One of the 20th century's enduring works, One Hundred Years of Solitude is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution,

riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, One Hundred Years of Solitude weaves the political, personal, and spiritual to bring a new consciousness to storytelling.

Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

One hundred days. It's no time at all, she tells me. But she's not the one waiting. In a heady whirlwind of independence, lust and defiance, sixteen-year-old Karuna falls pregnant. Not on purpose, but not entirely by accident, either. Incensed, Karuna's mother, already over-protective, confines her to their fourteenth-storey housing-commission flat, to keep her safe from the outside world and make sure she can't get into any more trouble. Stuck inside for endless hours, Karuna battles her mother and herself for a sense of power in her own life, as a new life forms and grows within her. As the due date draws ever closer, the question of who will get to raise the baby – who it will call Mum – festers between them. *One Hundred Days* is a fractured fairytale exploring the faultlines between love and control. magnificent new work from one of Australia's most celebrated writers. 'One Hundred Days tells a story about growing up, discovering the difference between love and control, and taking responsibility. I loved the details: they spoke of a whole world. How I admired this young, determined protagonist. The book is wonderful; I read it all in one sitting.' —Sofie Laguna 'What is astounding about One Hundred Days is that, while fearlessly honest about the damage family members can inflict on one another, it is also full of forgiveness and harmony and grace. Pung's discernment and command as a writer is astonishing, elating. I adore this book.' —Christos Tsiolkas 'Pung's characters are so real, I could feel them in the room. In 1998 Alex Webb visited Istanbul and was immediately enthralled by the people, the layers of culture and history, the richness of street life. But what particularly drew him in was a sense of Istanbul as a border city, lying between Europe and Asia. As he writes, For thirty-some years as a photographer I have been intrigued by borders, places where cultures come together, sometimes easily, sometimes roughly. He has returned to Istanbul whenever possible, and the resulting body of work some of Webb's strongest to date conveys the frisson of a culture in transition, yet firmly rooted in a complex history.

In 1987, Miri Ammerman returns to her hometown of Elizabeth, New Jersey, to attend a commemoration of the worst year of her life. Thirty-five years earlier, when Miri was fifteen, and in love for the first time, a succession of airplanes fell from the sky, leaving a community reeling. Original. Fiction. Translated from the Italian by William Weaver. Luigi Pirandello's extraordinary final novel begins when Vitangelo Moscarda's wife remarks that Vitangelo's nose tilts to the right. This commonplace interaction spurs the novel's unemployed, wealthy narrator to examine himself, the way he perceives others, and the ways that others perceive him. At first he only notices small differences in how he sees himself and how others do; but his self-examination

quickly becomes relentless, dizzying, leading to often darkly comic results as Vitangelo decides that he must demolish that version of himself that others see. Pirandello said of his 1926 novel that it "deals with the disintegration of the personality. It arrives at the most extreme conclusions, the farthest consequences." Indeed, its unnerving humor and existential dissection of modern identity find counterparts in Samuel Beckett's Molloy trilogy and the works of Thomas Bernhard and Vladimir Nabokov.
