

One Nation Under God How Corporate America Invented Christian America

This book has been written to be an informant to all mankind we must be assured that the days of the coming of lord and savior Jesus Christ is near and god loves reaches far and wide and will forever be. And the hopes and dreams of man lies in the hands of the almighty we must be reassured that god is in control and will forever be. Now is the time for humanity to come together as one. God's light will shine bright forever.

In this highly original approach to the history of the United States, James Moore focuses on the extraordinary role that prayer has played in every area of American life, from the time of the first settlers to the present day and beyond. A stirring chronicle of the spiritual life of a nation, One Nation Under God shows how the faith of Americans—from the founding fathers to corporate tycoons, from composers to social reformers, from generals to slaves—was an essential ingredient in the formation of American culture, character, commerce and creed. One Nation Under God brings together the country's hymns, patriotic

Read Online One Nation Under God How Corporate America Invented Christian America

anthems, arts, and literature as a framework for telling the story of the innermost thoughts of the people who have shaped the United States we know today. Beginning with Native Americans, One Nation Under God traces the prayer lives of Quakers and Shakers, Sikhs and Muslims, Catholics and Jews, from their earliest days in the United States through the advent of cyberspace, the aftermath of 9/11, and the 2004 presidential election. It probes the approach to prayer by such diverse individuals as Benjamin Franklin, Elvis Presley, Frank Lloyd Wright, Martha Graham, J. C. Penney, Mary Pickford, Cesar Chavez, P. T. Barnum, Jackie Robinson, and Christopher Columbus. It includes every president of the United States as well as America's farmers, clergy, immigrants, industrialists, miners, sports heroes, and scientists. One Nation Under God shows that without prayer, the political, cultural, social, and even economic and military history of the United States would be vastly different from what it is today. It engages in a thoughtful, timely examination of the modern debate over public prayer and how the current approach to prayer bears deep roots in the philosophies of the country's founding fathers, a subject

which remains distinct from the debate over church and state. Is America still one nation under God? Our modern courts seem to say, "No," as do the secular media and the public schools. But what do the facts of history say? Here are ten incontrovertible, heavily documented, and politically incorrect historical facts that prove that Christianity played a pivotal role in uniquely shaping the freest, most prosperous, and most powerful nation in history.

Why do so many conservative Christians continue to support Donald Trump despite his many overt moral failings? Why do many Americans advocate so vehemently for xenophobic policies, such as a border wall with Mexico? Why do many Americans seem so unwilling to acknowledge the injustices that ethnic and racial minorities experience in the United States? Why do a sizeable proportion of Americans continue to oppose women's equality in the workplace and in the home? To answer these questions, Taking America Back for God points to the phenomenon of "Christian nationalism," the belief that the United States is—and should be—a Christian nation. Christian ideals and symbols have long played an important role in American public life, but Christian

nationalism is about far more than whether the phrase "under God" belongs in the pledge of allegiance. At its heart, Christian nationalism demands that we must preserve a particular kind of social order, an order in which everyone--Christians and non-Christians, native-born and immigrants, whites and minorities, men and women recognizes their "proper" place in society. The first comprehensive empirical analysis of Christian nationalism in the United States, Taking America Back for God illustrates the influence of Christian nationalism on today's most contentious social and political issues. Drawing on multiple sources of national survey data as well as in-depth interviews, Andrew Whitehead and Samuel Perry document how Christian nationalism shapes what Americans think about who they are as a people, what their future should look like, and how they should get there. Americans' stance toward Christian nationalism provides powerful insight into what they think about immigration, Islam, gun control, police shootings, atheists, gender roles, and many other political issues--very much including who they want in the White House. Taking America Back for God is a guide to one of the most important--and least

One God - One Cult - One Nation

Recent archaeological and biblical research challenges the traditional view of the history of ancient Israel. This book presents the latest findings of both academic disciplines regarding the United Monarchy of David and Solomon ('One Nation') and the cult reform under Josiah ('One Cult'), raising the issue of fact versus fiction. The political and cultural interrelations in the Near East are illustrated on the example of the ancient city of Beth She'an/Scythopolis and are discussed as to their significance for the transformation in the conception of God ('One God'). The volume contains 17 contributions by internationally eminent scholars from Israel, Finland and Germany.

Inscribed near a broken chain at the base of the Statue of Liberty are these words: Give me your tired, your poor; Your huddled masses yearning to breathe free; The wretched refuse of your teeming shore; Send these, the homeless, tempest-tossed to me; I lift my lamp beside the golden door! Lady Liberty proclaims freedom every day to anyone with a heart to hear her. Yet, although the opportunity to experience the benefits of legal freedom exists in our nation, many people still live in bondage to a number of injustices. In *One Nation Under God*, Dr. Evans

addresses freedom, justice, economics, racism, education and politics from a kingdom perspective. Citizens will be moved to display biblical justice, thus working to build a society based on the foundational principles of God's word. If God's people are to reverse the course that this nation is heading down, believers must care about what God cares about, and implement specific strategies to change this nation. This booklet is a part of the Life under God Series - a 5 book series adapted from the 5 sections found in The Kingdom Agenda, the legacy work of Dr. Tony Evans. This booklet is based on the "One Nation under God" section.

NEW YORK TIMES BESTSELLER • Pulitzer Prize-winning author Jon Meacham reveals how the Founding Fathers viewed faith—and how they ultimately created a nation in which belief in God is a matter of choice. At a time when our country seems divided by extremism, American Gospel draws on the past to offer a new perspective. Meacham re-creates the fascinating history of a nation grappling with religion and politics—from John Winthrop’s “city on a hill” sermon to Thomas Jefferson’s Declaration of Independence; from the Revolution to the Civil War; from a proposed nineteenth-century Christian Amendment to the Constitution to Martin Luther King, Jr.’s call for civil rights; from George Washington to Ronald Reagan. Debates about religion and politics are often more divisive than illuminating. Secularists point to a “wall of separation between church and state,” while many conservatives act as though the Founding Fathers were apostles in knee britches. As Meacham shows in this brisk narrative, neither extreme has it right. At the heart of the American experiment lies the God of what Benjamin Franklin called “public religion,” a God who invests all human beings with inalienable rights while protecting private

Read Online One Nation Under God How Corporate America Invented Christian America

religion from government interference. It is a great American balancing act, and it has served us well. Meacham has written and spoken extensively about religion and politics, and he brings historical authority and a sense of hope to the issue. American Gospel makes it compellingly clear that the nation's best chance of summoning what Lincoln called "the better angels of our nature" lies in recovering the spirit and sense of the Founding. In looking back, we may find the light to lead us forward. Praise for American Gospel "In his American Gospel, Jon Meacham provides a refreshingly clear, balanced, and wise historical portrait of religion and American politics at exactly the moment when such fairness and understanding are much needed. Anyone who doubts the relevance of history to our own time has only to read this exceptional book."—David McCullough, author of 1776 "Jon Meacham has given us an insightful and eloquent account of the spiritual foundation of the early days of the American republic. It is especially instructive reading at a time when the nation is at once engaged in and deeply divided on the question of religion and its place in public life."—Tom Brokaw, author of The Greatest Generation

This inspirational book celebrates the faith and courage of members of a traditional church that -- in 20th century America -- still struggling for religious freedom. Their Greatest challenge is the ongoing legal battle against the 1990 Supreme Court decision citing peyote use to deny the Native American Church the First Amendment right to 'the free exercise of religion'. Legislation providing an exemption to the Native American Church was overturned by the Supreme Court in 1997. The eloquent personal testimony offered by Church members from many different

Read Online One Nation Under God How Corporate America Invented Christian America

tribes demonstrates the spiritual strength of this religious tradition and makes it clear that peyote is not used to obtain 'visions' but to heal the body and spirit and to teach righteousness. Peyote meetings play, which stress abstinence from alcohol, truthfulness, family obligations, economic self-suffering, service, and prayer. This book is important reading for any one who cares about spiritual values, political process, and the individual's freedom to worship according to the dictates of conscience.

One Nation Under Graham

The Rise of Lawlessness, the End Times and the Power of Hope

Christian Nationalism in the United States

How Corporate America Invented Christian America

The church was established to serve the world with Christ-like love, not to rule the world. It is called to look like a corporate Jesus, dying on the cross for those who crucified him, not a religious version of Caesar. It is called to manifest the kingdom of the cross in contrast to the kingdom of the sword.

Whenever the church has succeeded in gaining what most American evangelicals are now trying to get – political power – it has been disastrous both for the church and the culture. Whenever the church picks up the sword, it lays down the cross. The present activity of the religious right is destroying the heart and soul of the evangelical church and destroying its unique witness to the world. The church is to have a political voice, but we are to have it the way Jesus had it: by manifesting an alternative to the political, “power over,” way of doing life. We are to transform the world by being willing to suffer for others – exercising “power under,” not by getting our way in society – exercising “power over.”

One Nation Under God?

The provocative and authoritative history of the origins of Christian America in the New Deal era We're often told that the United States is, was, and always has been a Christian nation. But in *One Nation Under God*, historian Kevin M. Kruse reveals that the belief that America is fundamentally and formally Christian originated in the 1930s. To fight the "slavery" of FDR's New Deal, businessmen enlisted religious activists in a campaign for "freedom under God" that culminated in the election of their ally Dwight Eisenhower in 1952. The new president revolutionized the role of religion in American politics. He inaugurated new traditions like the National Prayer Breakfast, as Congress added the phrase "under God" to the Pledge of Allegiance and made "In God We Trust" the

country's first official motto. Church membership soon soared to an all-time high of 69 percent. Americans across the religious and political spectrum agreed that their country was "one nation under God." Provocative and authoritative, One Nation Under God reveals how an unholy alliance of money, religion, and politics created a false origin story that continues to define and divide American politics to this day.

"BLESSED IS THE NATION WHOSE GOD IS THE LORD"(Psalms 33:12)America-imperfect as it may be-is still the shining light on the hill to all the world. But it is now at a crossroad. Will we choose to be a nation under God or without God? America's Choice examines the overwhelming evidence of God's hand in the destiny of America-the divine calling of the Founding Fathers, their understanding that the Constitution is dependent upon a moral people, that morality requires religion, and that religion's purpose is to seek God's will.Accordingly, America's Choice explores God's will on critical moral matters such as the role of religion in the public sector, abortion, zero population growth, and capitalism vs. socialism. It proposes the ultimate solution to our country's ills, namely, a return to faith and family. In so doing this book challenges those revisionist historians, judicial activists, and secularists who would transform us from a nation under God to a nation without God. In essence, this book gives us cause to reaffirm our faith in America."In the 20 years I have lived in the United States I have seen a shift in the way people think and talk about this country. My reading of the situation is this: nothing is more essential to the United States than asking: "Why does this country exist? To what

end was it created: And then reading original sources of its founding to discover the breathtaking answers. Answers that are brilliantly illustrated by Tad Callister in America's Choice." Greg McKeown, New York Times Bestselling Author of ESSENTIALISM and EFFORTLESS

For God and country or simply for God? - The United States is holding an election, and control of the country may be determined by a single seat in the Buckle of the Bible Belt: Tulsa, Oklahoma . . . In Tulsa, recovering methamphetamine addict Seth Stevens is trying to hold his fragile life together. But his decision to campaign for the church-supported candidate forces him to answer an age-old question: what do you do when following your faith means breaking the law?

A groundbreaking new look at the story of America At the heart of the nation's spiritual history are audacious and often violent scenes. But the Puritans and the shining city on the hill give us just one way to understand the United States. Rather than recite American history from a Christian vantage point, Peter Manseau proves that what really happened is worth a close, fresh look. Thomas Jefferson himself collected books on all religions and required that the brand new Library of Congress take his books, since Americans needed to consider the "twenty gods or no god" he famously noted were revered by his neighbors. Looking at the Americans who believed in these gods, Manseau fills in America's story of itself, from the persecuted "witches" at Salem and who they really were, to the persecuted Buddhists in WWII California, from spirituality and cults in the '60s to the recent

In the year 2021, eleven-year old Mary Christopher is the spunky daughter of the latest President vowing to return America to its righteous roots. Her mother is a well-known ?family values? activist, and her "Uncle" Gene Sisco is head of the largest evangelical Christian organization in the land. Against the backdrop of an America where Christian fundamentalism has brought about tremendous change in Washington, Mary's is a conflicted coming-of-age story, in which she questions

Read Online One Nation Under God How Corporate America Invented Christian America

everything from her faith to her sexuality, and ultimately becomes one more victim of her father's repressive legislation. Other figures in her life include: Jude, an atheist Mary befriends on the Internet; Vicki, the girl at camp for whom Mary develops confusing feelings; J. E. Cooper, the freelance reporter who labels Gene Sisco the most dangerous man in America; and Jefferson Paine, the mysterious figure behind the infamous Voice of Reason website, dedicated to challenging the Christopher administration at every turn. The novel takes events from present-day and extrapolates them to a possible conclusion two short decades from now. The list of controversial topics in this fable is long, covering everything from radical education techniques to communal living, group marriages to the failings of religion. Yet, through it all, ONE NATION UNDER GOD maintains a positive world-view, a hope that our society might one day get its collective act together, before it's too late. Is it possible to be passionate about the gospel and care deeply about politics? Can we engage in politics responsibly, confidently, graciously—even Christianly? When it comes to politics, Christians today seem lost and confused. Many Christians desire to relate their faith to politics but simply don't know how. This book exists to equip the reader to apply Christianity to politics with both grace and truth, with both boldness and humility. Politics is not an evil arena to be avoided. Neither is it our only avenue for impacting society. The reality is much more complex and, oddly

the 1930s when businessmen enlisted religious activists in their fight against FDR's New Deal. Corporations from General Motors to Hilton Hotels bankrolled conservative clergymen, encouraging them to attack the New Deal as a program of "pagan statism" that perverted the central principle of Christianity: the sanctity and salvation of the individual. Their campaign for "freedom under God" culminated in the election of their close ally Dwight Eisenhower in 1952. But this apparent triumph had an ironic twist. In Eisenhower's hands, a religious movement born in opposition to the government was transformed into one that fused faith and the federal government as never before. During the 1950s, Eisenhower revolutionized the role of religion in American political culture, inventing new traditions from inaugural prayers to the National Prayer Breakfast. Meanwhile, Congress added the phrase "under God" to the Pledge of Allegiance and made "In God We Trust" the country's first official motto. With private groups joining in, church membership soared to an all-time high of 69%. For

the first time, Americans began to think of their country as an officially Christian nation. During this moment, virtually all Americans—across the religious and political spectrum—believed that their country was “one nation under God.” But as Americans moved from broad generalities to the details of issues such as school prayer, cracks began to appear. Religious leaders rejected this “lowest common denomination” public religion, leaving conservative political activists to champion it alone. In Richard Nixon’s hands, a politics that conflated piety and patriotism became sole property of the right. Provocative and authoritative, *One Nation Under God* reveals how the unholy alliance of money, religion, and politics created a false origin story that continues to define and divide American politics to this day.

observer Garry Wills sheds light on the frequent collision between American politics and American religion. Beginning with the 1988 presidential contest, an election that included two ministers and a senator accused of sin, award-winning author Garry Wills surveys the tapestry of American history to show the continuity of present controversies with past religious struggles, and argues that the secular standards of the Founding Fathers have been misunderstood. He shows that despite reactionary fire-breathers and fanatics, religion has often been a progressive force in American politics, and explains why the policy of a separate church and state has, ironically, made the position of the church stronger. Marked by the extraordinary quality of observation that has defined Will's work, *Under God* is a rich, original look at why religion and politics will never be separate in the United States.

Dynamic, Practical, Faith-Filled Response to the Evil Rising Around Us It's difficult to hear the growing daily reports of evil in our society without a degree of fear. Seen from a human perspective, things appear hopeless. But as we consider the spiritual perspective of those same events, we can--and will--see what purpose those struggles serve in God's plan. In these pages, pastor and author Phil Hotsenpiller will help you begin to connect the dots between biblical prophecies about lawlessness with current events. As you begin to see God's perspective, you will gain a more confident outlook for the future. God is trying to get our attention, show us how to get past our fears, and help us respond with faith to the evil we see all around us. Regardless of what we see on the news, God is still in control. Here are practical, everyday ways we can move forward with hope and determination to make our world a better place until the return of Jesus Christ. Founded in 1830, the Church of Jesus Christ of Latter-day Saints was initially perceived as a movement of polygamous, radical zealots; now in parts of the U.S. it has become synonymous with the establishment. In reevaluating its preoccupation with issues of church and state, Abanes uncovers the political

agenda at Mormonism's core: the transformation of the world into a theocratic kingdom under Mormon authority. This illustrated edition has been revised and offers a new postscript by the author.

Dear Reader, In February 2013 I gave a speech at the National Prayer Breakfast. Standing a few feet from President Obama, I warned my fellow citizens of the dangers facing our country and called for a return to the principles that made America great. Many Americans heard and responded, but our nation's decline has continued. Today the danger is greater than ever before, and I have never shared a more urgent message than I do now. Our growing debt and deteriorating morals have driven us far from the founders' intent. We've made very little progress in basic education. Obamacare threatens our health, liberty, and financial future. Media elitism and political correctness are out of control. Worst of all, we seem to have lost our ability to discuss important issues calmly and respectfully regardless of party affiliation or other differences. As a doctor rather than a politician, I care about what works, not whether someone has an (R) or a (D) after his or her name. We have to come together to solve our problems. Knowing that the future of my grandchildren is in jeopardy because of reckless spending, godless government, and mean-spirited attempts to silence critics left me no choice but to write this book. I have endeavored to propose a road out of

our decline, appealing to every American's decency and common sense. If each of us sits back and expects someone else to take action, it will soon be too late. But with your help, I firmly believe that America may once again be "one nation under God, indivisible, with liberty and justice for all." Sincerely, Ben Carson

In his new book from Legends Library Press, author Timothy Ballard answers HOW and WHY the founding of America literally fulfills ancient biblical prophecy. Why did Christopher Columbus assert that he was "guided by an angel" at the moments of greatest distress? What prompted the original colonists to embrace the notion that the land of America was "New Israel" to them? What power urged Washington and his rag-tag army to successfully go against the greatest military power in the known world? What brought about the terrible national crisis that left our nation grieving, humbled and repentant after the desolation of Civil War? What is the secret behind the nation's unsurpassed record of prosperity, protection and liberty? What are the responsibilities and consequences incumbent upon a people so blessed? The answer to these, and many other questions relating to our country's real national treasure are found in the pages of THE COVENANT. Ballard's book explores an interpretation of American history that has not been fully expressed before. THE COVENANT: America's Sacred and Immutable Connection to Ancient Israel brings to light a

Read Online One Nation Under God How Corporate America Invented Christian America

bloodline inheritance connection between America and the Promises made to the Lords ancient Covenant People, the House of Israel. A concept referred to as "British Israelism" and "Two-House Theology." To be clear, this book is not about America's ties to the Jewish State formed by U.N. edict in 1948 called "Israel" but rather, the text hearkens back to the period of 720 B.C. to the Northern Kingdom of ancient Israel who with her Ten Tribes were scattered by the Assyrians into the "North" land of Western Europe, Great Britain and Scandinavia, who inherited by virtue of birth and bloodline, the right to invoke "the Promises made to the Fathers." Except for a very few cases, every freedom-loving patriot in modern times (regardless of his birth nation) has already tasted of the blessings which flow from the "just and holy principles" upon which America was founded. Could it be that America was designed to be much more than simply another political entity among many?
