A Lively and Entertaining Guide to Reading Between the Lines
Oedipus, King of Thebes, sends his brother-in-law, Creon, to ask advice of the oracle at Delphi, concerning a plague ravaging Thebes. Creon returns to report that the plague is the result of religious pollution, since the murderer of their former king, Laius, has never been caught. Oedipus vows to find the murderer and curses him for causing the plague. Oedipus summons the blind prophet Tiresias for help. When Tiresias arrives he claims to know the answers to Oedipus's questions, but refuses to speak, instead telling him to abandon his search. Oedipus is enraged by Tiresias' refusal, and verbally accuses him of complicity in Laius' murder. Outraged, Tiresias tells the king that Oedipus himself is the murderer ("You yourself are the criminal you seek"). Oedipus cannot see how this could be, and concludes that the prophet must have been paid off by Creon in an attempt to undermine him. The two argue vehemently, as Oedipus mocks Tiresias' lack of sight, and Tiresias in turn tells Oedipus that he himself is blind. Eventually Tiresias leaves, muttering darkly that when the murderer is discovered he shall be a native citizen of Thebes, brother and father to his own children, and son and husband to his own mother.

A visceral expressionist masterpiece, Sophie Treadwell's play *Machinal* was first seen on Broadway in 1928, in London in 1930, and was later revived in the 1990s. This edition was published alongside the 2018 production at the Almeida Theatre, London, directed by Natalie Abrahami.

Set in a Newark neighborhood during a terrifying polio outbreak, *Nemesis* is a wrenching examination of the forces of circumstance on our lives. Bucky Cantor is a vigorous, dutiful twenty-three-year-old playground director during the summer of 1944. A javelin thrower and weightlifter, he is disappointed with himself because his weak eyes have excluded him from serving in the war alongside his contemporaries. As the devastating disease begins to ravage Bucky's playground, Roth leads us through every inch of emotion such a pestilence can breed: fear, panic, anger, bewilderment, suffering, and pain. Moving between the streets of Newark and a pristine summer camp high in the Poconos, *Nemesis* tenderly and startlingly depicts Cantor's passage into personal disaster, the condition of childhood, and the painful effect that the wartime polio epidemic has on a closely-knit, family-oriented Newark community and its children.

A thoroughly revised and updated edition of Thomas C. Foster's classic guide—a lively and entertaining introduction to literature and literary basics, including symbols, themes, and contexts—that shows you how to make your everyday reading experience more rewarding and enjoyable. While many books can be enjoyed for their basic stories, there are often deeper literary meanings interwoven in these texts. How to Read Literature Like a Professor helps us to discover those hidden truths by looking at literature with the eyes—and the literary codes—of the ultimate professional reader: the college professor. What does it mean when a literary hero travels along a dusty road? When he hands a drink to his companion? When he's drenched in a sudden rain shower? Ranging from major themes to literary models, narrative devices, and form, Thomas C. Foster provides us with a broad overview of literature—a world where a road leads to a quest, a shared meal may signify a

communion, and rain, whether cleansing or destructive, is never just a shower—and shows us how to make our reading experience more enriching, satisfying, and fun. This revised edition includes new chapters, a new preface, and a new epilogue, and incorporates updated teaching points that Foster has developed over the past decade.

Oedipus at Colonus provides a fitting conclusion to the life of the aged and blinded king, while Antigone depicts the fall of the next generation, through the conflict between a young woman ruled by her conscience and a king too confident of his own authority. Friedrich Holderlin (1770-1843) was one of Europe's greatest poets. David Constantine's Selected Poems of Holderlin won him the 1997 European Poetry Translation Prize. Now he has turned to Holderlin's versions of Sophocles, seeking to create an equivalent English for these extraordinary German recreations of the classic Greek verse plays. Constantine has translated Holderlin's translations, carrying as much of their strangeness as possible into his English. The plays themselves need no introduction or

apology. These double translations, links in literature from land to land and from age to age, demonstrate the vitality of ancient and modern poetic tradition.
