

## Norwegian Cruising Guide

Do you only have a week to spare? For those of us who are time poor but who want to seize the moment, either on our own boat or on a charter, it's reassuring to know that there are plenty of cruising hubs from where we can enjoy some of the best of the region in only a few days. Imray Pocket Pilots are a new series of affordable PDF books, companions to the Yachting Monthly series A Week Afloat. They visit some ideal destinations and suggest a one week itinerary, and include expanded sailing directions for cruising each area based on printed Imray pilot books. Familiar Imray chartlets cover marina detail and approaches, and photos add both information and colour to the downloads. This Imray Pocket Pilot covers The Ionian, Greece.

This well-established cruising guide covers the coast of Norway northwards from the Swedish border in the Skagerrak around the North Cape to the Russian border. It includes coverage of the Lofoten and Vester å len islands, the Arctic archipelago of Svalbard and the remote volcanic island of Jan Mayen. Author Judy Lomax continues to sail this beguiling coastline of majestic fjords and multiple islands and uses her extensive network of contacts, built up over more than 30 years, to help monitor changes in the region. This fourth edition incorporates numerous updates to her previous work and expands on the detail for some areas such as the Oslo Fjord and the Telemark Canal. There is a wealth of new photographs and revised Imray plans throughout. Whether you are on a private vessel or one of the many ships cruising this stunningly beautiful region, Norway is a trusted and proven companion. "Any yachtsman even contemplating a visit to this loveliest of cruising areas could be considered negligent if he did not buy this book". - RHR, Cruising "...The author finds it difficult to avoid superlatives when talking about Norwegian scenery. I find it equally difficult to avoid superlatives when talking about this book. I am impressed. Also most Norwegians may learn a lot of facts from this excellent book. This will remain a classic, and will come in new editions in the foreseeable future..." Customer feedback " For anyone sailing in Norwegian waters this book is an absolute must. It is the perfect example of a truly excellent pilot from which practically nothing can be found missing. " Christine Holroyd, Cruising Association magazine.

Risk Is Good... Enjoy It

There are many varied adventures here, sailing and climbing, in many different places around the world. They show that there has been life after Addicted to Adventure, the previous book. There are tales of derring-do, there are tales of delivering boats to outlandish places in the world, tales even of sailing the shores of Britain, and bouncing around in Norway. They are many and varied, and are all adventures in their own right, with their own challenges and adventures. They stretch from the Arctic to the Antarctic with plenty in between, and are illustrated with graphic pictures and maps. Forewords by Jimmy Cornell and Lin Pardey set the scene whilst Ellen Massey Leonard provides a thought-provoking Afterword to sum up. You will be amused, you will be impressed, occasionally you may even be frightened, but above all you will enjoy an exciting read. And who knows, you may become a little less risk-averse after reading the book. 'This is another inspiring book by the indefatigable Bob Shepton, a worthy sequel to his Addicted to Adventure...Bob, please don't stop.' Jimmy Cornell, Circumnavigator, Author of World Cruising Routes There are so many lessons to be learnt by reading Bob Shepton's voyaging and adventuring stories...And you will definitely need a sense of humour'. Lin Pardey, Author of Storm Tactics and Self Sufficient Sailor.

This text is the most complete and most up-to-date English language guide for mariners sailing the coasts of Norway, Svalbard (Spitsbergen), Bjørnøya (Bear Island), and the west coast of Sweden.

Cruising Scandinavia instead? Try Rick Steves Scandinavian and Northern European Cruise Ports. I read the appropriate chapter before each port of call. The author gives you hints on problems you may face as well as encouraging you to see the important sights. I felt that with his guidance we didn't miss anything, and enjoyed the vacation spots much more. -- Judith Orlopp This is a very quick book to read about the ports you will be visiting. I read it on the airplane on the way to my cruise. It made my trip to the Mexican Riviera a pleasant experience with many helpful hints. -- Paula J. Down This book is a fine guide to cruising the Mexican Riviera and Baja California. It describes the main cruise ships, especially those on the Carnival, Celebrity, Holland-American, Norwegian, Princess, and Royal Caribbean lines. There's advice on climate, what to wear, both in port and on the ship, and the costs involved. And there are good descriptions of the ports. Anyway, I was on a one-week cruise and found the book very useful. The cruise prices were very reasonable (it was the off-season, but the weather was fine). Do not expect to get seasick: I rarely noticed that the ship was moving. Yes, I liked the food. And the Lido deck. And even the art auctions with the free champagne. As the book explains, cruises are often one week long, with stops in Puerto Vallarta, Mazatlan, and Cabo San Lucas. These leave from the Los Angeles area: mine started from Long Beach. It's fun being pampered and having all sorts of things to do on board. -- Jill Malter 336-page guide - the most detailed available on this subject. A unique cruise guide offering concise, easy-to-read information on every vessel plying the popular Mexican Riviera region this season. Ship facts include stateroom size, dining options, passenger/crew ratio, crew nationality, ship registry and even when the last refurbishment was completed. This candid book has done your homework for you, reviewing ship itineraries and making you aware of the highlights and potential pitfalls of every one. The author tells how to find bargain rates, when to book and makes you aware of considerations for disabled travelers, solo cruisers and being aboard with young children. Walking tours at each port of call are supplemented by detailed port maps. Ports of call include: Acapulco, Cabo San Lucas, Catalina Island, Ensenada, Ixtapa & Zihuatanejo, La Paz, Loreto, Manzanillo, Mazatlán, Puerto Vallarta, Santa Rosalá. Embarkation cities (such as San Francisco, Monterey, San Diego, Long Beach and more) are included. These combination cruise-sightseeing guides are among our

bestsellers, perhaps because of their unique approach that offers in-depth information for the cruiser, plus thorough sightseeing details. The first half of each book is dedicated to the ships and what they offer - passenger/crew ratio, service, amenities, cruise routes, dining options, etc. It gives all the information you need to select a ship to suit your taste, style and budget. The rest of the book is dedicated to making the most of your time ashore, with tips on how to avoid crowds, trip planning and pitfalls to avoid. The authors even tell you which sites are not worth your time. Town maps.

**When visiting Florida, most people think about visiting Walt Disney World in Orlando, South Beach, in Miami, or the International Racetrack in Daytona Beach. However, there is a multitude of other lesser-known vacationing spots within the state. One of our favorite places would be cruising out of Port Canaveral, near Cocoa Beach, FL. Not only will visitors enjoy a world-class cruise on amazing ships, such as the Norwegian Sun, but they also have the opportunity to experience new ports of call like Nassau, Bahamas and Cozumel, Mexico. In my wife, Tishauna, and I's opinion, finding the right cruise ship takes numerous voyages, over several years, and a "trial and error" strategy. Fortunately, we have sailed on several cruise ships, Royal Caribbean's Independence of the Seas and Norwegian's Sun, just to name a couple, on several occasions. From these voyages, we've gained some insightful experiences, some good and some not so much. With these experiences in hand, we now wish to share with you our latest adventure, sailing the Norwegian Sun. Our mission for writing this short manuscript is to give you a "visitor guide" to the ship.**
