impossible to resist. This video editing program now enables users to capture and edit widescreen High Definition Video (HDV) from the new generation of HDV camcorders, along with standard DV and the MPEG-4 video format. iMovie HD also includes "Magic iMovie" for making finished movies automatically. The feature

does everything in one step--imports video into separate clips and adds titles, transitions, and music. The finished video is then ready for iDVD 5, which now includes 15 new themes with animated drop zones that can display video clips across DVD menus, just like the latest Hollywood DVDs. This witty and

God insists, while God's existence is a human responsibility, which may or may not happen. For John D. Caputo, God's existence is haunted by "perhaps," which does not signify indecisiveness but an openness to risk, to the unforeseeable. Perhaps constitutes a theology of what is to come and what we cannot see coming.

Responding to current critics of continental philosophy, Caputo explores the materiality of perhaps and the promise of the world. He shows how perhaps can become a new theology of the gaps God opens.
