

Our Dreaming Mind By Robert L Van De Castle

The Tibetan Book of the Dead is one of the best-known Tibetan Buddhist texts. It is also one of the most difficult texts for Westerners to understand. In Living, Dreaming, Dying, Rob Nairn presents the first interpretation of this classic text using a modern Western perspective, avoiding arcane religious terminology, keeping his explanations grounded in everyday language. Nairn explores the concepts used in this highly revered work and brings out their meaning and significance for our daily life. He shows readers how the Tibetan Book of the Dead can help us understand life and self as well as the dying process. Living, Dreaming, Dying helps readers to "live deliberately"—and confront death deliberately. One thing that prevents us from doing that, according to Nairn, is our tendency to react fearfully whenever change occurs. But if we confront our fear of change and the unknown, we can learn to flow gracefully with the unfolding circumstances of life rather than be at their mercy. Of course, change occurs throughout our life, but a period of transition also occurs as we pass from the waking state into sleep, and likewise as we pass into death. Therefore the author's teachings apply equally to living as well as to dreaming and dying. Through meditation instructions and practical exercises, the author explains how to:

- Explore the mind through the cultivation of deep meditation states and expanded consciousness*
- Develop awareness of negative tendencies*
- Use deep sleep states and lucid dreaming to increase self-understanding as well as to "train" oneself in how to die so that one is prepared for when the time comes*
- Confront and liberate oneself from fear of death and the unknown*

A science journalist explores the latest research on dreams—how they work, what they're for, and how we can reap the benefits. While on a research trip in Peru, science journalist Alice Robb became hooked on lucid dreaming—the uncanny phenomenon in which a sleeping person can realize that they're dreaming and even control the dreamed experience. Finding these forays both puzzling and exhilarating, Robb dug deeper into the science of dreams at an extremely opportune moment: just as researchers began to understand why dreams exist. They aren't just random events; they have clear purposes.

They help us learn and even overcome psychic trauma. Robb draws on fresh and forgotten research, as well as her experience and that of other dream experts, to show why dreams are vital to our emotional and physical health. She explains how we can remember our dreams better—and why we should. She traces the intricate links between dreaming and creativity, and even offers advice on how we can relish the intense adventure of lucid dreaming for ourselves. *Why We Dream* is both a cutting-edge examination of the meaning and purpose of our nightly visions and a guide to changing our dream lives in order to make our waking lives richer, healthier, and happier. “Robb offers a welcome antidote to the medicine administered by most sleep gurus.” —*New Yorker*

Lucid Dreaming: Gateway to the Inner Self is the account of an extraordinarily talented lucid dreamer who goes beyond the boundaries of both psychology and religion. In the process, he stumbles upon the Inner Self. While lucid (consciously aware) in the dream state and able to act and interact with dream figures, objects, and settings, dream expert Robert Waggoner experienced something transformative and unexpected. He was able to interact consciously with the dream observer - the apparent Inner Self - within the dream. At first this seemed shocking, even impossible, since psychology normally alludes to such theoretical inner aspects as the Subliminal Self, the Center, the Internal Self-Helper in vague and theoretical ways. Waggoner came to realize, however, that aware interaction with the Inner Self was not only possible, but actual and highly inspiring. He concluded that while aware in the dream state, one has both a psychological tool and a platform from which to understand dreaming and the larger picture of man's psyche as well. Waggoner proposes 5 stages of lucid dreaming and guides readers through them, offering advice for those who have never experienced the lucid dream state and suggestions for how experienced lucid dreamers can advance to a new level. *Lucid Dreaming* offers exciting insights and vivid illustrations that will intrigue not only avid dreamworkers but anyone who is interested in consciousness, identity, and the definition of reality.

Master Lucid Dreaming and Control Dreams With the Best Techniques to Dream Big. You're about to discover a proven strategy on how to lucid dream and control your dreams so that

you can experience and create an extraordinary life. In this lucid dreaming book, you will learn dream interpretation and how to master the art of lucid dreaming with the best I have learned over years of research and experimenting so you can tap into the natural powers you already possess to conquer your dreams in the easiest and fastest way. Lucid dreaming is one of the best skills anybody can develop with a little bit of practice and this book will teach you how to use lucid dreams to create your ideal world, improve creativity, meet anybody you want, create imaginary characters that can help you solve any problem, heal yourself, be able to fly, travel through time and much more. By learning how to lucid dream your dream world is a world of infinite possibilities. The average person sleeps almost half of their life and by learning to effectively lucid dream: we can take advantage of all this time and dreams and get the right insights, boost our creativity, heal ourselves emotionally, and do whatever we can think of. Just imagine, no limits!! And as a result, to use the special techniques in this lucid dreaming book you will live a more fulfilling life both in your dream world and your conscious life. If you want to begin lucid dreaming for the first time or you are already in a more advanced level of lucid dreams, this book has valuable information that can help you get there faster in a much more effective way Experience lucid dreaming on another level. If you have tried some techniques but haven't been able to produce any results with your dreams or only average results, it's because you are lacking an effective strategy and techniques that produce outstanding results. This lucid dreaming e-book goes into a step-by-step strategy that will help you take control of your dreams, experience strong lucid dreams, and therefore have high levels of pleasure, happiness, a sense of achievement, and a much better quality of your dream world and in real life. The New Science of How and Why We Dream

A Spiritual Path for Everyday Life

Dreaming True

Manifesting Your Heart's Desires through Twelve Secrets of the Imagination

An engaging and illuminating journey into the world of dreams ranges from ancient times, when dreams were valued tools of philosophers and rulers, through the pioneering days of dream interpretation, to recent scientific revelations about the nature of dreams.

With more than 250,000 copies sold, this classic exploration of dreams and how to use them has been updated to reflect recent research on dreams and dreaming.

Your dreams are trying to guide you, but do you understand what they're saying? Dreamworking provides a practical process for connecting your dreams to your life, helping you understand the profound requests that come while you sleep. Join Christopher Sowton as he shares five steps to receiving the inner guidance of our dreams: Catch, Clarify, Orient, Connect, Respond. With hands-on techniques, examples from the author's psychotherapy practice, and guidance for working with fourteen common dream motifs, this book shows how to facilitate dreamwork for psychological and spiritual transformation. Whether a dream wants you to take action, improve your understanding, or make a specific change, you can rest assured that it's leading you to new perspectives and fulfilling resolutions. Praise: "Christopher Sowton has presented a book that is not only thoroughly original but incredibly comprehensive in both its width and its depth. If you apply the method so well articulated in Dreamworking, your life may never be the same again—and you will celebrate the change!" —Stanley Krippner, PhD, co-author of *Extraordinary Dreams* "In his excellent guidebook for helping people understand dreams, their own or those of clients, Dr. Christopher Sowton provides a precious map of the territory." —Patricia Garfield, PhD, author of *Creative Dreaming*

A dynamic exposition of the powerful, ancient Sephardic tradition of dreaming passed down from the renowned 13th-century kabbalist Isaac the Blind • Includes exercises and practices to access the dream state at will in order to engage with life in a state of enhanced awareness • Written by the close student of revered kabbalist Colette Aboulker-Muscat In *Kabbalah and the Power of Dreaming* Catherine Shainberg unveils the esoteric practices that allow us to unlock the dreaming mind's transformative and intuitive powers. These are the practices used by ancient prophets, seers, and sages to control dreams and visions. Shainberg draws upon the ancient Sephardic Kabbalah tradition, as well as illustrative stories and myths from around the Mediterranean, to teach readers how to harness the intuitive power of their

dreaming. While the Hebrew Bible and our Western esoteric tradition give us ample evidence of dream teachings, rarely has the path to becoming a conscious dreamer been articulated. Shainberg shows that dreaming is not something that merely takes place while sleeping--we are dreaming at every moment. By teaching the conscious mind to be awake in our sleeping dreams and the dreaming mind to be manifest in daytime awareness, we are able to achieve revolutionary consciousness. Her inner-vision exercises initiate creative and transformative images that generate the pathways to self-realization.

Wake Up in Your Dreams and Live a Happier, More Lucid Life A lucid dream is a dream in which you become aware that you're dreaming. It's a powerful opportunity to solve problems, create new possibilities, take charge of your own healing, and explore the depths of reality. This book provides a range of practical techniques and activities to help you bring the creativity and super-conscious awareness of lucid dreaming into your life. Join international expert Clare R. Johnson as she shares the most up-to-date lucid dreaming techniques on how to get and stay lucid, guide dreams, resolve nightmares, deepen creativity, and integrate dream wisdom into everyday life. Drawing on cutting-edge science and psychology, this book is packed with inspiring stories of life-changing lucid dreams and fascinating insights into topics such as the ethics of dream sex, how to interact with lucid dream figures, and the nature of consciousness. Whether you're a person who barely remembers your dreams or a lifelong lucid dreamer, this in-depth guide is the perfect next step as you cultivate the power of lucid dreaming. Praise: "Dr. Clare Johnson has energetically led the way in revealing the limitless practical and spiritual potential of lucid dreaming, so far-reaching it can change the world. Her clearly-written book is destined to become essential reading for all those interested in lucid dreaming. It points out the essential phenomena of lucid dreaming, and then amazes us by opening

its extraordinary major vistas to us, that reveal the true glory and limitless potential of our inner universe. This is a significant book."—Dr. Keith Hearne, the scientist who provided the world's first proof of lucid dreaming in 1975, and inventor of the world's first Dream Machine

This is a hands-on manual for anyone who is interested in dreams. At the same time, it is the story of a personal journey through the dream world by the author and several of his patients and students. Robert Bosnak offers exercises and strategies for studying dreams, including:

- Remembering and recording dreams
- Analyzing a written dream text
- Studying a series of dreams for its underlying themes
- Using the techniques of active imagination and amplification
- Working on dreams alone, in pairs, and in groups

Through this Little Course in Dreams it becomes clear that the imagination is a powerful force that simultaneously "poisons" us and provides the remedies to the soul's ills. Dreamwork thus opens the way to the healing and transformation of the soul.

Explores Jung's psychological concepts regarding the nature, function and importance of man's symbols as they appear on both the conscious and subconscious level

A vivid introduction to understanding the world of dreams based on Jungian psychology and written in clear, everyday language.

The Three "Only" Things (EasyRead Large Bold Edition)

What They Can Tell Us and How They Can Change Our World

Active dreaming is a way of being fully of this world while maintaining constant contact with another world, the world-behind-the-world, where the deeper logic and purpose of our lives are to be found. This book offers three core areas of practice: talking and walking our dreams to bring energy and guidance from the dreamworld into everyday life; shamanic lucid dreaming; and, conscious living.

Experienced by millions as supernatural assault, isolated sleep paralysis (ISP) feels like being awake and aware in bed as someone - or something - holds you down. These sensations are sometimes accompanied by frightening and realistic hallucinations. In this book these encounters with ghosts, vampires - and

Read Free Our Dreaming Mind By Robert L Van De Castle

even succubi - are honored afresh from the perspective of contemporary dream science. Although terrifying, ISP visions can also be a reliable portal to other extraordinary states, including lucid dreaming, out-of-body experiences and otherworldly journeys.

Finally, this volume concludes with a look at the potential "traumas of normal life," such as divorce, bereavement, and life-threatening illness, and the role of dreams in working through normal grief and loss.

Suppose you could take action in your dream to eliminate a recurring nightmare, heal a relationship, or even a physical ailment. The 100 dreamers in this book have! They are presented by 22 internationally acclaimed experts, psychologists, researchers, and best-selling authors from the International Association for the Study of Dreams (IASD)

Our Dreaming Mind

What, if anything, do dreams tell us about ourselves? What is the relationship between types of sleep and types of dreams? Does dreaming serve any purpose? Or are dreams simply meaningless mental noise--"unmusical fingers wandering over the piano keys"? With expertise in philosophy, psychology, and neuroscience, Owen Flanagan is uniquely qualified to answer these questions. And in *Dreaming Souls* he provides both an accessible survey of the latest research on sleep and dreams and a compelling new theory about the nature and function of dreaming. Flanagan argues that while sleep has a clear biological function and adaptive value, dreams are merely side effects, "free riders," irrelevant from an evolutionary point of view. But dreams are hardly unimportant. Indeed, Flanagan argues that dreams are self-expressive, the result of our need to find or to create meaning, even when we're sleeping. Rejecting Freud's theory of manifest and latent content--of repressed wishes appearing in disguised form--Flanagan shows how brainstem activity during sleep generates a jumbled profusion of memories, images, thoughts, emotions, and desires, which the cerebral cortex then attempts to shape into a more or less coherent story. Such dream-narratives range from the relatively mundane worries of non REM sleep to the fantastic confabulations of deep REM that resemble psychotic episodes in their strangeness. But however bizarre these narratives may be, they can shed light on our mental life, our well being, and our sense of self. Written with clarity, lively wit, and remarkable insight, *Dreaming Souls* offers a fascinating new way of apprehending one of the oldest mysteries of mental life.

The author of *Conscious Dreaming* and *The Three "Only" Things* poses arguments for understanding one's dreams in order to resolve past events and prepare for the future, explaining the practices of ancient dreaming cultures and the dream experiences of famous historical figures.

Aimed at beginners, *Lucid Dreaming, Plain and Simple* shows the reader how to enter and fully experience the lucid dreaming. Among the amazing things Waggoner and McCready teach readers are how to: consciously decide what actions to perform explore dream space (or

the contents of your subconscious) interact with dream figures conduct personal and scientific experiments be free of waking state limitations (e.g., flying, walking through walls, and discovering creative solutions to waking issues) This book approaches lucid dreaming from a more cognitive psychology stance, and focuses more on how to lucid dream and how to use lucid dream techniques for personal growth, insight and transformation. Whether a reader is completely new to lucid dreaming or someone who has experienced that incredible moment of realizing, "This is a dream!", readers will learn valuable tips and techniques gleaned from scientific research and decades of experience to explore this unique state of awareness more deeply.

From Robert A. Johnson, the bestselling author of Transformation, Owing Your Own Shadow, and the groundbreaking works He, She, and We, comes a practical four-step approach to using dreams and the imagination for a journey of inner transformation. In Inner Work, the renowned Jungian analyst offers a powerful and direct way to approach the inner world of the unconscious, often resulting in a central transformative experience. A repackaged classic by a major name in the field, Robert Johnson's Inner Work enables us to find extraordinary strengths and resources in the hidden depths of our own subconscious.

A Comprehensive Guide to Promote Creativity, Overcome Sleep Disturbances & Enhance Health and Wellness

A world-renowned authority on the history, uses, and power of dreaming, Robert Moss guides neophyte and experienced adventurers alike to open their own dreamgates. Through these gates await otherwise inaccessible realms of reality as well as soul remembering – the “recovering of knowledge that belonged to us before we came into this life experience.” Exercises, meditations, and the mesmerizing tales of fellow dream travelers outline Moss’s Active Dreaming technique, a kind of shamanic soul-flight that offers “frequent flyers” a passport between worlds. In this world beyond physical reality, Moss points to wellsprings of healing, creativity, and insight. As readers move into these different ways of seeing and knowing, they may also communicate with spiritual guides and departed loved ones in ways that transform their everyday lives.

A record of the writer's actual dreams is populated by characters from his novels.

A comprehensive, eye-opening exploration of what dreams are, where they come from, what they mean, and why we have them.

"A MASTERPIECE ON DREAMS...This book is a singular resource.... If it inspires you to

remember your dreams, this book will change your life. If it inspires you to act on your dreams, this book will change the world." --Henry Reed Author of Getting Help from Your Dreams and Dream Solutions In this brilliantly researched and thorough study, internationally recognized dream authority Robert L. Van de Castle examines the vital role that dreams have played throughout history, from the dreams of ancient Sumerian kings to the pioneering dream research of nineteenth-century psychologists. Our Dreaming Mind delves into the most provocative experiments that scientists are conducting on the dreaming mind in this century and surveys ongoing dream experiments: dreams and sexual arousal, the impact of pregnancy on dreams, the connection between dreams and creativity, and the possibility of paranormal dreams. "In Our Dreaming Mind, Robert Van de Castle pulls decades of accumulated wisdom together in a sweeping panorama unsurpassed in the literature for its scope, its insight, and its ability to captivate its readers.

--Stanley Krippner Director of The Saybrook Institute Editor of Dream Time and Dream Work "IMMENSELY READABLE...A monumental history of dreams." --Publishers Weekly "Our Dreaming Mind is really a dream come true--the most comprehensive, authoritative, and inspiring book on dreams I know about. At heart, this book is about human consciousness and our place in the universe. A magnificent contribution." --Larry Dossey, M.D. Author of Meaning & Medicine: A Doctor's Tales of Breakthrough and Healing AN ALTERNATE SELECTION OF THE BOOK-OF-THE-MONTH CLUB

When Brains Dream

Man and His Symbols

Do you ever wonder what answers are waiting for you, buried deep within your subconscious? Bring lucidity to your dreams to help unlock the secrets of your unconscious mind! Lucid dreaming is the practice of taking control of your dreamscape. Most people think about exciting their slumber with flight through lucid dreaming, and while this is entirely within the lucid dreamers reach, it also offers up much more than that. Expert Robert Waggoner, who has logged over 1000 lucid dreams,

shares his experience to help illuminate your dream world. Learn how to dream with intention and accomplish goals in your sleep. Peppered with personal stories, Waggoner shows you what to look for, how to stay focused, and how to log your lucid dreams to make the process of connecting to your subconscious mind easier with every doze. Lessons in focus and attention while sleeping help you become mindfully aware of your interactions in the real world as well. Lucid dreamers boast improved cognitive function, deeper sleep, and an alertness to the inner workings of their psyche. The elusive and intriguing world of lucid dreaming is now open to you with The Lucid Dreaming Pack. Complete with a book to guide you along the process of taking control of your dreams and an 80 page dream journal for you to log all of your unconscious adventures. No night stand is complete without it.

LEARN TO MANIFEST YOUR HEART'S DESIRES Growing Big Dreams is a passionate yet practical call to step through the gates of dreams and imagination to weather tough times, embark on travel adventures without leaving home, and grow a vision of a life so rich and strong it wants to take root in the world. Vitally relevant today more than ever, dreams are a tool available to all. Robert Moss is a cartographer of inner space, equally at home in Jung's psychology and shamanic journeying. The compelling stories, playful activities, and wild games he provides are designed to lead you to manifest a life of creative joy and abundance. You'll learn to connect with your inner imagineer and become scriptwriter, director, and star of your own life movies, choosing your preferred genre and stepping into a bigger and braver story. Great artists, mystics, and shamans know that there are places of the imagination that are entirely real. Moss shows you how to get there.

In this extraordinary book, shamanic dream teacher Robert Moss shows us how to become shamans of our own souls and healers of our own lives. The greatest contribution of the ancient shamans to modern healing is the understanding that in the course of any life we are liable to suffer soul loss — the loss of parts of our vital energy and identity — and that in order to be whole and well, we must find the means of soul recovery. Moss teaches us that our dreams give us maps we can use to travel to the places where we can find and bring home our lost or stolen soul parts. He shows us how to recover our animal spirits and ride the windhorse of spirit to places of healing and adventure in the larger reality. We discover how we can heal ancestral wounds and open the way for cultural soul recovery. You'll learn how to enter past lives, future lives, and the life experiences of parallel selves and how to bring back lessons and gifts. "It's not just about keeping soul in the body," Moss writes. "It's about growing soul, becoming more than we ever were before, embodying more of the Greater Self." With fierce joy, he incites us to take the creator's leap and bring something new into our world.

On average, we spend around six years of our lives dreaming. Yet, astonishingly, few of us understand the purpose of dreams and even fewer recognise what our dreaming mind can tell us about ourselves and our world. Melinda Powell, psychotherapist and co-founder of the Dream Research Institute UK, reveals how better understanding our dreams can improve our waking lives. As well as examining the importance of sleep and dreams, The Hidden Lives of Dreams explores the role of light, colour, landscapes, space, healing presence and lucidity in dreams, dispels common misconceptions and

addresses our fears of nightmares. Powell shows how to tap into our dreams as a source of guidance and inspiration to enhance our wellbeing and to discover a healthier, more balanced approach to life. 'Exploring the depths of dreaming with an experienced guide like Melinda Powell will bring you closer to your heart, your purpose and your truest self. Highly recommended.' Robert Waggoner

Wisdom for Everyday Life from the Tibetan Book of the Dead

Do your dreams seem to have as much in common with real life as a funhouse mirror? Don't be misled. Dreams contain extraordinarily reliable commentaries on the conflicts and events of everyday life. Properly interpreted, they not only illuminate your anxieties but actually show you how to alter the course of your life – and very much for the better. Dreams are so essential to our health and well-being that almost all of us create them in clusters four or five times every night. In this title, originally published in 1989, Dr Robert Langs, a psychoanalyst and dream researcher, goes far beyond standard interpretation in showing how your dreams tap the wisdom of the deep unconscious part of your mind. Through his unique and groundbreaking technique of trigger decoding, you will learn what your dreams are saying about your life, about the events you must deal with, about the problems you are trying to resolve. Dreams can be a kind of emotional camouflage, difficult and often uncomfortable to interpret. Trigger decoding not only exposes our emotional wounds, it also provides the balm for healing those wounds. In the proper decoding of dreams, there is revealed an intelligence, power, and beauty of mind that is unheard of in direct and conscious experience. Decoding Your Dreams opens a revolutionary new door to self-understanding and self-improvement.

Psychologists and philosophers have long grappled with the mysteries of dreaming, and now thanks largely to recent innovations in brain imaging -neuroscientists are starting to join the conversation. In this groundbreaking book, award-winning journalist Andrea Rock traces the brief but fascinating history of this emerging field. She then takes us into modern sleep labs across the country, asking the questions that intrigue us all: Why do we remember only a fraction of our dreams? Why are dreams usually accompanied by intense emotions? Can dreams truly spark creative thought or help solve problems? Are the universal dream interpretations of Freud and Jung valid? Accessible and engaging, *The Mind at Night* shines a bright light on our nocturnal journeys and tells us what the sleeping mind reveals about our

waking hours.

Our Dreaming Mind

Dea Donahue has been able to travel through people's dreams since she was six years old. Her mother taught her the three rules of walking: Never interfere. Never be seen. Never walk the same person's dream more than once. Dea has never questioned her mother, not about the rules, not about the clocks or the mirrors, not about moving from place to place to be one step ahead of the unseen monsters that Dea's mother is certain are right behind them. Then a mysterious new boy, Connor, comes to town and Dea finally starts to feel normal. As Connor breaks down the walls that she's had up for so long, he gets closer to learning her secret. For the first time she wonders if that's so bad. But when Dea breaks the rules, the boundary between worlds begins to deteriorate. How can she know what's real and what's not?

The Mind at Night

Have you ever said something was only a dream, only a coincidence, or only your imagination? In this book you'll discover that these "only" things can be keys to finding and living your bigger story. You'll learn to tap into the nine powers of dreaming, the nine rules of coincidence, and the seven uses of imagination. You'll be inspired by stories of how innovators and world changers have used these gifts, and you'll learn wonderful games to help you access your intuition, heal yourself, and bring juice to your everyday life. When we claim the power of the Three Only Things, we reclaim tools that are profoundly simple yet have the power to remake our lives and the world. "What Robert Moss does - again and again and with such clarity and greatness of heart - is remind us that magic is a breath away and that everyone has the capacity to tap into the heritage that is truly ours." - MANDA SCOTT, bestselling author of the Boudica novels

A valuable dream guide shows readers how to use nightly messages from the unconscious to inform and instruct their waking consciousness. Original.

Synchronicity is when the universe gets personal. Through this book of games and enchanting stories, you'll learn how to monitor the play of coincidence and the symbolic resonance of incidents in daily life in order to tap into the deeper logic of events, receive extraordinary counsel, and have wonderful fun. You will be invited to become a kairomancer: someone who is poised to catch the messages in special moments when synchronicity is in play — and to take action to seize the opportunities those moments present. To be a kairomancer, you need to trust your feelings as you walk the roads of this world, to develop your personal science of shivers, and to recognize in your gut and your skin that you know far more than

you hold on the surface of consciousness. This is a way of real magic, which is the art of bringing gifts from a deeper world into this one. Follow it, and you will put a champagne fizz of enchantment into your everyday life.

A leader of dream workshops and seminars details a unique, nine-step approach to understanding dreams, using contemporary dreamwork techniques developed from shamanic cultures around the world. Conscious Dreaming shows you how to use your dreams to understand your past, shape your future, get in touch with your deepest desires, and be guided by your higher self. Author Robert Moss explains how to apply shamanic dreamwork techniques, most notably from Australian Aboriginal and Native American traditions, to the challenges of modern life and embark on dream journeys. Moss's methods are easy, effective, and entertaining, animated by his skillful retelling of his own dreams and those of his students—and the dreams' often dramatic insights and outcomes. According to Moss, some shamans believe that nothing occurs in ordinary reality unless it has been dreamed first. In the dreamscape, we not only glimpse future events, we can also develop our ability to choose more carefully between possible futures. Conscious Dreaming's innovative system of dream-catching and transpersonal interpretation, of dream re-entry and keeping a dream journal enables the reader to tap the deepest sources of creativity and intuition and make better choices in the critical passages of life.
