have been translated from their mix of three languages (Dutch, German and Frisian) into one ubiquitous language: English, gives the modern historian greater access to a primary source that details

the travails and tribulations that women faced during this period that did not have the same kind of prenatal care that women see today. Ultimately, women faced with every birth, the possibility that they

could die, and this memoir shows that there was a marked response to do anything they could to prevent that on the part of midwives and other obstetrical practitioners during this period. Regardless with the
