

Once Upon An Apocalypse Book 3 Gathering Home

In this post-apocalyptic novel from Newbery Medal-winning author Robert C. O'Brien, a teen girl struggling to survive in the wake of unimaginable disaster comes across another survivor. Ann Burden is sixteen years old and completely alone. The world as she once knew it is gone, ravaged by a nuclear war that has taken everyone from her. For the past year, she has lived in a remote valley with no evidence of any other survivors. But the smoke from a distant campfire shatters Ann's solitude. Someone else is still alive and making his way toward the valley. Who is this man? What does he want? Can he be trusted? Both excited and terrified, Ann soon realizes there may be worse things than being the last person on Earth.

In Harm's Way, Book 3 in the Surviving the Zombie Apocalypse series, picks up on Day 8 where "Soldier On: Surviving the Zombie Apocalypse" left off. Outbreak – Day 8 After running and gunning across much of the western U.S., Cade Grayson, former Delta Force operator, is finally reunited with his wife Brook and daughter Raven. Hours after arriving at the relative safety of Schriever Air Force Base in Colorado Springs, the new Capital of the United States, Cade is approached by the new President, Valerie Clay. Her request is simple: she appeals to the patriot in him to rejoin the Unit that he left for civilian life fifteen months prior and once more go into harm's way, taking the fight to the enemy. Meanwhile, Duncan Winters, Vietnam-era aviator, finds himself stranded in Springs along with BLM firefighter Daymon Bush. Both men arrived with Cade and were promised transport back to Eden, Utah. Duncan longs to be reunited in Eden with his brother Logan, a survivalist/ Doomsday prepper. Daymon, with no surviving family, knows only one thing for certain: he doesn't want to remain trapped behind the wire inside of a huge government-run military base. Mere days after Washington D.C. is overrun and the sitting President goes missing, Robert Christian, billionaire kingmaker who has been waiting in the wings for a world-changing event such as this, marshals his group of mercenaries led by former Navy SEAL Ian Bishop. Their mission: to control what remains of the United States by any means necessary and ultimately reshape the country to fit their warped vision for a new world order. Will Cade accept President Clay's overture and embark on a new high priority mission alongside his friend and mentor, Delta Commander General Mike Desantos? Will Brook Grayson continue to hone her newly found survival skills and successfully train her eleven-year-old daughter Raven to defend herself against the undead threat? Will Captain Ronnie Gaines and his SF soldiers from Fort Kit Carson succeed in clearing downtown Springs of the zombie menace? Will Duncan and Daymon survive their flight from Schriever Air Force Base and find the survivalist group in Eden? Can the human race survive what appears to be its final extinction level event?

█ Contemporary American horror literature for children and young adults has two bold messages for readers: adults are untrustworthy, unreliable and often dangerous; and the monster always wins (as it must if there is to be a sequel). Examining the young adult horror series and the religious horror series for children (Left Behind: The Kids) for the first time, and tracing the unstoppable monster to Seuss's Cat in the Hat, this book sheds new light on the problematic message produced by the combination of marketing and books for contemporary American young readers.

Surviving a pandemic disease that has killed everyone he knows, a pilot establishes a shelter in an abandoned airport hangar before hearing a random radio transmission that compels him to risk his life to seek out other survivors. A first novel by the author of The Whale Warriors. Reprint.

Zombie Apocalypse! Fightback

Book 1 – The Journey Home – Revised Edition

MOST ANTICIPATED by Bustle • "Sci-Fi Thriller" recommendation from Buzzfeed • An Indie Next Pick In this stunning follow-up to Hollow Kingdom and Seattle Times/Pacific Northwest Booksellers Association bestseller, the animal kingdom's "favorite apocalyptic hero" is back with a renewed sense of hope for humanity, ready to take on a world ravaged by a viral pandemic (Helen Macdonald). Once upon an apocalypse, there lived an obscenely handsome American crow named S.T. . . . When the world last checked-in with his favorite Cheeto addict, the planet had been overrun by flesh-hungry beasts, and nature had started re-claiming her territory from humankind. S.T., the intrepid crow, alongside his bloodhound-beslie Dennis, had set about saving pets that had become trapped in their homes after humanity went way of the dodo. That is, dear reader, until S.T. stumbled upon something so rare—and so precious—that he vowed to do everything in his power to safeguard what could, quite literally, be humanity's last hope for survival. But in a wild world plagued by prejudiced animals, feather-raising environments, new threats so terrifying they make zombies look like baby bunnies, and a horrendous death of cheesy snacks, what's a crow to do? Why, wing it on another big-hearted, death-defying adventure, that's what! Joined by a fabulous new cast of animal characters, S.T. faces many new challenges plus his biggest one yet: parenthood. Includes a Reading Group Guide. "Koonz gives [Odd Thomas] wit, good humor, a familiarity with the dark side of humanity—and moral outrage."—USA Today Once presided over by a Roaring '20s Hollywood mogul, the magnificent West Coast estate known as Roseland now harbors a reclusive billionaire financier and his faithful servants—and their guests: Odd Thomas, the young fry cook who sees the dead and tries to help them, and Annamaria, his inscrutably charming traveling companion. Fresh from a harrowing clash with lethal adversaries, they welcome their host's hospitality. But Odd's extraordinary eye for the uncanny detects disturbing secrets that could make Roseland more hell than heaven. Soon enough the house serves up a taste of its terrors, as Odd begins to unravel the darkest mystery of his curious career. What consequences await those who confront evil at its most profound? Odd only knows. "Odd Thomas is the greatest character Dean Koontz has ever created. He's funny, humble, immensely likable, courageous, and just a joy to read about."—Seattle Post-Intelligencer "[Odd Thomas is] one of the most remarkable and appealing characters in current fiction."—The Virginian-Pilot "Supernatural thrills with a side of laughs."—The Denver Post

A bold and urgent perspective on how American foreign policy must change in response to the shifting world order of the twenty-first century, from the New York Times bestselling author of The Limits of Power and The Age of Illusions. The purpose of U.S. foreign policy has, at least theoretically, been to keep Americans safe. Yet as we confront a radically changed world, that becomes indubitably clear that the terms of that policy have failed. Washington's insistence that a market economy is compatible with the common good, its faith in the idea of the "West" and its "special relationships," its conviction that global military primacy is the key to a stable and sustainable world order—these have brought endless wars and a succession of moral and material disasters. In a bold reconception of America's place in the world, informed by thinking from across the political spectrum, Andrew J. Bacevich—founder and president of the Quincy Institute for Responsible Statecraft, a bipartisan Washington think tank dedicated to foreign policy—lays down a new approach—one that is based on moral pragmatism, mutual coexistence, and war as a last resort. Confronting the threats of the future—accelerating climate change, a shift in the international balance of power, and the ascendance of information technology over brute weapons of war—his vision calls for nothing less than a profound overhaul of our understanding of national security. Crucial and provocative, After the Apocalypse sets out new principles to guide the once-but-no-longer sole superpower as it navigates a transformed world.

This long-awaited sequel to the bestselling Zombie Apocalypse! is once again a 'mosaic novel' which weaves together contributions from big-name writers in the form of essays, reports, letters, official documents and transcripts to create a coherent and compelling narrative. In volume one old-school, flesh-eating zombies spread 'The Death' around the world. Now, the fightback begins. Praise for Zombie Apocalypse: Clever, gruesome, poignant and pacy . . . it's hard to avoid this book's clutches - much like the shambling corpses that fill its pages. Financial Times. "An innovative, collaborative venture." The Bookseller. "Moving, funny, terrifying and strikingly original." SFX.

The Apocalypse of Abraham

Rebel Star: A LitRPG Post-Apocalyptic Space Opera (System Apocalypse Book 8)

Slow Apocalypse

Book 2 - The Search

Surviving the Zombie Apocalypse

Considered by many to be 'the last important product of the Apocalyptic movement', The Apocalypse of Abraham is an apocryphon, a work that belongs to a body of prophetic Abrahamic literature flourishing about the time of Christ. The text details the Destruction of the Temple and thus was written after 70 AD. It is considered part of the Apocalyptic literature but not regarded as authoritative Scripture.

We know you are here, our brothers and sisters. . . . Pressia barely remembers the Detonations or much about life during the Before. In her sleeping cabinet behind the rubble of an old barbershop where she lives with her grandfather, she thinks about what is lost-how the world went from amusement parks, movie theaters, birthday parties, fathers and mothers. . . . to ash and dust, scars, permanent burns, and fused, damaged bodies. And now, at an age when everyone is required to turn themselves over to the militia to either be trained as a soldier or, if they are too damaged and weak, to be used as live targets, Pressia can no longer pretend to be small. Pressia is on the run. Burn a Pure and Breathe the Ash. . . . There are those who escaped the apocalypse unmarked. Pures. They are tucked safely inside the Dome that protects their healthy, superior bodies. Yet Partridge, whose father is one of the most influential men in the Dome, feels isolated and lonely. Different. He thinks about loss-maybe just because his family is broken; his father is emotionally distant; his brother killed himself; and his mother never made it inside their shelter. Or maybe it's his claustrophobia: his feeling that this Dome has become a swaddling of intensely rigid order. So when a slipped phrase suggests his mother might still be alive, Partridge risks his life to leave the Dome to find her. When Pressia meets Partridge, their worlds shatter all over again.

What If It's Us meets Life as We Knew It in this postapocalyptic, queer YA adventure romance from debut author Erik J. Brown. Perfect for fans of Adam Silvera and Alex London. When Andrew stumbles upon Jamie's house, he's injured, starved, and has nothing left to lose. A deadly pathogen has killed off most of the world's population, including everyone both boys have ever loved. And if this new world has taught them anything, it's to be scared of what other desperate people will do . . . so why does it seem so easy for them to trust each other? After danger breaches their shelter, they flee south in search of civilization. But something isn't adding up about Andrew's story, and it could cost them everything. And Jamie has a secret, too. He's starting to feel something more than friendship for Andrew, adding another layer of fear and confusion to an already tumultuous journey. The road ahead of them is long, and to survive, they'll have to shed their secrets, face the consequences of their actions, and find the courage to fight for the future they desire, together. Only one thing feels certain: all that's left in their world is the undeniable pull they have toward each other.

One upon the Throne and the Lamb: A Tradition Historical/Theological Analysis of Revelation 4-5 is an analysis of the tradition history underlying Revelation 4-5 and the way John employed these traditions. The hypothesis is that John incorporated themes from the Hebrew Bible and Jewish tradition, especially apocalypticism and Greco-Roman themes, to present his vision of God and Christ. In the process, John has transformed the traditions to present a unique and exalted vision of both God and Christ.

Once Upon a Time in Hollywood

America's Role in a World Transformed

The Dog Stars

Following a devastating EMP event, young Will Carter, better prepared than most, is determined to find his special friend Lizzy and relocate her to the safety of his community. But can she survive long enough to be found? Obstacles and dangers abound for both, and a new villain emerges in this second book of the series.

Throughout history parents have told their children stories to help them sleep, to keep them entertained. But we're pretty sure none of those parents had this in mind. These are the fairy tales that will give you and your children nightmares. From the darkest depths of Grimm and Anderson come the immortal mash-ups with the creations of Lovecraft.

█ The bestselling author of the Guardian Trilogy comes a new romantic suspense... On an ordinary day in early September, Kennedy Shaw leaves for school unaware that within a few minutes the world she knows will be gone - succumbed to an outbreak of epidemic proportions. After finding a safe haven inside the security of her enclosed high school, she learns that four others have survived, one being a bold, mysterious transfer student from Texas whose unruffled demeanor harbors more than a cool interest in her. As they struggle to survive the dead fighting their way inside, will Kennedy discover there is more to life than survival? And will she and the others find a way to live in this terrifying new world?

Hear What the Critics are Saying "Wow, what an amazing and Entertaining Book; great cast of characters, very good story with a lot of eerie twists and turns. Population Zero is by far one of the best zombie books to have come out in a long time." -Mary Jones - Valley Daily News "A must read in the horror genre. Population Zero is a book that will leave you begging for more; Five Stars All The Way." -Judy B. Cohen - Elite Media Group "Deliciously entertaining and very fun read. I bought it for a friend as a gift and she loved it as well. It's by far one of the finest zombie apocalypse books to have come out in the last decade. Highly Recommend This Book." -Dave Baker - Book Bloggers of America "Very interesting story. I highly recommend this book to any zombie lover out there. Can't Go Wrong." -Carl Mosner - Readers Cove Unlimited "Population Zero is an extremely well developed post-apocalyptic zombie tale. I really had a lot of fun reading this story. If you're looking for a phenomenal zombie book, then look no further than this one. Ten Thumbs Up." -Debra Eisner - Literary Times Inc. "My favorite zombie book this year, so far I have read more than eight. Once I started reading, I simply couldn't put it down. Great Read." -Emma Righter - Writers United Group "This story reminded me why I fell in love with reading zombie books in the first place; thank you Mr. Harding for making such an amazing and fun book. Keep up with the great story telling. Awesome Book!" -Lee Ratner - Daily Media Trends, Inc. Editorial Review Population Zero is an amazing book and a really interesting read. By the end of the book, you will feel like you have gone on an emotional rollercoaster which is not only fun, but also frightening. This zombie book is definitely one of a kind in the horror genre. If you are looking for a book that will leave you biting your nails at the edge of your seat, then look no further than Population Zero. This book is chock-full of amazing characters and terrifying zombies. Five Stars! Jim S. Stein About the Book When a scientist unleashes the deadliest virus the world has ever seen, a small group must band together to survive the zombie apocalypse; their tale is one of redemption, joy and tears. Come and join us in the town of Steel Valley. A world filled with chaos, where even the dead don't know their rightful place. NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entirely," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of doing to one another.

ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.
"By the author of the award-winning To Be a Machine, a deeply considered look at the people and places in confrontation with the end of our days. We're alive in a time of worst-case scenarios: The weather has gone uncanny, volatile. Our old post-war alliances are crumbling. Everywhere you look there's an omen, a joke whose punchline is the end of the world. How do we live in the shadow of such a grim future? What does the world hold for our children? What might it be like to live through the worst? And what is anybody doing about it?" Dublin-based writer Mark O'Connell ("wryly humorous, cogently insightful"-NPR) is possessed by these questions. In Notes from an Apocalypse, he crosses the globe in pursuit of answers.

As our world grows ever more technologically advanced, we are also becoming ever more dependent on it. In Notes from an Apocalypse, he crosses the globe in pursuit of answers, tours survival bunkers in South Dakota. He ventures to New Zealand, a favored retreat of billionaires banking on civilization's collapse. And he bears witness to those places where there already has been armed arrival--real-life portraits of the end of the world as we know it. In doing so, he offers us a unique window into our apocalyptic imagination. Part tour, part pilgrimage.

Notes from an Apocalypse is an affecting and hopeful meditation on our alarming present tense. With insight, humanity, and wit, O'Connell leaves you to wonder: What if the end of the world isn't the end of the world?--

Enter the Apocalypse

After the Apocalypse Book 4 Retaliation

A Cyclopedia of Biblical Literature... Illustrated by Numerous Engravings

Party set in Argentina, partly in France this anti-German story describes the horrors of WW I as the background for a tragic story of illicit love.

Thirty-two authors from all over the world have created a wide range of apocalypses for your reading pleasure. Within the pages of this anthology, you will find exceptional works focusing on hungry zombies, virulent viruses, nuclear missiles, malevolent fey, vindictive aliens, challenging crustaceans, and more - each of these maelstroms creating massive disturbances within society. While works of holocausts tend toward a uniform darkness, Enter the Apocalypse contains a number of catastrophes that are humorous enough to cause hysterics and others that are so black as to cause the devil himself to shrink away. Contributing authors include: Kim Alan, Mike Barretta, Nick Barton, Gustavo Bondani, Matthew Buscemi, Jessica Conoley, Lana Cooper, Jonathan Cromack, Michael Cummings, Lisha Goldberg, Bruce Golden, Russell Hemmell, Tom Jolly, Madison Keller, Simon Kevin, Morgen Knight, Janice Law, John A. McColley, Donna J.W. Munro, Katrina Nicholson, Naomi Brett Rourke, Jacalyn Schnelle, Jay Seate, Eric James Spannerman, T.M. Starnes, Stephanie Vance, Rachel Verkade, Aaron Vlek, John Walters, Filip Wittgren, Brigitte Winter, Trevor James Zaple

I never thought I'd have a bounty on my head the size of the Milky Way. Of course, I never thought I'd be able to bend time, either. But hey, life is full of surprises. Don't get me wrong, feeling like a goddess has its perks, but those perks come with a hefty price. My brain is tapica. I'm stranded in the middle of dead space. Ratters are using me for target practice, and a giant, cybernetic monster named Oscar is trying to make me his chew toy. All this because I played superhero (or thief, according to some) and snatched a doomsday device from an intergalactic mobster. So if I don't make it out of here alive, remember this: Above all else, I want a Viking funeral. If you love Firefly, can't get enough of Doctor Who, or think the idea of a female Indiana Jones scouring the galaxy for precious artifacts with a gigantic tiger at her side sounds like it could be a lot of fun, then this is the book for you. Grab your copy today! (Publisher is not responsible for any lack of sleep due to the witty humor, lovable and memorable characters, and constant twists and turns that are contained within.)

Questions and answers abound in the Rebel Star Weary and tired from playing Galactic bounty hunter and assassin, John and his crew of intelligent human survivors find themselves in Spaks after their latest escapade bring more heat than ever. In the outpost station of rebels and pirates, John is caught up in Galactic politics once again. As trouble approaches the hyperdrive engines of his many enemies, John finds answers to the System Quest and even more questions in the Rebel Station. Rebel Star is Book 8 of the System Apocalypse, a LitRPG Apocalypse series that combines modern day life, science fiction and fantasy elements along with game mechanics.

Lovecraftian Fairy Tales

Earth Abides

A Tradition Historical/theological Analysis of Revelation 4-5

Vampire Apocalypse: A World Torn Asunder

A Cyclopedia of Biblical Literature

Once Upon an Apocalypse

In a desolate world where communications have ceased . . . where the global oil supply is quickly dwindling, vampires rise to rule the Earth. In this new era of blood and depravity, you are either a slave to the dark masters or dinner . . . either a breeding vessel or a rebel. Charismatic leader Peter Harris is the latter. Join him and his band of comrades as they fight to take back and then rebuild a world torn asunder . . .

"It is worse, much worse, than you think. If your anxiety about global warming is dominated by fears of sea-level rise, you are barely scratching the surface of what terrors are possible. In California, wildfires now rage year-round, destroying thousands of homes. Across the US, "500-year" storms pummel communities month after month, and floods displace tens of millions annually. This is only a preview of the changes to come. And they are coming fast. Without a revolution in how billions of humans conduct their lives, parts of the Earth could become close to uninhabitable, and other parts horrifically inhospitable, as soon as the end of this century. In his travogue of our near future, David Wallace-Wells brings into stark relief the climate troubles that await -- food shortages, refugee emergencies, and other crises that will reshape the globe. But the world will be remade by warming in more profound ways as well, transforming our politics, our culture, our relationship to technology, and our sense of history. It will be all-encompassing, shaping and distorting nearly every aspect of human life as it is lived today. Like An Inconvenient Truth and Silent Spring before it, The Uninhabitable Earth is both a meditation on the devastation we have brought upon ourselves and an impassioned call to action. For just as the world was brought to the brink of catastrophe within the span of a lifetime, the responsibility to avoid it now belongs to a single generation".

What's worse than Australian wildlife? Mutated Australian wildlife. The System Apocalypse has come to Australia, altering native organisms and importing even more menacing creatures to the most dangerous continent on Earth. For Kira Kent, plant biologist, the System arrives while she's pulling an all nighter at work with her pair of kids in tow. Now, instead of mundane parental concerns like childcare and paying the bills, she's got to figure out how to survive a world where already deadly flora and fauna have grown even more perilous - all while dealing with the minutiae of the System's pesky blue screens and Levels and somehow putting together a community of survivors to forge a safe zone to shelter her son and daughter. It almost makes her miss the PTA fundraising sales. Almost. Town Under is the first book in a new series, The System Apocalypse: Australia. It's set in the same universe as Tao Wong's The System Apocalypse and starts in the same time period as Life in the North but focuses on the changes in the deadliest of continents, Australia. Fans of the original series, LitRPG, fantasy, science-fiction and post-apocalyptic novels will want to take a look.

The Day-The day was like any other day-until it became "The Day." The United States is attacked with an Electro-Magnetic Pulse weapon. Nearly every system that depends on computers and electronics cease to work. The electrical grid and communications go down. Cars don't work. Follow Jill, Jack and John as they struggle to make it home.

After the Apocalypse Book 5 Retribution

Feral Creatures

Life After Warming

Notes, Explanatory and Practical, on the Book of Revelation

Mistakes I Made During the Zombie Apocalypse

Despite wars with Iraq and Afghanistan, as well as 9/11, the United States' dependence on foreign oil has kept the nation tied to the Middle East. A scientist has developed a cure for America's addiction—a slow-acting virus that feeds on petroleum, turning it solid. But he didn't consider that his contagion of an Iraqi oil field would spread to infect the fuel supply of the entire world... In Los Angeles, screenwriter Dave Marshall heard this scenario from a retired U.S. Marine and government insider who acted as a consultant on Dave's last film. It sounded as implausible as many of his scripts, but the reality is much more frightening than anything he can envision. An ordinary guy armed with extraordinary information, Dave hopes his survivor's instinct will kick in so he can protect his wife and daughter from the coming apocalypse that will alter the future of Earth—and humanity...

Quentin Tarantino's long-awaited first work of fiction—at once hilarious, delicious and brutal—is the always surprising, sometimes shocking, novelization of his Academy Award winning film. RICK DALTON—Once he had his own TV series, but now Rick's a washed-up villain-of-the-week drowning his sorrows in whiskey sours. Will a phone call from Rome save his fate or seal it? CLIFF BOOTH—Rick's stunt double, and the most infamous man on any movie set because he's the only one there who might have got away with murder. . . . SHARON TATE—She left Texas to chase a movie-star dream, and found it. Sharon's salad days are now spent on Cielo Drive, high in the Hollywood Hills. CHARLES MANSON—The ex-con's got a bunch of zonked-out hippies thinking he's their spiritual leader, but he'd trade it all to be a rock 'n' roll star.
