“A book that both taught me so much and also kept me on the edge of my seat. It is an invaluable text from a supremely talented writer.” —Clint Smith, author of *How the Word is Passed* The definitive history of the pervasiveness of racial inequality in American higher education America’s colleges and universities have a shameful secret: they have never given Black people a fair chance to succeed. From its inception, our higher education system was not built on equality or accessibility, but on educating—and prioritizing—white students. Black students have always been an afterthought. While governments and private donors funnel money into majority white schools, historically Black colleges and universities (HBCUs), and other institutions that have high enrollments of Black students, are struggling to survive, with state legislatures siphoning away federal funds that are legally owed to these schools. In *The State Must Provide*, Adam Harris reckons with the history of a higher education system that has systematically excluded Black people from its benefits. Harris weaves through the legal, social, and political obstacles erected to block equitable education in the United States, studying the Black Americans who fought their way to an education, pivotal Supreme Court cases like *Plessy v. Ferguson* and *Brown v. Board of Education*, and the government’s role in creating and upholding a segregated education system. He explores the role that Civil War-era legislation intended to bring agricultural education to the masses had in creating the HBCUs that have played such a major part in educating Black students when other state and private institutions refused to accept them. *The State Must Provide* is the definitive chronicle of higher education’s failed attempts at equality and the long road still in front of us to remedy centuries of racial discrimination—and poses a daring solution to help solve the underfunding of HBCUs. Told through a vivid cast of characters, *The State Must Provide* examines what happened before and after schools were supposedly integrated in the twentieth century, and why higher education remains broken to this day.

Bangkok Express is an often hilarious, always dangerous, fast moving tale of the tricks and turns in an exotic land where what meets the eye often fools, if not confuses, the observer. Joe leaves behind a life of commuter trains, a messy divorce, and an egotistical boss to undertake an assignment that changes his life forever. For Joe, Thailand is a private investigator’s hardest challenge. A land where women, drink and drugs come with no warning attached and nothing is what it seems. Can Joe untangle a web of corruption and lies and write the report that the “suits” want to see? Or is there something else on offer, something that will bring more happiness than that of a “job well done”? *Bangkok Express* is a beautifully bizarre, exotic novel that will leave the reader feeling like they just stepped off a fast moving train in the world’s most exciting city. "Finally, an anthology that brings together a useful selection of essays on *Orange is the New Black*...Netflix's most watched series. gender, politics, and intersectional identities. Scholars, teachers, and fans of the show will welcome this book's timely contribution to discussions of one of the most-talked television shows in years."--Dana Heller, Old Dominion University, author of *Loving The L Word* "A timely critique of the popular Netflix series, this volume explores the nexus of race, class, gender and sexuality as both a site of resistance to and reification of oppressive stereotypes, brilliantly illustrating the myriad ways in which the show simultaneously creates and contests hegemonic discourse through its diverse characters and compelling storylines."--Joanne Gilbert, Alma College "Just when you thought queer representations had become as predictably normative as an episode of *Modern Family*, along comes *Orange is the New Black*, a break-out hit for Netflix and an exciting, whirling mess of a series that raises crucial questions about gender, race, class, and sexuality. This wonderful new collection of critical essays plumbs the depths of OINTB, and offers up trenchant analyses that will be of great interest to scholars and students of popular culture, feminist and queer studies, and everyday fans who just can't get enough of these outside-the-box characters."--Suzanna Walters, Editor-in-Chief, *Signs: Journal of Women in Culture and Society*. Since its 2013 premiere, *Orange Is the New Black* has become Netflix's most watched series, garnering critical praise and numerous awards and advancing the cultural phenomenon of binge-watching. Academic conferences now routinely feature panels discussing the show, and the book on which it is based is popular course material at many universities. Yet little work has been published on OINTB. The series has sparked debate: does it celebrate diversity or is it told from the perspective of white privilege, with characters embodying some of the most racist and sexist stereotypes in television history? This collection of new essays is the first to analyze the show's multiple layers of meaning. Examining *Orange Is the New Black* from a number of feminist perspectives, the contributors cover topics such as gender, race, class, sexuality, transgenderism, mass incarceration and the prison industrial complex, disability, and sexual assault.

The Incredible True Story of One Addict's Double Life

A Memoir

America's Wrongfully Convicted and Exonerated

From comedian, storyteller, and The Moth host David Crabb, comes a music-filled, coming-of-age memoir about growing up gay and Goth in San Antonio, Texas. In the summer of 1989, three Goth kids crossed a street in San Antonio. They had no idea that a deeply confused fourteen-year-old boy was watching. Their dyed hair, fishnets, and eyeliner were his first evidence of another world—a place he desperately wanted to go. He just had no idea how to get there. Somehow David Crabb had convinced himself that every guy preferred French-braiding his girlfriend's hair to making out, and that the funny feelings he got watching Silver Spoons and Growing Pains had nothing to do with Ricky Schroeder or Kirk Cameron. But discovering George Michael's Faith confirmed for David what every bully already knew: he was gay. Surviving high school, with its gym classes, locker rooms, and naked, glistening senior guys, would require impossible feats of denial. What saved him was finding a group of outlandish friends who reveled in being outsiders. David found himself enmeshed with misfits: wearing black, cutting class, staying out all night, drinking, tripping, chain-smoking, idolizing The Smiths, Pet Shop Boys, and Joy Division—and learning lessons about life and love along the way. Richly detailed with 80s pop-culture, and including black and white photos throughout, BAD KID is as laugh-out-loud funny as it is poignant. Crabb's journey through adolescence captures the essence of every person's struggle to understand his or her true self.

"Cook ahead, mix and match, nourish body and soul"--Cover.

An analysis of the U.S. prison system through real-life stories, and a look at the complex work of community-based social justice projects. Through the stories of prisoners and their families, including her own family's experiences, Maya Schenwar shows how the institution that locks up 2.3 million Americans and decimates poor communities of color is shredding the ties that, if nurtured, could foster real collective safety. As she vividly depicts here, incarceration takes away the very things that might enable people to build better lives. But looking toward a future beyond imprisonment, Schenwar profiles community-based initiatives that successfully deal with problems—both individual harm and larger social wrongs—through connection rather than isolation, moving toward a safer, freer future for all of us. "Maya Schenwar's stories about prisoners, their families (including her own), and the thoroughly broken punishment system are rescued from any pessimism such narratives might inspire by the author's brilliant juxtaposition of abolitionist imaginaries and radical political practices." —Angela Y. Davis, author of Are Prisons Obsolete? "Locked Down, Locked Out paints a searing portrait of the real-life human toll of mass incarceration, both on prisoners and on their families,

and—equally compellingly—provides hope that collectively we can create a more humane world freed of prisons. Read this deeply personal and political call to end the shameful inhumanity of our prison nation.” —Dorothy Roberts, author of Shattered Bonds and Killing the Black Body “This book has the power to transform hearts and minds, opening us to new ways of imagining what justice can mean for individuals, families, communities, and our nation as a whole. Maya Schenwar’s personal, openhearted sharing of her own family’s story, together with many other stories and real-world experiments with transformative justice, makes this book compelling, highly persuasive, and difficult to put down. I turned the last page feeling nothing less than inspired.” —Michelle Alexander, author of The New Jim Crow

From the acclaimed New York Times bestselling author: An essential volume for generations of writers young and old. The twenty-fifth anniversary edition of this modern classic will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott’s hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne’s father—also a writer—in the iconic passage that gives the book its title: “Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he’d had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother’s shoulder, and said, ‘Bird by bird, buddy. Just take it bird by bird.’”

NATIONAL BESTSELLER • An up-close portrait of the mind of an addict and a life unraveled by narcotics—a memoir of captivating urgency and surprising humor that puts a human face on the opioid crisis. “Raw, brutal, and shocking. Move over, Orange Is the New Black.”—Amy Dresner, author of My Fair Junkie When word got out that Tiffany Jenkins was withdrawing from opiates on the floor of a jail cell, people in her town were shocked. Not because of the twenty felonies she’d committed, or the nature of her crimes, or even that she’d been captain of the high school cheerleading squad just a few years earlier, but because her boyfriend was a Deputy Sheriff, and his friends—their friends—were the ones who’d arrested her. A raw and twisty page-turning memoir that reads like fiction, **High Achiever** spans Tiffany’s life as an active opioid addict, her 120 days in a Florida jail where every officer despised

what she'd done to their brother in blue, and her eventual recovery. With heart-racing urgency and unflinching honesty, Jenkins takes you inside the grips of addiction and the desperate decisions it breeds. She is a born storyteller who lived an incredible story, from blackmail by an ex-boyfriend to a soul-shattering deal with a drug dealer, and her telling brims with suspense and unexpected wit. But the true surprise is her path to recovery. Tiffany breaks through the stigma and silence to offer hope and inspiration to anyone battling the disease—whether it's a loved one or themselves.

In our mothers' day there were good mothers, indifferent mothers, and occasionally, great mothers. Today we have only Bad Mothers: If you work, you're neglectful; if you stay home, you're smothering. If you discipline, you're buying them a spot on the shrink's couch; if you let them run wild, they will be into drugs by seventh grade. Is it any wonder so many women refer to themselves at one time or another as a "bad mother"? Writing with remarkable candor, and dispensing much hilarious and helpful advice along the way—Is breast best? What should you do when your daughter dresses up as a "ho" for Halloween?—Ayelet Waldman says it's time for women to get over it and get on with it in this wry, unflinchingly honest, and always insightful memoir on modern motherhood.

From The New Yorker's fiercely original, Pulitzer Prize-winning culture critic, a provocative collection of new and previously published essays arguing that we are what we watch. "Emily Nussbaum is the perfect critic—smart, engaging, funny, generous, and insightful."—David Grann, author of Killers of the Flower Moon NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • Chicago Tribune • Esquire • Library Journal • Kirkus Reviews From her creation of the "Approval Matrix" in New York magazine in 2004 to her Pulitzer Prize-winning columns for The New Yorker, Emily Nussbaum has argued for a new way of looking at TV. In this collection, including two never-before-published essays, Nussbaum writes about her passion for television, beginning with Buffy the Vampire Slayer, the show that set her on a fresh intellectual path. She explores the rise of the female screw-up, how fans warp the shows they love, the messy power of sexual violence on TV, and the year that jokes helped elect a reality-television president. There are three big

profiles of television showrunners—Kenya Barris, Jenji Kohan, and Ryan Murphy—as well as examinations of the legacies of Norman Lear and Joan Rivers. The book also includes a major new essay written during the year of #MeToo, wrestling with the question of what to do when the artist you love is a monster. More than a collection of reviews, the book makes a case for toppling the status anxiety that has long haunted the “idiot box,” even as it transformed. Through it all, Nussbaum recounts her fervent search, over fifteen years, for a new kind of criticism, one that resists the false hierarchy that elevates one kind of culture (violent, dramatic, gritty) over another (joyful, funny, stylized). *I Like to Watch* traces her own struggle to punch through stifling notions of “prestige television,” searching for a more expansive, more embracing vision of artistic ambition—one that acknowledges many types of beauty and complexity and opens to more varied voices. It’s a book that celebrates television as television, even as each year warps the definition of just what that might mean. FINALIST FOR THE PEN/DIAMONSTEIN-SPIELVOGEL AWARD FOR THE ART OF THE ESSAY “This collection, including some powerful new work, proves once and for all that there’s no better American critic of anything than Emily Nussbaum. But *I Like to Watch* turns out to be even greater than the sum of its brilliant parts—it’s the most incisive, intimate, entertaining, authoritative guide to the shows of this golden television age.”—Kurt Andersen, author of *Fantasyland* “Reading Emily Nussbaum makes us smarter not just about what we watch, but about how we live, what we love, and who we are. *I Like to Watch* is a joy.”—Rebecca Traister

In the tradition of Octavia Butler, here is radical self-help, society-help, and planet-help to shape the futures we want. Change is constant. The world, our bodies, and our minds are in a constant state of flux. They are a stream of ever-mutating, emergent patterns. Rather than steel ourselves against such change, *Emergent Strategy* teaches us to map and assess the swirling structures and to read them as they happen, all the better to shape that which ultimately shapes us, personally and politically. How much would you sacrifice to save someone you love? When Olivia, wild-haired and headstrong, makes a terrible mistake, she must turn to the person least likely to help—her mother, Elaine. Motherhood was a role that Elaine never embraced and her best never amounted to much. But now Olivia faces prosecution for a naïve connection to a drug deal and she needs Elaine more than ever. As the days count down and Olivia’s future hangs in the balance, Elaine must decide just how much she is willing to give for a second chance with her daughter. *With Daughter’s Keeper*, Ayelet Waldman has crafted a redemptive journey at once highly emotional and unbearably suspenseful, as Olivia and Elaine’s struggle builds to a beautiful, heart-wrenching climax. In this luminous, gripping novel, Waldman brings to life the tensions and the tenderness that forge the unshakeable bond between parent and child. *Daughter’s Keeper* reveals the unlimited boundaries of forgiveness and the sacrifices we make for love. “A powerhouse novel of complex emotions so

In *Upper Bunkies Unite: And Other Thoughts On the Politics of Mass Incarceration* author Andrea James takes a critical look at the politics and policies resulting in mass incarceration within the United States. From her professional experience as a former criminal defense lawyer, and her personal experience as a formerly incarcerated woman, James provides a more accurate portrait of who is in our prisons and the destructive outcome of politics that support a failed drug war and exhaust resources on law enforcement and incarceration. James demonstrates the need for a shift toward community wellness initiatives to replace incarceration and a complete overhaul of the current U.S. criminal justice framework from one of punishment and wasted human potential, to a system focused on social justice and healing.

Long a fruitful area of scrutiny for students of organizations, the study of institutions is undergoing a renaissance in contemporary social science. This volume offers, for the first time, both often-cited foundation works and the latest writings of scholars associated with the "institutional" approach to organization analysis. In their introduction, the editors discuss points of convergence and disagreement with institutionally oriented research in economics and political science, and locate the "institutional" approach in relation to major developments in contemporary sociological theory. Several chapters consolidate the theoretical advances of the past decade, identify and clarify the paradigm's key ambiguities, and push the theoretical agenda in novel ways by developing sophisticated arguments about the

The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not. ” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people ' s lives and behavior and the nation ' s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball ' s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

A powerful memoir by two sisters about transitioning, family, and the path to self-realization. When Orange Is the New Black and Diary of a Future President star Selenis Leyva was young, her hardworking parents brought a new foster child into their warm, loving family in the Bronx. Selenis was immediately smitten; she doted on the baby, who in turn looked up to Selenis and followed her everywhere. The little boy became part of the family. But later, the siblings realized that the child was struggling with their identity. As Marizol transitioned and fought to define herself, Selenis and the family wanted to help, but didn't always have the language to describe what Marizol was going through or the knowledge to help her thrive. In My Sister, Selenis and Marizol narrate, in alternating chapters, their shared journey, challenges, and triumphs. They write honestly about the issues of violence, abuse, and discrimination that transgender people and women of color--and especially trans women of color--experience daily. And they are open about the messiness and confusion of fully realizing oneself and being properly affirmed by others, even those who love you. Profoundly moving and instructive, My Sister offers insight into the lives of two siblings learning to be their authentic selves. Ultimately, theirs is a story of hope, one that will resonate with and affirm those in the process of transitioning, watching a loved one transition, and anyone taking control of their gender or sexual identities.

Packed in 7 seasons, Orange Is the New Black is an American sitcom that first aired in the year 2013 on Netflix. It is based on the novel Orange Is the New Black: My year in a women's prison by Piper Kerman. The series presents various events taking place at Litchfield Penitentiary. The show revolves around the life of Piper Chapman who gets thrown behind bars for a decade-old crime. Needless, to mention that Piper Chapman was not what the show was all about. Various other characters such as Poussey, Red, Black Cindy, Maritza, Linda, Madison added to the series in many ways possible. Transference of Taystee to Maximum Security after instigating a riot in prison who, of course, was devastated by the death of her closest friend Poussey was personally my favorite moment. A moment I can't forget and something that taught us about life in many ways. The story at many points highlighted the black Vs white concept deeply rooted in western societies. Apart from this, the show taught us how impactful and life-changing imprisonment can be. The blockbuster show earned many accolades and awards such as the 41st people's choice award, Golden Globe Award, 21st Screen Actors Guild Award, and much more. The show gave us insights into prison food and we couldn't help but try to prepare the dishes the inmates cooked behind bars in our kitchen. Here we bring to you the cookbook based entirely on your favorite show Orange Is the New Black. So, buckle up, gather your ingredients and start cooking.

She meets women from all walks of life, who surprise her with tokens of generosity, hard truths and

simple acts of acceptance. Now an original comedy-drama series from Netflix, Piper's story is a fascinating, heartbreaking and often hilarious insight into life on the inside.

Essential reading for our times, as women are pulling together to demand their rights— A landmark portrait of women, men, and power in a transformed world. “Anchored by data and aromatized by anecdotes, [Rosin] concludes that women are gaining the upper hand.” -The Washington Post Men have been the dominant sex since, well, the dawn of mankind. But Hanna Rosin was the first to notice that this long-held truth is, astonishingly, no longer true. Today, by almost every measure, women are no longer gaining on men: They have pulled decisively ahead. And “the end of men”—the title of Rosin’s Atlantic cover story on the subject—has entered the lexicon as dramatically as Betty Friedan’s “feminine mystique,” Simone de Beauvoir’s “second sex,” Susan Faludi’s “backlash,” and Naomi Wolf’s “beauty myth” once did. In this landmark book, Rosin reveals how our current state of affairs is radically shifting the power dynamics between men and women at every level of society, with profound implications for marriage, sex, children, work, and more. With wide-ranging curiosity and insight unhampered by assumptions or ideology, Rosin shows how the radically different ways men and women today earn, learn, spend, couple up—even kill—has turned the big picture upside down. And in *The End of Men* she helps us see how, regardless of gender, we can adapt to the new reality and channel it for a better future.

On September 30, 2003, Calvin was declared innocent and set free from Angola State Prison, after serving 22 years for a crime he did not commit. Like many other exonerees, Calvin experienced a new world that was not open to him. Hitting the streets without housing, money, or a change of clothes, exonerees across America are released only to fend for themselves. In the tradition of Studs Terkel's oral histories, this book collects the voices and stories of the exonerees for whom life — inside and out — is forever framed by extraordinary injustice

A new edition that brings the ways we watch and think about television up to the present We all have opinions about the television shows we watch, but television criticism is about much more than simply evaluating the merits of a particular show and deeming it “good” or “bad.” Rather, criticism uses the close examination of a television program to explore that program’s cultural significance, creative strategies, and its place in a broader social context. How to Watch Television, Second Edition brings together forty original essays—more than half of which are new to this edition—from today’s leading scholars on television culture, who write about the programs they care (and think) the most about. Each essay focuses on a single television show, demonstrating one way to read the program and, through it, our media culture. From fashioning blackness in Empire to representation in Orange is the New Black and from the role of the reboot in Gilmore Girls to the function of changing political atmospheres in Roseanne, these essays model how to practice media criticism in accessible language, providing critical insights through analysis—suggesting a way of looking at TV that students and interested viewers might emulate. The contributors discuss a wide range of television programs past and present, covering many formats and genres, spanning fiction and non-fiction, broadcast, streaming, and cable. Addressing shows from TV’s earliest days to contemporary online transformations of the medium, How to Watch Television, Second Edition is designed to engender classroom discussion among television critics of all backgrounds.

Piper Kerman barely resembles the reckless young woman who delivered a suitcase of drug money ten years before. But that past has caught up with her. Convicted and sentenced to fifteen months at the infamous federal correctional facility in Danbury, Connecticut, the well-heeled Smith College alumna is now inmate #11187-424—one of the millions of people who disappear “down the rabbit hole” of the American penal system. From her first strip search to her final release, Kerman learns to navigate this strange world with its strictly enforced codes of behavior and arbitrary rules. She meets women from all walks of life, who surprise her with small tokens of generosity, hard words of wisdom, and simple acts of acceptance. Heartbreaking, hilarious, and at times enraging, Kerman’s story offers a rare look into the lives of women in prison—why it is we lock so many away and what happens to them when they’re there. Praise for *Orange Is the New Black* “Fascinating . . . The true subject of this unforgettable book is female bonding and the ties that even bars can’t unbind.”—People (four stars) “I loved this book. It’s a story rich with humor, pathos, and redemption. What I did not expect from this memoir was the affection, compassion, and even reverence that Piper Kerman demonstrates for all the women she encountered while she was locked away in jail. I will never forget it.”—Elizabeth Gilbert, author of *Eat, Pray, Love* “This book is impossible to put down because [Kerman] could be you. Or your best friend. Or your daughter.”—Los Angeles Times “Moving . . . transcends the memoir genre’s usual self-centeredness to explore how human beings can always surprise you.”—USA Today “It’s a compelling awakening, and a harrowing one—both for the reader and for Kerman.”—Newsweek

Chock full of in-depth information about the show, including recipe headnotes by the characters, DIY projects that emulate notable props, and prison factoids that help bring the show to life, this cookbook will bring a little piece of Litchfield right into your very own kitchen.

Winner of the 2018 National Council on Crime & Delinquency’s Media for a Just Society Awards Winner of the 2017 Goddard Riverside Stephan Russo Book Prize for Social Justice “Valuable . . . [like Michelle] Alexander’s The New Jim Crow.” –Los Angeles Review of Books “Susan Burton is a national treasure . . . her life story is testimony to the human capacity for resilience and recovery . . . [Becoming Ms. Burton is] a stunning memoir.” –Nicholas Kristof, in The New York Times Winner of the prestigious NAACP Image Award, a uniquely American story of trauma, incarceration, and “the breathtaking resilience of the human spirit” (Michelle Alexander) Widely hailed as a stunning memoir, Becoming Ms. Burton is the remarkable life story of the renowned activist Susan Burton. In this “stirring and moving tour-de-force” (John Legend), Susan Burton movingly recounts her own journey through the criminal justice system and her transformation into a life of advocacy. After a childhood of immense pain, poverty, and abuse in Los Angeles, the tragic loss of her son led her into addiction, which in turn led to arrests and incarceration. During the War on Drugs, Burton was arrested and would cycle in and out of prison for more than fifteen years. When, by chance, she finally received treatment, her political awakening began and she became a powerful advocate for “a more humane justice system guided by compassion and dignity” (Booklist, starred review). Her award-winning organization, A New Way of Life, has transformed the lives of more than one thousand formerly incarcerated women and is an international model for a less punitive and more effective approach to rehabilitation and reentry. Winner of an NAACP Image Award and named a “Best Book of 2017” by the Chicago Public Library, here is an unforgettable book about “the breathtaking resilience of the human spirit” (Michelle Alexander).
