

Mythology Timeless Tales Of Gods And Heroes 75th Anniversary Illustrated Edition

The world-renowned classic that has enthralled and delighted millions of readers with its timeless tales of gods and heroes. Edith Hamilton’s mythology succeeds like no other book in bringing to life for the modern reader the Greek, Roman and Norse myths that are the keystone of Western culture—the stories of gods and heroes that have inspired human creativity from antiquity to the present. We follow the drama of the Trojan War and the wanderings of Odysseus. We hear the tales of Jason and the Golden Fleece, Cupid and Psyche, and mighty King Midas. We discover the origins of the names of the constellations. And we recognize reference points for countless works for art, literature and culture inquiry—from Freud’s Oedipus complex to Wagner’s Ring Cycle of operas to Eugene O’Neill’s Mourning Becomes Electra Both a reference text for scholars of all ages and a book to simply enjoy, Mythology is a classic not to be missed.

Teens June, a military prodigy born into wealth, and Day, a criminal from the slums, are brought together and face plague, war, and a powerful, common enemy.

A collection of Greek and Roman myths from various classical sources arranged in sections on the gods and early heroes, love and adventure stories, heroes before and during the Trojan War, and lesser myths. Includes a brief section on Norse mythology.

Myth and Philosophy

Learning in Public

This "provocative and personally searching" memoir follows one mother's story of enrolling her daughter in a local public school (San Francisco Chronicle), and the surprising, necessary lessons she learned with her neighbors. From the time Courtney E. Martin strapped her daughter, Maya, to her chest for long walks, she was curious about Emerson Elementary, a public school down the street from her Oakland home. She learned that White families in their gentrifying neighborhood largely avoided the majority-Black, poorly-rated school. As she began asking why, a journey of a thousand moral miles began. Learning in Public is the story, not just Courtney's journey, but a whole country's. Many of us are newly awakened to the continuing racial injustice all around us, but unsure of how to go beyond hashtags and yard signs to be a part of transforming the country. Courtney discovers that her public school, the foundation of our fragile democracy, is a powerful place to dig deeper. Courtney E. Martin examines her own fears, assumptions, and conversations with other moms and dads as they navigate school choice. A vivid portrait of integration's virtues and complexities, and yes, the palpable joy of trying to live differently in a country re-making itself. Learning in Public might also set your family's life on a different course forever.

The inside story, told with "insight, perspective, and stellar reporting," of how an unassuming civil servant created trillions of dollars from thin air, combatted a public health crisis, and saved the American economy from a second Great Depression (Alan S. Blinder, former Vice Chair of the Federal Reserve). By February 2020, the U.S. economic expansion had become the longest on record. Unemployment was pluming half-century lows. Stock markets soared to new highs. One month later, the public health battle against a deadly virus had pushed the economy into the equivalent of a medically induced coma. America's workplaces—offices, shops, malls, and factories—shuttered. Many of the nation's largest employers and tens of thousands of small businesses faced ruin. Over 22 million American jobs were lost. The extreme uncertainty led to some of the largest daily drops ever in the stock market. Nick Timiraos, the Wall Street Journal's chief economics correspondent, draws on extensive interviews to detail the tense meetings, late night phone calls, and crucial video conferences behind the largest, swiftest U.S. economic policy response since World War II. Trillion Dollar Triage goes inside the Federal Reserve, one of the country's most important and least understood institutions, to chronicle how its plainspoken chairman, Jay Powell, unleashed an unprecedented monetary barrage to keep the economy on life support. With the bleeding stemmed, the Fed faced a new challenge. How to nurture a recovery without unleashing an inflation-fueled, bubble-blowing money bomb? Trillion Dollar Triage is the definitive, gripping history of a creative and unprecedented battle to shield the American economy from the twin threats of a public health disaster and economic crisis. Economic theory and policy will never be the same.

An encyclopedic A-to-Z guide, this beautifully illustrated volume offers hundreds of rich, fascinating definitions of 700 major and minor characters, creatures, and places of classical mythology. Classical Mythology A-to-Z is a comprehensive and engrossing guide to Greek and Roman mythology. Written by Annette Giesecke, PhD, Professor of Classics and Chair of Ancient Greek and Roman Studies at the University of Delaware, this brilliant reference offers clear explanations of every character and locale, and captures the essence of these timeless tales. From the gods and goddesses of Mount Olympus and the heroes of the Trojan War to the nymphs, monsters, and other mythical creatures that populate these ancient stories, Giesecke recounts, with clarity and energy, the details of more than 700 characters and places. Each definition includes cross-references to related characters, locations, and myths, as well their equivalent in Roman mythology and cult. In addition to being an important standalone work, Classical Mythology A-to-Z is also written, designed, and illustrated to serve as an essential companion to the bestselling illustrated 75th-anniversary edition of Mythology by Edith Hamilton, including 10 full-color plates and 2-color illustrations throughout by artist Jim Tierney. In celebration of the 75th anniversary of this classic bestseller, this stunningly illustrated, beautifully packaged, larger-format hardcover edition will be beloved by fans of Greek, Roman, and Norse mythology of all ages. Since its original publication by Little, Brown and Company in 1942, Edith Hamilton's Mythology has sold millions of copies throughout the word and established itself as a perennial bestseller in its various available formats: hardcover, trade paperback, mass market paperback, and e-book. For 75 years readers have chosen this book above all others to discover the thrilling, enchanting, and fascinating world of Western mythology—from Odysseus's adventure-filled journey to the Norse god Odin's effort to postpone the final day of doom. This exciting new deluxe, large-format hardcover edition, published in celebration of the book's 75th anniversary, will be beautifully packages and fully-illustrated throughout with all-new, specially commissioned four-color art, making it a true collector's item.

Activities are designed to teach the objectives in many state and federal mandates. Primary objectives focus on teaching: Understanding plot, theme, characterization, style, and how they all relate.

Since its original publication by Little, Brown and Company in 1942, Edith Hamilton's Mythology has sold millions of copies throughout the world and established itself as a perennial bestseller in its various available formats: hardcover, trade paperback, mass market paperback, and e-book. Mythology succeeds like no other book in bringing to life for the modern reader the Greek, Roman, and Norse myths and legends that are the keystone of Western culture - the stories of gods and heroes that have inspired human creativity from antiquity to the present.

Hatab's work is more than an interpretative study, inspired by Nietzsche and Heidegger of the historical relationship between myth and philosophy in ancient Greece. Its conclusions go beyond the historical case study, and amount to a defence of the intelligibility of myth against an exclusively rational or objective view of the world.

Greek Mythology: The Gods, Goddesses, and Heroes Handbook

Classical Mythology A to Z

Gods and Heroes

Mythology Timeless Tales of Gods and Heroes

Mythology: Timeless Tales of Gods and Heroes

A full, authoritative, and wholly engaging account of these endlessly fascinating tales and of the ancient society in which they were created. Greek myths are among the most complex and influential stories ever told. From the first millennium BC until today, the myths have been repeated in an inexhaustible series of variations and reinterpretations. They can be found in the latest movies and television shows and in software for interactive computer games. This book combines a retelling of Greek myths with a comprehensive account of the world in which they developed—their themes, their relevance to Greek religion and society, and their relationship to the landscape. "Contexts, Sources, Meanings" describes the main literary and artistic sources for Greek myths, and their contexts, such as ritual and theater.

"Myths of Origin" includes stories about the beginning of the cosmos, the origins of the gods, the first humans, and the founding of communities. "The Olympians: Power, Honor, Sexuality" examines the activities of all the main divinities. "Heroic exploits" concentrates on the adventures of Perseus, Jason, Herakles, and other heroes. "Family sagas" explores the dramas and catastrophes that befall heroes and heroines. "A Landscape of Myths" sets the stories within the context of the mountains, caves, seas, and rivers of Greece, Crete, Troy, and the Underworld. "Greek Myths after the Greeks" describes the rich tradition of retelling, from the Romans, through the Renaissance, to the twenty-first century. Complemented by lavish illustrations, genealogical tables, box features, and specially commissioned drawings, this will be an essential book for anyone interested in these classic tales and in the world of the ancient Greeks.

The classical gods of Rome uncoiled from the fertile imaginations of the ancient Greeks whose gods were passionate and violent, jealous of their powers and subject to both mighty outbursts of love and all-consuming bouts of vengeful war. The dark forces of the ancient world were held at bay by the resourceful and emerging civilisation that formed the basis of Western culture, providing a tradition of fabulous tales that are retold in this new book. FLAME TREE 451: From mystery to crime, supernatural to horror and myth, fantasy and science fiction, Flame Tree 451 offers a healthy diet of werewolves and mechanical men, blood-lusty vampires, dastardly villains, mad scientists, secret worlds, lost civilizations and escapist fantasies. Discover a storehouse of tales gathered specifically for the reader of the Fantastic.

Discusses the factors that distinguished the literature of ancient Greece and Rome from the rest of the world, capturing the essence of two civilizations

The travelling storyteller combined many talents: scholar, educator, linguist, poet and musician. He showed learning, curiosity and judgement, but most of all he could not resist a good story. True to their original telling and stripped of the sanitization of later centuries, these powerful tales make compelling reading. The traveller's tales are shaped by the landscape, character, tradition and weather of the stops along his journey: standing below the snow-streaked, cloud-capped massif of Olympus, he feels the awe and majesty of the gods. In the wilderness of Thessaly, menaced by bears and wolves, he recognises the cruel, barbarian anger of Achilles and the ferocious extravagance of Hercules. In soft Eleusis, strong wine at the day's end brings him to the Mysteries of Dionysus and the Bacchic frenzy. The Mycenaean ruins impress on him the workings of the hand of fate: the frailty of empire, the waste of the ten year's Trojan war, the horror of Agamemnon's domestic grief. Under the illumination of the startling Greek light the storyteller interprets for his listeners the sense they have of themselves. His stories of myth and legend are the oldest speculations of the first deep-thinking people of Europe. They are also the first and longest-lasting entertainments of the European imagination.
