Criticism of current Japanese macroeconomic and financial policies is so wide spread that the reasons for it are assumed to be self-evident. In this volume, Adam Posen explains in depth why a shift in Japanese fiscal and monetary policies, as well as financial reform, would be in Japan's self-interest. He demonstrates that Japanese economic stagnation in the 1990s is the result of mistaken fiscal austerity and financial laissez-faire rather than a structural decline of the "Japan Model." The author outlines a program for putting the country back on the path to solid economic growth - primarily through permanent tax cuts and monetary stabilization - and draws broader lessons from the recent Japanese policy actions that led to the country's continuing stagnation.

Contains the first printing of Sartor resartur, as well as other works by Thomas Carlyle.

The American attitude toward human rights is deemed inconsistent, even hypocritical: while the United States is characterized as a global leader in promoting human rights, the nation has consistently restrained broader interpretations of human rights and held international enforcement mechanisms at arm's length. Human Rights and the Negotiation of American Power examines the causes, consequences, and tensions of America's growth as the leading world power after World War II alongside the flowering of the human rights movement. Through careful archival research, Glenn Mitoma reveals how the U.S. government, key civil society groups, Cold War politics, and specific individuals contributed to America's emergence as an ambivalent yet central player in establishing an international rights ethic. Mitoma focuses on the work of three American civil society organizations: the Commission to Study the Organization of Peace, the National Association for the Advancement of Colored People, and the American Bar Association—and their influence on U.S. human rights policy from the late 1930s through the 1950s. He demonstrates that the burgeoning transnational language of human rights provided two prominent United Nations diplomats and charter members of the Commission on Human Rights—Charles Malik and Carlos Romulo—with fresh and essential opportunities for influencing the position of the United States, most particularly with respect to developing nations. Looking at the critical contributions made by these two men, Mitoma uncovers the unique causes, tensions, and consequences of American exceptionalism.

Born during the Civil War, Josephus Daniels has lived a remarkably full life and played a substantial part in one of the most significant periods of our nation's history. This volume of the autobiography of Wilson's secretary of the navy covers the period up to the year 1893 and is concerned with his early interests, his schooling, and his early ventures into the field of journalism. Originally published in 1939. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

Back in 1994 at the game company 'CORE Design' in Derby, Lara Croft was born. Through eighteen months of pure hard work from the team, Tomb Raider was released in 1996 and became the success that we see today; taking part in the mid-nineties celebrations of Brit-Pop and Girl Power. This is the story of the team who were involved in creating the first two games, then leaving the series to a new team in 1998. Lara

Croft brought class, comedy, and a James Bondian role to the game, dreamt up by Toby Gard and helped to become a pitch with Paul Douglas. The game was a gamble, but because everyone at the company believed in it, it led to huge success for everyone, except for Toby and Paul. 'The Making of Tomb Raider' goes into detail of how Lara and the games were born, alongside why Toby Gard and Paul Douglas left before the sequel was released. Throughout eleven chapters of countless interviews, this book will tell you who was responsible for creating the first two games; from its levels, its music, the many voices of Lara Croft, and much more. The team also reveals all about the star of the second game, Winston the Butler, and how he came to be by Joss Charmet. Over twenty people were interviewed for this story; from the pitch for what would be Tomb Raider, alongside the challenges along the way, up until the release of Tomb Raider 2 in 1997

Writing Your Journal Article in Twelve Weeks

Editing Made Easy

Videojournalism

As the title states, this book is designed to be easy to use for all writers. It offers straightforward, practical guidelines for editing, without getting into the weeds of advanced English grammar. You will find no loftier technical grammatical terms here, such as present perfect progressive, correlative conjunctions, imperative mood or interrogative adjective. However, much of the advice in this book is not to be written in stone. English is a flexible language, and writing a creative calling. As you will see, there are many acceptable ways for writers to express themselves. What you will find in this book is: --How to avoid the most common errors of grammar and spelling. --How to spot typographical and factual errors. --Understanding the styles of print and online media. --How to make your writing more exciting and dynamic. --And improving your odds of having your work published. The goal of this book is simple-to put the odds on the writers’ side; to increase your chances of being published or finding success as a reporter, feature writer, novelist, freelance writer, blogger, Web developer, Web editor, communications consultant, advertising copywriter, speechwriter or public relations consultant—in fact, anything involving the written word.

Provides information on stylistic aspects of research papers, theses, and dissertations, including sections on writing fundamentals, MLA documentation style, and copyright law.

VOTES FOR WOMEN: Complete History of the Women's Suffrage Movement in U.S. (Including Biographies & Memoirs of Most Influential Suffragettes)

The Making of Tomb Raider

The Editor

This book is produced by women's suffrage leaders: the Great Elizabeth Cady Stanton, Susan B. Anthony, Matilda Joslyn Gage & Ida Husted Harper. It presents the complete history of the women's suffrage movement, primarily in the United States. This edition presents the major source for primary documentation about the women's suffrage movement from its beginnings through the ratification of the Nineteenth Amendment to the U.S. Constitution, which enfranchised women in the U.S. in 1920. In addition to the remarkable history of suffrage movements this collection is enriched with the biographies of the most influential figures of American movement for women's suffrage: Elizabeth Cady Stanton, Susan B. Anthony, Anna Howard Shaw, Jane Addams, Lucy Stone, Carrie Chapman Catt and Alice Paul.

Creativities, Media, and Technology in Music Learning and Teaching is one of five paperback books derived from the foundational two-volume Oxford Handbook of Music Education. Designed for music teachers, students, and scholars of music education, as well as educational administrators and policy makers, this fifth book in the set comprises three complementary sections: musical creativity as practice; music teaching and learning through technology; and the interplay of media, music, and education. The first section reviews notions of musical creativity, examining practice-based perspectives to support and develop understanding of the diverse types of creativity found within music education practice across the globe. In the second section, authors explore the essential role of technology in musical discourse and in various forms of musical learning, even as technology continually evolves and the needs and possibilities continue to rapidly change. The third section provokes readers to assess their own thinking about the transformative changes occurring within the discipline as a result of advances in media, and the increasing infiltration of media into all aspects of life, the classroom, and music making. Contributors Andrew R. Brown, Pamela Burnard, Bernadette Colley, Ian Cross, Rokus de Groot, Steven C. Dillon, Randi Margrethe Eidsaa, David G. Hebert, Evangelos Himonides, Neryl Jeanneret, Ailbhe Kenny, Andrew King, Eleni Lapidaki, Felicity Laurence, Samuel Leong, Bo Wah Leung, Alagi Mbye, Gary E. McPherson, Ross Purves, Tal-Chen Rabinowitch, S. Alex Ruthmann, Eva Sæther, Jonathan Savage, Reza Shayesteh, Petros Stagiokos, Matthew D. Thibeault, Evan S.

A spirited reevaluation of the public moralists who shaped public policy in nineteenth-century America, Mugwumps: Public Moralists of the Gilded Age provides a refreshing look at a group of Americans whose importance to the history of our country has commonly been dismissed. A public interest group that labeled the generation following the American Civil War as the "Gilded Age," Mugwumps

were college-educated individuals who lived the lessons of their moral philosophy—Christian values, republican virtue, and classical liberalism. Tracing Mugwump values back before the term was commonly used, Tucker defines these liberals as benevolent and altruistic, active campaigners against slavery and imperialism, and for sound money, lower tariffs, and civil service reform. The earliest Mugwumps took on the self- assigned task of advocating public principles over private interests. Evaluations of these public moralists during the 1950s and 1960s, however, did not paint the Mugwumps in so positive a light. *Awash* in the popular New Deal public policies that advocated positive government intervention and regulation in the economy, these studies dismissed Mugwump liberalism as outdated. More specifically, the reformers were criticized as being self-interested failures. Tucker obliges readers to look beyond such dismissals to the history and accomplishments of Mugwumps as a whole. Unlike previous historians, Tucker examines the antebellum roots of the Mugwumps and follows their ever-increasing participation in American government throughout the nineteenth century. Tucker portrays Mugwumps not as selfish agents of the middle class but as fascinating practitioners of eighteenth-century public virtue and nineteenth-century social science. This book forcefully challenges previous studies on the Mugwumps and restores these public moralists to the mainstream of nineteenth-century American history. Their concerns for morality and free-market economics are again fashionable in contemporary politics and deserving of fresh attention from both the general reader and the scholar.

A perfect gift for anyone who wants to learn the “write” way to craft calligraphy. Calligraphy is about creating something uniquely beautiful, whether to celebrate a special occasion like marriage or to use every day in the form of stationery. Author Molly Suber Thorpe, an award-winning wedding invitation designer and calligrapher based in Los Angeles, works closely with her international clients to give them the distinctive products they’re looking for. In Modern Calligraphy, you can learn from this experienced expert how to master this fresh modern lettering style. The first book to teach this bold new style breaks the calligraphy process down into simple steps so anyone can learn to create their own stunning wedding invitations, thank you cards, gift tags, and more. Starting with an overview of the supplies—from paper to ink to pens—you will learn how to form letters, words, and then phrases by following Molly’s clear step-by-step instructions, and by practicing with the provided templates. After mastering letter forms using a pointed pen and ink you can take it to the next level by learning how to use watercolor and gouache, or how to digitize your calligraphy. The twenty projects in the book provide lots of inspiration for making your own and are grouped into three sections: weddings, entertainment, and personal stationery. With loads of ideas, practice exercises, and helpful tips, soon you will be turning out gorgeous script calligraphy pieces like the ones featured in wedding magazines and popular websites like

Pinterest.
