“A ravishingly strange and gorgeous book about a dog that’s really about life and everything there is...astonishing.” –Helen Macdonald, New York Times-bestselling author of *H Is for Hawk* In 1990, poet Eileen Myles chose Rosie from a litter of pit bulls on the street, and their connection instantly became central to the writer's life and work. During the course of their sixteen years together, Myles was madly devoted to the dog’s well-being, especially in her final days. Starting from the emptiness following Rosie's death, *Afterglow* launches a heartfelt and fabulist investigation into the true nature of the bond between pet and pet owner. Through this lens, we witness Myles’s experiences with intimacy and spirituality, celebrity and politics, alcoholism and recovery, fathers and family history, as well as the fantastical myths we spin to get to the heart of grief. Moving from an imaginary talk show where Rosie is interviewed by

In a remote corner of West Africa, Monique Dembele saved lives and dispensed hope every day in a place where childbirth is a life-and-death matter. Monique and the Mango Rains is the compelling story of the authors decade-long friendship with Monique, an extraordinary midwife in rural Mali. It is a tale of Moniques unquenchable passion to better the lives of women and children in the face of poverty, unhappy marriages, and endless backbreaking work, as well as her tragic and ironic death. In the course of this deeply personal narrative, as readers immerse in village life and learn firsthand the rhythms of Moniques world, they come to know her as a friend, as a mother, and as an inspired woman who struggled to find her place in a male-dominated world.
