

No Less Than Greatness The Seven Spiritual Principles That Make Real Love Possible

Upgrade your mind to upgrade your life. What if you could accomplish your five-year plan in a matter of months? If that sounds impossible, you’re not thinking bravely. Yet. In this transformational guide to changing your life for good, personal development expert and best-selling author Mary Morrissey shows you how to move from stasis to action–by changing the stories you tell yourself. Drawing from advancements in science, timeless principles from wisdom traditions, and her personal stories and insights, Morrissey gives you the tools to overcome “common-hour thinking”–the fact-based, linear way of processing reality that measures what is possible by what resources you believe are available to you–and replace it with the powerful alternative that is brave thinking. Where common-hour thinking is limiting and uncreative, brave thinking is expansive and imaginative, not limited by time or circumstance or even the past. Brave thinkers know that before something can exist in the real world, it must first exist in your mind. Then, it must be grounded in decisive action. If you want results in life that are different from the ones you currently have, you need a different operating system for your mind. It’s time to install brave thinking, and start living the life you want.

Letters and Social Aims, published in 1875, contains essays originally published early in the 1840s as well as those that were the product of a collaborative effort among Emerson, his daughter Ellen Tucker Emerson, his son Edward Waldo Emerson, and his literary executor James Eliot Cabot. The volume takes up the topics of Poetry and Imagination, Social Aims, Eloquence, Resources, The Comic, Quotation and Originality, Progress of Culture, Persian Poetry, Inspiration, Greatness, and, appropriately for Emerson's last published book, Immortality. The historical introduction demonstrates for the first time the decline in Emerson's creative powers after 1865; the strain caused by the preparation of a poetry anthology and delivery of lectures at Harvard during this time; the devastating effect of a house fire in 1872; and how the Emerson children and Cabot worked together to enable Emerson to complete the book. The textual introduction traces this collaborative process in detail and also provides new information about the genesis of the volume as a response to a proposed unauthorized British edition of Emerson's works. As a minister, counselor, and teacher, Mary Manin Morrissey has inspired tens of thousands of people to reach higher in life than they ever believed possible. Her message is revolutionary: God has designed each one of us for greatness. And her warmth, candor, and conviction bring this message alive in the heart and mind of everyone who hears her. As children we instinctively know that we are destined to live great lives. As adults we recognize that our true greatness is expressed in our relationships: in deep, fulfilling partnership, vibrant marriage, abiding closeness with children, parents, and friends. Yet fostering such bonds—even with those we cherish most—can be one of the greatest challenges we will ever face. In *No Less Than Greatness* Mary affirms that love is our birthright—and learning to love well is life's greatest lesson. She shows that we are not alone in our search. When we learn to ask for and listen to divine guidance, we access a different kind of wisdom, a new kind of hope. Beginning with her own surprising story, Mary shows how ordinary, struggling, or even estranged relationships are a curriculum for learning love, and how our relationships—and we ourselves—can be transformed. Within these pages Mary provides a step-by-step guide to the spiritual principles that bring love into our lives. Her powerful affirmations, meditations, and exercises are designed to help you: • reveal your true self — your most precious gift to others • consciously design the relationships you most want • open yourself to partnering with God • discover the power of unreasonable giving • achieve intimacy by speaking from your heart • heal the hurt in difficult relationships • awaken your love through simple daily acts Let Mary Manin Morrissey show you that you already have what it takes to create what you desire most—and how, with God's help, even imperfect relationships can lead to perfect love. Unlocking the Hidden Code for Overcoming Life's Challenges and Achieving Your Greatest Dreams

William Rowe is one of the leading thinkers in contemporary philosophy of religion. Although he is best known for his contributions to the problem of evil, he has produced innovative and influential work across a wide array of subjects at the interface between philosophy and religion. He has, for example, written extensively on the existentialist theologian, Paul Tillich, on the challenging problem of divine freedom, and on the traditional arguments in support of the existence of God. His work in these areas is distinguished by its clarity, rigour, originality, and sensitivity towards the claims of his theistic opponents. Indeed, Rowe's work has played a pivotal role in the remarkable revival of analytic philosophy of religion since the 1970s. The present collection brings together for the first time Rowe's most significant contributions to the philosophy of religion. This diverse but representative selection of Rowe's writings will provide students, professional scholars as well as general readers with stimulating and accessible discussions on such topics as the philosophical theology of Paul Tillich, the problem of evil, divine freedom, arguments for the existence of God, religious experience, life after death, and religious pluralism.

The Philosophy of Fine Art is regarded by many as one of the greatest aesthetic theories to have been produced since Aristotle. Hegel's thesis about the historical dissolution of art has been the subject of much scholarly debate. Hegel develops his account of art as a mode of absolute spirit that he calls "the beautiful ideal."

The Seven Spiritual Principles That Make Real Love Possible

*This book features the biographical accounts of ten women selected by the author not so much with any intention of bringing together the best, greatest, or most admirable, nor even the most remarkable women Italy has produced, as with a view of securing the greatest amount of variety, in point of social position and character. Each figure of the small gallery was intended to illustrate a distinct phase of Italian social life and civilization: the canonized Saint, that most extraordinary product of the "ages of faith," highly interesting as a social, and perhaps more so still as a psychological phenomenon; the feudal Châtelaine, one of the most remarkable results of the feudal system, and affording a suggestive study of woman in man's place; the high-born and highly-educated Princess of a somewhat less rude day, whose inmost spiritual nature was so profoundly and injuriously modified by her social position; the brilliant literary denizen of "La Bohème", etc. All these were curiously distinct manifestations of womanhood, and if any measure of success has been attained in the endeavor to represent them duly surrounded by the social environment which produced them, while they helped to fashion it, some contribution will have been made to a right understanding of woman's nature, and of the true road towards her more completely satisfactory social development.*_x000D_ Volume 1:_x000D_ St. Catherine of Siena (1347-1380)_x000D_ Caterina Sforza (1462-1509)_x000D_ Vittoria Colonna (1490-1547)_x000D_ Volume 2:_x000D_ Tullia D'Aragona (c. 1510 - c. 1570)_x000D_ Olympia Morata (1526-1555)_x000D_ Isabella Andreini (1562-1604)_x000D_ Bianca Cappello (1548-1587)_x000D_ Olympia Pamfili (1594-1656)_x000D_ Elisabetta Sirani (1638-1665)_x000D_ La Corilla (1740-1800)
