Norwegian: An Essential Grammar is a reference guide to the most important aspects of contemporary Norwegian as used by native speakers. The Grammar presents a fresh and accessible description of the language. Explanations are clear, free from jargon and often accompanied by exercises. The book gives a simple, step-by-step presentation of the grammatical systems of Norwegian and demonstrates and explains usages which have proved difficult for those learning the language in the past. It is clearly laid-out for easy reference making it accessible for those at a beginner/intermediate level. This is the ideal reference source for all learners, whether studying independently or in a class.

I cannot think of a better introductory volume...compact, sensible...well written study 3RD Stone fascinating...plentifully illustrated...an excellent resource for latter-day dragon hunters Prediction For thousands of years fabulous serpents and dragons have been the stuff of myth and traveller s tales. The dragon has held the attention of people for centuries, and continues to do so. The dragon is more than a beast of tall stories, myth and folk-tale, for it is a symbol of the awesome power of nature which appears in many variant forms, but which we can understand only in symbolic or allegorical form. Thus, it appears in religious symbolism, alchemy, medicine and geomancy as well as in the more lyrical tales of bards and storytellers. Ultimately the dragon is a product of the human mind, for there are dragons of various kinds lurking deep within us all. This book explores Western dragon and dragonslayer traditions, not just legends, but living festivals and rituals surviving today.

This intermediate workbook, like the other materials in the Norsk, nordmenn og Norge series, regards communication as the primary goal of language learning. Experience has shown that students need to pass through a period of meaningful structural practice as they develop their communication skills. The workbook aims to provide that practice in psychologically realistic and useful ways, combining entertaining activities with more traditional exercises. Toward these ends, the workbook features:
•an extensive overview of the basics of Norwegian grammar, providing a ready reference throughout the course
•a thorough review of elementary Norwegian vocabulary and grammar, allowing students whose preparation in the language differs to share a common knowledge base
•Hvem er du? sections that encourage the learner to personalize the material
•Lift av hvert sections that provide short summaries of the anthology's reading passages (lesestykker) while reviewing common problems with vocabulary and grammar
•crossword puzzles and cartoons.
Norsk, nordmenn og Norge: Arbeidsbok (Workbook) is a companion to the Norsk, nordmenn og Norge: Antologi (Anthology) and Lærerveiledning (Teacher's Manual).

Norge er i dag et av verdens mest likestilte land. Slik har det ikke alltid vært. Hvordan kom vi hit? Hvem er det vi i dag står på skuldrene til? Dette er andre bind i Bodil Christine Erichsens store kvinnehistoriske verk. Der første bind inneholder en kronologisk oversikt over kvinnekampens ulike perioder, gir denne boka en grundigere framstilling av noen emner som strekker seg gjennom alle periodene. Erichsen loser oss gjennom følgende temaer med kvinneperspektiv: ekteskap, moderskap, abort, prostitusjon, det kjønnsdelte arbeidsmarkedet, idrett, krig og fred. Resultatet er en bok som opplyser og engasjerer, og bør leses av alle som er opptatt av historie, kjønn og kvinnekamp. Bodil Christine Erichsen (f. 1954) er historiker, frilansskribent og utdannet allmennlærer.
