

National Geographic Readers Wolves

Who could resist celebrating sea turtles? They may seem like lazy ocean reptiles drifting with the oceans' currents, but they are actually long-distance swimmers that spend their entire lives searching for food and a mate. What's more, they come with their own built-in GPS, returning to the exact beach where they were born to lay their own eggs. Kids will learn all about these tranquil and mysterious animals through brilliant photography and illustrations, plus the trusted and distinctive content you love from NG Kids!

In this level 2 reader, young readers will explore the underwater world of lovable manatees. Follow these gentle giants, sometimes called "sea cows," through their marshy habitats, learn how manatees raise their young, and discover the threats to their environment. Beautiful photos and carefully leveled text make this book perfect for reading aloud or for independent reading. National Geographic supports K-12 educators with ELA Common Core Resources. Visit www.natgeood.org/commoncore for more information.

Packed with beautiful and engaging photos, this new leveled reader dives into the amazing world of foxes. Kids will learn all about fascinating foxes, including where they live, how they hunt, and what their families are like.

Discover the coolest robots of today and tomorrow in this colorful, photo-packed book. In this inviting and entertaining format, kids will learn about the science behind these amazing machines. This Level 3 reader is written in an easy-to-grasp style to encourage the scientists of tomorrow! National Geographic supports K-12 educators with ELA Common Core Resources. A Short History from Wolf to Wolf

We Are Wolves

Deadly Predators

Living with Wolves!

National Geographic Readers: Snakes!

Examines creatures that live in the sea, including the blobfish, jellyfish, and moray eels.

With their beautiful white fur and powerful presence, polar bears rule the Arctic. These majestic giants swim from iceberg to iceberg in chilling waters, care for their adorable cubs, and are threatened by global warming. In this level 1 reader you'll learn all you ever wanted to know about polar bears and so much more. Complete with fascinating facts and beautiful images, National Geographic Readers: Polar Bears can't miss.

Discover the wonder of wolves from Emmy-award winning filmmakers Jim and Jamie Dutcher as they tell their story of the six years they watched, learned about, and lived with the Sawtooth wolf pack. Adventure, friendship, and family come together in this riveting memoir as two award-winning filmmakers take you through the experience of the years they spent living in the wild with a real-life wolf pack. Jim and Jamie set out to show the world that instead of fearsome beasts, wolves are social, complex, and incredible creatures that deserve our protection. Deep in the mountain wilderness of Idaho, they set up Wolf Camp, where they spent years capturing the emotional, exciting, and sometimes heartbreaking story of their pack. Meet Kamots, the fearless leader. Learn from wise Matsi. Explore the forest with shy Lakota. And watch as adorable pups grow from silly siblings to a devoted pack. See how these brave wolves overcome all odds, battling mountain lions and frigid temperatures. Most of all, discover the surprising kindness, compassion, and devotion that Jim and Jamie discovered by living with wolves.

*A kindergarten-level introduction to wolves, covering their growth process, behaviors, the habitats they call home, and such defining physical features as their strong jaws"--Provided by publisher.

Describes the life cycle and behavior of sharks.

Wolves

Face to Face with Wolves

Foxes

National Geographic Readers: Robots

National Geographic Readers: Cheetahs

This haunting, heart-stopping middle grade novel follows three of the Wolfskinder, German children left to fend for themselves in the final days of World War II, as they struggle to hold onto themselves and each other while surviving in the wild. Sometimes it's good to be wild. Sometimes, you have to be. When the Russian Army marches into East Prussia at the end of World War II, the Wolf family must flee. Being caught by the Russians or Americans would be the end for them. Liesl, Otto, and baby Mia's father has already been captured, and they get separated from their mother in a blizzard after only a few days on the run. Liesl promised Mama that she'd keep her brother and sister safe, no matter what. They'll forage in the forests if they have to. Little do they know at the start that there are hundreds of other parentless children doing the same thing. And they far too quickly learn that, sometimes, to survive, you have to do bad things. Dangerous things. Wild things. Sometimes you must become a wolf.

Describes the physical characteristics and behaviors of spiders, sharks, tigers, and wolves, and reveals how these predatory creatures catch their prey.

Presents the life of sea turtles, including where they travel, how they build nests, and what they eat.

This book looks at dolphins as wild mammals and discusses the need to preserve their natural environment.
