

## Onset My Enemys Enemy

Vassal of the Queen of the Fae Noble of the Wild Hunt Child of the Horned King. Bait. Jason Kilkenny has learned his full heritage and the nature of the bloodline that runs in his veins. One quarter mortal, he is also the child of a Power, the Horned King of the Wild Hunt of the Fae. But his father is dead, murdered in a fae civil war that ended before Jason was born. It ended because of a powerful spell the Horned King cast, trading his life to deny the Masked Lords the weapon they needed to kill the Fae Powers. Now, Jason gathers allies and resources in his new home of Calgary. The Fae Masked Lords are hunting him, but he has what they want and they have to come to him. The Fae Powers have prepared a trap for their long-hidden enemies, with Jason as both bait and ambush. It 's a clever plan—but no plan survives contact with the enemy! When German soldiers arrive in Zloczow, Poland, during World War II, a young Jewish girl must decide whether or not to conceal her identity and work for a Nazi in Germany in order to survive.

A small town cop with an unexpected gift A shadowy government agency on the side of justice A call no good man could turn away When vampires attack David White 's small town, only luck, firepower, and the intervention of an elite government task force save his life. The aftermath of the attack leaves him in the middle of the world 's biggest secret: the existence of government agencies that regulate the supernatural. They insist that David 's "luck" is actually a supernatural gift, and he 's immediately recruited into ONSET, the most shadowy part of America 's thin blue line of police protectors. Questioning both his gifts and the agency he now serves, David is drawn into an escalating battle that threatens all of humanity. If he isn 't what ONSET thinks he is, the entire world may pay the price.

Empire of Hate

How Enemies Become Friends

*My boss. My enemy. I escaped my life. Leaving everything behind wasn't easy, but I did it. I turned the page and flew over the ocean. This is my new beginning. My new chapter. My new book. Or so I hoped before I met my new boss. Daniel Sterling. Rich as sin, illegally attractive, and the face of every magazine cover. Oh, and the reason why I escaped in the first place. I made his high school life hell. He won't stop until he gives me a taste of my own medicine. Empire of Hate is a complete STANDALONE. No other books should be read prior to this.*

*An analysis of Israel's relations with Abdullah before the outbreak of hostilities.*

*When this piece was first published it was ushered into the World with the usual ceremony of a Preface, and that a large one, whereby the Author intended and endeavoured to possess the Reader with a belief, that what was written was the Life of a Witty Extravagant, the Author's Friend and Acquaintance. This was the intent of the Writer, but the Readers could not be drawn to this belief, but in general concurred in this opinion, that it was the Life of the Author, and notwithstanding all that hath been said to the contrary many still continue in this opinion. Indeed the whole story is so genuine and naturally described without any forcing or Romancing that all contained in it seems to be naturally true, and to be assured you it is, but not acted by any one single person, much less by the Author, who is well known to be of an inclination much different from the fond debaucheries of the Relations, & if the Readers had read the Spanish Rogue, Gascon; the French Rogue, Francion; and several other by Foreign Wits, and have upon examination found that the Authors were persons of great eminency and honour, and that no part of their own writings were their own lives; they had happily changed their opinion of the Author of this; but they holding this opinion caused him to desist from prosecuting his story in a Second Part, and he having laid down the Cudgels I took them up, and my design in so doing was out of three considerations, the first and chiefest was to gain ready money, the second I had an itch to gain some Reputation by being in Print, and thereby revenge my self on some who had abused me, and whose actions I rected, and the third was to advantage the Reader and make him a gainer by acquainting him with my experiences. This were the reasons for my entering in the Second part, and the very same reason induced me to join with the Author in composing and Writing a third and fourth Part, in which we have club'd so equally, and intermixt our stories so joyntly, that it is some difficulty for any at first sight to distinguish what we particularly Writ and now having concluded the Preface, which should never have been begun but that I had a blank page, and was unwilling to be so ill a husband for you, but that you should have all possible content for your money, and wishal to tell you that I would not have you as yet to expect any more parts of the book, for although a fifth and last part is design'd, yet I be assure you there is never a stick amiss, nor one line Written of it, and if you desire that, you must give me encouragement by your speedy purchasing of what is already Written; and thereby you will ingage*

*Is the world destined to suffer endless cycles of conflict and war? Can rival nations become partners and establish a lasting and stable peace? How Enemies Become Friends provides a bold and innovative account of how nations escape geopolitical competition and replace hostility with friendship. Through compelling analysis and rich historical examples that span the globe and range from the thirteenth century through the present, foreign policy expert Charles Kupchan explores how adversaries can transform enmity into amity—and he exposes prevalent myths about the causes of peace. Kupchan contends that diplomatic engagement with rivals, far from being appeasement, is critical to rapprochement between adversaries. Diplomacy, not economic interdependence, is the currency of peace; concessions and strategic accommodation promote the mutual trust needed to build an international society. The nature of regimes matters much less than commonly thought: countries, including the United States, should deal with other states based on their foreign policy behavior rather than on whether they are democracies. Kupchan demonstrates that similar social orders and similar ethnicities, races, or religions help nations achieve stable peace. He considers many historical successes and failures, including the onset of friendship between the United States and Great Britain in the early twentieth century, the Concert of Europe, which preserved peace after 1815 but collapsed following revolutions in 1848, and the remarkably close partnership of the Soviet Union and China in the 1950s, which descended into open rivalry by the 1960s. In a world where conflict among nations seems inescapable, How Enemies Become Friends offers critical insights for building lasting peace.*

*A ragged newcomer... With a secret even he doesn't know A backwater city... With a countdown to an explosion no one is expecting A secret Covenant... And a conspiracy to break it to pieces Jason Kilkenny is a new arrival in the Canadian city of Calgary. Unlike most newcomers, Jason isn't looking for a job in oil and gas: he's a half-fae changeling that wants to get away from the politics of the inhuman races. He soon learns that despite being a supernatural backwater, the city is run by a near-godlike Wizard—and the shadows are full of unseen dangers. Jason's here to hide, but he finds himself called to service by Calgary's understaffed Fae Court. As supernatural politics collide in his new home, Jason's plan to keep his head down is shattered and he finds himself testing the limits of his meager gifts. He cannot run, he cannot hide...and if he loses, he loses everything.*

*A war older than the nation An enemy with agents at every turn An ancient foe with an offer of peace The alliance with the Elfin Warriors has allowed the United States Government's supernatural forces, the Omicron Branch, to hold the line against the demons and take the war to the Vampire Families, defeating them in battle and reclaiming their resources. Victory against the vampires, however, leaves David White with a moral dilemma as he captures an entire convoy of freshly turned vampires: beyond saving, but innocent of their species' crimes. Duty only allows one fate for them—but then an ancient vampire arrives to negotiate for their freedom. Letting them go drags David into the middle of a political nightmare as the Omicron branch must decide which is more important: Omicron's authority and revenge for their dead, or the very Constitution and people they are sworn to defend...*

*Prime Minister to Henry the Great. Containing the History of the Life and Reign of that Monarch, and His Own Administration Under Him. Transtated from the French. To which is Added, The Tryal of Ravallac for the Murder of Henry the Great*

An paranormal agency in tatters A critical alliance that must not fail A betrayal in their darkest hour The demon Ekhmez ripped out the heart of America's supernatural defenders and strengthened their foes. The agencies of the Omicron branch of the US government face a newly expanded threat with their resources stretched to the breaking point. To hold the line, newly promoted Commander David White of ONSET is sent to forge an alliance with the Elfin Conclave, a supernatural organization with its own history, grudges and politics. When violence wracks the Conclave and guts the allies they sought, David White must hunt the Elfin's foes across the Pacific northwest, taking any help that comes his way—because when the world is on fire, can you turn away your enemy's enemy?

OnsetMy Enemy's Enemy

Finland's experiences during the Cold War were unique among all of the countries of Western Europe. Finland emerged from the turbulence of World War II in a precarious situation that threatened the country's very existence as a free and independent state. Attached and invaded by the Soviet Union in 1939, "brave little Finland" won the admiration of the world for the disastrous losses it inflicted on the vastly more numerous Red Army. Nevertheless, against the overwhelming onslaught of the masses of Soviet troops, Finland was obliged to accept in March 1940 an armistice that included ceding ten percent of its territory to the Soviet Union. When Hitler invaded the Soviet Union in 1941, Finland adopted a policy of siding uncomfortably with "my enemy's enemy" and also attacked the Soviet Union, winning back the territory ceded in 1940 and establishing a defensive perimeter several scores of miles inside of the Soviet Union. From that position, Finland awaited the outcome of the titanic struggle between Nazi and Soviet forces. When it became clear that Germany would lose the war, Finland initiated contacts with the Soviet Union and reached a separate peace in 1944. Peace terms were highly onerous - including heavy war reparations and confirmation of the cession of territories to the Soviet Union - but appeared to permit the continuation of independence with Western political and social systems intact. The history of the Cold War in Finland is a story of how Finland was able, notwithstanding heavy pressures from its giant eastern neighbor, to preserve its independence and maintain its western values. From the onset of the Cold War in the late 1940s to its demise with the collapse of the Soviet Union in the early 1990s, the primary policy objective of the United States in Finland was to support the independence and credible neutrality of Finland. These remarkably consistent and unchanging U.S. goals closely paralleled Finland's own vital interests. Ironically, the parallel nature of the shared U.S. and Finnish interests was sometimes obscured because of the shared U.S. and Finnish interests was sometimes obscured because of the shared U.S. and Finnish interests - as a precondition to preserving its independence. This made it awkward if not impossible for the Finns to acknowledge that it was the Soviet Union itself that constituted the only threat to Finland's independence and neutrality. The difficulty of Finland's position, the United States' strong commitment to NATO and the resulting differences of our world perspective created occasional opportunities for misunderstandings between the two countries. This book describes U.S. policy towards Finland during the Cold War, drawing on recently declassified U.S. diplomatic reports. The book analyzes key developments in Finland during the Cold War and U.S. reactions to them. In addition to citing from U.S. diplomatic reports, the author also interviewed more than thirty important Finns (and two U.S. ambassadors) who were participants in or observers of some of these developments and cites their retrospective analyses of these events. Finally, the author, a former U.S. diplomat who served twice in Finland, relates interesting anecdotes about life in Finland in the 1970s and 1980s. This is the first book on Finland written by a U.S. diplomat in more than 20 years. The book was first published in Finland in the Finnish language in 1998 to favorable reviews. The first English version of the book was published in November 1999 by Regina Books of Claremont, California. Visit the book's website at www.finlandwatch.com for additional information regarding the book.

*A dying world, shattered by a broken machine A desperate flight, their only hope for refuge A robotic race, ally and destroyer alike The Republic of Exilium has grown in strength and confidence at the far end of the galaxy from the rest of mankind, sending out scout ships to survey the worlds around them as they try to learn more about the mysterious Construction Matrix AIs. Finding one of the genocidal rogues of that mysterious "race" in the process of destroying an inhabited world, Captain Octavio Catalan takes his ship into a desperate battle. He is victorious—but he is too late. The world of the strange aliens he has encountered is doomed. The distant Republic can barely help, but the honor of their leaders will not permit them to stand idly by. Ships and crews are set into motion to commence a desperate evacuation of their newfound friends, and debts with the strange Matrices are called in. One branch of Matrices destroyed the planet. Another may well save it—but the AIs have their own agenda and the price they ask may be beyond the Republic and its new allies...*

*We all have events that occur in our lives that knock us to our knees. Divorce, job loss, foreclosure, and death of loved ones to name a few. These events are designed to destroy us. How we handle these events can either make us or break us. The author tells about an onslaught of unfortunate events in her life over a 9 year period; and how God helped her handle them. What the author learned serves as an encouragement for others facing bad life situations.*

*ONSET: Blood of the Innocent*

The Vampire War is over. The United States is reeling. The Masquerade is fragmenting. The Apocalypse is here... The long and bloody war with the vampires in the United States has finally ended, thanks to the efforts of the vampire Arbiter and ONSET Commander David White—and a nuclear explosion on American soil. The final battle proves harder to conceal than hoped, however, and a series of high profile incidents end any chance of hiding the supernatural. Suddenly the world is faced with the fact that it is both more wonderful and more terrible than humanity ever realized. But as the US Government struggles to adapt to this new reality, old enemies have set into motion plans that could render humanity's struggles irrelevant. There are those beyond the Seal who were once Gods...and they want their planet back!

Who are the Moslem Alliance? Why would Iraq and Iran back terrorist groups? Where would France fit into the picture? What would bring Russia, the USA, the UK, Norway, Israel and Canada together as an active military alliance? Where does organised crime fit in? Could OC and state backed terrorists bring down the US and Russia? How would they do it? Can Canada's JTF-2 stop them?

In the sewer-building projects of 1940s New York City, something ancient and powerful has been awoken. With half a dozen mortal workers dead, the Fae Courts of the city find themselves forced to action despite their desperate lack of manpower. Their call for aid brings six young Fae to the city, among them the Seelie Noble Talus, son of Korinth. New to the city and expendable, they are tasked with finding the creature underneath the city. The youths are assured that nothing in the world can stand against six Fae Nobles. On the other hand, nothing supernatural should have been sleeping under New York City...

On War

Q-Ship Chameleon

A shackled Earth, ruled by an unstoppable tyrant An exiled son, and a one-way trip across the galaxy A perfect world, their last hope for survival Vice Admiral Isaac Gallant is the heir apparent to the First Admiral, the dictator of the Confederacy of Humanity. Unwilling to let his mother's tyranny stand, he joins the rebellion and leads his ships into war against the might of his own nation. Betrayal and failure, however, see Isaac Gallant and his allies captured. Rather than execute her only son, the First Admiral instead decides to exile them, flinging four million dissidents and rebels through a one-shot wormhole to the other end of the galaxy. There, Isaac finds himself forced to keep order and peace as they seek out a new home without becoming the very dictator he fought against—and when that new home turns out to be too perfect to be true, he and his fellow exiles must decide how hard they are prepared to fight for paradise...against the very people who built it.

When it first appeared, The English Rogue was declared a forbidden book on account of its gross indecency. Copies were printed secretly and sold furtively at alehouses until 1665 when it was properly licensed. When requested, the author, Richard Head, declined to produce a second volume as it was his belief that the text had been interpreted as autobiographical and his reputation had suffered as a consequence. Francis Kirkman, who had acquired the rights to the work, set about the endeavour himself and wrote the remaining volumes, publishing them in 1671. This is a reprint of the 1928 reissue containing Head's original book and two of Kirkman's added volumes.

From one Court, two are born... as a new Lord is crowned in glory But a murderer risks all their secrets... bringing shadows could burn everything down Jason Kilkenny is a quarter-human Vassal of the Queen of the Fae and the neutral arbiter of supernatural affairs around the Fae Court in the Canadian city of Calgary. He has spent half a year building relationships with the existing power structure—but all of that is thrown into chaos when the Fae leadership dictates that Calgary's Court split into Seelie and Unseelie factions. Backed by the highest authority, the new Lord Andrell is there to build an Unseelie Court from nothing, and he will brook no interference, no challenges. Meanwhile, a rogue Fae launches a vicious slaughter at Calgary's largest public event, and Jason is dragged into an investigation and pursuit of a monster far more powerful than he is. The rogue's Unseelie heritage brings him into conflict with Lord Andrell, and the city's peace is threatened. One wrong step could unleash civil war between the new Courts and Jason's own secrets could lead to lighting the embers of a civil war amongst all Fae-embers that have slumbered since before his birth. If only he knew what those secrets were...
