

Of Mice And Men Study Guide Questions Answers

A controversial tale of friendship and tragedy during the Great Depression A Penguin Classic Over seventy-five years since its first publication, Steinbeck’s tale of commitment, loneliness, hope, and loss remains one of America’s most widely read and taught novels. An unlikely pair, George and Lennie, two migrant workers in California during the Great Depression, grasp for their American Dream. They hustle work when they can, living a hand-to-mouth existence. For George and Lennie have a plan: to own an acre of land and a shack they can call their own. When they land jobs on a ranch in the Salinas Valley, the fulfillment of their dream seems to be within their grasp. But even George cannot guard Lennie from the provocations, nor predict the consequences of Lennie’s unwavering obedience to the things George taught him. Of Mice and Men represents an experiment in form, which Steinbeck described as “a kind of playable novel, written in a novel form but so scened and set that it can be played as it stands.” A rarity in American letters, it achieved remarkable success as a novel, a Broadway play, and three acclaimed films. This edition features an introduction by Susan Shillinglaw, one of today’s leading Steinbeck scholars. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

These study notes are suitable for any course of study which includes this literary text. The study notes include detailed chapter summaries, study questions, character studies, essays on themes, language and style, suggestions for creative tasks and sample examination questions.As the free preview does not go as far as the essays on character and theme, an extract is given below so that you can judge the level of detail and difficulty:George is a "bindlestiff" - an itinerant ranch hand. His physical characteristics are that he is "small", "dark of face" and has "sharp, strong features" (ch. 1, p. 2). In this initial description of George, there are also some hints about his character: he is "quick" and has "restless eyes". Later in the book, when he is talking to Slim, he says "I ain't so bright neither, or I wouldn't be buckin' barley for my fifty and found" (ch. 3, p. 44). This may be true, but he is certainly clever and wise. It could be that, when he says this, he is excusing himself, knowing that he could have achieved more if he did not have to look after Lennie. His wisdom and common sense are demonstrated in the next few pages when he advises Lennie to be careful about the pool because it "Looks kinda scummy" (ch. 1, p. 3). He explains to Lennie: "You never oughta drink water when it ain't running." By contrast, Lennie just puts his head in the water and gulps it "like a horse". This little incident brings out the contrast between the two men very early in the novel. We soon find out that Lennie is mentally disabled, and that George looks after him. The history of their relationship is explained later in the novel, when he is talking to Slim in chapter 3:"Him and me was both born in Auburn. I knowed his Aunt Clara. She took him when he was a baby and raised him up. When his Aunt Clara died, Lennie just come along with me out workin'." (ch. 3, p. 45)

Master the material and ace any assignment with this innovative study guide series. This book is perfect for both students and teachers, as it produces true mastery of content knowledge and book details. Other study guides simply give basic details of the novel, meaning that students read over material without digesting or learning it. Other study guides take complex themes, concepts, and information and just regurgitate it to readers. This Study Guide series is different. Using the original text as a guide, you will learn to cite evidence from the text in order to complete and reflect on your reading.Designed under the guidance of an experienced and credentialed instructor, this study guide series GUIDES the learner to discovering the answers for themselves, creating a fully detailed study guide, in the user’s own words. Filled with guided reading activities, students are able to fill this guidebook with their own information. If you read it, write it, and reflect on it, you will learn it!Teachers, you can also purchase a set of these books (or one book and make copies) for your entire class. It makes the perfect guided reading activity and will teach students how to internalize the reading, note taking, and learning process that advanced readers naturally perform. These make the perfect workbook to keep your class engaged and learning.

**This book is aimed at GCSE students of English Literature who are studying John Steinbeck’s Of Mice and Men. The focus is on what examiners are looking for and here you will find each chapter covered in detail.
"Created by Harvard students for students everywhere"--Page 4 of cover.**

In her own singularly beautiful style, Newbery Medal winner Sharon Creech intricately weaves together two tales, one funny, one bittersweet, to create a heartwarming, compelling, and utterly moving story of love, loss, and the complexity of human emotion. Thirteen-year-old Salamanca Tree Hiddle, proud of her country roots and the "Indian-ness in her blood," travels from Ohio to Idaho with her eccentric grandparents. Along the way, she tells them of the story of Phoebe Winterbottom, who received mysterious messages, who met a "potential lunatic," and whose mother disappeared. As Sal entertains her grandparents with Phoebe’s outrageous story, her own story begins to unfold—the story of a thirteen-year-old girl whose only wish is to be reunited with her missing mother.

From the duo behind the massively successful and award-winning podcast Stuff You Should Know comes an unexpected look at things you thought you knew. Josh Clark and Chuck Bryant started the podcast Stuff You Should Know back in 2008 because they were curious—curious about the world around them, curious about what they might have missed in their formal educations, and curious to dig deeper on stuff they thought they understood. As it turns out, they aren't the only curious ones. They've since amassed a rabid fan base, making Stuff You Should Know one of the most popular podcasts in the world. Armed with their inquisitive natures and a passion for sharing, they uncover the weird, fascinating, delightful, or unexpected elements of a wide variety of topics. The pair have now taken their near-boundless "whys" and "hows" from your earbuds to the pages of a book for the first time—featuring a completely new array of subjects that they've long wondered about and wanted to explore. Each chapter is further embellished with snappy visual material to allow for rabbit-hole tangents and digressions—including charts, illustrations, sidebars, and footnotes. Follow along as the two dig into the underlying stories of everything from the origin of Murphy beds, to the history of facial hair, to the psychology of being lost. Have you ever wondered about the world around you, and wished to see the magic in everyday things? Come get curious with Stuff You Should Know. With Josh and Chuck as your guide, there's something interesting about everything (...except maybe jackhammers).

A comprehensive study guide offering in-depth explanation, essay, and test prep for selected works byJohn Steinbeck’s, 1962 Nobel Prize in Literature winner. Titles in this study guide include The Grapes of Wrath, The Pearl, Of Mice and Men, Cannery Row, East of Eden, and The Winter of our Discontent. As an author of the Civil Rights Era, Steinbeck effectively writes symbolic structures and conveys social criticism in a progressively idealistic tone. Moreover, his proletarian themes strike a universal chord with readers as they battle with moral and complex ideologies. This Bright Notes Study Guide explores the context and history of John Steinbeck’s classic work, helping students to thoroughly explore the reasons they have stood the literary test of time. Each Bright Notes Study Guide contains: – Introductions to the Author and the Work – Character Summaries – Plot Guides – Section and Chapter Overviews – Test Essay and Study Q&As The Bright Notes Study Guide series offers an in-depth tour of more than 275 classic works of literature, exploring characters, critical commentary, historical background, plots, and themes. This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research.

Tells a story about the strange relationship of two migrant workers who are able to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and strangles a farmer's wife.

In the tradition of Silent Spring and The Sixth Extinction, an urgent, meticulously researched, and groundbreaking book about the ways in which chemicals in the modern environment are changing—and endangering—human sexuality and fertility on the grandest scale, from renowned epidemiologist Shanna Swan. In 2017, author Shanna Swan and her team of researchers completed a major study. They found that over the past four decades, sperm levels among men in Western countries have dropped by more than 50 percent. They came to this conclusion after examining 185 studies involving close to 45,000 healthy men. The result sent shockwaves around the globe—but the story didn't end there. It turns out our sexual development is changing in broader ways, for both men and women and even other species, and that the modern world is on pace to become an infertile one. How and why could this happen? What is hijacking our fertility and our health? Count Down unpacks these questions, revealing what Swan and other researchers have learned about how both lifestyle and chemical exposures are affecting our fertility, sexual development—potentially including the increase in gender fluidity—and general health as a species. Engagingly explaining the science and repercussions of these worldwide threats and providing simple and practical guidelines for effectively avoiding chemical goods (from water bottles to shaving cream) both as individuals and societies, Count Down is at once an urgent wake-up call, an illuminating read, and a vital tool for the protection of our future.

**Friendship in an Age of Economics
First published in 1937, Of Mice and Men has been a staple of American literature ever since. Divided by decade, The Essential Criticism of John Steinbeck’s Of Mice and Men provides an overview of criticism over the 70 years the book has been in print. Michael J. Meyer has assembled significant articles and book excerpts from critics and reviewers, citing the early book reviews and highlighting some of the most significant essays. While not all critical studies are included, those assessments not present in the text are evaluated by summaries and their bibliographic citations are given. The essays express various critical approaches, including those that criticize the book and examine what some consider the book’s flaws. Ideal for research work at all levels, this volume collects in one place the most significant contributions to the study of the novel, making it a welcome addition to the canon of Steinbeck criticism.**
