By day, Robin Lessing has a successful career as a university archivist. By night, she blogs about her less-than-successful search for Mr. Tall, Dark and Dominant. Living up to her handle "The Picky Submissive," she's on the verge of giving up and settling for vanilla with a side of fuzzy handcuffs when she discovers her best friend and colleague has a kinky side, too. Sexy, tattooed techie John Sun is an experienced Dom who never lacks for playmates, male or female. If he can't satisfy Robin's cravings, maybe no one can--after all, he knows her better than anyone. So he offers to help her master the art of submission for one month. Robin eagerly agrees to John's terms, even the pesky little rule forbidding any friendship-ruining sex. But rules are made to be broken, and once they begin their stimulating sessions, it's not long before she's ready to beg him for more--much more... 60,000 words

**Warning: this book contains foul language, crude humor and hot sex! Dating-** when you're looking for someone who's just as kinky as you are-- is tough. So tough, that Iris is about to give up her search for a man. She's already got more than enough on her plate with a job waiting tables, a taco truck business she's trying to make into a success, and a non-stop meddling mother. A man would only further complicate life. Dom's just looking for a woman who will accept his terms: no strings, casual sex, he calls all the shots. He's got no interest in a commitment and he's certainly not looking for love--he's focused on growing the construction business he's built from the ground up. But when these two meet and their tempers collide, sparks fly, though not all of them are the good kind. After one memorable public yelling match at a party hosted by the local kink group, they're forced to spend the next five weeks together, learning about **BDSM-** which turns into becoming intimately acquainted with

each other's deepest desires. What they discover is that maybe no strings isn't exactly what either of them want. But is what they feel enough to build a relationship on? Or will the secrets they don't share tear them apart? Everything is perfect for Dom and businessman Richard and bestselling author and sub, Dean—until a tragedy leaves Dean raising his infant niece. Richard never wanted kids, never wanted this life. When another crisis strikes, can they pull together?

Dominic Navarre only wants to survive yet another tedious meeting with the principal of the high school where he coaches. He's not interested in finding a mate (to the irritation of his Alpha) and he's definitely not prepared to come across an unprotected Pack female roaming the hallway of his school. Her presence brings danger as her ignorance threatens all of them, but his overwhelming need to protect her might cost him everything as her arrival ignites a decades old war between packs. A companion novel to The Pack. This is Dom's version of the story. It is NOT a new story but has details/scenes not in Jess's version. Also includes the first chapter of Caleb's story coming this fall.

She wants a revenge affair to get over a failed relationship. He meets a pretty girl in a casino one night and thinks a fling with her would be fun. Ben is a secret Dom and he opens up a whole new world for Sabrina. As the two become closer, she fears she is falling for him. Sabrina is keeping a secret, though - a lie by omission. It's been all fun and games so far, but what will happen when Ben finds out? Will the betrayal end what was beginning to be a perfect union for both of them, or will it somehow cement their bond even more?

Love Letters to My Dom

*Vanessa Harris seems to be having a bad night. She's been abandoned by friends, has had to avoid a "dominant" freak of nature, and worst yet, she seems to find herself the object of attention to a man that can barely seem to speak English. Vanessa isn't interested in an interracial relationship, yet it seems Mr. Handsome blonde isn't getting the message. It could also be because her rebuttal has been given pretty half hearted at best. Freyr seems to be having a terrible life. He's divorced, transplanted into a whole new world, and is almost incapable of understanding the current culture. He's not really looking for a love interest, but when he finds his way to Vanessa, he knows that he would be a fool to let the chance pass him by. He's insistent that they need to be together, regardless of color, and regardless of what his crazy ex-wife thinks. Freyr knows that he's a man determined to get what he wants...even if he has to use the tricks of a dominant to get his way. Vanessa may not believe that she's submissive, but Freyr knows that he has her interest. And everything else, is simply details to be worked out much later.*

*Since Macen "Hammer" Hammerman shares the bond he's long craved with Raine Kendall and his best friend, Liam O'Neill, he should be looking forward to a bright future. But a vengeful force from the past returns to cast a long shadow. As Hammer reels from a bombshell that exhumed struggles he'd buried after his late wife's passing, he learns her death may not be ruled a suicide after all. Worse, a figure from Raine's childhood surfaces, determined to rip her away for good. As the threats against the trio multiply, Hammer must confront his demons while leaning on Liam to keep their new family intact. But with emotions running high and forces mounting against them, can their love survive so they can finally live happily ever after?*

*Dear Sir, I am a submissive slut. Throughout my entire life I've had to be sensible and work hard for what I want. So, , so when I realised that I liked being told what to do in bed by a dominant man, it was a surprising revelation. Giving up control was simple once I found the right person I could trust. But finding you was far from straightforward. I haven't always been sexually submissive. Like most people, I got excited by the whole 50 shades thing and became curious about trying some other delicious flavours to liven up an otherwise dull, vanilla sex life. However, when you have a partner who is not very open minded and refuses to discuss it, you must look around for someone who will. My knowledge of BDSM was very limited, and the 50 Shades books did very little to enlighten me. I'd always thought that submission was about being passive, and a dom would be like the loud, shouting boss I once had - a small angry little man who would bark orders at me and then stand over me until I'd completed whatever work he had wanted me to do. I wonder how many unsuspecting women have allowed themselves to get into controlling and coercive relationships in the name of so-called 'domination'? It's such a dangerous misconception and not what true domination is about. A true dom would never use fear or intimidation to control a sub. They wouldn't need to. There were two other self-proclaimed "doms" before you, Sir, but they were not real doms. Let me tell you about them. First was D. I found him online and it started well enough, being good fun in the beginning. I enjoyed being a slut; I would order whatever toys he told me to buy and do what I was told - even if it meant finding the nearest public toilets where I could go and film myself masturbating for him. He'd never had a submissive before and couldn't believe his luck to have stumbled across an obedient, compliant woman who would meet him for casual sex with no strings attached. But the boundaries got blurred. He said he loved me, and I think he really meant it. But it wasn't me he loved; it was the fantasy. This is a book about self-healing through BDSM and liberating yourself through bondage.*

Dombey and Son

Her Blue Collar Dom

**Heidi considers herself a strong, independent, professional--definitely not the type to fall for a macho, dominant, alpha male like her neighbor in 6F. Yet when she overhears his kinky, sensual escapades one evening, she finds herself as intrigued as she is horrified. Surely that's not spanking she's hearing? And are those whimpers from the woman in his bed caused by pleasure or pain? She tells herself she is not attracted to... whatever they are doing. But when she has an unfortunate run-in with Mr. 6F himself, the connection is electric. To her great consternation, she finds herself imagining what it would be like to be under his authority, or bound to his bed. Dominic thinks he's tasted all the pleasures the lifestyle has to offer without the messy complications of an emotional connection or commitment... until he meets Heidi. The night she finally gets up the nerve to ask him to put her over his knee, he's more than happy to oblige. This sassy, adorable woman draws out of him a desire to protect and lead, awakened with growing fervor as he introduces her to the erotic, intoxicating world of Dominance and submission. But when Heidi and Dom are thrown together in an unlikely series of events that tie them together professionally, they must separate business from pleasure. Or will they?**

**Terry is rich, attractive and all Dom. When he sees something he likes, or more accurately, something his d\*\*k likes, he gets it. His woman are hot, successful and experienced in BDSM. Until, he meets Maggie. She's not at all his usual type. She's round, lush and a hot-mess of a woman. It's obvious she doesn't belong at La Petite Mort Club and he can't help following her. She needs someone to look out for her. She's a little rabbit in a club full of predators. When she gets herself into a situation, he has no choice but to rescue her. When he realizes that she's a natural submissive and innocent of the kinkier side of sex, he'll stop at nothing to have. He can't wait to show her how good it'll feel when she surrenders to his desires. Maggie had no idea that the club she was going to was a "sex" club. She tries not to look, but there are people doing it everywhere. She is not getting turned on by it. Not at all. Really, she isn't. All she has to do, is find her friend and get out of there. Of course, that's easier said than done. Not only has she bumped into just about every person in the club, but one of the men—a very handsome and extremely rude stranger—not only follows her, but suggests that they "do it" in the hallway. As if she'd ever do something like that. She's a recently divorced, mother of three, not some wild, young woman. She tells him, in no uncertain terms, what she thinks of his suggestion but then, she finds herself in a dangerous situation. Will the rude stranger save her, or will he turn out to be even more dangerous than the others?**
