Following the Pulitzer prize-winning collection Stag's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet

of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as “Ode to My Sister,” “Ode of Broken Loyalty,” “Ode to My Whiteness,” “Blow Job Ode,” and “Ode to the Last Thirty-Eight Trees in New York City Visible from This Window,” Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its

In this “evocative first novel,” an elderly woman looks back on the world of revolutionary Cuba as she recalls her intimate, secret love affair with Ernesto “Che” Guevara (Publishers Weekly). A young Cuban woman has been searching in vain for details of her birth mother. All she knows of her past is that her grandfather fled the turbulent Havana of the 1960s for Miami with her in tow, and that pinned to her sweater—possibly by her mother—were a few treasured lines of a Pablo Neruda poem. These facts remain her only tenuous links to her history, until a

mysterious parcel arrives in the mail. Inside the soft, worn box are layers of writings and photographs. Fitting these pieces together with insights she gleans from several trips back to Havana, the daughter reconstructs a life of her mother, her youthful affair with the dashing, charismatic Che Guevara and the child she bore by the enigmatic rebel. Loving Che is a brilliant recapturing of revolutionary Cuba, the changing social mores, the hopes and disappointments, the excitement and terror of the times. It is also an erotic fantasy, a glimpse into the private life of a mythic public figure, and an exquisitely crafted

meditation on memory, history, and storytelling. Finally, Loving Che is a triumphant unveiling of how the stories we tell about others ultimately become the story of ourselves. “A moving novel from a writer to watch.” —Publishers Weekly “Inventive and hypnotic . . . [An] artful and restless examination of the exile soul.” —Los Angeles Times “[Menendez] captures Cuba’s potential, its desperation and decay, and also its dark humor.” —The New York Times “The writing is consistently beautiful. Highly recommended.” —Library Journal

quest for health and well-being, in personal finances, environmentally, politically, and, of course, we engage or disengage spiritually. If you walk into any Catholic church next Sunday and look around, you will discover that some people are highly engaged, others are massively disengaged, and the majority are somewhere in between. Why? What is the difference between highly engaged Catholics and disengaged Catholics? Answering this question is essential to the future of the Catholic Church. If we truly want to

engage Catholics and reinvigorate parish life, we must first discover what drives engagement among Catholics. Matthew Kelly explores this question in his groundbreaking new book, and the simplicity of what he discovers will amaze you. Four things make the difference between highly engaged Catholics and disengaged Catholics: the four signs of a Dynamic Catholic. Whether you are ready to let God take your spiritual life to the next level or want to help reinvigorate your parish, The Four Signs of a

This introduction to Nortel Networks should be essential to every network professional because it offers hands-on implementation techniques and real world case studies. Key features include an introduction to LAN and WAN technologies, an introduction to managing and maintaining devices using Nortel tools and an outline of the Nortel certification track and

objectives. Blueprints map out sample network designs using Nortel products so it should function as a springboard for certification study.

In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and

the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, Notes from the Hyena's Belly offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

To predict our future, we must look to the extremes. So argues the economist Richard Davies, who takes readers to the margins of the modern economy and beyond. These extreme economies illustrate the forces that test human resilience, drive societies to failure, and promise to shape our collective future. Reviving a foundational idea from the medical sciences, Extreme Economies turns the logic of modern economics on its head by arguing that these outlier societies can teach us more about our own than we might imagine. By adapting to circumstances unimaginable to most of us, the people in these

In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them.
