Succeed on the job--and in your course--and prepare for the Certified Paralegal examination with the NALA Manual. More than 100 leading authorities with a wide range of experience in legal disciplines and management have contributed to this comprehensive manual since it was introduced in 1976. Covering all the skills required of paralegals today, the updated manual includes a collection of successful solutions to actual assignments accomplished by working paralegals nationwide. These proven techniques and procedures can be used as starting points from which you can make changes, adaptations, and modifications when you encounter similar situations on the job. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

According to the NALA, the Certified Paralegal Examination have five sections, which are: Communications Judgment and Analytical Ability Ethics Legal Research Substantive Law The first 2 sections require essay answers. All others are MC based. The Substantive Law section further includes five parts. One is on the American Legal System which is required of all examinees while the other 4 parts are in practice areas of law and that may be selected by examinees. This book covers Ethics, Legal Research, the American Legal System and Criminal Law. When we develop our material we do not classify topics the official way. In fact, we follow our own flow of instructions which we think is more logical for the overall learning process. Don't worry, it does not hurt to do so, as long as you truly comprehend the material. To succeed in the exam, you need to read as many reference books as possible. There is no single book that can cover everything! This ExamFOCUS book focuses on the more difficult topics that will likely make a difference in exam results. The book is NOT intended to guide you through every single official topic. You should therefore use this book together with other reference books for the best possible preparation outcome.

Unstoppable

Legal English for Graduate Students: Visual Reference Materials

Access to Justice

How to Land Your First Paralegal Job

California Style Manual

Unstoppable is a word defined as "difficult or impossible to preclude or stop." As a human quality, it is something that we associate with people such as sports superstars, those who do whatever it takes to inspire others and lead teams to the greatest of victories. Sometimes, an idea or person can become unstoppable. Unstoppable, like Charles Lindbergh crossing the Atlantic in a solo flight when no one had thought it was possible, or track star Roger Bannister breaking the four-minute mile barrier. Not everyone can be an explorer or a great athlete, but anyone can be unstoppable in their chosen endeavors in life. If you are willing to possess an unwavering determination to succeed and a consistent willingness to learn and evolve, you can become unstoppable and triumph too. This book is about a personal struggle, one in which the author awoke from a coma after a terrible accident and faced a life of permanent paralysis. A long battle of driven determination resulted in Yanni Raz regaining his health

and becoming a self-made millionaire after migrating from his native Israel to the United States. Through careers as a musician, a Starbucks barista, a salesman, a real estate whiz, a professional poker player and a hard money lender, Yanni learned reliable principles and the skills necessary for success. Unstoppable covers many topics including controlling your life, making the best decisions, creating new opportunities, properly assessing signals, expertly negotiating, and succeeding by storytelling across the media landscape. You'll learn about integrity in business, asset diversification, and many other life tips that thousands of people learn from Yanni on a daily basis. It is time to become fearless and lead a powerful life. With Yanni's new book Unstoppable, you can do just that.

The Litigation Paralegal: A Systems Approach, fifth edition provides students and faculty with a learning resource written specifically for them. It is a resource combining the theories and principles of law with practical paralegal skills, paralegal ethics, numerous forms, checklists, practice tips, online resources, and a focus on the goals and needs of the paralegal profession, all in the context of the law office. This text also provides instructors with the flexibility to utilize the step-by-step law office litigation system, which stresses student organizational skills and quality control techniques, or any other approach of the instructor's choosing. This new edition addresses electronic discovery and filing and the associated ethical and practical responsibilities of the lawyer and the paralegal. New revisions to the Federal Rules of Evidence and Civil and Appellate Procedure are examined, as are the practice requirements of the Health Insurance Portability and Accountability Act. New/revised forms have been added to reflect current practice. Web sites, assignments, key terms, and study questions have been updated throughout the text as well. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Every day thousands of paralegals and legal assistants leave their office feeling frustrated, overworked and under utilized. As an attorney and professor, author Robert E. Mongue, J.D. hears from paralegals who, despite their education and professional training, feel poorly equipped to meet the real challenges of today's law office. Too often paralegals are taught law and procedure but not how to effectively manage their time, workloads and clients. Too often they feel ineffective and powerless when dealing with attorneys, clients and court personnel, inside and outside the office. Over thirty years as a litigator employing, training and teaching paralegals, Dr. Mongue gathered and developed clear, concise and easy-to-use techniques to teach paralegals how to become a critical component of an effective legal

team. He used these techniques in his own law practice and in classrooms, seminars and workshops. These techniques are now together in a practical guide, entitled The Empowered Paralegal. Employment for paralegals and legal assistants is projected to grow much faster than the average for all occupations through 2014. Those empowered with the skills and confidence required to be true professionals will dominate the field. The Empowered Paralegal provides step-by-step, easy-to-understand techniques, written in a friendly, accessible and sometimes humorous way, for managing time, docket calendars, files, clients and litigation. In addition to these management techniques, The Empowered Paralegal provides sound guidance on managing the work relationship with attorneys and on being a professional. The Empowered Paralegal provides important practical office strategies while giving paralegals the empowerment, recognition and respect they and their profession deserve. A useful adjunct to any course, especially "Introduction to Paralegalism," The Empowered Paralegal is designed for the student in an internship seminar, the established paralegal, or those entering this fast-growing field.

The Complete Guide to Divorce Practice

Concise Guide to Paralegal Ethics

Bowker's Law Books and Serials in Print

The Essentials

This book is exceptional in the sense that it provides an introduction to law in general rather than the law of one specific jurisdiction, and it presents a unique way of looking at legal education. It is crucial for lawyers to be aware of the different ways in which societal problems can be solved and to be able to discuss the advantages and disadvantages of different legal solutions. In this respect, being a lawyer involves being able to reason like a lawyer, even more than having detailed knowledge of particular sets of rules. Introduction to Law reflects this view by focusing on the functions of rules and on ways of arguing the relative qualities of alternative legal solutions. Where 'positive' law is discussed, the emphasis is on the legal questions that must be addressed by a field of law and on the different solutions which have been adopted by, for instance, the common law and civil law tradition. The law of specific jurisdictions is discussed to illustrate possible answers to questions such as when the existence of a valid contract is assumed.

A remarkable, first-ever collection of 35 essays on India's future, by a diverse set of authors - activists, researchers, media practitioners, those who have influenced policies and those working at the grassroots. This book brings together scenarios of an India that is politically and socially egalitarian, radically democratic, economically sustainable and equitable, and socio-culturally diverse and harmonious. *Alternative Futures: India Unshackled* covers a wide range of issues, organized under four sections. It explores ecological futures including environmental governance, biodiversity conservation, water and energy. Next, it envisions political futures including those of democracy and power, law, ideology, and India's role in the globe. A number of essays then look at economic futures, including agriculture, pastoralism, industry, crafts, villages and cities, localization, markets, transportation and technology. Finally, it explores socio-cultural futures, encompassing languages, learning and education, knowledge, health, sexuality and gender, and marginalized sections like dalits, adivasis, and religious minorities. Introductory and concluding essays tie these diverse visions together. Most essays include both futuristic scenarios and present initiatives that demonstrate the possibility of such futures. At a time when India faces increasing polarization along parochial, physical and mental boundaries, these essays provide a breath of fresh air and hope in the grounded possibilities for an alternative, decentralized, eco-culturally centred future. The essays range from the dreamy-eyed to the hard-headed, from the provocative to the gently persuasive. This book would hold appeal for a wide range of readers - youth, academics, development professionals,

policy makers, government officials, activists, people's movements, media persons, business persons - concerned about the current state of India and the world, and willing to engage critically in the collective search for a better future.

This book is so easy to use. It is arranged in the natural order of the divorce experience. It starts with the clients, follows through with the interview, proceeds through trial and ends with prenuptial agreements.
