

## Oxford To English Grammar

A compact reference grammar with exercises.

This handy guide provides the basic information about grammar and punctuation that people need on a daily basis. Arranged in an easy-to-use two-colour A-Z format, the book contains entries for standard grammatical terms and deals with specific questions of usage such as the difference between 'may' and 'might' or 'that' and 'which'.

This handbook provides an authoritative, critical survey of current research and knowledge in the grammar of the English language. Following an introduction from the editors, the volume's expert contributors explore a range of core topics in English grammar, beginning with issues in grammar writing and methodology. Chapters in part II then examine the various theoretical approaches to grammar, such as cognitive, constructional, and generative approaches, followed by the chapters in part III, which comprehensively cover the different subdomains of grammar, including compounds, phrase structure, clause types, tense and aspect, and information structure. Part IV offers coverage of the relationship between grammar and other fields - lexis, phonology, meaning, and discourse - while the concluding part of the book investigates grammatical change over time, regional variation, and genre and literary variation. The handbook's wide-ranging coverage will appeal to researchers and students of English language and linguistics from undergraduate level upwards.

OXFORD PRACTICE GRAMMAR

Each section opens with a lively presentation page which introduces the point of grammar. Grammar explanations are short, clear and easy to remember. Colour is used to highlight grammatical contrasts. Each grammar explanation is followed immediately by an activity, so that students can practise before moving on to the next explanation. Engaging practice activities include internet exercises which enable students to see how language is used in real life, and personalisation activities allow students to use the grammar to talk about themselves. The interactive e-books allow students to do all the exercises on a tablet or computer, both online and offline. Recordings of texts provide added listening practice.

Put theory into practice with with exercises which test your knowledge and challenge your understanding

The Oxford Dictionary of English Grammar is a straightforward and accessible A-Z guide to the diverse and often complex terminology of English grammar. It contains over 1,600 entries with clear and concise definitions, enhanced by numerous example sentences, as well as relevant quotations from the scholarly literature of the field. This second edition is written and edited by Professor Bas Aarts of University College London, writer of the acclaimed Oxford Modern English Grammar. It has been fully revised and updated, with particular attention paid to refreshing the example sentences included within the text. There are over 150 new entries that cover current terminology which has arisen since the publication of the first edition, and there are also new entries on the most important English grammars published since the start of the 20th century. Hundreds of new cross-references enhance the user-friendly nature of the text, and the list of works cited has been thoroughly updated to reflect the current state of the field. A short appendix of web links has been added. All in all, this Dictionary is an invaluable guide to English grammar for all students and teachers of the subject, as well as all those with an informed interest in the English language.

This accessible history of how, when, and why English has borrowed words from other languages shows how to discover their origins, when and why they were adopted, and what happens to them later. The history of English shows the effects of contact with languages in many contexts, including range from Latin, Greek, Scandinavian, Celtic, French, Italian, Spanish, and Russian, to Hebrew, Maori, Malay, Chinese, Hindi, Japanese, and Yiddish. Philip Durkin describes theepisodes as they occurred, from Saxon times to the present, in a book that will appeal to everyone interested in the history of English.

This advanced English grammar course features: short, clear explanations that are easy to remember; real examples to show how grammar works in practice; engaging practice activities including Internet exercises, grammar in a text, and vocabulary; grammar for reading, writing, and speaking; and a pronunciation CD-ROM.

OXFORD ENGLISH GRAMMAR COURSE

The Essential Guide. Grade 8-12

The Little Oxford Dictionary of English Grammar

A Grammar Practice Book ; with Answers

Revised

The Oxford Guide to English Grammar is a systematic account of grammatical forms and the way they are used in modern standard English. It is designed for learners at intermediate and advanced levels and for teachers, and is equally suitable for quick reference to details or for the moreleisured study of grammatical topics. The emphasis is on meaning in the choice of grammatical pattern, and on the use of patterns in texts and in conversations.

This book is intended for teachers of English.

The 2nd editon of Oxford Discover builds on It's tried and tested methodology, developing 21st Century Skills in critical thinking, communication, collaboration and creativity to prepare students for future success at primary school and beyond.How are seasons different?
