A NEW YORK TIMES BESTSELLER A NEW YORK TIMES NOTABLE BOOK OF THE YEAR "A spectacular novel that only this legend can pull off." -Ibram X. Kendi, #1 New York Times-bestselling author of HOW TO BE AN ANTIRACIST, in The Atlantic "An exquisite tale of family legacy....The power and poetry of Woodson's writing conjures up Toni Morrison." - People "In less than 200 sparsely filled pages, this book manages to encompass issues of class, education, ambition, racial prejudice, sexual desire and orientation, identity, mother-daughter relationships, parenthood and loss....With Red at the Bone, Jacqueline Woodson has indeed risen — even further into the ranks of great literature." – NPR "This poignant tale of choices and their aftermath, history and legacy, will resonate with mothers and daughters." –Tayari Jones, bestselling author of AN AMERICAN MARRIAGE, in O Magazine An unexpected teenage pregnancy pulls together two families from different social classes and explores their histories – reaching back to the Tulsa race massacre of 1921 -- and exposes the private hopes, disappointments, and longings that can bind or divide us from each other, from the New York Times-bestselling and National Book Award-winning author of Another Brooklyn and Brown Girl Dreaming. Moving forward and backward in time, Jacqueline Woodson's taut and powerful new novel uncovers the role that history and community have played in the experiences, decisions, and relationships of these families, and in the life of the new child. As the book opens in 2001, it is the evening of sixteen-year-old Melody's coming of age ceremony in her grandparents' Brooklyn brownstone. Watched lovingly by her relatives and friends, making her entrance to the music of Prince, she wears a special custom-made dress. But the event is not without poignancy. Sixteen years earlier, that very dress was measured and sewn for a different wearer: Melody's mother, for her own ceremony-- a celebration that ultimately never took place. Unfurling the history of Melody's family – reaching back to the Tulsa race massacre in 1921 -- to show how they all arrived at this moment, Woodson considers not just their ambitions and successes but also the costs, the tolls they've paid for striving to overcome expectations and escape the pull of history. As it explores sexual desire and identity, ambition, gentrification, education, class and status, and the life-altering facts of parenthood, Red at the Bone most strikingly looks at the ways in which young people must so often make long-lasting decisions about their lives--even before they have begun to figure out who they are and what they want to be.

In time for the 75th anniversary of the Man of Steel, comes the first comprehensive literary biography of Joe Shuster and Jerry Siegel, creators of the DC Comics superhero Superman and the inspiration for Michael Chabon's Kavalier and Clay Drawing on ten years of research in the trenches of Cleveland libraries, boarded-up high schools, and secret, private collections, and a love of comic books, Brad Ricca's Super Boys is the first ever full biography about Superman's creators. Among scores of new discoveries, the book reveals the first stories and pictures ever published by the two, where the first Superman story really came from, the real inspiration for Lois Lane, the template for Superman's costume, and much, much more. Super Boys also tracks the boys' unknown, often mysterious lives after they left Superman, including Siegel's secret work during World War II and never-before-seen work from Shuster. Super Boys explains, finally, what exactly happened with the infamous check for \$130 that pulled Superman away from his creators—and gave control of the character to the publisher. Ricca also uncovers the true nature of Jerry's father's death, a crime that has always remained a mystery. Super Boys is the story of a long friendship between boys who grew to be men and the standard that would be impossible for both of them to live up to.

It is said that British Drama was shockingly lifted out of the doldrums by the 'revolutionary' appearance of John Osborne's *Look Back in Anger* at the Royal Court in May 1956. But had the theatre been as ephemeral and effeminate as the Angry Young Men claimed? Was the era of Terence Rattigan and 'Binkie' Beaumont as repressed and closeted as it seems? In this bold and fascinating challenge to the

received wisdom of the last forty years of theatrical history, Dan Rebellato uncovers a different story altogether. It is one where Britain's declining Empire and increasing panic over the 'problem' of homosexuality played a crucial role in the construction of an enduring myth of the theatre. By going back to primary sources and rigorously questioning all assumptions, Rebellato has rewritten the history of the Making of Modern British Drama.

In their struggle to fly, the Wright brothers were engaged in strife with their own government. President McKinley's administration decided to dedicate an unprecedented amount of money to ensure that the first flyers would be American but the Wrights refused such financial support for fear of the strings attached, and resolved to go it alone. This book tells the story of the raw ambition, high ideals, greed, and cloak and dagger tactics of each side. By 1903, the Federal venture was in its seventh year and the Wright brothers had been working nights and weekends, often in secret for four years. Everything came to a head in eight tense days in December when the battle--and the fame and fortune that would follow--was decided.

A Penguin Classic Written at a time of profound anxiety caused by the illness of his mother, Nobel Prize winner John Steinbeck draws on memories of childhood in these stories about a boy who embodies both the rebellious spirit and the contradictory desire for acceptance at early adolescence. Unlike most coming-of-age stories, the cycle does not end with a hero "matured" by circumstances. As John Seelye writes in his introduction, reversing common interpretations, The Red Pony is imbued with a sense of loss. Jody's encounters with birth and death express a common theme in Steinbeck's fiction: They are parts of the ongoing process of life, "resolving" nothing. The Red Pony was central not only to Steinbeck's emergence as a major American novelist but to the shaping of a distinctly mid twentieth-century genre, opening up a new range of possibilities about the fictional presence of a child's world. This edition contains an introduction by John Seelye. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Making of Modern British Drama

Late in 2004, Maggie Nelson was looking forward to the publication of her book *Jane: A Murder*, a narrative in verse about the life and death of her aunt, who had been murdered thirty-five years before. The case remained unsolved, but Jane would have been the victim of an infamous serial killer in Michigan in 1969. Then, one November afternoon, Nelson received a letter from her mother, who announced that the case had been reopened; a new suspect would be arrested and tried on

DNA match. Over the months that followed, Nelson found herself attending the trial with her mother and reflecting on the aura of dread and fear that hung over her family and childhood--an aura that derived not only from the terrible fact of her aunt's murder but also from her own complicated journey through sisterhood, daughterhood, and girlhood. *The Red Harvest* is a memoir, an account of a trial, and a provocative essay that interrogates the American obsession with violence and the role of women, and that scrupulously explores the nature of grief, justice, and empathy.

Detective-story master Dashiell Hammett gives us yet another unforgettable read in *Red Harvest*: When the last homicide in Poisonville was murdered, the Continental Op stayed on to punish the guilty--even if that meant taking on an entire town. *Red Harvest* is more than a superb crime novel: it is a classic exploration of corruption and violence in the American grain. This collection about obsession and love is the 99th volume of the Yale Series of Younger Poets. Richard Siken's *Crucible*, as the 2004 winner of the Yale Younger Poets prize, is a powerful collection of poems driven by obsession and love with ferocity, and his reader hurtles unstoppably with him. His poetry is confessional, gay, savage, and charged with eroticism. In the world of American poetry, Siken's voice is striking.

In this colorful and detailed history, Joshua Goldstein describes the formation of the Peking opera in late Qing and its subsequent rise and re-creation as the epitome of the Chinese national culture in Republican era China. Providing a fascinating look into the lives of some of the opera's key actors, he explores their methods for earning a living; their status in an ever-changing society; the methods by which theaters functioned; the nature and content of performances; audience make-up; and the larger relationship between Peking opera and Chinese nationalism. Propelled by a synergy of the commercial and the political patronage from the Qing court in Beijing to modern theaters in Shanghai and Tianjin, Peking opera rose to national prominence. The genre's star actors, particularly male cross-dressing performers led by the exquisite Mei Lanfang and the "Four Great Female Impersonators" became media celebrities, models of modern fashion and world travel. Ironically, as it became increasingly entrenched in modern commercial networks, Peking opera was increasingly framed in post-May fourth discourses as profoundly traditional. *Drama Kings* demonstrates that the process of reforming and marketing Peking opera as a national genre was integrally involved with process of colonial modernity, shifting gender roles, the rise of capitalist visual culture, and new technologies of public discipline that became increasingly prevalent in urban China in the Republican era.

"This book re-sees its subject with rare clarity and power as a painter for the 21st century."—Hilary Spurling, *New York Times Book Review* In a bravura performance, Andrew Graham-Dixon explores Caravaggio's staggering artistic achievements, delving into the original Italian sources

to create a masterful profile of the mercurial painter. This New York Times and Washington Post Notable Book of the Year features more than eighty full-color reproductions of the artist's best paintings.

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.
