

Numerologia Humanista Un Camino De Liberacion Spanish Edition

Literary Nonfiction. CALIBAN AND THE WITCH is a history of the body in the transition to capitalism. Moving from the peasant revolts of the late Middle Ages to the witch-hunts and the rise of mechanical philosophy, Federici investigates the capitalist rationalization of social reproduction. She shows how the battle against the rebel body and the conflict between body and mind are essential conditions for the development of labor power and self-ownership, two central principles of modern social organization. "It is both a passionate work of memory recovered and a hammer of humanity's agenda." Peter Linebaugh, author of *The London Hanged*

An analysis of contemporary violence as the new commodity of today's hyper-consumerist stage of capitalism. "Death has become the most profitable business in existence." —from *Gore Capitalism* Written by the Tijuana activist intellectual Sayak Valencia, *Gore Capitalism* is a crucial essay that posits a decolonial, feminist philosophical approach to the outbreak of violence in Mexico and, more broadly, across the global regions of the Third World. Valencia argues that violence itself has become a product within hyper-consumerist neoliberal capitalism, and that tortured and mutilated bodies have become commodities to be traded and utilized for profit in an age of impunity and governmental austerity. In a lucid and transgressive voice, Valencia unravels the workings of the politics of death in the context of contemporary networks of hyper-consumption, the ups and downs of capital markets, drug trafficking, narcopower, and the impunity of the neoliberal state. She looks at the global rise of authoritarian governments, the erosion of civil society, the increasing violence against women, the deterioration of human rights, and the transformation of certain cities and regions into depopulated, ghostly settings for war. She offers a trenchant critique of masculinity and gender constructions in Mexico, linking their misogynist force to the booming trade in violence. This book is essential reading for anyone seeking to analyze the new landscapes of war. It provides novel categories that allow us to deconstruct what is happening, while proposing vital epistemological tools developed in the convulsive Third World border space of Tijuana.

Deborah Houlding is a well known and highly respected teacher and practitioner of horary astrology. Her original version of this book came out in 1998 but has been out of circulation for several years. Its welcome return comes in the form of a newly revised and very much updated version of the 1998 edition. The author has included an excellent Appendix on traditional terms, and a Preliminary Guide to the concept of house systems. In depth information is also given on many traditional techniques, which will prove invaluable to the astrology student. An essential source book and almost required reading for any serious astrologer.

Aprende a realizar tu Mapa Numerológico Completo y el de los demás de manera profesional. Este libro está pensado para que la gente aprenda desde la comodidad de su casa a hacer su mapa numerológico completo y sepa también realizarlo a los demás de manera personal hasta profesional. Esta forma de aplicar la Numerología la empleo en mis consultas para extraer las informaciones más relevantes para las personas. Conocerás tu misión en esta encarnación y las vibraciones que más te favorecen, como las que pueden condicionarte si no las empleas correctamente. Este libro es inédito porque además de las vibraciones habituales 1-9 -los números dobles, los maestros-, también hago un recorrido por los números triples, cuádruples y quintuples y su incidencia en la vida. Aporto como novedad la llave maestra para activar a estas últimas vibraciones en caso de tenerlas, para que te faciliten el acceso a una puerta hacia otras dimensiones de energía, energías trascendentales. También a modo de oráculo, te beneficiarás con las ilustraciones, para que te ayuden a incorporar la vibración de cada número y entender mejor su interpretación. ¡Disfruta estudiando el arte de la Numerología!

An easy way to help young girls see God's promises and how they can rely on His love in their daily lives. The promise verses in this book are selected from the best-selling International Children's Bible® to offer comfort and encouragement when a girl is feeling afraid, lonely, worried, angry, dissatisfied, discouraged, sad, rebellious, impatient, or sick . . . and when they need reassurance of God's protection, love, forgiveness, help . . . and that He listens when they pray. It's a great way for children to hide God's Word in their hearts. Sample text: Monsters. Spiders. Being alone. Do any of these things make you feel afraid? When you start to feel fear, hold on tight to these words: God promises to take your fear away! "So don't worry, because I am with you. Don't be afraid, because I am your God. I will make you strong and will help you. I will support you with my right hand that saves you." Isaiah 41:10

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

*A fascinating book on the joys of discovering how the world works, by the Pulitzer Prize-winning author of *Cosmos* and *Shadows of Forgotten Ancestors*. "Magnificent . . . Delightful . . . A masterpiece. A message of tremendous hope for humanity . . . While ever conscious that human folly can terminate man's march into the future, Sagan nonetheless paints for us a mind-boggling future: intelligent robots, the discovery of extraterrestrial life and its consequences, and above all the challenge and pursuit of the mystery of the universe."—Chicago Tribune "Go out and buy this book, because Carl Sagan is not only one of the world's most respected scientists, he's a great writer. . . . I can give a book no greater accolade than to say I'm planning on reading it again. And again. And again."—The Miami Herald "The brilliant astronomer . . . is persuasive, provocative and readable."—United Press International "Closely reasoned, impeccably researched, gently humorous, utterly devastating."—The Washington Post*

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Proverbs 31

An exploration of the origins and influences of number from prehistory to modern time □ Reveals the deeper meaning of the symbols and esoteric knowledge of secret societies □ Explains the numerical sophistication of ancient monuments □ Shows how the Templar design for Washington, D.C., represents the New Jerusalem The ubiquitous use of certain sacred numbers and ratios can be found throughout history, influencing everything from art and architecture to the development of religion and secret societies. In *Sacred Number and the Origins of Civilization*, Richard Heath reveals the origins, widespread influences, and deeper meaning of these synchronous numerical occurrences and how they were left within our planetary environment during the creation of the earth, the moon, and our solar system. Exploring astronomy, harmony, geomancy, sacred centers, and myth, Heath reveals the secret use of sacred number knowledge in the building of Gothic cathedrals and the important influence of sacred numbers in the founding of modern Western culture. He explains the role secret societies play as a repository for this numerical information and how those who attempt to decode its meaning without understanding the planetary origins of this knowledge are left with contradictory, cryptic, and often deceptive information. By examining prehistoric and monumental cultures through the Dark Ages and later recorded history, *Sacred Number and the Origins of Civilization* provides a key to understanding the true role and meaning of number.

In the *Art of Worldly Wisdom* Baltasar Gracian gives us pertinent and pithy advice on friendship, leadership, and success. Think of it as Machiavelli with a soul. This book is for those who wish to have an ambitious plan for success without compromising their integrity or losing their way. Audacious and captivating!

1900 a practical treatise on the art commonly called palmistry. with 800 illustrations from life. Some of the Contents: Basis of Our Work; Plan of Creation; Mount Types; Life Current; General Attributes of the Lines; Pose & Carriage of the Hands;.

For many women, the Proverbs 31 woman is too perfect. But in reality, she is an ordinary woman who made herself available to an extraordinary God—and became a tremendous blessing to everyone around her. Discovering the Treasures of a Godly Woman reveals how women can let God work through them by... discerning the true priorities in life cultivating character qualities valued by family and friends pursuing excellence in all they do It is possible for a woman to make the treasures of the Proverbs 31 woman real in her life—and become the woman God designed her to be!

Tavistock Institute

Cultural Studies. *THE POLITICS OF POETIC FORM: POETRY AND PUBLIC POLICY* is a series of essays from a discussion that occurred at the New School for Social Research in New York. The discussion mines the relationship between poetic composition and political expression. Poetry's relationship to public policy typically has a questionable margin of relation. Not only does this volume posit that poetry is a dynamic medium for the consideration of political ideas, it focuses on the ideological weight specific formal innovations bring to poetry. Some of the writers include Jerome Rothenberg, Ron Silliman, Susan Howe, Nathaniel Mackey and Charles Bernstein.

Within a few minutes, learn to assess vibrations surrounding a specific year, month, and day--even a specific person--through this numerology guide.

For the first time, a Tantric scholar and expert in the Hindu traditions of Ayurveda and astrology presents a system of numerology that combines numerical calculations, astrological data, and an analysis of body type. He illustrates the Vedic Square and the visual patterns that can be derived from it, casting a revealing light on the more esoteric interpretations of numbers and their relationship to one another. Recommendations are given regarding strong and weak periods of day or year, favorable colors and precious stones to be worn, and meditations and mantras to be practiced for health and prosperity. Explains how to determine the psychic number, name number, and destiny number; how these numbers relate to each of the nine planets, and how they apply to every aspect of life--including personality, temperament, intelligence, talents, sexuality, spirituality, finances, travel, and health.

Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path — Works with the original Marseille Tarot to reveal the roots of Western wisdom — Provides the key to the symbolic language of the Tarot's "nomadic cathedral" — Transforms a simple divination tool into a vehicle for self-realization and healing Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.

In the Third Edition of the bestselling book, The Truth About Managing People, bestselling author Stephen Robbins shares even more proven principles for handling virtually every management challenge. Robbins delivers 61 real solutions for the make-or-break problems faced by every manager. Readers will learn how to overcome the true obstacles to teamwork; why too much communication can be as dangerous as too little; how to improve your hiring and employee evaluations; how to heal "layoff survivor sickness"; how to manage a diverse culture; and ways to lead effectively in a digital world. New truths include: how to nurture friendly employees, forget about age stereotypes, first impressions count, be a good citizen, techniques for managing a diverse age group, and ethical leadership among others.

The Tree of Life is the structure of existence. Via from the study of this knowledge we are able to understand everything. It is the diagram of existence. In this book you will find the meaning of the Tree of life its structure complete and detailed at the same time. It will be for you an instrument that will help you understand to exist and to understand you on all levels. The Tree of Life helps us to know and understand the qualities and attributes that make us up. The Tree of Life is the central axis of Hebrew mysticism. Ancestral wisdom that encompasses all the different levels of knowledge. So the Tree of life is an important to know that helps us to know and understand the issues that help us evolve and control everything in our life. Well it is a tool powerful that allows us to take control of everything. As you study it, through this book, to then use the knowledge within it supports us in our life it can get better and better. It is difficult for an ordinary person can access this type of knowledge. Well, it requires that you have been looking for by different routes. Access was opened for you upon discovering and encountering this book. So it is no coincidence, because it is for you.

Para evitar la cautividad cultural, los fundamentos de la educacion cristiana deben ser repensados por cada generacion. De no hacerlo, dice el autor, los educadores cristianos «corren el riesgo de perpetuar ideas y practicas anticuadas, ajenas al evangelio». «Al explorar con criterio los diversos fundamentos que han predominado y predominan en el pensamiento evangelico», continua el autor, «los educadores pueden enfrentar mejor las necesidades de hoy y los retos del futuro». En Cuestiones fundamentales de la educacion cristiana, el autor mismo se entrega a este proceso de evaluacion critica, con importantes resultados. El autor llama a los educadores evangelicos a «reafirmar las verdades biblicas», que constituyen la «autoridad esencial para nuestra teoria y practica», y a «incorporar las verdades de otras disciplinas», proceso que tiene que estar «sujeto a la continua autoridad de la Palabra de Dios».

Within living memory, Manchester United have won every major honour available -- yet for many supporters of a certain vintage their favourite season of all was spent not battling for top honours but in the second flight of English football. Following a spectacular decline following the break-up of the 1968 European Cup winners, United were relegated in April 1974 and the following season was supposed to be a humiliation for the club. Instead, the reds responded by re-inventing themselves for a new era and attracting a whole new generation of supporters. As Wayne Barton discovers, the modern day Manchester United was born during their sojourn in the second tier. From training pitch to boardroom and under the guidance of wise-cracking manager Tommy Docherty, the club moved on from a state of post-war stasis and shaped itself for the next quarter century. Without the pressure to maintain a place in the top flight, The Doc helped reinvigorate a club still struggling to come to terms with the modern era. With contributions from manager Tommy Docherty, captain Martin Buchan and first team regulars Brian Greenhoff, Sammy McIlroy, Lou Macari and Arnie Sidebottom -- the author discovers that relegation to the Second Division was not quite the financial or footballing nightmare it could have been. Alongside United in the second tier that

season were future European champions Nottingham Forest and Aston Villa. Meanwhile United finished well ahead of all of them, playing in a refreshing style before record crowds -- by April 1975 "The Doc" had revived an ailing patient and set it's pulse racing again and attracted a whole new generation of supporters along the way.

Why do we keep getting the same jobs, taking on the same relationships, and finding ourselves in the same emotional traps? Dr. Joe Dispenza not only teaches why people tend to repeat the same negative behaviors, he shows how readers can release themselves from these patterns of disappointment. With the dynamic combination of science and accessible how-to, Dispenza teaches how to use the most important tool in ones body and life—the brain. Featured in the underground smash hit of 2004, "What the Bleep Do We Know!?", Dispenza touched upon the brain's ability to become addicted to negative emotions. Now, in his empowering book Evolve Your Brain he explains how new thinking and new beliefs can literally rewire one's brain to change behavior, emotional reactions, and habit forming patterns. Most people are unaware of how addicted they are to their emotions, and how the brain perpetuates those addictions automatically. In short, we become slaves to our emotional addictions without even realizing it. By observing our patterns of thought, and learning how to 're-wire the brain' with new thought patterns, we can break the cycles that keep us trapped and open ourselves to new possibilities for growth, happiness and emotional satisfaction. Key Features A radical approach to changing addictive patterns and bad habits. Based on more than twenty years of research. Bridges the gap between science, spirituality and self-help—a formula that has proven success. Easy to understand and written for the average reader.

Christopher Hitchens, described in the London Observer as "one of the most prolific, as well as brilliant, journalists of our time" takes on his biggest subject yet—the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell's Why I Am Not a Christian and Sam Harris's recent bestseller, The End Of Faith, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope's awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix.

A pocket-sized collection of 25 easy mindfulness practices you can do anytime, anywhere—from the author of *Mindful Eating* Mindfulness can reduce stress, improve physical health and quality of life, and give you deep insight. Meditation practice is one way to do it, but not the only way. In fact, there are easy ways to fit it into your everyday life. Jan Chozen Bays provides here 25 practices that can be used on the go to cultivate mindfulness. The three-breath practice, the mindfulness of entering rooms, offering compliments, tasting your food one careful bite at a time—these deceptively simple practices can have a cumulative effect for the better. Use them to cultivate the gratitude and insight that come from paying attention with body, heart, and mind to life's many small moments. This book is an abridgment of Bays' longer collection *How to Train a Wild Elephant: And Other Adventures in Mindfulness*. *Mindfulness on the Go* is part of the Shambhala Pocket Library series. The Shambhala Pocket Library is a collection of short, portable teachings from notable figures across religious traditions and classic texts. The covers in this series are rendered by Colorado artist Robert Spellman. The books in this collection distill the wisdom and heart of the work Shambhala Publications has published over 50 years into a compact format that is collectible, reader-friendly, and applicable to everyday life.

"Y escribiras muy claramente en las piedras todas las palabras de esta ley." (Debarim - Deuteronomio 27:8) La presente obra tiene por objetivo aclarar el texto biblico a traves de la tradicion oral del pueblo de Israel, de modo de facilitar la comprension y divulgacion de la palabra de Dios a toda la humanidad permitiendo el acceso al texto original (entregado en hebreo) y a una traduccion fiel de este. Para lograr este proposito, la estructura del texto cuenta con las siguientes características: 1.- Fidelidad de la traduccion al texto original. Para lograr una mejor traduccion, usamos el texto hebreo original y la tradicion oral del pueblo de Israel. 2.- Transliteracion de los nombres y lugares biblicos Hemos cambiado las versiones espanolizadas de los terminos biblicos. De modo de permitir la correcta pronunciaci^on de estos agregamos simbolos especiales y acentos para indicar sonidos que no tienen representacion en espanol. 3.- Texto hebreo con puntuacion, cantilacion y fonetica La presente edicion contiene el texto hebreo original vocalizado y con cantilacion y bajo este se encuentra la fonetica. Para lograr una mayor comprension se ha dispuesto el texto hebreo frente al texto espanol. 4.- Anexos Estos permiten la profundizacion de distintas tematicas. 5.- Comentarios Los comentarios estan basados en la tradicion oral del pueblo de Israel, la cual fue recibida por Mosheh (Moises) en el monte Sinai y traspasada hasta nuestros dias. Estos se encuentran bajo el texto en espanol, aclarando la comprension de los versiculos senalados y explicando la etimologia de los terminos, es decir el origen de ellos en su raiz proveniente de la lengua hebrea. Presents the Swiss psychologist's thoughts, experiences, and everything he felt after a period of time spent seeing visions, hearing voices, and inducing hallucinations.

Science as a Candle in the Dark

The Spiritual Teacher in the Cards

"For five thousand years the politician and the priest have been in the same business." In this provocative volume, Osho invites us to look through his microscope and examine not only the profound influence of religion and politics in society, but also its influence in our inner world. To the extent we have internalized and adopted as our own the values and belief systems of the "powers that be," he says, we have boxed ourselves in, imprisoned ourselves, and tragically crippled our vision of what is possible. From Occupy Wall Street to the Arab Spring, from the election of the first Black president in the United States to the appointment of a new pope who promises to use St. Francis of Assisi as a role model (following endless scandals involving child abuse) the roles of priests and politicians in our public life have recently captured the attention of our times, often just initiating another round of hope and subsequent disillusionment. In other words, wittingly or unwittingly, we keep digging ourselves deeper into the mess we are in. A new kind of world is possible – but only if we understand clearly how the old has functioned up to now. And, based on that understanding, take the responsibility and the courage to become a new kind of human being. "You have to be aware who the real criminals are. The problem is that those criminals are thought to be great leaders, sages, saints, mahatmas. So I have to expose all these people because they are the causes. For example, it is easier to understand that perhaps politicians are the causes of many problems: wars, murders, massacres, burning people. It is more difficult when it

comes to religious leaders, because nobody has raised his hand against them. They have remained respectable for centuries, and as time goes on their respectability goes on growing. The most difficult job for me is to make you aware that these people – knowingly or unknowingly, that does not matter – have created this world."

Why do gardens matter so much and mean so much to people? That is the intriguing question to which David Cooper seeks an answer in this book. Given the enthusiasm for gardens in human civilization ancient and modern, Eastern and Western, it is surprising that the question has been so long neglected by modern philosophy. Now at last there is a philosophy of gardens. Not only is this a fascinating subject in its own right, it also provides a reminder that the subject-matter of aesthetics is broader than the fine arts; that ethics is not just about moral issues but about 'the good life'; and that environmental philosophy should not focus only on 'wilderness' to the exclusion of the humanly shaped environment. David Cooper identifies garden appreciation as a special human phenomenon distinct from both from the appreciation of art and the appreciation of nature. He explores the importance of various 'garden-practices' and shows how not only gardening itself, but activities to which the garden especially lends itself, including social and meditative activities, contribute to the good life. And he distinguishes the many kinds of meanings that gardens may have, from representation of nature to emotional expression, from historical significance to symbolization of a spiritual relationship to the world. Building on the familiar observation that, among human beings' creations, the garden is peculiarly dependent on the co-operation of nature, Cooper argues that the garden matters as an epiphany of an intimate co-dependence between human creative activity in the world and the 'mystery' that allows there to be a world for them at all. A Philosophy of Gardens will open up this subject to students and scholars of aesthetics, ethics, and cultural and environmental studies, and to anyone with a reflective interest in things horticultural.

Reveals the dangers associated with widespread scientific ignorance, and explains how scientific thought has served to overcome prejudice and hysteria The real story behind the Tavistock Institute and its network, from a popular conspiracy expert The Tavistock Institute, in Sussex, England, describes itself as a nonprofit charity that applies social science to contemporary issues and problems. But this book posits that it is the world's center for mass brainwashing and social engineering activities. It grew from a somewhat crude beginning at Wellington House into a sophisticated organization that was to shape the destiny of the entire planet, and in the process, change the paradigm of modern society. In this eye-opening work, both the Tavistock network and the methods of brainwashing and psychological warfare are uncovered. With connections to U.S. research institutes, think tanks, and the drug industry, the Tavistock has a large reach, and Tavistock Institute attempts to show that the conspiracy is real, who is behind it, what its final long term objectives are, and how we the people can stop them.

Brady's Book of Fixed Stars

Discover the Power of the Orishas Open the doors to divination and magic with the only deck in the world that blends the powerful magic of West African Yoruba, Brazilian Candomblé, and Santería. Depicting the vibrant spiritual forces that originated with the Yoruba people, The Tarot of the Orishas features vivid artwork and stories that bring the mysteries of the universe to light. Potent tools for magical insights, the meaning and personal impact of these cards become richer over time, providing unsurpassed knowledge of the sacred energies that shape your life. Includes a breathtaking 77-card deck and a 312-page book with card meanings, spread ideas, prayers, and rituals.

For the first time, this book offers astrologers: Paran Maps and Star Phases for over 60 stars; new insights into the natal use of fixed stars, as well as their use in mundane astrology; extensive appendices of Heliacal Rising and Acronychal Settinggraphs and tables so that, for any given location, the dates of these risings and settings can be found; a list of 176 stars with their 21st century Ptolemaic precessed positions versus their commonly-considered positions based on Ulugh Beg's methods.

A master debunker of scientific fraud and psuedo-science takes on numerology, Freud's dream theory, reflexology, and the Heaven's Gate cult, among other assaults on reason and rational thought. Reprint.

Este libro es un viaje al interior de nuestra alma a través de imágenes impactantes y frases de los entrevistados de Monica Baum, periodista argentina que se dedica a la divulgación del desarrollo personal. Los entrevistados son referentes de diferentes disciplinas, terapias y filosofías que responden a un concepto holístico de la persona y se dedican a ello de manera profesional. De cada entrevista, la conductora guardó la perla más preciada y creo un álbum de ilustraciones que busca ayudar a la persona a hacer su propio camino de sanación y expansión. Desde cada página, el lector puede acceder a la entrevista original como podcast o video y ver el programa completo. En cinco años de entrevistas, Monica Baum abordó más de 50 caminos que llevan a la salud, a la paz o a la autorealización. Este espacio responde a la afirmación de Rumi: "Los caminos son muchos, pero la búsqueda es siempre la misma". Disciplinas abordadas: Astrología, Bhakti Yoga, Biodescodificación, BioExistencia Consciente, Bioneuroemoción, Bioterapia, Budismo, Catolicismo, Coaching Metacreativo, Coaching Ontológico, Coaching Transformacional, Coaching, Constelaciones Cuánticas, Constelaciones Familiares, Constelaciones Individuales, Constelaciones Organizacionales, Cristianismo, Danza Primal, El Arte de Vivir, Eneagrama, Espiritualidad, Filosofía, Focusing, Gemoterapia, Geometría Sagrada, Hipnosis Ericksoniana, Ho'oponopono, Interacciones Primordiales, Medicina Tradicional China, Meditación Metafísica, Mindfulness Eating, Mindfulness, Numerología, Nutrición, Payaso de Hospital, Psicología, Psicología Transpersonal, Registros Akáshicos, Reiki, Religión, Reprogramación BioEmocional, Sanación Arcturiana, Sanación del Útero, Símbolos Arcturianos, Sonidos Áuricos, Tai Chi, Taoísmo, Teología, Terapia de Cristales, Terapia de Vidas Pasadas, Yoga. Cada entrevista es producida con rigor y profesionalismo, lo que permite a Monica Baum abordar desde lo más ríspido hasta lo más simple del tema. Cada encuentro es una charla amena, sin apuros, donde el invitado puede desplegar con generosidad sus conocimientos, su experiencia y sus convicciones más hondas. De ahí que fue posible recoger las perlas que componen este libro. Una manera gráfica de seguir pensando, sintiendo y sanando.
