*In the three volumes of Major Trends in Theoretical and Applied Linguistics, the editors guide the reader through a well-selected compendium of works, presenting a fresh look at contemporary linguistics. Specialists will find chapters that contribute to their fields of interest, and the three-volume collection will provide useful reading for anyone interested in linguistics. The first volume explores theoretical issues dealing with phonetics-phonology and syntax-semantics-morphology. Volume two is organized into three main sections that examine interdisciplinary linguistics: discourse analysis, gender and*

of the world. It presents empirical studies conducted in three major settings: in countries such as Japan and Brazil where English functions as the language of international commerce; in multilingual countries such as Nigeria and Zimbabwe where English is the national language of education and government; and in such countries as Canada, the United Kingdom and the United States where English is the dominant language. The book opens with a discussion of language assessment in relation to debates about the

is about real events, real people and real life. It is the story of a middle aged man who worked hard and had a successful career in Sales and Marketing after graduating from polytechnic with a Bsc Hons degree in Applied Biology 2:2. Whose mum was killed in a tragic road accident while rushing home from work on a busy Saturday night she ran into the path of an on coming car and was killed outright. My dad and me had to race down to the hospital to recognize her. It took many weeks to get over this event and it almost drove dad to drink. It was clear I had to be strong for him and my
