*Introduction to Mythology: Contemporary Approaches to Classical and World Myths introduces students to a wide range of myths from various critical perspectives. Featuring original texts from sources around the world, it includes readings from Greek and Roman classics (by Homer, Hesiod, Ovid, and other writers); Nordic mythology (by Snorri Sturluson); Hindu culture (The Ramayana); Chinese mythology (Nu Kwa); and from such ancient works as The Epic of Gilgamesh, the Bible, and, new to this edition, the Enuma Elish. Selections from Native-American sources and fairy tales and stories from Africa, Germany, and the United States are also included. In addition, the authors draw comparisons between classical myths and such contemporary cultural phenomena as Daniel Boone, The Wizard of Oz, and, new to this edition, Firefly and Harry Potter. They also incorporate readings by Carl Jung, Levi-Strauss, Victor Turner, and other theorists who consider mythic material from different analytical perspectives. Finally, works by Milton, Keats, Updike, and Joyce are presented as examples of modern literary texts with mythological roots. The selections are organized into seven topical sections: myths of creation and destruction; hero and trickster myths; ritual and myth; myths and dreams; folktale and myth; contemporary myths; and myths and literature.*

Capturing the extravagance of the controversial film, this lavishly illustrated photography/film book brilliantly displays the erotically-charged steamy drama of Las Vegas lap dancing, strip clubs, and top-of-the-line topless showgirl revues. Set against the bright lights, glitz, and glamour of the Las Vegas stage, Showgirls is an erotic, exotic, and often gritty expose of life behind the scenes on the strip. Here are portfolios of four distinguished photographers who were invited to the production of this film to capture the glittery world of Las Vegas sex, glamour and spectacle. The more than seventy powerful images--with over fifty in vibrant full-color, the others in rich, quadratone black-and-white--are introduced by the director's candid essay about the artists, and his own approach to moviemaking. 96 photos: 65 color plates, 35 quadratone.

Offering invaluable sightseeing tips, advice on fun activities, and detailed descriptions of campgrounds, this grand tour of Mexico’s Baja Peninsula provides both RV and tent campers with the best resources for planning a vacation chock-full of beaches, backroads, golf, fishing, and water sports. The tour centers around one of the most interesting highways in the world, a two-lane ribbon of asphalt winding southward to Cabo San Lucas, from the Pacific Ocean to the Sea of Cortez and back again, including such details as border crossings, document requirements, vehicle preparation, and road conditions. In addition to describing the formal campgrounds of Baja, featuring location maps, recreational opportunities, lists of facilities, and driving instructions from nearby towns and routes, this guide also provides telephone numbers, websites, e-mail addresses, GPS coordinates, and picture icons that offer a convenient, quick review of each campground.

With an incredible wealth of detail, DeLorme’s Atlas & Gazetteer is the perfect companion for exploring the New Jersey outdoors. Extensively indexed, full-color topographic maps provide information on everything from cities and towns to historic sites, scenic drives, trailheads, boat ramps and even prime fishing spots. Available for all 50 States!

Since he first hitched a ride out of Lubbock, Texas, at the age of sixteen, singer-songwriter and Flatlanders band member Joe Ely has been a road warrior, traveling highways and back roads across America and Europe, playing music for "2 hours of ecstasy" out of "22 hours of misery." To stay sane on the road, Ely keeps a journal, penning verses that sometimes morph into songs, and other times remain "snapshots of what was flying by, just out of reach, so to savor at a later date when the wheels stop rolling, and the gears quit grinding, and the engines shut down." In Bonfire of Roadmaps, Ely takes readers on the road with him. Using verse passages from his road journals and his own drawings, Ely authentically re-creates the experience of a musician's life on tour, from the hard goodbyes at home, to the long hours on the road, to the exhilaration of a great live show, to the exhaustion after weeks of touring. Ely's road trips begin as he rides the rails to Manhattan in 1972 and continue up through recent concert tours with fellow Flatlanders Jimmie Dale Gilmore and Butch Hancock. While acknowledging that "it is not the nature of a gypsy to look in the rearview mirror," Joe Ely nevertheless offers his many fans a revelatory look back over the roads he's traveled and the wisdom he's won from his experiences. And for "those who want to venture beyond the horizon just to see what is there... to those, I hope these accounts will give a glint of inspiration..."

MaryJane Butters’ go-to guide for putting glamour into camping."Glamping, or glamour camping, one of the MaryJane's pet concepts, is about the juxtaposition of rugged and really pretty, grit and glam, diesel and absolutely darling."-The New York Times.Glamping-unleashing your inner wild while wearing a pair of fishing-lure earrings-is for every woman (or man!) who ever had a get-away-from-it-all fantasy (with a few frilly embellishments thrown in). Learn about the never-fail campfire, cooking with cast iron, how to change a flat, and much, much more. Follow the growing Glamping movement at maryjanesfarm.org and nationalglampingweekend.com.Like the infamous Calamity Jane, who said, “I figure if a girl wants to be a legend, she should go ahead and be one,” MaryJane Butters coined the term glamping years ago when she founded her unusual Idaho canvas wall-tent bed & breakfast, which was featured in The New York Times Magazine and Travel & Leisure as “the place to be.” Legend status achieved, MaryJane lives in Moscow, Idaho, where she runs her many businesses, which include a successful organic farm, product lines, a bed & breakfast, and MaryJanesFarm magazine. This is her fourth book. Commemorating Bruce Springsteen's twenty-five years as a recording artist, here is a panoramic view of his career in a form never seen before. This is the complete collection of Bruce Springsteen's recorded lyrics, illustrated with hundreds of never-before-published images from some of rock & roll journalism's greatest photographers, including Annie Leibovitz, David Gahr, Lynn Goldsmith, Bruce Weber, and many others. From Jim Marchese's informal backstage shots during the European leg of the 1980 The River tour to Neal Preston's amazing documentation of the Born in the U.S.A. days to Pam Springsteen's portraits showing a side of the musician rarely seen by the public, this is the most intimate look at Bruce Springsteen ever published. The photos and lyrics are accompanied by original commentary by Springsteen, in which he reflects on the songs, the performances, and the quarter-century career that for many defines the American dream. In words and in pictures, here is the one book no Bruce Springsteen fan can afford to be without.

For decades, distinct professional wrestling territories thrived across North America. Each regionally based promotion operated individually and offered a brand of localized wrestling that greatly appealed to area fans. Promoters routinely coordinated with associates in surrounding regions, and the cooperation displayed by members of the National Wrestling Alliance made it easy for wrestlers to traverse the landscape with the utmost freedom. Dozens of territories flourished between the 1950s and late ’70s. But by the early 1980s, the growth of cable television had put new outside pressures on promoters. An enterprising third-generation entrepreneur who believed cable was his opportunity to take his promotion national soon capitalized on the situation. A host of novel ideas and the will to take chances gave Vincent Kennedy McMahon an incredible advantage. McMahon waged war on the territories and raided the NWA and AWA of their top talent. By creating WrestleMania, jumping into the pay-per-view field, and expanding across North America, McMahon changed professional wrestling forever. Providing never-before-revealed information, Death of the Territories is a must-read for fans yearning to understand how McMahon outlasted his rivals and established the industry’s first national promotion. At the same time, it offers a comprehensive look at the promoters who opposed McMahon, focusing on their noteworthy power plays and embarrassing mistakes.

*Reason to be afraid - over 50 unsolved cases of serial murder Fact: murderers and serial killers do not always get caught. Behind every headline of a newsworthy conviction lie other cases of vicious murderers who got away, and who remain somewhere among us. Here in one giant volume are more than 50 of the most serious serial killings and other murder cases that continue to remain unsolved. The cases covered in this alarming book include: " Argentina's crazed highway killer, responsible for mutilating and killing at least five people since 1997, and dumping their bodies along remote highways " The Green River Killer, believed to be a middle-aged white man, who has claimed at least 49 lives to date in the Seattle-Tacoma area " South Africa's 'Phoenix Strangler', suspected of killing 20 women in the province of KwaZulu Natal. " The Twin Cities Killer - either one or several people responsible for a series of over 30 murders on the streets of Minneapolis and St. Paul, where the victims were mostly prostitutes " Costa Rica's elusive 'El Psicópata' (The Psychopath), thought to have murdered at least 19 people in this small quiet Central American country " 'The Monster of Florence', responsible for a series of 15 sexual slayings just outside Florence In each case it is not just the crimes that are horrifying and fascinating, but the response of local police and authorities to the lack of a conviction. Local authorities may fear to admit the continued existence of a serial killer at large; whilst police bodies face the temptation to 'tidy up' loose unsolved murders under the aegis of other admitted crimes.*

From Sean Connerly to Roy Rogers, from comedy to political satire, films that include espionage as a plot device run the gamut of actors and styles. More than just “spy movies,” espionage films have evolved over the history of cinema and American culture, from stereotypical foreign spy themes, to patriotic star features, to the Cold War plotlines of the sixties, and most recently to the sexy, slick films of the nineties. This filmography comprehensively catalogs movies involving elements of espionage. Each entry includes release date, running time, alternate titles, cast and crew, a brief synopsis, and commentary.

An introduction analyzes the development of these films and their reflection of the changing culture that spawned them.

The Encyclopedia of American Gospel Music is the first comprehensive reference to cover this important American musical form. Coverage includes all aspects of both African-American and white gospel from history and performers to recording techniques and styles as well as the influence of gospel on different musical genres and cultural trends.

**The National Book Award Finalist and New York Times bestseller that became a guide and balm for a country struggling to understand the election of Donald Trump**
**"A generous but disconcerting look at the Tea Party. . . . This is a smart, respectful and compelling book."**—Jason DeParle, **The New York Times Book Review**
When Donald Trump won the 2016 presidential election, a bewildered nation turned to Strangers in Their Own Land to understand what Trump voters were thinking when they cast their ballots. Arlie Hochschild, one of the most influential sociologists of her generation, had spent the preceding five years immersed in the community around Lake Charles, Louisiana, a Tea Party stronghold. As Jedediah Purdy put it in the *New Republic*, "Hochschild is fascinated by how people make sense of their lives. . . . [Her] attentive, detailed portraits . . . reveal a gulf between Hochschild's 'strangers in their own land' and a new elite."
Already a favorite common read book in communities and on campuses across the country and called "humble and important" by David Brooks and "masterly" by Atul Gawande, Hochschild's book has been lauded by Noam Chomsky, New Orleans mayor Mitch Landrieu, and countless others. The paperback edition features a new afterword by the author reflecting on the election of Donald Trump and the other events that have unfolded both in Louisiana and around the country since the hardcover edition was published, and also includes a readers' group guide at the back of the book.

This book uses a structured approach to teach the art of creating interesting, well-composed images. It provides solutions to problems that often get in the way of producing great photographs and emphasizes the importance of training the eye to exclude the extraneous. Examples of strong images are juxtaposed against flawed images, illustrating how to create a successful composition. Topics covered include light and shadow, lens choice, framing, negative space, and many more. In this book, author Jack Dykinga encourages us to look at photography as a way to communicate. Dykinga says, "Photography is a marvelous language that crosses linguistic borders as a universal, powerful, and direct communication. As photographers, we see something we find interesting and simply want to share it." Readers will learn new ways to create interesting and powerful compositions that communicate their intended messages. Filled with beautiful color images throughout, the book is sure to inspire, teach, and motivate photographers of all levels.

From 1980 to 2000, half the new housing in the United States was built in a development project governed by a neighborhood association. More than 50 million Americans now live in these associations. In *Private Neighborhoods and the Transformation of Local Government*, Robert Nelson reviews the history of neighborhood associations, explains their recent explosive growth, and speculates on their future role in American society. Unlike many previous studies, Nelson takes on the whole a positive view. Neighborhood associations are providing the neighborhood environment controls desired by the residents, high quality common services, and a stronger sense of neighborhood community. Identifying significant operating problems, Nelson proposes new options for improving the future governance of neighborhood associations.

In this insightful and timely book, author George Case shows how an important strain of rock music spoke as much to a working-class populist audience as to the rebellious youth audience we typically associate with this music, helping to reset the boundaries of left and right in American society.

Seasonal Workamping for a Living

*"It is very informative and will be a valuable addition to anyone's library of workamping information." - Edith Cagle (Full-time RVer and Workamper) Are you dreaming of hitting the open road in an RV and traveling full-time but haven't quite figured out how you are going to fund your travels? It is absolutely possible! There are currently thousands of RVers exploring the country while making a living by working seasonal jobs. This group of people calls themselves workampers, and Natalie and Levi are among them. For almost 6 years, they have lived and worked in 11 states and funded those travels by working 20 jobs. In this book, they not only share the facts of how to look for and land a workamping job, but they talk about their personal experiences and inside knowledge of workamping. They detail how they went from living in a house with regular jobs to landing their first working job and how they have continued to travel and land job after job. Never in their wildest imaginations did they think that they would be behind the production lines of an Amazon warehouse, arranging holiday lights on the longest pedestrian suspension bridge in Gatlinburg, operating a piling machine in the wee hours of the morning while sugar beets shoot out into a 25-foot pile, displaying hundreds of pumpkins and Christmas trees for purchase, or serving one sample of wine after another to hundreds of bikers during a Sturgis Rally in South Dakota. They leave every new workamping experience with a broader skill set and a newfound appreciation for workers in these contrasting fields. What's in the Book: This book has four sections. The first section is their story, how they became full-time RVers and eventual seasonal workampers. The second section details jobs they have worked each season. The third part focuses on finding, applying for, and landing your first and next workamping jobs. Finally, section four answers questions and concerns regarding arriving at the job site, how workamping affects taxes, budgeting aspects, and lessons they have learned as seasonal workampers. At the end is a glossary of links so you can easily start searching for your first workamping job. Regardless if you are... new to seasonal workamping and need the resources and information to get your first workamping job or already a seasonal workamper and are looking for some additional resources and tips for finding your next job ...Levi and Natalie share their story so they might just inspire you to go out on the open road and start your own workamping adventures!*

*An essential reference for anyone interested in gaining a deeper understanding and appreciation of classical mythology, this unique guide offers original source material on the social and historical background, interpretation, and commentary on major literary books on Greek myth—such as Homer, Hesiod, the tragedians, the historians, Ovid, Vergil, and in Greek art. Written in a clear and lucid manner, the book offers fresh and original interpretations based on the latest scholarship, and comes organized into three distinct parts: I: Definitions and Interpretations (devoted to theoretical issues); II: Background (to fill in information essential to understanding myth); and III: Themes (chapters directed toward specific topics in the study of myth). For general readers of English literature and/or classical mythology. Describes special forest products that represent opportunities for rural entrepreneurs to supplement their incomes. Includes: aromatics, berries & wild fruits, cones & seeds, forest botanicals, honey, mushrooms, nuts, syrup, & weaving & dying materials.
