My first Nutribullet book has been a great success. However, since not everybody likes having smoothies all the time, especially when the weather gets cooler, and because some vegetable are more beneficial when cooked, I created soup recipes that you and everybody will enjoy at anytime of the year. These recipes are straight forward and easy to follow, healthy, nutritious and tasty just like my smoothies and what you have come to expect from me. They are also healthy, rejuvenating, and energizing as well. In this book, I provide you with information, about the health benefits and nutrients of the ingredients used in the recipes, information that has been demonstrated in studies. It is NOT only a collection of recipes. Knowing the benefits of the ingredients will enable you to adapt the recipes to your needs and taste. For those of you wanting to lose weight, studies have repeatedly shown that when soup is eaten before a meal, people tend to eat less at that meal and don't feel hungry or deprived of food. Each recipe comes complete with nutritional information imperial & metric measurements where applicable, I have given different instructions for the Nutribullet RX model and the other Nutribullet models because of the RX's heating capabilities There are seven chapters with recipes - each chapter deals with a specific issue and the recipes have been formulated to meet your requirements. Healthy Heart - heart disease is one of the leading causes of deaths world wide. Detoxification - remove toxin from your body so as to enhance your immune system. Weight Loss - excess fat increases your risk of heart disease, diabetes, certain cancers and other conditions. Healthy and Radiant Skin - important for protection against the environment and many other functions. Energy Boost - 97% of the people in a survey by a vitamin company claimed to be tired more often than not. Anti-Aging - improve your quality of life as you get older by staying younger and fitter for longer. Super Foods - increase your health and longevity. Great favorites such as: Minestrone Mixed Veg Soup Pumpkin Soup To the slightly more exotic: Minty Sweet Pea & Ginger Black Bean Soup with Kukicha Broth Don't worry if you don't have all of the ingredients for the recipes because you can substitute the ingredients. When you know the health benefits of the vegetables, you will find it easier to create recipes. The main point is you are providing your body with all the goodness nature has to offer. Take a step towards a longer, youthful, healthier & happier life. A life with more energy and more time.

Your new radiant & confident self awaits you.

In his midtwenties, Dave Asprey was a successful Silicon Valley multimillionaire. He also weighed 300 pounds, despite the fact that he was doing what doctors recommended: eating 1,800 calories a day and working out 90 minutes a day, six times a week. When his excess fat started causing brain fog and food cravings sapped his energy and willpower, Asprey turned to the same hacking techniques that made his fortune to "hack" his own biology, investing more than \$300,000 and 15 years to uncover what was hindering his energy, performance, appearance, and happiness. From private brain EEG facilities to remote monasteries in Tibet, through radioactive brain scans, blood chemistry work, nervous system testing, and more, he explored traditional and alternative technologies to reach his physical and mental prime. The result? The Bulletproof Diet, an anti-inflammatory program for hunger-free, rapid weight loss and peak performance. The Bulletproof Diet will challenge—and change—the way you think about weight loss and wellness. You will skip breakfast, stop counting calories, eat high levels of healthy saturated fat, work out and sleep less, and add smart supplements. In doing so, you'll gain energy, build lean muscle, and watch the pounds melt off. By ditching traditional "diet" thinking, Asprey went from being overweight and sick in his twenties to maintaining a 100-pound weight loss, increasing his IQ, and feeling better than ever in his forties. The Bulletproof Diet is your blueprint to a better life.

The New York Times bestseller from the founder of Oh She Glows "Angela Liddon knows that great cooks depend on fresh ingredients. You'll crave every recipe in this awesome cookbook!" Ilisa Chandra Moskowitz, author of Isa Does It "So many things I want to make! This is a book you'll want on the shelf." iSara Forte, author of The Sprouted Kitchen A self-trained chef and food photographer, Angela Liddon has spent years perfecting the art of plant-based cooking, creating inventive and delicious recipes that have brought her devoted fans from all over the world.
