

Orion Tv User Guide

M.C. Solaris invites you to an exclusive behind-the-scenes look at all things Orion’s Order! This insider’s guide includes never before seen content, including two short stories and one bonus scene with none other than the resident Mr. Silent & Deadly himself! You’ll also be able to sink your fangs into the character dossiers, world building notes, and craft comments where M.C. shares a glimpse inside her inner thoughts and reflections about her Orion’s Order author’s journey. Plus, you’ll get a sneak peek at the cover art and the prologue for Aleia’s Choice (Orion’s Order Book 4). Note From M.C. Solaris: Infinite gratitude to every single beautiful soul out there who has supported, encouraged, and loved all things Orion’s Order! I sincerely hope you enjoy this insider’s guide! :) XOXO

Both beginning/novice amateur astronomers (at the level of Astronomy and Night Sky magazine readers), as well as more advanced amateur astronomers (level of Sky and Telescope) will find this book invaluable and fascinating. It includes detailed up-to-date information on sources, selection and use of virtually every major type, brand and model of such instruments on today’s market. The book also includes details on the latest released telescope lines, e.g. the 10-, 12-, 14- and 16-inch aperture models of the Meade LX-R series. As a former editor for Sky & Telescope, Astronomy, and Star & Sky magazines, the author is the ideal person to write this book.

A collection of fantasy, science fiction, and horror films in various languages listed in title order referencing the crew for each production. For the purpose of this work, fantastic films are defined as those motion pictures depicting or strongly implying significant exceptions to man’s conception of natural reality.

Finding Orion

Science Fiction, Fantasy, & Horror

Dead at Daybreak

The acclaimed author of Ms. Bixby’s Last Day and Posted returns with an unforgettable tale of love and laughter, of fathers and sons, of what family truly means, and of the ways in which we sometimes need to lose something in order to find ourselves. Celebrate dads and Father’s Day year-round with this warm and witty novel for tweens. Rion Kwirk comes from a rather odd family. His mother named him and his sisters after her favorite constellations, and his father makes funky-flavored jellybeans for a living. One sister acts as if she’s always on stage, and the other is a walking dictionary. But no one in the family is more odd than Rion’s grandfather, Papa Kwirk. He’s the kind of guy who shows up on his motorcycle only on holidays handing out crossbows and stuffed squirrels as presents. Rion has always been fascinated by Papa Kwirk, especially as his son—Rion’s father—is the complete opposite. Where Dad is predictable, nerdy, and reassuringly boring, Papa Kwirk is mysterious, dangerous, and cool. Which is why, when Rion and his family learn of Papa Kwirk’s death and pile into the car to attend his funeral and pay their respects, Rion can’t help but feel that that’s not the end of his story. That there’s so much more to Papa Kwirk to discover. He doesn’t know how right he is.

Amateur astronomers of all skill levels are always contemplating their next telescope, and this book points the way to the most suitable instruments. Similarly, those who are buying their first telescopes – and these days not necessarily a low-cost one – will be able to compare and contrast different types and manufacturers. This exciting and revised new guide provides an extensive overview of binoculars and telescopes. It includes detailed up-to-date information on sources, selection and use of virtually every major type, brand, and model on today’s market, a truly invaluable treasure-trove of information and helpful advice for all amateur astronomers. Originally written in 2006, much of the first edition is inevitably now out of date, as equipment advances and manufacturers come and go. This second edition not only updates all the existing sections of “A Buyer’s and User’s Guide to Astronomical Telescopes and Binoculars” but adds two new ones: Astro-imaging and Professional-Amateur collaboration. Thanks to the rapid and amazing developments that have been made in digital cameras – not those specialist cool-chip astronomical cameras, not even DSLRs, but regular general-purpose vacation cameras – it is easily possible to image all sorts of astronomical objects and fields. Technical developments, including the Internet, have also made it possible for amateur astronomers to make a real contribution to science by working with professionals. Selecting the right device for a variety of purposes can be an overwhelming task in a market crowded with observing options, but this comprehensive guide clarifies the process. Anyone planning to purchase binoculars or telescopes for astronomy – whether as a first instrument or as an upgrade to the next level – will find this book a treasure-trove of information and advice. It also supplies the reader with many useful hints and tips on using astronomical telescopes or binoculars to get the best possible results from your purchase.

Genre is central to understanding the industrial context and visual form of television. This new edition of the key textbook on television genre brings together leading international scholars to provide an accessible and comprehensive introduction to the debates, issues and concerns of the field. Structured in eleven sections, The Television Genre Book introduces the concept of 'genre' itself and how it has been understood in television studies, and then addresses the main televisual genres in turn: drama, soap opera, comedy, news, documentary, reality television, children's television, animation and popular entertainment. This third edition is illustrated throughout with case studies of classic and contemporary programming from each genre, ranging from The Simpsons to Buffy the Vampire Slayer and from Monty Python's Flying Circus to Who Wants to be a Millionaire?. It also features new case studies on contemporary shows, including The Only Way Is Essex, Homeland, Game of Thrones, Downton Abbey, Planet Earth, Grey's Anatomy and QVC, and new chapters covering topics such as constructed reality, travelogues, telefantasy, stand-up comedy, the panel show, 24-hour news, Netflix and video on demand.

Be: A No-Bullsh*t Guide to Increasing Your Self Worth and Net Worth by Simply Being Yourself

Bonanza aired on NBC from September 12, 1959, to January 16, 1973, playing to 480,000,000 viewers in over 97 countries. It was the second longest running western series, surpassed only by Gunsmoke, and continues to provide wholesome entertainment to old and new fans via syndication. This book provides an in-depth chronicle of the series and its stars. A history of the show from its inception to the current made-for-television movies is provided, and an episode guide includes a synopsis of each show and lists such details as the main characters of each episode and the actors who portrayed them, the dates they stayed with the show, date and time of original broadcast, writer, director, producer, executive producer, and supporting cast. Also provided are character sketches for each of the major recurring characters, career biographies of Lorne Green, Pernell Roberts, Dan Blocker, and Michael Landon, brief biographical sketches of the supporting cast, a discography of recordings of the Bonanza theme and recordings of the four major stars, and information on Bonanza television movies.

Searchable electronic version of print product with fully hyperlinked cross-references.

Rely on expert background information on everything from bull-fighting in Pemba through to the mosaic of ethnic groups in Tanzania. Explore all corners of this fascinating country with the clearest maps of any guide.

"Someone once said that 'pop music is an argument that anyone can join in'. Ways of Hearing turns that argument into a riotous bar-room brawl, as a frontier town of unruly pop pioneers (from Lee 'Scratch' Perry to Lemmy from Motorhead, from Captain Beefheart to The Chemical Brothers to Sir Cliff Richard) punch it out in a gleeful free-for-all. " "Tapping into pop's imaginary world at its intersections with film, TV and literature, Ben Thompson zeroes in on music's power to transform - both those who make it and those who listen to it. Part pop hall of fame, part self-help manual, and part visionary manifesto, Ways of Hearing cuts through the waxy build-up of conventional wisdom and gains direct access to the soul's inner ear."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

In Star Trek Chris Gregory analyses the reasons for the continuing success of the Star Trek phenomenon, traces its overall development and comments on how the differences between 1990s and 1960s series reflect changes in the mass media environment during this period. He examines Star Trek as a series of generic and mythological texts, compares TV and filmed versions, explores its 'cult' appeal and looks in detail at its psychological, social and political themes.

The Cold War Defense of the United States

World Guide to Television

The Chicago Manual of Style

A Source Book of Information Essential to the Video Enthusiast

During the Cold War, as part of its defense strategy against the Soviet Union, the U.S. was forced to establish means of massive long-range attack in response to Soviet advancements in weaponry. These defenses detected and tracked manned bomber aircraft, hostile submarines and missiles launched from the other side of the world. This book shows how these defenses evolved from fledgling stop-gap measures into a complex fabric of interconnected combinations of high-tech equipment over 40 years. Maps illustrate the extent of the geographic coverage required for these warning and response systems and charts display the time frames and vast numbers of both people and equipment that made up these forces.

Concise discussions of the lives and principal works of writers from Britain, Ireland, Australia, Canada, New Zealand and English-speaking Africa, Asia, and the Caribbean. Written by subject experts.

The Rough Guide to Lisbon

Field Guide to the Electronic Environment

A Reese Witherspoon x Hello Sunshine Book Club YA Pick “A Cuban Girl’s Guide to Tea and Tomorrow is an absolute delight. Cozier than a hand-knit gray cardigan and richer than Abuela’s pastelito recipe, Namey takes you from Miami to Winchester, and leaves your heart belonging to both.” —Rachael Lippincott, #1 New York Times bestselling author of Five Feet Apart Love & Gelato meets Don’t Date Rosa Santos in this charming, heartfelt story following a Miami girl who unexpectedly finds love—and herself—in a small English town. For Lila Reyes, a summer in England was never part of the plan. The plan was 1) take over her abuela’s role as head baker at their panadería, 2) move in with her best friend after graduation, and 3) live happily ever after with her boyfriend. But then the Trifecta happened, and everything—including Lila herself—fell apart. Worried about Lila’s mental health, her parents make a new plan for her: Spend three months with family friends in Winchester, England, to relax and reset. But with the lack of sun, a grumpy inn cook, and a small town lacking Miami flavor (both in food and otherwise), what would be a dream trip for some feels more like a nightmare to Lila…until she meets Orion Maxwell. A teashop clerk with troubles of his own, Orion is determined to help Lila out of her funk, and appoints himself as her personal tour guide. From Winchester’s drama-filled music scene to the sweeping English countryside, it isn’t long before Lila is not only charmed by Orion, but England itself. Soon a new future is beginning to form in Lila’s mind—one that would mean leaving everything she ever planned behind.

Lisbon's gentle pace and almost provincial feeling belie its position as one of Europe's most Cosmopolitan cities. This guide begins by showing the reader the traditional life of the city's historic neighbourhoods, then goes on to review the most contemporary bars and nightspots.

A headspinning thriller from crime writer Deon Meyer: the story of an ex-cop who has seven days to solve a seemingly unsolvable crime -- the answer to which lies in his own dark past. When Johannes Jacobus Smit, an antiques dealer, is found burned with a blowtorch and killed execution-style with a single shot to the back of the head, former cop Zatopek "Zed" van Heerden is called in to investigate the unusual circumstances of the murder. Zed is still obsessed with the betrayals of his own past but must fill in the blanks of this victim's life. Who tortured and killed Smit, and who was Smit in the first place? Not the man whose papers he carries, that much is certain. Zed can never be sure of the loyalties of the people with whom he is dealing -- his own past reputation ensures that -- and he soon finds himself uncovering secrets that the security services of many countries would like left alone. "Exciting....A terrific ride on almost every level."-Chicago Tribune

Film Composers Guide

Brand new, this publication provides practical guidance in dealing with the types of insurance that are available for individual and entity participants in the sports and entertainment industries. It identifies the nuances of the insurance, requirements in the insurance policies that may need to be honored to obtain coverage, and overlooked sources of coverage. This unique product not only provides in-depth explanations of the substantive law but also nuts and bolts practical guidance for lawyers in handling virtually all issues that can arise involving insurance for all participants and entities in the sports and entertainment industries in the United States. It analyzes germane insurance provisions, coverage issues and court decisions thus providing a thorough grounding in the current insurance law needed to successfully handle sports and entertainment insurance law issues. It applies general insurance principles to the needs of participants in the sports and entertainment industries. Insurance law principles that pertain to policyholders and insurers in general are explained and applied to instances and scenarios involving sports and entertainment events and participants. It further provides in-depth analysis of the insurance provisions, issues and court decisions unique to the sports and entertainment industries. Individuals and entities in the entertainment and sports industries are the subject of a wide variety of claims and lawsuits. The economic consequences vary, but can reach millions, if not tens of millions of dollars, and can involve everything from paying lawyers and experts to defend against lawsuits, to paying to repair or rebuild property, to suffering losses from injuries, cancellations, delays, cast changes or closures and loss of business during periods of restoration. The publication features practice insights, strategic guidance, comments and warnings. Insightful, expert guidance is provided giving you the key do's and dont's of practice. Appendices of key decisions and sample forms are provided. This publication thus presents a complete package of the tools you need to practice in this lucrative area of the law successfully.

Defining Women explores the social and cultural construction of gender and the meanings of woman, women, and femininity as they were negotiated in the pioneering television series *Cagney and Lacey*, starring two women as New York City police detectives. Julie D'Acci illuminates the tensions between the television industry, the series production team, the mainstream and feminist press, various interest groups, and television viewers over competing notions of what women could or could not be—not only on television but in society at large. *Cagney and Lacey*, which aired from 1981 to 1988, was widely recognized as an innovative treatment of working women and developed a large and loyal following. While researching this book, D'Acci had unprecedented access to the set, to production meetings, and to the complete production files, including correspondence from network executives, publicity firms, and thousands of viewers. She traces the often heated debates surrounding the development of women characters and the representation of feminism on prime-time television, shows how the series was reconfigured as a 'woman's program,' and investigates questions of female spectatorship and feminist readings. Although she focuses on *Cagney and Lacey*, D'Acci discusses many other examples from the history of American television.

Build your confidence, increase your value, and make a lasting impact—a brand authenticity expert shares her most powerful secrets. Everyone in marketing is talking “authenticity.” Which means making a personal or professional brand should be simpler than ever, right? What could be easier than “being yourself?” Simple? Sure. But easy? Not so much. Why? Because authenticity is unfiltered, unapologetic, and honest. Authenticity owns its imperfections and takes responsibility for mistakes. It shows up on the good and bad days. In short, authenticity feels scary. No wonder we try to brand ourselves as someone else we think will be more appealing than our real selves. Jessica Zweig founded the SimplyBe. agency to revolutionize an authenticity-first approach to branding. With *Be: A No-Bullsh*t Guide to Increasing Your Self Worth and Net Worth* by Simply Being Yourself, she shares her most powerful secrets for building authenticity, service, and real connection into your winning brand. “I’m opening up the freakin’ vault to SimplyBe.’s best-in-class, trademarked methodologies, tools, and frameworks for clearing away everything that’s keeping the real you from shining through,” she says, including: **Branding Reinvented—Forget the hacks and tricks, it’s time to learn what personal branding is really about. Embracing Your Sh*t—All that stuff you think you need to hide? That’s actually your most important resource! Your Vibe Attracts Your Tribe—Learn to magnetize the people who most want to support you (and they’re out there). Your Personal Brand Hologram®—SimplyBe.’s universal framework can crystallize your utterly unique brand platform. The Supernova™—Create winning content with the secret sauce of consistency and clarity. The Pinnacle Content Framework™—Take the stress out of strategy and find the most direct, effective path toward your goals. Getting Social Media Right—Stop chasing trends and learn the 10 sustainable, evergreen principles for online connection. Living Your Brand—Take your authentic personal brand where it matters most: offline and into your relationships, your workplace, and the way you show up in the world. “We are living at an inflection point,” says Jessica Zweig. “For any brand—business or personal—the game is no longer about eyeballs, but engagement. No longer about impressions, but impact. Content is no longer king, clarity is. Your best strategy? Service and generosity. Your best solution? Authenticity.” Here is a powerful guide for connecting with others, changing lives, and moving the world forward as only you can.**
