"Confessions" is an autobiographical book which covers the first fifty-three years of Rousseau's life, up to 1765. It was completed in 1769, but not published until 1782, four years after Rousseau's death, even though Rousseau did read excerpts of his manuscript publicly at various salons and other meeting places. He wrote of his own life mainly in terms of his worldly experiences and personal feelings. "Emile, or On Education" or "Émile, or Treatise on Education" is a treatise on the nature of education and on the nature of man. Jean-Jacques Rousseau considered it to be the "best and most important" of all his writings. Emile is scarcely a detailed parenting guide but it does contain some specific advice on raising children. It is regarded by some as the first philosophy of education in Western culture to have a serious claim to completeness, as well as being one of the first Bildungsroman novels. "The Social Contract," originally published as On the Social Contract; or, Principles of Political Rights by Rousseau, is a 1762 book in which Rousseau theorized about the best way to establish a political community in the face of the problems of commercial society, which he had already identified in his Discourse on Inequality (1754). The Social Contract helped inspire political reforms or revolutions in Europe, especially in France

Confessions: Priest

I am complex. My love is all-encompassing. And when it comes to my heart, there is only one rule: Don't mess with what's mine. Until the age of seven, I was Joel Alexander Donovan, son of Jimmy. The man who terrorized a town and made its citizens fear the very ground he walked on. Including me, the day I realized that ground ran red with blood. At age eighteen, I became Priest. A man without a past. A man determined to right the wrongs of my father. A man who never believed anyone could love the son of such a monster. But then a thief stole my heart. A sweetheart lit up my world. And I forgot for a moment you should never turn your back on your enemy. And thus begins a lesson to those who would seek to harm: Never underestimate what the Priest will do to protect the Princess and the Prick.

They arrive alive. They leave dead. But first, they give me their confessions. My name is Jack Steen. That name shouldn't mean anything to you. Unless you're about to die. And then I'm your bloody guardian angel. I work as a night nurse in the Asylum for the criminally insane. My name is the only real name you'll find in this book. I won't tell you which hospital I work at. I won't tell you the names of those dying. But I won't lie to you. You'll read exactly what I'm told. If you're smart, if you're deranged enough to read between the lines, you'll know who is telling the story. They could be playing their final game with me by messing with my head. Now, maybe they're messing with yours too. Inside this book are 4 confessions: One has an interesting 'appetite'. One was the Ken to his Barbie, and he would do anything to keep her happy. Another is a Nanny, but not one you want watching your kids. The other is the sweetest soul you'd ever meet but you'll have a hard time reading her confession. WARNING: There is swearing in this book. And some stories might be a trigger for something you have a hard time handling. But, these are the confessions of serial killers, mass murderers and such.

NOTE: These once were published as novellas. Now they're in a full length novel. Deal with it. Want to read the next set of Confession books? Sign up for my mailing list - I'm told all the real authors have one, so I figured why not

The Theology of Augustine's Confessions

The fourth and final volume in Michel Foucault's acclaimed History of Sexuality, completed just before his death in 1984 and finally available to the public. One of the most influential thinkers of the twentieth century, Michel Foucault made an indelible impact on Western thought. The first three volumes in his History of Sexuality—which trace cultural and intellectual notions of sexuality, arguing that it has been profoundly shaped by the power structures applied to it—constitute some of Foucault's most important work. This fourth volume posits that the origins of totalitarian self-surveillance began with the Christian practice of confession. The manuscript had long been secreted away, in accordance with Foucault's stated wish that there be no posthumous publication of his unpublished work. With the sale of the Foucault archives in 2013, Foucault's nephew felt that the time had come to publish this final volume in Foucault's seminal history.

Philosophically, it is a chapter in his hermeneutics of the desiring subject.

Historically, it focuses on the remodeling of subjectivity carried out by the early Christian Fathers, who set out to transform the classical Logos of truthful human discourse into a theologos—the divine Word of a pure sovereign. What did God will in the matter of righteous sexual practice? Foucault parses out the logic of the various responses proffered by theologians over the centuries, culminating with Saint Augustine's fascinating discussion of the libido. Sweeping and deeply personal, Confessions of the Flesh is a tour de force from a philosophical master

The "magnificent" Pulitzer Prize-winning and #1 New York Times–bestselling novel about the preacher who led America's bloodiest slave revolt (The New York Times). The Confessions of Nat Turner is William Styron's complex and richly drawn imagining of Nat Turner, the leader of the 1831 slave rebellion in Virginia that led to the deaths of almost sixty men, women, and children. Published at the height of the civil rights movement, the novel draws upon the historical Nat Turner's confession to his attorney, made as he awaited execution in a Virginia jail. This powerful narrative, steeped in the brutal and tragic history of American slavery, reveals a Turner who is neither a hero nor a demon, but rather a man driven to exact vengeance for the centuries of injustice inflicted upon his people. Nat Turner is a galvanizing portrayal of the crushing institution of slavery, and Styron's deeply layered characterization is a stunning

rendering of one man's violent struggle against oppression. This ebook features a new illustrated biography of William Styron, including original letters, rare photos, and never-before-seen documents from the Styron family and the Duke University Archives. Augustine's Confessions is a masterpiece of world literature. Written by Augustine in his forties, at the height of his philosophical and rhetorical skills, the Confessions is at once autobiographical, philosophical, theological, and psychological. The aim of the eight essays commissioned for the present volume is to provide an examination and discussion of some of the philosophical issues raised by Augustine. What constitutes the happy or blessed life and what is required to achieve it? The essays question the role that philosophical perplexity plays in the search for truth, and the mental discipline that is required for conducting the search; in addition to asking how Augustine depicts the acquisition of truth as a vision of God. Furthermore, they discuss the problems that arise in the attempt to understand minds, both our own and others, and ask about the interplay between what reason tells us is right and what we will to do. What are the impediments to an individual's moral progress, and how far are these impediments created by the temptations to indulge in such fictions as dramas and dreams? What is the nature of eternity, and how does eternity differ from time? How should scripture be interpreted, especially the account of creation of the material world in Genesis? Readers with a basic knowledge of Augustine may perceive him to be simply a powerful definer and defender of religious orthodoxy, a figure who ranks behind only Jesus and Paul in the development of a distinctively Christian world-view. For such readers the intellectual honesty and psychological candour of the Confessions should come as a pleasant surprise.

From Pulitzer Prize-winner Garry Wills, the story of Augustine's Confessions In this brief and incisive book, Pulitzer Prize-winning historian Garry Wills tells the story of the Confessions—what motivated

Augustine to dictate it, how it asks to be read, and the many ways it has been misread in the one-and-a-half millennia since it was composed. Wills also addresses the reception of the book, from controversy in its own time and relative neglect during the Middle Ages to a renewed prominence beginning in the fourteenth century and persisting to today, when the Confessions has become an object of interest not just for Christians but also historians, philosophers, psychiatrists, and literary critics. With clarity and skill, Wills provides an unparalleled introduction to a spiritual classic that is one of the most important books in the Christian and Western traditions.

"This narrative of the first half of Augustine's life conjures the intellectual and social milieu of the late Roman Empire with a Proustian relish for detail." --New York Times In Augustine, celebrated historian Robin Lane Fox follows Augustine of Hippo on his journey to the writing of his Confessions. Unbaptized, Augustine indulged in a life of lust before finally confessing and converting. Lane Fox recounts Augustine's sexual sins, his time in an outlawed heretical sect, and his gradual return to spirituality. Magisterial and beautifully written, Augustine is the authoritative portrait of this colossal figure at his most thoughtful, vulnerable, and profound.

The Works of Saint Augustine: v. 1. The confessions

Confession One: I was a klutz. I thought I'd grow out of it, but evidently I didn't. It's not fun to look like a fumbling toddler when you're twenty-six. Confession Two: I had a standing appointment at the local ER. It wasn't by choice that I knew all the doctors names—it was necessity. But that was about to change. Confession Three: I hated the sun yet I lived in LA where it always shone. I supposed that was one plus to being sent to New York for the next eight weeks. That was until I got there. Arm veins, dimples, and THE sexiest voice known to man were my weakness, and he had every single one of them. Confession Four: He was my new boss. I could control myself though, right? The city of dreams...a klutz's worst nightmare. Eight weeks. A klutz. And a drool worthy boss. What did you get when you crossed a klutz with a GQ model lookalike? I was about to find out.

This study of the Confessions engages with contemporary philosophers and psychologists antagonistic to religion and demonstrates the enduring value of Augustine's journey for those struggling with theistic incredulity and religious narcissism. Paul Rigby draws on current Augustinian scholarship and the works of Paul Ricœur to cross-examine Augustine's testimony. This analysis reveals the sophistication of Augustine's confessional text, which anticipates the analytical mindset of his critics. Augustine presents a coherent, defensible response to three age-old problems: free will and grace; goodness, innocent suffering, and radical evil; and freedom and predestination. The Theology of Augustine's Confessions moves beyond commentary and allows present-day readers to understand the Confessions as its original readers experienced it, bridging the divide introduced by Kant, Hegel, Freud, Nietzsche, Heidegger, and their descendants.

Her pupils murdered her daughter. Now she will have her revenge. After calling off her engagement in the wake of a tragic revelation, Yuko Moriguchi had nothing to live for except her only child, four-year-old child, Manami. Now, following an accident on the grounds of the middle school where she teaches, Yuko has given up and tendered her resignation. But first she has one last lecture to deliver. She tells a story that upends everything her students ever thought they knew about two of their peers, and sets in motion a diabolical plot for revenge. Narrated in alternating voices, with twists you'll never see coming, Confessions probes the limits of punishment, despair, and tragic love, culminating in a harrowing confrontation between teacher and student that will place the occupants of an entire school in danger. You'll never look at a classroom the same way again.

The restless heart and searching mind of this influential early church father can offer spiritual and intellectual companionship for your spiritual journey. Augustine of Hippo (354-430), theologian, priest, and bishop, is one of the most important figures in the development of Western Christianity. He is known as much for his long interior struggle that ended with conversion and baptism at age thirty-two as for his influential teachings on human will, original sin and the theology of just war. Cherished as a model for the pursuit of a life of spiritual grace and criticized for his theory of predestination, Augustine is recognized as a living expression of the passion to understand and communicate the deeper meanings of human experience. With fresh translations drawn from Augustine's voluminous writings and probing facing-page commentary, Augustinian scholar Joseph T. Kelley, PhD, provides insight into the mind and heart of this foundational Christian figure. Kelley illustrates how Augustine's keen intellect, rhetorical skill and passionate faith reshaped the theological language and dogmatic debates of early Christianity. He explores the stormy religious arguments and political upheavals of the fifth century, Augustine's controversial teachings on predestination, sexuality and marriage, and the deep undercurrents of Augustine's spiritual quest that still inspire Christians today."

The Confessions of St. Augustine, Villanova Edition for Students and Faculty e-book is a multi-modal resource designed to supplement deeper reading with highlighting and notation and to engage students through audio, visual, and critical analysis. It includes standard features, such as highlighting, search, and notation, as well as custom elements, like a timeline, map, and art gallery. The audio reader enhances the reading experience, and critical commentaries, written by experts especially for this edition, aid student comprehension of key sections and concepts of the text. The Confessions of Saint Augustine is considered to be the greatest Christian classic. Augustine's notorious life before his baptism raised questions about the genuineness of his conversion. It is his honest struggle with the faith which has given The Confessions such timeless appeal over the last sixteen centuries.

Augustine's Confessions is more than mere autobiography, for it is also an impassioned admission of past mistakes (confession at a level most might think of it) and praise of God (confession of another sort, that of love and awe). Given his checkered past, Augustine addressed the concerns of those who doubted the sincerity of his conversion to Christianity and his claim to the post of bishop of Hippo Regius in North Africa. Thus, the text, made up of 13 chapters called "books," serves as an apologia (formal written defense) as well as a hortatory inspiration to others who have not yet converted. Influenced by the Christian approach to reading sacred text as the living Word of God (lectio divina), The Confessions also require a deeper reading than readers may be accustomed to. Lectio divina, rooted in monastic practices of the 4th century AD, is prayerful and approaches a text with a fourfold reading process: read, reflect/meditate, pray and rest in God's presence, and resolve to grow and change in this new understanding. Augustine's great work has impacted not only theology but also philosophy, especially in discussion of time and memory.

In his own day the dominant personality of the Western Church, Augustine of Hippo today stands as perhaps the greatest thinker of Christian antiquity, and his Confessions is one of the great works of Western literature. In this intensely personal narrative, Augustine relates his rare ascent from a humble Algerian farm to the edge of the corridors of power at the imperial court in Milan, his struggle against the domination of his sexual nature, his renunciation of secular ambition and marriage, and the recovery of the faith his mother Monica had taught him during his childhood. Now, Henry Chadwick, an eminent scholar of early Christianity, has given us the first new English translation in thirty years of this classic

spiritual journey. Chadwick renders the details of Augustine's conversion in clear, modern English. We witness the future saint's fascination with astrology and with the Manichees, and then follow him through scepticism and disillusion with pagan myths until he finally reaches Christian faith. There are brilliant philosophical musings about Platonism and the nature of God, and touching portraits of Augustine's beloved mother, of St. Ambrose of Milan, and of other early Christians like Victorinus, who gave up a distinguished career as a rhetorician to adopt the orthodox faith. Augustine's concerns are often strikingly contemporary, yet his work contains many references and allusions that are easily understood only with background information about the ancient social and intellectual setting. To make *The Confessions* accessible to contemporary readers, Chadwick provides the most complete and informative notes of any recent translation, and includes an introduction to establish the context. The religious and philosophical value of *The Confessions* is unquestionable--now modern readers will have easier access to St. Augustine's deeply personal meditations. Chadwick's lucid translation and helpful introduction clear the way for a new experience of this classic. About the Series: For over 100 years Oxford World's Classics has made available the broadest spectrum of literature from around the globe.
