

Oral English Book

Lots of Westerners are moving to China to teach English in colleges and universities and most of them teach a class called Oral English. But they usually receive little or no guidance on how exactly to teach that course. One of the mistakes they make (and we ourselves made at first) is to think of Oral English as a class to be "taught" instead of a skill to be "coached." In fact, Oral English teachers are much more like P.E. teachers than we think a traditional English teacher should be. This book contains tips and guidance we've acquired in a cumulative total of almost two decades of teaching Oral English in China. Our hope is that it will help you and your students enjoy Oral English as much as we have. Worksheets, downloads, and additional teacher-training materials are available at: <http://EFL.LaowaiChinese.net>

Designed for intermediate to advanced adult ESL or EFL students to improve pronunciation problems.

Engage Literacy Oral Language Big Books were created to help students develop their use of language. The format is great for small groups, centers and the included interactive white board component allows students to use existing technology in your classroom or lab setting. The Oral Language Big Books are great for ELL/ESL students and provide students with opportunities for vocabulary development, sentence structure skills, expression as well as questioning and answering skills.

Book One-two

Intelligibility, Oral Communication, and the Teaching of Pronunciation

This well-established and highly successful book, now in its Second Edition, builds on the strength of the previous edition, retaining many of the topics and incorporating some new topics in consonance with the present-day needs. The accompanying CD contains all the attributes of a good speech—proper stress, intonation and correct pronunciation—to enable better comprehension of the topics. Some of the conversations and Words Often Mispronounced are also included in the CD to emphasize on the correctness of learning and enrich the learners in language skills. Primarily intended for students and learners who wish to enhance their spoken English skills, this book will be useful also for those who have long-felt need to communicate in English. It has all the rich ingredients to facilitate the learners talk effectively and confidently: [?] About 50 real-life conversations to improve one's speech [?] Extensive list of vocabulary to aid in group discussions [?] Several useful language tips to pursue the global quest for personal and academic excellence NEW TO THIS EDITION [?] Discusses the need of the body language [?] Gives dos and don'ts for an effective communicator [?] Provides a list of a few non-verbal behaviours and their universal interpretation KEY FEATURES [?] Application of idioms for effective and creative speaking [?] Learning of expressions and phrases for better practical presentation [?] Numerous word meanings to clarify doubts [?] Grammar and usage in almost all the chapters to grasp the correct syntax [?] Activity to instill confidence in public speaking

The Oral Communication strand is dedicated to meeting the academic needs of students by teaching them how to comprehend the spoken English used by instructors and students in college classrooms. These texts provide engaging activities for students to practice academic listening and academic speaking.

This text focuses on developing, improving, enhancing, and mastering the skills needed to communicate clearly and effectively in any pharmacy practice setting, including authentic medical and pharmacy vocabulary, pronunciation, listening comprehension, authentic pharmacist-patient dialogues, idiomatic language, and pharmacy writing. Chapters cover all the major body systems and offer a variety of interactive exercises and instruction to help readers master essential communication skills. Each chapter begins with a quick pre-assessment quiz and ends with a post-assessment quiz. A companion Website will include the fully searchable text, electronic flash cards, and audio exercises such as pronunciation, dictation, and pharmacist-patient dialogues.

Oral English or the Art of Speaking

Oral Language-Book B: Speaking and Listening in the Classroom

Excerpt from *Oral English or the Art of Speaking* This book has been written to supply a need. The vocational and civic importance of the ability to speak has been recognized by teachers of English throughout the country, but as yet the meaning of "Oral English" is rather vaguely and variously understood. We are conscious of our goal, but we lack method in our efforts to attain it. It is true that we no longer imagine that the art of speaking can be taught in a half-dozen lessons to the commencement speaker or the interscholastic debater, but we still lack that systematic basis of instruction which has already been furnished for the older subjects and which is necessary to a well-directed activity. This text is the outgrowth of ten years of experiment and research and in its present form is the result of many careful revisions. It is hoped that it may prove to be a useful guide in the oral work of the regular four years English course as well as in the work of the special course in Public Speaking. Suggestions as to ways in which its usefulness may be increased will be cordially accepted. Certain features of the work are original; the chief of these are the general plan of presentation, the handling of the four forms of discourse, and the word-outline method of oral preparation described in Chapters VII and VIII. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Excerpt from *Oral English and Public Speaking* The need of training students in our schools in oral English has passed the stage of argument. Since in everyday life we speak hundreds of times as often as we write it is obvious, from the viewpoint of using language as a tool, that training in oral composition is quite as important as practice in the written form. To emphasize written composition more than oral English is, therefore, inconsistent with sound pedagogy. With training for citizenship as the objective, this book deals with all phases of oral English that lend themselves to more or less formal class instruction, adapted in treatment to the needs of secondary schools. In common usage the term "Oral English" is somewhat elastic. It includes the most elementary forms of spoken language, while "Public Speaking" connotes the more formal relation of a speaker and an audience. Hence, the use of both terms in the title. Notwithstanding the agitation for the incorporation of oral expression in the regular class work in English, no standardization of the content of such work has as yet been effected, as shown by the wide variation of treatment in existing texts on this subject. The present text aims to fix some definite standards; the content and plan of the book, with the reasons therefor, are outlined in the Introduction. While the needs of secondary schools have been

kept primarily in mind, oral English should not, of course, be left for the high school alone, nor in the high school for the teacher of English alone. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. 25 Oral Reading Strategies that Cross Proficiency Levels

"A fascinating literary and historical document, the most insightful look at the Beat Generation." —Dan Wakefield, author of *New York in the Fifties* and *Going All the Way* First published in 1978, *Jack's Book* gives us an intimate look into the life and times of the "King of the Beats." Through the words of the close friends, lovers, artists, and drinking buddies who survived him, writers Barry Gifford and Lawrence Lee recount Jack Kerouac's story, from his childhood in Lowell, Massachusetts, to his tragic end in Florida at the age of forty-seven. Including anecdotes from an eclectic list of well-known figures such as Allen Ginsberg, William S. Burroughs, and Gore Vidal, as well as Kerouac's ordinary acquaintances, this groundbreaking oral biography—the first of its kind—presents us with a remarkably insightful portrait of an American legend and the spirit of a generation.

The book is a listening and speaking textbook for non-native learners and speakers of the English language, especially those within the West Africa Examinations Council catchment areas. It comprises of 11 chapters, each of which discusses an aspect spoken English beginning with the speech sounds. At the end of each chapter, there is a trial exercise for users to practice. The book comes with 165 audio files to support the listening and speaking activities from the first to the last chapters.

This book is designed for students who are pursuing oral presentation courses at institutions of higher learning. Spanning six units, this book covers the necessary communication skills and strategies for effective oral presentations. These fundamentals include understanding the principles of speech communication, understanding informative speeches and how they are outlined, acquiring and applying the principles of effective speeches, delivering effective speeches which use suitable visual aids and multimedia purposefully, as well as learning how to anticipate and handle questions and/or comments from an audience successfully. Besides acquiring the competency and fluency in delivering speeches, the book also aims to help students develop their confidence and flair as independent speakers. Detailed guidance is clearly and systematically

outlined in the units to assist students from the preparatory stage of a speech to the final stage of delivery. Apart from emphasising the use of non-verbal communication skills in delivering the speech, the book also highlights the necessity of using visual aids and multimedia effectually to support speech presentation. Students are provided with ample and varied practices, as well as suggested answers, to help them reinforce their grasp and mastery of speech delivery. Additionally, they are also given independent learning activities and suggested video weblinks to further enhance their understanding of the skills learned.

Oral English and Written English

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

An intelligibility-based approach to teaching that presents pronunciation as critical, yet neglected, in communicative language teaching.

English for Oral Presentations

This book is one of the few that focuses on oral language development, a crucial but often overlooked component of academic development for ELLs. It helps fill a gap in the professional resources teachers need to help their English language learners reach high levels of oral and written English proficiency. -David and Yvonne Freeman Authors of Teaching Reading in Multilingual Classrooms and Essential Linguistics Oral reading is powerful enough to simultaneously support every student's comprehension learning and scaffold English language learners' progress toward proficiency. But not just any kind of oral reading will do. To help everyone in your class, you need effective, engaging strategies that can motivate all readers and help them learn to make meaning with texts-the kind you'll find in Comprehension and English Language Learners. The 25 oral reading strategies in Comprehension and English Language Learners support students with differing levels of English proficiency during regular reading instruction-from beginners to those completely comfortable with their new language. Michael Opitz (coauthor of Goodbye Round Robin, Updated Edition) and Lindsey Moses help you go beyond oral reading activities such as round robin or popcorn reading that have no research base and that can actually inhibit reading progress. With their strategies, you'll instead help

English language learners: develop and monitor reading and listening comprehension evaluate texts and engage with authors learn social and academic vocabulary connect writing, reading, speaking, listening, and viewing get motivated to read on their own. In addition, Opitz and Moses make determining students' level of English proficiency easier with a primer on effective ELL assessment. They show you how each strategy can work within or across levels to help English learners make progress or consolidate gains. Each strategy is clearly presented and ready to use today with teaching suggestions, classroom examples, suggested children's literature, and online resources. Supplement your silent-reading program with oral reading that works. Read *Comprehension and English Language Learners* and teach with its strategies. Then listen to your English language learners to hear how powerful oral reading can be for developing comprehension.

Oral English Simplified: A Reliable Guide for Schools and Colleges is a reliable manual and do-it-yourself book on Oral English. It is useful for students in high and tertiary schools, and all lovers of spoken English. It also makes all aspects of Test of Orals as simple as ABC. More importantly, it cleverly explains the fundamentals of English Phonetics and Phonology courses in tertiary institutions. In this book: You will see triphthongs. You will see over 365 sets of homophones. Key /ki:/ and quay /ki:/ are one set of homophones. Fill /f l/ and feel /fi:l/ are not homophones. You will see the correct pronunciations of some words that are wrongly pronounced. Your spoken English will be enhanced through the knowledge you will gain from this book. There are so many other things contained in the book which include: 1. The book contains general important advice on spoken English that you would really need to know. 2. Apart from the fact that you will see consonant cluster at the word initial position (onset) up to 3 consonant sounds and at the word final position (coda) up to 4 consonant sounds, you will also see that there are consonant cluster at word medial position up to 5 consonant sounds. That is, you will see words with cluster of 5 consonant sounds at medial position without any vowel sound in between. 3. There are syllabic consonants /n/ and /l/. In the book, you will also see syllabic consonants /m/, /r/, and / ./. 4. The discussion on emphatic stress is excellent. Four (4) formulas/rules of emphatic stress are revealed in the book. 5. Impressive discussion on inflectional endings is contained in the book. 6. Is it on word stress? The treatment of the rules that guide word stress is exceptional. The word 'fluorescence' is stressed as 'fluo-RESC-ence' with the stress on the second syllable. When a word that contains more than one syllable is pronounced, one of its syllables must be pronounced with extra force. The rules that guide word stress are in this book. 7. In the book, you will discover rules or formulas for pronouncing many sounds. For instance, you will see why the 's' in 'mansion' and the 's' in 'erosion' do not have the same sound. 8. All the things mentioned above and many more are in the book. You can afford to buy this book. Get it now for yourself and/or your children and/or your loved ones.

Oral English and Public Speaking

"This practical book outlines strategies and ideas which will support teachers to include more quality "learning talk" in their programmes and embed purposeful oral language opportunities across the curriculum. It contains research based ideas and activities and the resource material to translate this into classroom practice. The oral language book is a pick-up-and use resource that includes a wide range of photocopiable and downloadable material that can be used to support busy classroom teachers"--Back cover.

Originally published in 1994, Oral Tradition in Middle English is an edited collection providing a multidisciplinary look at the importance and nature of oral tradition in Middle English literature. The book offers a discussion of the gradual problemization of orality and literacy in works of verbal art from this period. It shows how early typographies proved too exclusive to explain the heterogeneity of relevant texts, bringing to bear the new and potentially productive concepts of "vocality" and developing literacy. This book establishes a new interpretive paradigm for Middle English poetry.
