt through the tales of these

bestselling author of *Eat Pray Love* and *City of Girls*) from fifteen brilliant writers who explore how what we don't talk about with our mothers affects us, for better or for worse. As an undergraduate, Michele Filgate started writing an essay about being abused by her stepfather. It took her more than a decade to realize that she was actually trying to write about how this affected her relationship with her mother. When it was finally published, the essay went viral, shared on social media by Anne Lamott, Rebecca Solnit, and many others. This gave Filgate an idea, and the resulting anthology offers a candid look at our relationships with our mothers. Leslie Jamison writes about trying to discover who her seemingly perfect mother was

before ever becoming a mom. In Cathi Hanauer's hilarious piece, she finally gets a chance to have a conversation with her mother that isn't interrupted by her domineering (but lovable) father. André Aciman writes about what it was like to have a deaf mother. Melissa Febos uses mythology as a lens to look at her close-knit relationship with her psychotherapist mother. And Julianna Baggott talks about having a mom who tells her everything. As Filgate writes, "Our mothers are our first homes, and that's why we're always trying to return to them." There's relief in acknowledging how what we couldn't say for so long is a way to heal our relationships with others and, perhaps most important, with

In the final part, she provides detailed examples of educational work she has been involved in with working class women. Containing vivid autobiographical narratives from women in England and Northern Ireland, Women, Class and Education explores compelling personal narratives that underline the importance of feminism as a source of political inspiration, social analysis and change. With courage and ingenuity, Susie's mother helped her to survive--by disguising her as an adult to fool the camp guards, finding food to add to their scarce rations, and giving her the will to endure.
