This book traces the genesis,
principles and practice of
homeopathy, and discusses the

Acces PDF Nature And Human Personality Homeopathic Archetypes

reasons for its enduring popularity. Two hundred years ago, medicine had little to offer except blood letting and the administration of violent purgatives – practices which shortened the course of illness by hastening the death of the patient. Largely in reaction to what he

Acces PDF Nature And Human Personality Homeopathic Archetypes

correctly saw as the brutality and ineffectiveness of the medicine of his day, the eighteenth century German physician Samuel Hahnemann developed a system of therapeutics that he termed homeopathy. Ironically, while modern medicine has changed beyond recognition,

Acces PDF Nature And Human Personality Homeopathic Archetypes

homeopathy, with its roots in alchemy and metaphysics, continues to be practiced precisely as it was in Hahnemann ' s day. Readers of this book will enjoy the story of homeopathy and its almost magical attraction, whilst learning much from the authors' rational and scientific

discussion of the biological, chemical and psychological questions that this treatment raises.

Catherine R. Coulter explores the homeopathic body-mind typology of children from infancy through adolescence. In these perceptive, beautifully written descriptions,

Acces PDF Nature And Human Personality Homeopathic Archetypes

parents will delight to recognize their children's personality types and learn how the remedies can assist a child to achieve his or her fullest potential.

In this work, written in collaboration with A. U. Ramakrishnan, Catherine R. Coulter draws on her well-known writing and organizational skills as

Acces PDF Nature And Human Personality Homeopathic Archetypes

well as her profound knowledge of homœopathy, to describe and interpret the treatment of cancer by the Ramakrishnan Method. The book includes 126 cases, covering twenty-five types of cancer, presented in a lucid format that illustrates every point raised. Coulter's careful

documentation shows how homeopathy has been used successfully in treatment of cancer, either alone or in conjunction with conventional Western procedures. From a homeopathic "constitutional analysis" standpoint, a true romantic partnership is only possible through

an understanding of self and what makes one fulfilled. This unusual guide analyzes the personality types and emotional dynamics of 50 different film characters to show readers how to discover themselves and their ideal partner. Drawing on her vast film knowledge, Liz Lalor

Acces PDF Nature And Human Personality Homeopathic Archetypes

uses examples ranging from Bogart and Hepburn in *The African Queen* to characters from *American Splendor* to demonstrate how self-knowledge is the key component in finding lasting love.
