*Designed for Pilates and yoga teachers,
health and rehabilitation professionals,
'The Power and the Grace' demystifies
functional movement and integrates the
science of movement with the art of
teaching it. It aims to help the
holistically minded movement professional
achieve rewarding results in neuromuscular
function. From brain science to physics,
fascia to emotion, this book distils a
seemingly complex field into a practical
and instantly usable approach that will
resonate with movement teachers at all
levels of experience. Find the color in
your language; learn the difference
between talking to the brain or to the
mind; and discover how to communicate the
intention and sense of a movement with
ease!*
